Report of Outside Lands Committee on Grants of Land and Amended City Deeds.

To the Honorable, the Board of Supervisors of the City and County of San Francisco.—Gentlemen:

Your Outside Lands Committee begs leave to present the following report:

Under an act in legislation of March 24, 1870, entitled, "An Act to expedite settlement of land titles in the City and County of San Francisco, etc.", the duty is imposed upon the Outside Lands Committee of the Board of Supervisors to examine the evidence presented to your Honorable Board by petitioners asking for grants of Pueblo Lands, and if the proofs of the Van Ness possession, or the Outside Lands possession, as the case may be, are satisfactory to your Committee, it is its duty to present its findings to your Honorable Board, with the recommendation that grants of lands be made in accordance with the petitions filed.

Previous to the destruction of the records in the fire following the earthquake of April 18, 1906, a well-defined mode of procedure was in vogue for many years, namely: the Outside Lands Committee exacted the affidavits of two witnesses showing the Van Ness possession between the first day of January, 1855, and the twentieth day of June, 1855, and a deraignment of title from the establishment of the Van Ness possession to the time of considering the application, and in the case of Outside Land applications as contradistinguished from Inside Land applications, affidavits establishing the Outside Land possession on the eighth day of March, 1866, were exacted and also the customary chain of title.

Under such system with the original records extant it was then possible for

your Committee to verify statements made in the petition.

A different condition of affairs now obtains and it is practically impossible to show by primary evidence that the applicant for a grant of land is entitled to the grant, and inasmuch as the Outside Lands Committee is not a Court of Record, and it cannot with certainty determine whether or not a grant of land should be adjudged and awarded, it is recommended that all applications made for grants of land and for amended City deeds, based upon secondary evidence, be denied.

Your Committee is of the opinion that suits instituted under the McEnerney Act to restore title and making the City and County a party to said suit will effect the purpose intended by the Act of March 24, 1870, namely: To divest the City and County of its trust title to the Pueblo Lands, granted away under both the Van Ness and Outside Land Ordinances.

In accordance with the recommendation herein made your Committee further recommends the refund of all fees paid by applicants to the Clerk's office when filing applications for grants of lands and for amended City deeds.

Respectfully submitted,

G. L. CENTER, Chairman.

The following Report was presented, read and on motion *laid over one week*:

Report of Public Utilities Committee on Projects to be Included in Proposed Bond Issue.

To the Honorable the Board of Supervisors of the City and County of San Francisco.—Gentlemen:

Your Committee on Public Utilities to which were referred the various propositions relating to a proposed bond issue begs leave to make the following report:

We have received the recommendations of various Committees of your Honorable Body and also reports from the various administrative branches, setting forth the urgent needs of their respective departments for public buildings and improvements, the cost of which cannot be defrayed from the annual income of the City and County.

The borrowing capacity of the City at the present time is approximately \$64,000,000, against which stands an existing bonded debt of nearly \$4,000,000. It is therefore possible at the present time to incur an additional debt of \$60,000,000.

From year to year however, owing to an almost certain increase of the assessed valuation of the City, the maximum of possible bonded indebted-

ness will become rapidly greater and greater.

Whatever may be the amount of bonded indebtedness your Honorable Body may ultimately decide upon, a sufficient amount should be reserved for the acquisition of Public Water Works, the water to be obtained from the best possible source in the Sierra Mountains.

So short a time has elapsed since the Charter Amendments were adopted by the people and ratified by the Legislature that the Committee has had no time to consider in detail anything besides the reconstruction of properties destroyed in the earthquake and fire and such other improvements as commend themselves to the entire body of the people, and about which there can be no serious difference of opinion.

Your Committee therefore presents the following projects as matters of urgent necessity:

1. Auxiliary Water System for Fire Protection	\$5,500,000
2. Fire Department Buildings	1,000,000
Department of Electricity building.....	250,000
3. Sewer System	4,000,000
4. Repaving Streets	2,500,000
5. City Hall	5,000,000
6. School Buildings and Lands	7,000,000
7. Main Library Building and Branches	1,500,000
8. Hospital Buildings and Lands	2,000,000
9. Hall of Justice and Health Department.....	750,000
County Jail	200,000
10. Parks:	
Telegraph Hill.....	\$500,000
Twin Peaks	150,000
Fairmount Hill.....	150,000
Bay View	100,000
Islais Creek	500,000
Potrero Heights.....	250,000
Bernal Heights.....	100,000
Ocean View	100,000
Hunter's Point.....	100,000
University M'nd	200,000
Visitation	100,000
2,250,000	
11. Playgrounds:	
Mission	\$350,000
Potrero	150,000
500,000	
12. Purchase of Land at Sacramento and East Sts. to facilitate traffic to Ferry	200,000
Total	\$32,650,000

While it will probably be necessary to cancel the unsold portions of the Bonds authorized in 1903, owing to the low rate of interest provided, your Committee is of the opinion that at least six series of the sewer bonds can be sold, one series annually for six years, thus increasing the amount available for sewer protection by \$1,087,000. It

is also possible to sell the remaining unsold portion of the street bonds aggregating \$898,000, as the owners of property on the streets to be reconstructed have a special interest therein, over and above that of the citizens in general, and they can be depended upon to make a special effort to assure the sale of said bonds.

Your Committee believes that it is not possible and not desirable that the entire issue proposed be sold immediately; the sale should extend over a number of years.

The Charter limitation as to the amount of debt that can be incurred applies to debt actually "incurred" and no debt is deemed incurred until the bonds have been actually sold. In the meantime the debt is being reduced by the payment of bonds outstanding and the assessment roll of the City and County will rapidly increase. It can be safely assumed therefore that the City will be able to incur a bonded indebtedness for a public utility line, a municipal water supply without exceeding the debt limit provided in the Charter.

Your Committee urgently renews the recommendation formerly made by the Committee that all matters relating to the investigation of a proper source of water for domestic purposes and the acquisition of publicly owned water works be undertaken by a permanent Water Supply Commission. In this way a positive instead of a shifting policy relating to this important subject will be established and carried into execution in a definite and scientific way.

Your Committee recommends that a further investigation be had in order to determine exactly what buildings will be needed by the Fire Department if the auxiliary water system for fire protection be installed, as it must be assumed that the installation of such a system will make it unnecessary to maintain as many companies as would be necessary without such a system.

Your Committee therefore recommends that your honorable body investigate this matter before adopting absolutely the recommendation of \$1,000,000 for Fire Department buildings.

Your Committee recommends the passage of an Ordinance initiating the proceedings for a proposed bond issue for the purpose above recited.

Respectfully submitted,

A. A. D'ANCONA,
JAMES P. BOOTH,
E. J. MOLERA,

Committee on Public Utilities.

Providing for Removal of Wooden Buildings Erected in Violation of the "Building Laws" Since April 18th, 1906.

Bill No. 359, Ordinance No. 333 (New Series), Providing for the removal not later than May 1st, 1910, of all the buildings erected since April 18, 1906, within the City and County of San Francisco in violation of the building laws and Ordinances of said City and County of San Francisco; requiring the Board of Public Works to serve notice hereof on all owners of property affected hereby, and providing penalties for violation hereof.

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. All buildings and structures erected previous to the passage of this Ordinance and subsequent to April 18th, 1906, within the City and County of San Francisco, in violation of and contrary to the laws and ordinances of said City and County of San Francisco, are hereby ordered demolished or removed on or before May 1st, 1910.

Section 2. The Board of Public Works is hereby directed to forthwith serve notice upon all owners and lessees or agents of owners or lessees of property affected by the provisions of this Ordinance.

Section 3. It is hereby made the

duty of the Board of Public Works to enforce the provisions of this Ordinance, and said Board of Public Works is hereby authorized and directed to demolish or remove any building or structure affected by this Ordinance upon the failure of the owner or agent of the owner thereof to comply with the terms of this Ordinance, and the cost of said demolition or removal shall constitute a first lien on said building or structure and the material thereof.

Section 4. Any person, company, corporation or association, or any officer or agent of any person, company or corporation, failing to comply with the provisions of this Ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding \$500, or by imprisonment in the County Jail not exceeding six (6) months, or by both such fine and imprisonment.

Section 5. This Ordinance shall take effect and be in force immediately.

Statement.

Supervisor Stafford addressed the Board, stating that he intended to vote against the measure for the reason that it would work great hardship on those whose enterprise and courage in erecting these temporary structures permitted the early resumption of business and the immediate restoration of the city.

Section 2. No cars shall be allowed to stand on spur-track designated and described above as Spur Track No. 1, at any time except during the course of actual switching, along and upon said track, and the tracks connecting therewith. And no cars shall be allowed on any spur-track covered by this ordinance upon any of the public highways of the City and County of San Francisco, between the hours of eight o'clock a. m., and six o'clock a. m. of any day. And provided further that no cars shall be taken to or from the north side of Mission street between six in the morning and twelve o'clock midnight. And provided that no switching train or freight car shall stand on Mission, Howard, Folsom or Harrison street, save during switching of said cars, and then for not more than three minutes.

Section 3. In the construction, operation and maintenance of said railroad track or tracks, or any of the spur

or switch-tracks connecting therewith, the said The Atchison, Topeka and Santa Fe Railway Company shall act in strict accordance with the provisions of Ordinance No. 69, approved October 12th, 1906, and any other ordinance passed at any time by said Board. And be it further provided, that the said Railway Company shall, upon demand of the person, firm or corporation, for the use and benefit of whom such spur-track is operated, whether a shipper or receiver of goods, place upon such spur-track the freight cars of any railway company which has, or may hereafter have, in the City and County of San Francisco track connection with the said operating railway company, such cars so placed to be used for the receipt and delivery of freight in carloads only. And provided further that all other railroads, persons, firms and corporations to whom spur-track privileges may have been or may hereafter be granted, shall have the right to make connections with said main line of spur-tracks. And the operating railway shall receive and deliver the cars of the connecting railway (or any car carried over said connecting railroad), over, at and upon such connecting track or tracks in the performance of such switching service for such persons and firms and corporations, and such service shall be rendered without undue delay or discrimination, and for the same charge or rate that it charges for a corresponding or like service for its own cars. And it is further provided that no permit or license for a spur-track connecting with any of the track or tracks in this ordinance defined shall hereafter be granted by the Board of Supervisors of the City and County of San Francisco, which does not specifically contain the provisions and conditions of this ordinance.

Section 4. All of the rights, privileges, terms, stipulations and conditions herein granted to or imposed upon The Atchison, Topeka and Santa Fe Railway Company shall extend to and be binding and operative as against and upon any of its successors or assigns.

Section 5. Any person, firm or corporation that shall permit any car brought by him upon any spur-track herein granted to stand on Spear street at any time between the hours of eight o'clock in the morning and six o'clock in the evening shall be guilty of a misdemeanor.

Section 6. This ordinance shall take effect and be in force from and after its passage.

Also, Bill No. 395, Ordinance No. — (New Series), entitled, "Granting permission, revocable at will of the Board of Supervisors, to J. H. Newbauer & Company and Getz Bros. & Company to construct, maintain and operate a spur track from the spur track of the Southern Pacific Company on the easterly line of Davis street at or near the northerly line of Pacific street, thence across Pacific street with

a curve and along Davis street five (5) feet westerly from the curb line to the north line of Clark street."

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Adopted.

Supervisor Comte introduced the following Resolution and moved the suspension of the rules for its immediate consideration.

So ordered.

Directing City Attorney Not to Proceed in Matter of Geary Street Railroad Suit.

Resolution No. 1791 (New Series), as follows

Whereas, An exhaustive opinion has been rendered by Judge Sturtevant for the Superior Court of the City and County of San Francisco, State of California, wherein the Court holds that the appropriation of \$720,000 for the acquisition of the Geary Street Railroad by the City and County of San Francisco is void; and

Whereas, Said opinion appears to be well founded in point of law; and

Whereas, It is neither advisable or expedient at this time to expend said sum of money for the acquisition of the Geary Street Railroad and said sum would not in any event be available therefor, and the amount available would not be sufficient for the purpose desired; and

Whereas, A prolongation of the litigation will tie up the said sum of money indefinitely or until a final decision can be rendered by a Court of last resort; and

Whereas, It is believed that said sum of money will revert into the General Fund and be available for other necessary uses by the City and County of San Francisco.

Now, therefore, be it Resolved, that the City and County Attorney be and he is hereby authorized, directed and instructed not to proceed further in the action brought by the Associated Savings Banks of San Francisco, against the City and County of San Francisco, and to allow a permanent injunction to be entered in said action prohibiting the Board of Supervisors and the City and County of San Francisco from expending said sum of money, or any part thereof, for the acquisition of the Geary Street Railroad.

Motion.

Supervisor D'Ancona moved that matter be referred to Judiciary Committee.

Motion lost.

Privilege of the Floor.

W. W. Kau-man, attorney representing Associated Savings Banks of San Francisco, obtained the privilege of the floor and stated that it was his opinion that in the event of the passage of

the Resolution the banks he represented would not demand the refund of moneys paid as taxes for construction of a Municipal Street Railroad on Geary street.

Motion.

Supervisor Sullivan moved that matter be *postponed one week*.

Motion lost.

Adopted.

Thereupon, the question being taken, the Resolution was *adopted* by the following vote:

Ayes—Supervisors Booth, Brandenstein, Brenner, Center, Comte, D'Ancona, Faymonville, Magee, Molera, Murdock, Murphy, Payot, Rixford, Sachs, Stafford, Sullivan—16.

Noes—Supervisors O'Neill, Tveitmoe—2.

Explanation of Vote.

Supervisor D'Ancona explained his vote by stating that while he believed in municipal ownership, he was certain that the present appropriation was illegal and therefore unavailable for the purpose intended.

Supervisor O'Neill stated that he was not in favor of such summary action in a matter upon which the people had spoken so decisively and intended to vote no.

Adopted.

The following Resolution was introduced under suspension of the rules and *adopted*:

President of County Line Water Company to Explain Discontinuance of Water Supply in Reis Tract.

On motion of Supervisor D'Ancona: Resolution No 1792 (New Series), as follows:

Whereas, It is reported that the County Line Water Co. has summarily discontinued the supply of water for domestic purposes to the residents of the Reis Tract; therefore be it

Resolved, That the President of said Company be requested to appear before this Board, at its next regular meeting to explain the reasons for the discontinuance of said water supply.

Ayes—Supervisors Booth, Brandenstein, Brenner, Center, Comte, D'Ancona, Faymonville, Magee, Molera, Murdock, Murphy, O'Neill, Payot, Rixford, Sachs, Stafford, Sullivan, Tveitmoe—18.

Referred.

Supervisor D'Ancona introduced the following Resolution:

Streets, Sewers and Parks Committee to Investigate the Advisability of Creating Spur Track Districts.

Resolution No. — (New Series), as follows:

Resolved, That the Committee on Streets, Sewers and Parks be and is hereby directed to investigate the advisability of creating by Ordinance, a district or districts to be known as

Spur Track District or Districts, with appropriate street boundaries, within which spur track privileges will be granted upon proper application therefor by the Board of Supervisors, and if such action be deemed advisable by said Committee, that a proper Ordinance with that object in view be reported to this Board.

Ordered referred to Streets, Sewers and Parks Committee.

Referred.

Relative to the Construction of the Yerba Buena School.

Supervisor Faymonville presented a Communication from Superintendent of Schools, stating that the School Construction Committee of the Board of Education had deposited in the treasury \$27,973.25, balance of money donated by school children of the United States for the reconstruction of San Francisco's schools, and requesting that said sum be used in the construction of the Yerba Buena School in accordance with plans submitted by Mr. A. Laev, Architect, and approved by the Board of Public Works.

Read and referred to the Public Buildings Committee.

Adopted.

The following Resolutions were introduced under suspension of the rules and *adopted*:

Board of Public Works to Cause Removal of Unused Poles.

On motion of Supervisor O'Neill: Resolution No. 1793 (New Series), as follows:

Resolved, That the Board of Public Works is hereby requested to immediately effect the removal of the unused telegraph, telephone, lighting and street railway poles which now disfigure the streets.

Ayes—Supervisors Booth, Brandenstein, Brenner, Center, Comte, D'Ancona, Faymonville, Magee, Molera, Murdock, Murphy, O'Neill, Payot, Rixford, Sachs, Stafford, Sullivan, Tveitmoe—18.

City Attorney to Report as to Constitutionality of Acts Passed at Recent Special Session of Legislature Relative to the Erection of a State Building in San Francisco.

On motion of Supervisor Sullivan: Resolution No. 1794 (New Series), as follows:

Resolved, That the City Attorney of the City and County of San Francisco be and he is hereby authorized to report at the next meeting of this Board on the constitutionality of those two certain acts, passed by the Extraordinary Session of the Legislature on the 12th day of June, 1906, and entitled:

1st. "An Act to provide for the selection, location, acquisition and purchase of a site or sites, in the City and County of San Francisco, State of California, for the erection, equip-

ment and furnishing of a building or buildings, and for the improvement of the grounds thereof, for the use and occupancy of the officers and departments of the State government of the State of California maintaining headquarters in said City of San Francisco, and making an appropriation therefor."

2nd. "An Act to facilitate the erection of a building or buildings and the obtaining of a site or sites therefor at San Francisco for the use of the officers, commissions, boards and departments of the State government maintaining headquarters in said City, by providing against a deficit in the General Fund caused by the appropriation made for said purposes and to provide for the transfer of money to the General Fund from the State School Land Fund to be held in trust as an investment for the support of the common schools of the State of California and to provide for the payment of interest on such investment."

Resolved Further, That, if in the opinion of said City Attorney said acts are, or either of them is, constitutional, said City Attorney advise this Board, without delay, as to the necessary and proper steps to be taken to secure the speedy selection of a site or sites, and the erection thereon of public buildings, or a public building, for the use and occupancy of officers and departments of the State government, maintaining headquarters at San Francisco, pursuant to the provisions, of said Acts, passed on said 12th day of June, 1906.

Ayes—Supervisors Booth, Brenner, Center, Comte, D'Ancona, Faymonville, Magee, Molera, Murdock, Murphy, O'Neill, Payot, Rixford, Stafford, Sullivan, Tveitmoen—16.

Passed for Printing.

The following Resolutions were introduced under suspension of the rules and passed for printing:

Authorizing Payment, \$24,255 to O. C. Cappelmann for Land in Proposed County Jail Site.

On motion of Supervisor Rixford:
Resolution No. — (New Series), as follows:

Resolved, That an expenditure of \$24,255 be and the same is hereby authorized to be made out of "County Jail and Additions to Hall of Justice Account", of the Public Building Fund, in payment to O. C. Cappelmann of Mill Valley, Marin County, California, as purchase price of lot of land, situated on southerly side of Washington street, between Dunbar alley and Montgomery street, of dimensions 20 feet 2 1/4 inches by a uniform depth southerly to Merchant street of 137 feet 6 inches, said lot of land forming a part of the site selected for the new county jail under the bond issue of September 29, 1903.

Authorizing Payment, \$42,402.50 to Mary A. Bond and John B. C. Alvarado, for Land in Proposed County Jail Site.

Also, Resolution No. — (New Series), as follows:

Resolved, That an expenditure of \$42,402.50 be and the same is hereby authorized to be made out of "County Jail and Additions to Hall of Justice Account" of the Public Building Fund, in payment to Mary A. Bond and John B. C. Alvarado of San Rafael, Marin County, California, as the purchase price of a lot of land situate on the southerly side of Washington street, between Dunbar alley and Montgomery street of dimensions 63 feet 4 inches frontage by a uniform depth of 75 feet, and forming a part of the site selected for the new County Jail authorized by the bond issue of September 29, 1903.

ADJOURNMENT.

There being no further business, the Board, at the hour of 5:35 o'clock, adjourned, to meet Wednesday, January 8, 1908, at noon, for the purpose of inducting the newly elected members of the Board into office.

JOHN E. BEHAN,
Clerk.

WEDNESDAY, JANUARY 8th, 1908.

In Board of Supervisors, Wednesday, January 8, 1908.

The Board of Supervisors met pursuant to adjournment, for the purpose of inducting into office the members who were elected at the Municipal Election held November 5, 1907.

His Honor, Mayor Taylor, presiding.
Presentation of Credentials.

The Chair stated the purpose of the meeting and directed the Clerk to read the credentials of the newly elected members.

Whereupon said credentials were read and ordered filed.

CALLING THE ROLL.

The Roll was called and the following Supervisors elect, whose credentials had been filed, answered to their names and were duly seated:

PAUL BANCROFT.
JAMES P. BOOTH.
WM. BRODERICK.
GEORGE CENTER.
A. COMTE JR.
A. H. GIANNINI.
OSCAR HOCKS.
JAMES A. JOHNSON.
M. HALL McALLISTER.
RALPH McLERAN.
CHAS. A. MURDOCK.
D. C. MURPHY.
HENRY PAYOT.
ALLAN POLLOK.
LIPPMANN SACHS.
W. G. STAFFORD.—16.

Whereupon, the Chair declared the

Board of Supervisors duly organized for the transaction of business.

The following named Supervisors-elect, whose credentials had been read and filed, appeared later during the meeting and were duly seated:

THOMAS JENNINGS.

LORING P. RIXFORD.—2.

NEW BUSINESS.

Adopted.

Supervisor Murdock introduced the following Resolution:

APPOINTMENT OF STANDING COMMITTEES OF THE BOARD OF SUPERVISORS.

Resolved, That the following named be and they are hereby elected and appointed to the Standing Committees hereby constituted of the Board of Supervisors, the first named of each Committee to be the Chairman thereof, to wit:

Artificial Lights—Sachs, Broderick, Johnston.

Building Laws—Rixford, Broderick, Payot.

Charities and Corrections, Prisons and Reformatories—Bancroft, Payot, Murdock.

Civil Service—Murdock, Jennings, Payot.

Education—McAllister, Comte, Pollok.

Electricity—McLeran, Booth, Center. Equalization of Assessments—Pollok, Broderick, Johnston.

Finance—Jennings, Murphy, Sachs.

Fire—Broderick, Hocks, Stafford.

Hospital and Health—Payot, Giannini, Murdock.

Judiciary—Comte, Booth, Stafford.

Licenses—Hocks, Comte, McAllister.

Outside Lands—Center, Booth, McAllister.

Police—Stafford, Rixford, McLeran.

Printing—Booth, Hocks, Sachs.

Public Utilities—Giannini, Murphy, McLeran.

Streets, Sewers and Parks—Center, Pollok, Broderick.

Telephone Rates—Murphy, Giannini, Bancroft.

Water Rates—Johnston, Murphy, McAllister.

Adopted, on motion of Supervisor Murdock, as Resolution No. 1795 (New Series), by the following vote:

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Giannini, Hocks, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Sachs, Stafford—16.

Supervisor Rixford noted present.

Addresses.

The retiring members being requested by the Chair to address the Board, ex-Supervisor Brenner arose and expressed his appreciation of the opportunity afforded him by Mayor Taylor to participate in the management of the important affairs of the municipi-

ality. He regretted the severance of pleasant associations formed while a member of the Board, and in conclusion stated that he had every confidence that the affairs of the City were in safe hands.

Ex-Supervisor Sullivan, being called upon, addressed the Board, stating in part that the experience he had acquired while Supervisor had better qualified him to perform the duties devolving upon him as a citizen of the City and State. He expressed his pleasure at the fair and honorable treatment received by him from the members of the Board and regretted that he must now sever his connection with them.

Ex-Supervisor Molera also addressed the Board endorsing the remarks of Supervisor Sullivan.

Reading of Report of Public Utilities Committee on Bond Issue Projects.

At the request of the Chair the Report of the Committee on Public Utilities on bond issue propositions, presented at the last meeting and reported in the Journal, was read at length.

Supervisor Jennings was noted present:

MAYOR'S ADDRESS.

His Honor the Mayor presented and read the following address:

Gentlemen of the Board of Supervisors: I but follow a custom in addressing some words to you about municipal affairs on this, the first time of your meeting. The people have shown great confidence in you in their election of you by large pluralities—a confidence I am sure that will prove to be fully justified. Each one of you, I mistake not, is imbued with that civic virtue which will permit nothing less than subordination of every selfish interest to the best welfare of the city—a city which deserves the very best that we can give her. We have had a surfeit of incompetency and corruption, we have had nearly every calamity that can befall a city, and we are still distant from the restorations imperatively needed; yet with energy and intelligence you can do much toward the consummation so devoutly to be wished.

Rehabilitation of City.

It must be kept in mind that the City stands precisely where so many of her citizens stood immediately after the fire; yet while those citizens went bravely and energetically to work to restore what was lost, and are now assiduously engaged in that work, the City has done almost nothing. It is true that a few school buildings are in course of construction, that a small part of the City Hall has been sufficiently rehabilitated for official use, and that the Hall of Records has been restored; but with these exceptions, the City's work of restoration still remains to be

done. This is largely due to the fact that it will require a bond issue for restoration purposes, and this could not be brought about except by amendments to the Constitution and the Charter.

Character of Public Buildings.

It is to be hoped that the proceedings looking forward to the bond issue will be so speeded, that work on the public buildings will be under way before the end of the year. The City in the matter of those buildings should do what her people are doing—making finer and better buildings than the ones destroyed. This municipality cannot afford, now that she has the opportunity of great things, of erecting any buildings except the very best—the best in architectural design, in soundness of construction, and in adaptability to purpose. Every building should proclaim on its face, in terms of the best architecture, the purpose to which it is devoted. It must be remembered that our public buildings are not for the present but for the future as well, and that hence an architecture for them must be adopted which will no more offend the eye a hundred years hence than it does now. Economy finds its place in such matters not in design, nor in those things cognate to design, but in the details of construction—in seeing that all contracts are faithfully carried out, and that the strictest honesty is enforced.

The Public Utilities Committee has made its report to your predecessors covering what in its opinion are the projects for which bonds are necessary, and that report has been filed for your information.

Auxiliary Water System for Fire Protection.

By far the most important project is the system whereby the City will secure a sufficient auxiliary water supply; and for this system \$5,500,000 will be required. As the details of that system have not been made public, I deem it important to say something here about them.

The system in general will consist of a network of pipes of proper and sufficient size gridironing that part of San Francisco from the water front to Divisadero street, and out to Twenty-ninth street in the Mission. The pipes are to be of the best material so as to minimize the corrosive and galvanic action of salt water. This system of pipes will be arranged in units so that a small section, even as small as one block, can be cut out without impairing the efficiency of the rest. This is to be done through a device of gates and valves. It should be borne in mind that the whole system will be virtually a *Fresh Water System* as the initial pressure in the pipes will be derived from a series of fresh water reservoirs as hereinafter described, and the pipes will, as far as possible, be kept filled

with fresh water at all times. The general plan contemplates three distinct reservoirs, as follows:

One on Twin Peaks, consisting of twin reservoirs of 5,000,000 gallons capacity each, or a total of 10,000,000 gallons. These reservoirs are at an elevation of 755 feet.

One near the corner of Seventeenth and Ashbury streets, at an elevation of 530 feet, which will have a capacity of 600,000 gallons.

The third reservoir will be located on Clay street hill under one of the streets, and will have a capacity of 1,000,000 gallons.

All of these reservoirs are interconnected by double lines of pipe so that the destruction of any one line of pipe will not deprive a reservoir of the feeding advantages from the other reservoirs. The full capacity of these supplies of water will be equal in amount to the continuous delivery of twenty of the City's ordinary steam fire engines for about sixteen hours; and, on account of the elevation of these bodies of water, will at all times maintain a very great initial fresh water pressure at the hydrants connected with the system. In fact this pressure will, to a large extent obviate the necessity of fire engines.

There are to be two fresh water pumping stations, one in the vicinity of Seventh and Harrison streets, and the other in the vicinity of Sixteenth and Folsom streets. It has been ascertained that there is an ample subterranean flow of water in these neighborhoods for all our purposes. These two pumping stations will keep the reservoirs filled with fresh water, and the pipes of the whole system will be kept filled with fresh water from the reservoirs. The capacity of these two fresh water pumping stations will be sufficient to supply 4,000,000 gallons a day which will probably be more than ample to cover ordinary use or leakage.

The plan also contemplates two powerful salt water pumping stations, one to be located either at the foot of Van Ness avenue or at the foot of Polk street, and the other in the vicinity of Second and Townsend streets. These pumping stations are to be modern in every respect. Each station will be of sufficient size for the installation of machinery to pump 16,000 gallons a minute against the pressure of 300 pounds a square inch. It is proposed at this time to install at each station only sufficient pumping machinery to pump 10,000 gallons a minute, and this can be added to from time to time as the necessities of the city demand. These stations will be located on foundations of solid rock, and will be made as nearly earthquake and fireproof as possible. These stations will be so interconnected by pipes laid on solid ground that the destruction of an en-

tire station will not seriously affect the usefulness of such parts of the system as may remain intact. These pumping stations will be kept under moderate steam at all times, and ready to pump salt water into the great distributing system, should fresh water, as above described, become exhausted or be put out of commission.

The estimates for the installation of the system include two powerful fire boats for the protection of the water front. The mains leading from the general system will be laid on seventeen of the water front wharves to the outer edge with openings, so that in case of necessity the fireboats can also pump directly into the general system, thus supplementing the supply from the fresh water reservoirs and from the permanent pumping stations.

The plan also includes a separate and independent telephone system connecting all the various pumping plants, fireboats and Fire Department stations.

The plan and estimates also include the construction of one hundred first-class re-enforced concrete cisterns in different parts of the City where, on account of possible damage to the pipes by earthquake, the cisterns will be of the greatest use.

The City is now paying about \$3,800,000 annually for insurance, and our merchants are unable to secure more than half the insurance they need. It is estimated that the installation of this high-pressure system will save the City nearly \$1,000,000 a year in insurance premiums, so that this saving alone will in the course of five or six years pay for the whole plant. Furthermore, the completion of this plant will remove the scare with which some of the general managers at the home offices of the various insurance companies are now afflicted with reference to the potential conflagration hazard of San Francisco.

The plans for this admirable system have been worked out to the nicest exactness, so that little time need be lost, after the necessary money is secured by the sale of bonds, in getting to work.

Nothing has been proposed in any of the bond projects except that which is indispensably necessary.

Public Parks.

As to Parks, the City, south of Market street, being almost destitute of them, the present is a great opportunity to provide for what is needed in that respect. Land for this purpose is cheap now, compared to what it will be before very long, for the City is steadily extending itself southward. Parks are indispensable breathing places in every large city and now is the time to secure them for the southern part of San Francisco. The total amount proposed for this purpose is not large, and there can be

little doubt that the voters will eagerly respond to such a plain necessity. The same can be said for the two playgrounds proposed for the southern part of the City. One has been secured at North Beach and the money is in hand to pay for it.

The total proposed bond issue seems to be large, but the City has lost its all, and no smaller amount will meet the situation that now confronts us.

Streets and Sewers.

It is hardly necessary to draw attention to the necessity of supporting the proposed bond issues for sewers and streets. These suffered to an extraordinary extent by the earthquake and fire, and restoration of them, together with new sewer work, is simply indispensable. As to streets, I should like to draw attention to the slipshod methods employed by us. We construct a pavement, and thereafter let it alone until it becomes a ruin, overlooking the fact that it begins to wear out as soon as it begins to be used. There should be methodical inspection of streets, and as soon as a rut, or hole, discloses itself, work of repair should be immediate. Our way of tearing up streets for this purpose or for that, as has been usual with us, is not only wasteful, but highly discreditable. There should be large subterranean conduits for the housing of all wires; and were such provided, little or no tearing up of streets would ever be necessary.

Use of Streets by Steam and Street Railroads.

Since the fire some of the streets of the City have been used by steam and street railroad companies, and are now being used by them to an extent which is at least questionable. How much of this use is legal and how much illegal should be accurately ascertained. To that end I recommend the passage of a resolution directing the Streets and Judiciary Committees, acting jointly, to ascertain the facts and the law in regard to this and to report their conclusions to this body.

For the first time since the fire the various departments of the City government are fairly well housed. All of the civil Courts, together with the Law Library, are in one building, and similarly will soon be the Criminal Courts.

Progress of City.

The City, under extraordinary difficulties, has made unexpected progress in rehabilitation during the year just passed, and there can be little doubt that even greater progress will be made during the present year. Let us see to it that the City does her share.

Tribute to Retiring Members.

I cannot let this occasion pass without paying a just tribute to the retiring Board. When that Board came upon the scene a little more than five months ago the City's affairs were in

a state of chaos, as a result of the corruption and incompetence of their predecessors. With a devotion, intelligence and energy never surpassed, they soon reduced the chaos to order, and brought the City's affairs to such wholesome condition, that in a comparatively short time one could scarcely realize what the dreadful past had been. They have set an example which, if followed, will keep our City a shining mark set upon a hilltop. San Francisco owes each member of that Board a debt of gratitude which she can only in part pay by keeping the memory of their deeds perpetually green. As worthy successors of that Board, nine of whom succeeded themselves, I heartily greet you at the threshold of your great opportunities, and dare not entertain a doubt

that every expectation of you will be fully realized.

Address.

On behalf of the new members, Supervisor Giannini addressed the Board, calling attention to the great task before them—a task gigantic in its scope and paramount in its importance. He paid a tribute to the retiring members, stating that while there were differences of opinion among them, they were honest differences; differences such as must exist where eighteen honest men congregate and that they deserved the respect and admiration not only of the City, but of every citizen in the State.

ADJOURNMENT.

There being no further business, the Board at the hour of 1 p. m. adjourned.

VETO.

Spear-Street Spur Track Bill.

The following message, from His Honor, the Mayor, returning with his disapproval Bill No. 364, Ordinance No. 340 (New Series), entitled, "Granting permission, during the pleasure of the Board of Supervisors, to the Atchison, Topeka and Santa Fe Railway Company, to construct, maintain and operate railroad track or tracks of groove rails laid flush with the street, along, over and upon Spear street, and connections therewith, in the City and County of San Francisco," was received and read, being as follows:

Mayor's Office, City and County of San Francisco, January 17, 1908.

To the Board of Supervisors of the City and County of San Francisco: I hereby return to you with my disapproval Bill No. 364, "Granting permission, during the pleasure of the Board of Supervisors, to the Atchison, Topeka and Santa Fe Railway Company to construct, maintain and operate railroad track or tracks of groove rails laid flush with the street, along, over and upon Spear street, and connections therewith, in the City and County of San Francisco."

Since the Bill was delivered to me after the passage by you I have received the following letter:

The Atchison, Topeka and Santa Fe Railway System, Monadnock building. A. H. Payson, Assistant to the President.

San Francisco, Cal., Jan. 13, 1908.

Hon. Edward R. Taylor, Mayor of San Francisco—Dear Sir: A permit to the A. T. & S. F. Railway for the installation of a spur track on Spear street has been approved by the Supervisors and is receiving your consideration. The request first made was for a franchise and originated from citizens of San Francisco who believed that the establishment of this facility would be in the general interest.

The matter has been referred to the president of the A. T. & S. F. Railway, who has decided that the railway company would not be justified in installing this track under the tenure of a permit, and further, in view of the hostility and criticism which has been aroused, that the company does not wish to renew the application for the franchise originally made in its name. Yours very truly,

(Signed) A. H. PAYSON.

In view of this letter it is clear that I cannot sign the Bill.

EDWARD R. TAYLOR, Mayor.

Ordered published, entered at large in

the Journal and referred to the Streets, Sewers and Parks Committee.

Directing Assessor, with Consent of District Attorney, to Correct Clerical Errors, Assessment Roll of Fiscal Year 1907-8.

On motion of Supervisor Broderick: Resolution No. 1837 (New Series), as follows:

Whereas, The Assessor, in written communication filed January 17, 1908, requested that the hereinafter described corrections be made upon the Assessment Roll of 1907-1908, as provided by Section 3881 of the Political Code of the State of California and the written consent of the City Attorney having been given to the making of said corrections and filed January 17, 1908, in

the office of the Board of Supervisors; now, therefore,

Resolved, That the Assessor be and he is hereby directed and authorized to make the following corrections upon the Assessment Roll of 1907-1908, in accordance with said Section 3881 of the Political Code of the State of California, to-wit:

Erroneous Assessments, 1907.

Vol. 2, Page 16, Sub. 17—A. Beerman, 2833 Twenty-fourth street, personal property erroneously assessed at \$6400 should have been \$640 (error caused by omission of decimal point on statement filed).

Vol. 5, Page 18, Sub. 25—Erie Railroad and Erie Despatch, 681 Market street, personal property erroneously assessed for \$7500 should have been \$75.00 (error caused by omission of decimal point on statement filed).

Vol. 7, Page 4, Sub. 37—Hall Bros., M. Ry. and S. B. Co., 202 California street, personal property erroneously assessed for \$4585 should have been \$135 (error caused by carrying in assessment blank filed by said firm the sum of \$4450 money in a commercial bank). Money in a commercial bank is a solvent credit from which debts owing in this State may be deducted. The statement filed by this firm shows that they owe \$30,000 to *bona fide* residents of this State.

Vol. 7, Page 55, Sub. 35—Peter Horn, 4550 Eighteenth street, personal property erroneously assessed at \$10,500 should have been \$105 (error caused by omission of decimal point on statement filed).

Vol. 12, Page 21, Sub. 22—Perich & Bee, 2184 Folsom street, personal property erroneously assessed at \$12,500 should have been \$125 (error caused by omission of decimal point on statement filed).

Vol. 16, Page 17, Sub. 15—G. K. West, 3363 Twenty-first street, personal property erroneously assessed for \$500 should have been \$50 (error caused by omission of decimal point on statement filed).

Vol. 46 R. E., Page 141, Block 17, Sub. 4—J. Buckley, 40 Homestead street, personal property erroneously assessed for \$485 should have been \$14 (error caused by including in assessment the sum of \$475, money on hand, which should have been \$4.75).

Vol. 14, Page 16, Sub. 18—Anna S. Shroder, Ext. estate of R. G. Shroder, 2561 Washington street, personal property erroneously assessed at \$5,000 should be cancelled, the same being money on deposit in the Savings Bank.

Vol. 11, Page 91, Block 400, Sub. 1 and 2—Real estate assessed to the Central Pac. R. R. Co. for \$422,600 should be stricken from the Roll and cancelled.

Vol. 11, Page 91, Block 400, Sub. 1 and 2—This real estate has stood in the

name of the Central Pac. R. R. Co. for many years past, and so far as our information went, belonged to them. Although it has been the property of the Cogswell Polytechnical School, the property of which is exempt from taxation by a constitutional amendment adopted November, 1906.

Vol. 17, Page 44, Sub. 18—The bark "General Fairchild," assessed for \$3330, should be stricken from the Roll and cancelled. This vessel was sold to the Skagit Trading Company prior to March 4, 1907, and district changed to Port Townsend, Wash., as shown by the Custom House records.

Vol. 17, Page 36, Sub. 6—The gas schooner "Bolas," assessed for \$500, should be stricken from the Roll and cancelled. This vessel was sold May 18, 1903, and district changed to Los Angeles, prior to March 4, 1907, as shown by the Custom House records.

Vol. 17, Page 67, Sub 14—Steamer "Sonoma," erroneously assessed for \$201,700 should be \$100,000.

Vol. 17, Page 71, Sub. 3 of the Unsecured Personal Property Roll—Steamer "Ventura," erroneously assessed for \$204,700, should be \$100,000.

Recommittal.

Supervisor Giannini introduced the following Resolution:

Granting to Miller & Lux Inc., Permission, Revocable at Will of the Board of Supervisors, to Lay a Pipe Line and to Erect Poles and String Wires Thereon Along and Upon Certain Streets, for Transmission of Power for the Operation of Its Abattoir at Butcher Town and the Protection of the Same from Fire.

Resolution No. — (New Series), as follows:

Whereas, Miller & Lux Incorporated has filed a petition with this Board for permission to lay a six (6) inch pipe line for the purpose of carrying water, and also to erect poles and to string wires thereon for the transmission of power from the intersection of Sixth avenue South and "T" street South, southerly along Sixth avenue South, to its intersection with "P" street South; thence northerly along "P" street South to its intersection with Second avenue South, and it appearing that said pipe line is to be used for the conducting of water from property owned by Miller & Lux Incorporated in Block One Hundred and Thirty (130), O'Neil and Haley Tract, to its abattoir in Butcher Reservation, Block Twenty-three (23), and said wires are to be used for the purpose of conveying power from said abattoir to pumps on property of Miller & Lux Incorporated, in said O'Neil and Haley Tract, Block One Hundred and Thirty, for the purpose of operating said abattoir and protecting the same from fire, and

Whereas, The territory through which said pipe line and wire are to traverse is entirely uninhabited and largely covered by water, and the granting of said permission, subject to revocation, as hereinafter provided, will

be without present injury to the public; now therefore be it

Resolved, That said privilege heretofore described be and the same is hereby granted upon the following express conditions:

First. Said permission is granted subject to the right of the Board of Supervisors at any time to revoke the same, and upon such revocation said Miller & Lux Incorporated shall forthwith remove said pipe line and wires.

Second. The said pipe line shall be laid below the official grades of the hereinbefore mentioned streets and below the present grades of any of said streets which are traveled upon, but where the same passes over land covered by water the same may be placed above the surface of such water; provided that if at any time hereafter said streets are paved or filled in so as to be used for traffic by the public, said pipe line shall be laid below the grade thereof.

Third. In consideration of the granting of such permit, said Miller & Lux Incorporated shall at all times while exercising such privilege keep such streets in repair for the space of two feet over said pipe line, and if at any time said streets are paved, said Miller & Lux Incorporated shall pay the expense of paving said streets to the extent of two feet over said pipe line and keep said pavement in repair to said extent.

Fourth. Said wires shall be strung on poles placed as near as may be along the line of said streets, and so as not to interfere with the use of said streets by the public, and the said poles and wires may be removed, or the wires placed underground, at the pleasure of the Board of Supervisors.

Fifth. Said water and power shall be used only by said Miller & Lux Incorporated in operating said abattoir and protecting the same from fire and for no other purposes whatsoever.

Bond Issue, 1908.

Declaring that Public Interest Requires the Construction or Acquisition of Various Public Improvements, the Cost of Which Must Be Paid Through Bond Issue, and Directing Board of Public Works to Provide and File Plans and Estimates of Cost of Same.

On motion of Supervisor Giannini: Bill No. 402, Ordinance No. — (New Series), as follows: Determining and declaring that the public interest requires the construction or acquisition of certain permanent buildings, improvements and lands for municipal purposes, the cost of which, in

addition to the other expenses of the City and County, will exceed the income and revenue provided for the City and County for any one year, and directing the Board of Public Works to procure and file plans and estimates of the cost of original construction and completion of such permanent buildings and improvements, and estimates of cost of the acquisition of the lands necessary for such municipal purposes, this Ordinance being the first of a series of Ordinances to be adopted by the Board of Supervisors of the City and County of San Francisco, under and by virtue of which it is proposed to incur a bonded indebtedness of said City and County for the purposes herein enumerated.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby determined and declared that the public interest requires the construction or acquisition by the City and County of San Francisco of the following permanent buildings, improvements and lands, to wit:

Proposition One. The construction of an Auxiliary Water System for the protection of the property within said City and County from destruction by fire, and the acquisition of lands necessary therefor.

Proposition Two. The construction of permanent municipal buildings to be used for the Fire Department and Department of Electricity, and the acquisition of lands necessary therefor.

Proposition Three. The construction of a Sewer System.

Proposition Four. The paving, repaving and improvement of such streets as the City and County is authorized to pave, repave and improve.

Proposition Five. The construction of a permanent municipal building to be used for the purposes of a City Hall, and the acquisition of additional lands therefor if hereafter deemed necessary.

Proposition Six. The construction of permanent municipal buildings to be used for school purposes, and the acquisition of lands necessary therefor.

Proposition Seven. The construction of permanent municipal buildings to be used for the purpose of Public Libraries and Reading Rooms.

Proposition Eight. The construction of permanent municipal buildings to be used for the purpose of Public Hospitals, and the acquisition of lands necessary therefor.

Proposition Nine. The construction of permanent municipal buildings to be used as a Hall of Justice, County Jail and by other Departments of the Municipal Government and the acquisition of lands necessary therefor.

Proposition Ten. The acquisition of lands to be used for Public Parks.

Proposition Eleven. The acquisition of lands for Public Parks to be used for Children's Playgrounds.

Proposition Twelve. The acquisition of land at the intersection of East, Market and Sacramento streets for the purpose of widening said streets and facilitating traffic thereon.

Proposition Thirteen. The widening of a street or streets connecting Montgomery avenue with the water front for the purpose of facilitating traffic between the points named.

Proposition Fourteen. The construction or acquisition of a system of collection and disposal of the garbage and waste within the City and County.

Section 2. It is further determined and declared that the cost of construction or acquisition of all of the aforementioned buildings, improvements and lands, or of any of the aforementioned buildings, improvements or lands, in addition to the other expenses of the City and County, will exceed the income and revenue provided for the City and County for any one year, and will render it necessary to incur a bonded indebtedness therefor.

Section 3. The Board of Public Works is hereby directed to procure and file with the Board of Supervisors plans and estimates of cost of construction or acquisition of all the buildings, improvements and lands described in the several propositions set forth in Section 1 of this Ordinance.

Section 4. This Ordinance is hereby declared to be the first of a series of Ordinances which will be adopted, under and by virtue of which it is proposed that a bonded indebtedness of said City and County will be incurred for the several purposes herein enumerated.

Section 5. This Ordinance shall be published in the Official Newspaper for fourteen days.

Section 6. This Ordinance shall take effect immediately.

Full Acceptance, Crossing of Polk and Lombard Streets.

On motion of Supervisor Center:

Bill No. 403, Ordinance No. — (New Series), entitled, "Providing for full acceptance of the roadway of the crossing of Polk and Lombard streets paved with bituminous rock."

Extension of Time, Street Work.

Also, Resolution No. — (New Series), as follows:

Resolved, That C. S. Harney be and he is hereby granted an extension of ninety days' time from and after January 9, 1908, within which to complete the contract for constructing granite curbs and paving with basalt blocks the roadway of Fourth street, from Freelon to Channel street.

This extension of time is granted for the reason that the question of the validity of the contract having been submitted to the Supreme Court, the contractor could not proceed with the work, and after the decision was ren-

dered there was not sufficient time remaining within which to complete the work under said contract.

Action Deferred.

The following Resolution was introduced by Supervisor Center and on motion *laid over one week.*

Blasting Permit.

Bond Issue, 1908.

Declaring that Public Interest Requires the Construction or Acquisition of Various Public Improvements, the Cost of Which Must Be Paid Through Bond Issue, and Directing Board of Public Works to Provide and File Plans and Estimates of Cost of Same.

Bill No. 402, Ordinance No. 353,

(New Series), as follows: Determining and declaring that the public interest requires the construction or acquisition of certain permanent buildings, improvements and lands for municipal purposes, the cost of which, in addition to the other expenses of the City and County, will exceed the income and revenue provided for the City and County for any one year, and directing the Board of Public Works to procure and file plans and estimates of the cost of original construction and completion of such permanent buildings and improvements, and estimates of cost of the acquisition of the lands necessary for such municipal purposes, this Ordinance being the first of a series of Ordinances to be adopted by the Board of Supervisors of the City and County of San Francisco, under and by virtue of which it is proposed to incur a bonded indebtedness of said City and County for the purposes herein enumerated.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby determined and declared that the public interest requires the construction or acquisition by the City and County of San Francisco of the following permanent buildings, improvements and lands, to wit:

Proposition One. The construction of an Auxiliary Water System for the protection of the property within said City and County from destruction by fire, and the acquisition of lands necessary therefor.

Proposition Two. The construction of permanent municipal buildings to be used for the Fire Department and Department of Electricity, and the acquisition of lands necessary therefor.

Proposition Three. The construction of a Sewer System.

Proposition Four. The paving, repaving and improvement of such streets as the City and County is authorized to pave, repave and improve.

Proposition Five. The construction of a permanent municipal building to be used for the purposes of a City Hall, and the acquisition of additional lands therefor if hereafter deemed necessary.

Proposition Six. The construction of permanent municipal buildings to be used for school purposes, and the acquisition of lands necessary therefor.

Proposition Seven. The construction of permanent municipal buildings to be used for the purpose of Public Libraries and Reading Rooms.

Proposition Eight. The construction of permanent municipal buildings to be used for the purpose of Public Hospitals, and the acquisition of lands necessary therefor.

Proposition Nine. The construction of permanent municipal buildings to be used as a Hall of Justice, County Jail and by other Departments of the Mu-

micipal Government and the acquisition of lands necessary therefor.

Proposition Ten. The acquisition of lands to be used for Public Parks.

Proposition Eleven. The acquisition of lands for Public Parks to be used for Children's Playgrounds.

Proposition Twelve. The acquisition of land at the intersection of East. Market and Sacramento streets for the purpose of widening said streets and facilitating traffic thereon.

Proposition Thirteen. The widening of a street or streets connecting Montgomery avenue with the water front for the purpose of facilitating traffic between the points named.

Proposition Fourteen. The construction or acquisition of a system of collection and disposal of the garbage and waste within the City and County.

Section 2. It is further determined and declared that the cost of construction or acquisition of all of the aforementioned buildings, improvements and lands, or of any of the aforementioned buildings, improvements or lands, in addition to the other expenses of the City and County, will exceed the income and revenue provided for the City and County for any one year, and will render it necessary to incur a bonded indebtedness therefor.

Section 3. The Board of Public Works is hereby directed to procure and file with the Board of Supervisors plans and estimates of cost of construction or acquisition of all the buildings, improvements and lands described in the several propositions set forth in Section 1 of this Ordinance.

Section 4. This Ordinance is hereby declared to be the first of a series of Ordinances which will be adopted, under and by virtue of which it is proposed that a bonded indebtedness of said City and County will be incurred for the several purposes herein enumerated.

Section 5. This Ordinance shall be published in the Official Newspaper for fourteen days.

Section 6. This Ordinance shall take effect immediately.

Pipe Line and Overhead Power Line Permit. Miller & Lux, Incorporated.

On motion of Supervisor Giannini: Resolution No. — (New Series), as follows:

Whereas, Miller & Lux, Incorporated, has filed a petition with this Board for permission to lay a six (6) inch pipe line for the purpose of carrying water, and also to erect poles and to string wires thereon for the transmission of power from the intersection of Sixth avenue South and "T" street South, southerly along Sixth avenue South to its intersection with "P" street South; thence northerly along "P" street South to its intersection with Second avenue South, and it appearing that said pipe-line is to be used for the conducting of water from property owned by Miller & Lux, Incorporated, in Block One Hundred and Thirty (130), O'Neil and Haley Tract, to its abattoir in Butchers Reservation, Block Twenty-three (23), and said wires are to be used for the purpose of conveying power from said abattoir to pumps on property of Miller & Lux, Incorporated, in said O'Neil and Haley Tract, Block One Hundred and Thirty, for the purpose of operating said abattoir and protecting the same from fire, and

Whereas, The territory through

which said pipe-line and wires are to traverse is entirely uninhabited and largely covered by water, and the granting of said permission, subject to revocation, as hereinafter provided, will be without present injury to the public; now, therefore be it

Resolved, That said privilege heretofore described be and the same is hereby granted upon the following express conditions, to wit:

First. Said permission is granted subject to the right of the Board of Supervisors at any time to revoke the same, and upon such revocation said Miller & Lux, Incorporated, shall forthwith remove said pipe-line and wires.

Second. The said pipe-line shall be laid below the official grades of the hereinbefore mentioned streets and below the present grades of any of said streets which are traveled upon, but where the same passes over land covered by water the same may be placed above the surface of such water; provided, that if at any time hereafter said streets are paved or filled in so as to be used for traffic by the public, said pipe-line shall be laid below the grade thereof.

Third. In consideration of the granting of such permit said Miller & Lux, Incorporated, shall at all times while exercising such privilege keep such streets in repair for the space of two feet over said pipe-line, and if at any time said streets are paved, said Miller & Lux, Incorporated, shall pay the expense of paving said streets to the extent of two feet over said pipe-line and keep said pavement in repair to said extent.

Fourth. Said wires shall be strung on poles placed as near as may be along the line of said streets, and so as not to interfere with the use of said streets by the public, and the said poles and wires may be removed, or the wires placed underground, at the pleasure of the Board of Supervisors.

Fifth. Said water and power shall be used only by said Miller & Lux, Incorporated, in operating said abattoir and protecting the same from fire, and for no other purpose whatsoever.

Ordered referred to Building Laws Committee.

Adopted.

The following Resolution was introduced under suspension of the rules and adopted:

Board of Public Works to Call for Bids for Removal of the City Hall Dome.

On motion of Supervisor Rixford:

Resolution No. 1894 (New Series), as follows:

Resolved, That the Board of Public Works be and is hereby requested to call for bids for the taking down of the Dome of the City Hall and adjoining portions, said call for bids to include a provision that the salvage shall become the property of the successful bidder, and said Board is hereby requested to report the result of said bids to the Board of Supervisors.

Ayes—Supervisors Bancroft, Center, Broderick, Center, Comte, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford, Sachs, Stafford—18.

Opinion of City Attorney that Approval of Design of Ornamental Iron Poles to be Erected by the United Railroads by the Board of Supervisors is not Necessary.

Supervisor Sachs presented a communication from the City Attorney with his opinion that the approval by the Supervisors of the design of ornamental iron poles to be erected by the United Railroads on Market street, from the Ferry to Valencia street, on Valencia street, from Market street to Mission street, and on Sutter street, from Sansome street to Van Ness avenue, by the Board of Supervisors is unnecessary.

Read by Clerk.

Whereupon, Supervisor Sachs introduced the following resolution:

Repealing Resolutions Nos. 1736 and 1778 (New Series), Approving Designs of Ornamental Iron Poles to be Erected Under Terms of Overhead Trolley Permit.

Resolution No. — (New Series), as follows:

Whereas, The City Attorney has advised this Board that in his opinion it is unnecessary for the Board of Supervisors to pass a Resolution approving the design of Ornamental Iron Poles to be erected by the United Railroads of San Francisco on Market, Valencia and Sutter streets, under Ordinance No 20 (New Series); now, therefore,

Resolved, That Resolutions Nos. 1736 and 1778 (New Series), approving the design of said Ornamental Iron Poles be and the same are hereby repealed.

Motion.

Supervisor Murdock moved the suspension of the rules and the immediate consideration of the Resolution.

Motion carried by the following vote:

Ayes—Supervisors Bancroft, Booth, Comte, Giannini, Jennings, Johnston, McAllister, Murdock, Payot, Pollok, Rixford, Sachs, Stafford—13.

Noes—Supervisors Booth, Broderick, Hocks, McLeran, Murphy—5.

Motion.

Supervisor Murphy moved that the matter be *laid over one week*.

Motion *lost* by the following vote:

Ayes—Supervisors Bancroft, Booth, Broderick, Hocks, Jennings, Johnston, McLeran, Murphy, Stafford—9.

Noes—Supervisors Center, Comte, Giannini, McAllister, Murdock, Payot, Pollok, Rixford, Sachs—9.

Motion.

Supervisor Sachs moved the adoption of the Resolution.

The Roll was called with the following result:

Ayes—Supervisors Center, Comte, Giannini, Johnston, McAllister, Murdock, Payot, Pollok, Rixford, Sachs—10.

Noes—Supervisors Bancroft, Booth, Broderick, Hocks, Jennings, McLeran, Murphy, Stafford—8.

Notice of Reconsideration.

Before the announcement of the result Supervisor Murphy changed his vote from *no* to *aye*, and gave notice that at the next meeting he would move the reconsideration of the vote, whereby the Resolution was *adopted*.

Point of Order.

The point of order being made that reconsideration of vote could be had at once, the Chair ruled that the matter under the rules was optional with the Board.

Action Deferred.

Whereupon, Supervisor Sachs agreed that the matter lay over one week and be made a Special Order of Business for Monday, February 3rd, 1908, at the hour of 3:30 p. m.

Motion.

Supervisor Giannini moved that the Clerk be directed to request City Attorney to answer specifically the questions propounded in letter of January 23rd, 1908, as to whether or not the rights of the City and County would

be prejudiced in the matter of the validity of the so-called Overhead Trolley Permit if the Resolution submitted by the Merchants' Association, approving the design of poles, was adopted.

So ordered.

Adopted.

The following Resolution was introduced under suspension of the rules and *adopted*.

City Attorney to Advise Board Whether Non-User of Franchise on Pacific Avenue Affords Substantial Ground for Forfeiture.

On motion of Supervisor Stafford: Resolution No. 1895 (New Series), as follows:

Whereas, The street railway company which claims to own a franchise to operate a railway along Pacific avenue from Polk street westerly to or beyond Devisadero street, has not operated any cars over or along said avenue since the 18th of April, 1906, and questions have arisen as to whether or not said company has by non-user forfeited its rights in said avenue, and whether it now has any right therein, therefore

Resolved, That the City Attorney be and is hereby requested to advise this Board whether or not the non-user of said franchise affords substantial ground for the forfeiture thereof, and if so, whether or not in his opinion a suit to forfeit said franchise can be successfully determined at the instance of the City and County.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford, Sachs, Stafford—18.

ADJOURNMENT.

There being no further business, the Board, at the hour of 5:15 o'clock, adjourned.

JOHN E. BEHAN, Clerk.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

MONDAY, FEBRUARY 3, 1908.

In Board of Supervisors, San Francisco, Monday, February 3rd, 1908, 2:00 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Bancroft, Booth, Center, Giannini, Hocks, Jennings, McAllister, McLeran, Murphy, Payot, Pollok, Rixford, Sachs, Stafford—14.

Quorum present.

His Honor, Mayor Taylor, presiding.

READING THE JOURNAL.

The Journal of the meeting of January 27, 1908, was read and approved.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Supervisor Jennings presented the following:

Relative to Congressional Appropriations for Sanitation Purposes in San Francisco.

House of Representatives, Washington, January 27th, 1908.

Dear Sir: I am just in receipt of yours of the 22nd inst. and have noted same. The Urgent Deficiency Bill, which is the first of the great appropriation bills to come up in the House, carries an item of \$200,000 as a deficiency appropriation for the months of May and June, to enable the Government to carry on the work of sanitation of San Francisco with reference to the Bubonic Plague in that city. The Bill will probably pass before the end of this week. The \$200,000 is all that the Marine Hospital asked for, and I understand that it is all that will be required until the end of the present fiscal year, to wit, June 30, 1908.

The appropriation for stamping out contagious diseases in the regular Supply Bill will not come up until near the close of the session. The entire delegation will make an effort to have the amount asked for by the Marine Hospital Service allowed, in order that the Government may do the work effectively and promptly.

Believe me, very truly yours,

(Signed) JULIUS KAHN.

John E. Behan, Esq., Clerk, Board of Supervisors, 70 Eddy street, San Francisco, Calif.

Read and ordered filed.

Requesting Amendment to "Building Law," Relative to Grain Elevators and Cold Storage Plants.

Supervisor Rixford presented a petition of the National Ice and Cold Storage Company to amend Section 250 of the "Building Law" by creating a new district wherein frame structures to be used as grain elevators or cold storage plants may be constructed to a height not exceeding 55 feet.

Ordered referred to the Building Laws Committee.

Notice of Removal of Mario G. Bollo from Office of Fire Commissioner.

Office of the Mayor of the City and County of San Francisco, State of California, January 31st, 1908.

To the Board of Supervisors of the City and County of San Francisco.

Gentlemen:

This is to notify you that pursuant to law and the provisions of the Charter of the City and County of San Francisco, I did on the 31st day of January, 1908, remove Mario G. Bollo from the office of Fire Commissioner and member of the Board of Fire Commissioners of the City and County of San Francisco, and the following is a statement of the cause of his removal, to wit:

That he did, contrary to law, directly and indirectly, electioneer by soliciting votes and otherwise for and against candidates for nomination before the Convention of the Union Labor Party, sessions of which were held in the said City and County on the 26th day of September, the 2nd day of October and the 4th day of October, 1907; and that he did contrary to law directly and

indirectly electioneer by soliciting votes and otherwise for and against the several candidates for the offices of delegate to such Convention at the primary election held in said City and County on the 13th day of August, 1907; and that he did, contrary to law, in various ways attempt to influence and control said Union Labor Party organization, and various of its committees and clubs, while nominating candidates for office to be voted for at said municipal election.

Respectfully,

(Seal) EDWARD ROBESON TAYLOR,
Mayor of the City and County of San Francisco.

Fixing Rate of Interest to Be Charged on Loans From City Treasury for the Year 1908.

Pipe Line and Overhead Power Line Permit. Miller & Lux, Incorporated.

Resolution No. 1902 (New Series), as follows:

Whereas, Miller & Lux, Incorporated, has filed a petition with this Board for permission to lay a six (6) inch pipe line for the purpose of carrying water, and also to erect poles and to string wires thereon for the transmission of power from the intersection of Sixth avenue South and "T" street South, southerly along Sixth avenue South to its intersection with "P" street South; thence northerly along "P" street South to its intersection with Second avenue South, and it appearing that said pipe-line is to be used for the conducting of water from property owned by Miller & Lux, Incorporated, in Block One Hundred and Thirty (130), O'Neil and Haley Tract, to its abattoir in Butchers Reservation, Block Twenty-three (23), and said wires are to be used for the purpose of conveying power from said abattoir to pumps on property of Miller & Lux, Incorporated, in said O'Neil and Haley Tract, Block One Hundred and Thirty, for the purpose of operating said abattoir and protecting the same from fire, and

Whereas, The territory through which said pipe-line and wires are to traverse is entirely uninhabited and largely covered by water, and the granting of said permission, subject to revocation, as hereinafter provided, will be without present injury to the public; now, therefore be it

Resolved. That said privilege heretofore described be and the same is hereby granted upon the following express conditions, to wit:

First. Said permission is granted subject to the right of the Board of Supervisors at any time to revoke the same, and upon such revocation said Miller & Lux, Incorporated, shall forthwith remove said pipe-line and wires.

Second. The said pipe-line shall be laid below the official grades of the hereinbefore mentioned streets and below the present grades of any of said streets which are traveled upon, but where the same passes over land covered by water the same may be placed above the surface of such water; provided, that if at any time hereafter said streets are paved or filled in so as to be used for traffic by the public, said pipe-line shall be laid below the grade thereof.

Third. In consideration of the granting of such permit said Miller & Lux, Incorporated, shall at all times while exercising such privilege keep such streets in repair for the space of two feet over said pipe-line, and if at any time said streets are paved, said Miller & Lux, Incorporated, shall pay the expense of paving said streets to the extent of two feet over said pipe-line and keep said pavement in repair to said extent.

Fourth. Said wires shall be strung on poles placed as near as may be along the line of said streets, and so as not to interfere with the use of said streets by the public, and the said poles and wires may be removed, or the wires placed underground, at the pleasure of the Board of Supervisors.

Fifth. Said water and power shall be used only by said Miller & Lux, Incorporated, in operating said abattoir and protecting the same from fire, and for no other purpose whatsoever.

BOND ISSUE, 1908.

Report of Public Utilities Committee on Estimates of Cost of Various Propositions Under Proposed Bond Issue.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen:

Your Committee on Public Utilities, to whom has been assigned the duty of preparing proceedings for a bond issue, hereby reports progress as follows:

We present herewith a Resolution suggesting to the Board of Public Works that in making estimates of costs of the several propositions named in the Declaratory Ordinance No. 353 (New Series) that such estimates be limited to the following sums:

1. For Auxiliary Water System for Fire Protection	\$ 5,200,000
2. Fire Department Buildings and Department of Electricity	1,000,000
3. Sewer System	4,000,000
4. Repaving Streets	1,600,000
5. City Hall	5,000,000
6. School Buildings and and Lands	5,000,000
7. Library Building	1,200,000
8. Hospital Buildings	2,000,000
9. Hall of Justice and County Jail	1,000,000
14. Garbage Collection and Disposal System	800,000
	<hr/> \$26,800,000

Reductions have been made from the former estimate made by the Com-

mittee on January 6th, 1908, as follows:

Auxiliary Water System, from \$5,000,000 to \$5,200,000.

School Buildings, from \$7,000,000 to \$5,000,000.

Library Building, from \$1,500,000 to \$1,200,000.

Street Improvements, from \$2,500,000 to \$1,600,000.

An increase has been made in Proposition No. 9 (Hall of Justice and County Jail) from \$950,000 to \$1,000,000.

In addition to the estimates made by the former Committee, we have provided for the construction of a garbage disposal system to cost \$800,000. The net reduction thus far made is \$2,200,000.

The four remaining propositions remain to be further investigated, and a report thereon is promised at the next session of the Board.

Respectfully submitted.

A. H. GIANNINI,

D. C. MURPHY,

R. McLERAN.

Motion.

Supervisor Johnston moved that the privilege of the floor be granted to E. L. Reguin of Machinists' Union No. 68.
So ordered.

Privilege of the Floor.

Whereupon, E. L. Reguin addressed the Board stating that something must be done for the City's unemployed;

that there was plenty of necessary work yet to be done in the repair and cleaning of streets and sewers and that the plan proposed by the League was feasible and in accordance with precedents established in other cities.

Andrew J. Gallagher of the San Francisco Labor Council also addressed the Board in a similar strain.

Referred.

Whereupon the communication was referred to the Judiciary Committee for the purpose of determining the legality of the procedure outlined therein.

Report of Playground Commission. Recommending the Purchase of Playgrounds Under Bond Issue.

To the Public Utilities Committee of the Board of Supervisors, San Francisco, Calif.—Gentlemen:

At a regular meeting of the Playground Commission held Feb. 6th, 1908, the undersigned Commissioners were appointed a committee to place before your honorable body the recommendations of the Playground Commission in the matter of playgrounds to be secured under the contemplated bond issue.

After a careful investigation covering all points at issue in the matter of location and value of proposed playground sites, we beg leave to submit for your favorable attention the following described parcels of land as being best suited for the purpose above mentioned:

Blk. No.	Location	Size ft.	Est. Val.
78—	Dolores, Guerrero, 18, 19th streets	550x520	\$350,000
59—	Dolores, Church, 26th, Army streets	550x228	110,600
316—	Iowa, Pennsylvania, 19th, 20th streets	200x400	27,200
82—	Brazil, Persia, Munich, Moscow streets	200x400	12,800
			\$500,000

The values above shown are for land and improvements.

These values are set after careful consideration by a body of merchants, property owners and real estate dealers.

Reference to a city map will show the number of schools in the neighborhood of each of the above named locations and the consequent value of said land for playground purposes.

We therefore respectfully recommend that you embody in your report a recommendation to the effect that the sum of five hundred thousand (\$500,000) dollars be asked for in the coming bond election, this sum to be used in securing the above mentioned sites or other sites in the above mentioned neighborhoods and of a similar

value, said sites to be used as playgrounds for the children of the City and County of San Francisco.

Respectfully,

J. C. ASTREDO,
MRS. L. A. HAMMOND,
SIDNEY PEIXOTTO,
Playground Commissioners.

Recommended.

The following Bill, introduced at last meeting and recommended to the Streets Committee, was taken up and again recommended to said Committee:

Requiring Construction of Temporary Sidewalks.

Bill No. 416, Ordinance No. — (New Series), entitled, "Relating to sidewalks in the City and County of San Francisco and excavations thereunder, requiring temporary or permanent sidewalks to be constructed in the burned district prior to May 1st, 1908,

and failure to lay such sidewalks, owners to fill in such excavations."

Passed for Printing.

The following matters were *passed for printing*:

Full Acceptance, Streets.

On motion of Supervisor Center:

Bill No. 419, Ordinance No. — (New Series), entitled, "Providing for full acceptance of the roadway of Eighth avenue, between Point Lobos avenue and "A" street.

Ordering Street Work.

Also Bill No. 420, Ordinance No. — (New Series), entitled, "Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same," the provisions of which order the doing of certain street work on Congress street, from Masonic avenue to the Pope and Talbot tract; on San Jose avenue, opposite the easterly termination of Alvarado street; on "C" street, between Ninth and Tenth avenues; on the crossing of Ashbury and Sixteenth streets; on the crossings of Ashbury and Clarendon avenue and Ashbury and Seventeenth streets; on Hugo street, between "I" street and Parnassus avenue and on Lombard street, between Sansome and Montgomery streets.

Extension of Time, Street Work.

Also, Resolution No. — (New Series), Granting Flinn & Treacy an extension of thirty days' time from and after February 15, 1908, within which to complete the contract for paving the roadway of the crossing of Twenty-sixth and Bryant streets, paved with bituminous rock and resetting the granite curbs and catch basins.

This extension of time is granted for the reason that owing to the inclemency of the weather the contractors have been unable to complete the work within the time originally fixed by the Board of Public Works.

BOND ISSUE OF 1908.

Communication From Dillon and Hubbard
Relative to Retention of Services as to
Regularity of Bond Proceedings.

New York, January 30, 1908.

John E. Behan, Esq., Clerk Board of Supervisors, New Hall of Justice, 70 Eddy street, San Francisco, California.

Dear Sir: We beg to acknowledge receipt of your letter dated January 22, in which you state that the City and County of San Francisco is about to institute proceedings for the creation of a bonded indebtedness for various public improvements, the aggregate of which will approximate \$30,000,000, and that you are instructed by a committee of the Board of Supervisors to communicate with us and ascertain upon what terms we would advise you as to the regularity of the proceedings up to the point of the issuance of the bonds. We understand from your letter that the City Attorney would draft the proceedings, and that if we are to act we are to advise with him from time to time, either by his coming on here for conferences, or by correspondence, or both. You do not state for how many different pur-

poses the bonds are to be issued, nor how long a time it is expected the matter of the issuance of the bonds will cover.

We understand that you will desire to have us give such advice from time to time during the course of the proceedings, which we suppose will extend at least over several months, and make such examinations of the Charter of the City of San Francisco, the constitution and statutes of the State, and decisions of the courts, and give such consideration to the matter, and such supervision of the successive steps leading to the issuance of the bonds, as will enable us finally to give an opinion concerning the validity of the bonds. In the case of other issues of this important character, we have had submitted to us by the city counselor a draft of every resolution and ordinance or other proceeding proposed to be taken prior to its actual introduction and adoption by the municipal authorities, and have considered these various matters from time to time with special reference to the provisions of the constitution and statutes of the state, the Charter of the city and decisions of the courts, in order to have them in such legal form as will enable us to give a final opinion in favor of the legality of the issue.

We may observe in respect of the amount of the fee, that we have acted in similar cases in your state and elsewhere; for example, in the case of Los Angeles, we have been consulted and retained in respect of an issue of approximately \$23,000,000, for the purpose of enabling the city to obtain a water supply from the Owens River Valley, and the proceedings with respect to the bond issue will be spread over several years, requiring attention from time to time during that period. In that case the city agreed to pay us, if we approved the bonds, the sum of one dollar per \$1000 bond, which, if the whole amount is issued, would make our fee \$23,000. This \$23,000 will also include compensation for certain extended work relating to amendments of statutes, etc., prior to the taking of the proceedings for the issuance of the bonds. We may state further in this connection that the city of St. Louis has several times within the last few years employed us with respect to bond issues of that city, involving, some of them, \$5,000,000 and \$2,000,000, where our agreed compensation for rendering a final favorable opinion and allowing the city to advertise that such opinion would be furnished the purchaser, was the sum of one dollar a bond. We are now supervising for the city of St. Louis a bond issue of \$11,000,000 for public improvements, without any previous under-

standing as to the amount of our compensation.

In the case of other municipalities which have issued bonds under our advice and supervision the bonds have been advertised in the newspapers by a short advertisement, in which it was stated, among other things, that our opinion in favor of the legality of the bonds would be furnished to the successful bidder. Printed circulars have also been prepared for distribution among bankers and bond dealers, which have set forth with considerable detail the financial resources of the municipality, the nature and character of its business, its population, and other statistics which are of interest to a prospective bond purchaser; also the form of bond, and in some cases the provisions of the statutes or charter or constitution under which the bonds are issued. Printed forms for proposals for bonds have also been prepared, so as to have these in the best possible condition for the protection of the municipality. We have made examination of such proposed forms of advertisement and circular, and have revised the same or suggested changes therein. We have found that such form of advertising bonds is of very great benefit to the municipality, whether it is large or small. Our experience has been that bankers and bond dealers who purchase large lots of bonds will do so much more readily if they are sure of being able to take up and pay for the bonds within a reasonably short time a week or two or three weeks after their bid is put in, and if they are certain that the bonds will be accompanied by our opinion approving their validity. Aside from the expense to the purchaser of having an examination made on his own account, the matter of the saving of time and certainty as respects the legality of the bond issue are of great importance to bond dealers and a great inducement to them to make unconditional bids for the bonds. We have found in our experience that bond dealers hesitate to place themselves under obligations to buy a large block of bonds, the legality of which has not been examined into by counsel known to them and on whose opinion they would be willing to rely; for the reason that between the time when they bid for the bonds and the time when they are able to take them up after a new examination by counsel into the validity of the bonds (with the usual or possible delay of weeks or months), financial conditions might so change as to convert a profit on the bonds into a loss. Meanwhile they are precluded, not knowing the result of the examination, from making any contracts to sell the bonds. Our experience in this re-

spect leads us to the conclusion that municipalities which have the legality of their bonds thus approved in advance of offering them for sale not only obtain many more bids, but a better price, than they otherwise would, and enough better to pay for the fees and much more than that; and, besides the city avoids the delays and possible failure of the bidder to take the bonds, which not infrequently occur where the bonds are examined by the purchaser's own counsel after the bidding and before payment for the bonds. We mention these facts because we have observed them so often, and we doubt whether municipalities always fully appreciate them.

As nearly as we can estimate from the data given in your letter, assuming the bond issue to approximate \$30,000,000, and assuming that the bonds are to be issued without any considerable delay, we should say that a reasonable compensation would be the sum of \$18,000; provided, however, that if we are not able to approve the validity of the bonds or to suggest proceedings by which we might approve them, we will make our fee somewhat less, as follows: If we cannot approve any of the bonds then we would make the fee \$5000; if we are able to approve a part of the bonds but not all of them, then we would make the amount of our fee sixty cents on each \$1000 of bonds approved, and thirty cents on each \$1000 of bonds not approved. We make, however, our customary reservation, that if the amount of labor connected with this matter is much greater than we anticipate we shall be at liberty to make application for additional compensation to cover such additional labor, in which event we should be willing to leave to the municipal authorities the decision of the question whether such additional compensation should be granted. We make this reservation for the reason that it is not possible in advance to know how much labor will be required in respect of any particular bond issue. The sum named would not cover services connected with any litigation, if it should arise and our services be required by the city.

In view of the larger amount of your proposed issue than any of those referred to, and the fact that your issue will not probably be spread over a series of years, we name instead of one dollar per \$1000 bond, the compensation paid by other cities, the sum of \$18,000, which is sixty cents per bond on the \$30,000,000, one-half to be paid when we give a preliminary opinion that the bonds have been duly authorized and when executed, issued and paid for will constitute the valid and legally binding obligations of the

city, and the rest of the compensation to be paid from time to time as the bonds are issued and paid for and our final opinion given that the bonds do constitute the valid and legally binding obligations of the municipality.

We should be glad to serve the city in this matter if our services are desired.

Very truly yours,

DILLON & HUBBARD.

Accepting Offer of Dillon and Hubbard for Services in Connection With Proposed Bond Issue.

Supervisor Glannini introduced the following Resolution:

Whereas, The City and County of San Francisco has initiated proceedings preliminary to and for the purpose of issuing the bonds of said City and County to the amount of (approximately) thirty millions dollars, and it is essential that such proceedings be conducted with a view of securing a ready sale of such bonds when issued without delay or uncertainty as to their validity, and

Whereas, The firm of Dillon & Hubbard, of New York City, are recognized as being an authority on all matters relating to the issuance and sale of municipal bonds, and said Dillon & Hubbard in a communication dated January 30, 1908, addressed to John E. Behan, Clerk of this Board, have submitted an offer on the part of said Dillon & Hubbard, to supervise all of the work performed by the City and County of San Francisco, and its officers, in relation to and in connection with the aforesaid bond issue, to interest themselves in the sale of said bonds, and to guarantee to furnish to every purchaser of such bonds a certificate certifying that the bonds issued by said City and County and purchased by him, are a legal and binding obligation upon the City and County of San Francisco, according to the terms of said bonds, and

Whereas, It is desirable to secure such services by said City and County, which services cannot be adequately rendered by any other person or firm, now, therefore,

Resolved, By the Board of Supervisors that the offer of said Dillon & Hubbard be, and the same is hereby accepted, and this Board hereby agrees to pay the consideration for such service as stated in the communication above referred to, which is made a part hereof, which consideration is as follows, to wit: Sixty cents for each \$1000 bond authorized to be issued and approved; thirty cents for each \$1000 bond authorized, but not approved, provided, that the minimum charge to be paid shall not be less than \$5,000,

said sum to be paid in installments as stated in said communication, provided, that such payments made on this account shall be a charge upon the funds realized from the sale of such bonds, and shall be payable out of any appropriation made to defray the cost of the issuance thereof. All services to be performed by said Dillon & Hubbard shall be under the direction and supervision of the City Attorney.

Relative to Construction of Canopy on Pacific Building on Market Street, Near Fourth Street.

Supervisor Pollok introduced the fol-

lowing Resolution under suspension of the rule and moved its adoption:

Resolved, That the owners of the Pacific Building on Market street, near Fourth street, be and they are hereby ordered to discontinue work upon canopy extending from the Pacific office building over sidewalk, until such time as the Board shall determine whether or not the Ordinance on awnings, etc., will cover such a structure.

Motion.

Supervisor Giannini moved that the matter be referred to the Judiciary Committee.

Motion.

Supervisor Rixford moved that the matter be laid over one week:

Substitute Resolution.

Whereupon, Supervisor Comte presented the following Resolution as a substitute:

Board of Public Works to Cause Work to Be Discontinued on Canopy on Pacific Building if Same is Being Constructed in Violation of Law; Building Laws Committee to Investigate as to Sufficiency of Ordinances Relative to Matter.

Whereas, The owners of the Pacific Building on Market street, near Fourth street, are constructing a canopy extending from the Pacific Building over the sidewalk, and

Whereas, It is doubtful whether or not under the law such a canopy can be so constructed; now, therefore,

Resolved, That the Board of Public Works be and it is hereby requested to cause an investigation to be made into said matter, and if said canopy is being constructed in violation of law to cause said owners of said building to discontinue work thereon;

Further Resolved, That the Building Laws Committee of this Board be and it is hereby requested to investigate the Ordinances covering said subjects with a view of determining whether or not any amendment thereto is advisable.

Adopted, on motion of Supervisor Comte, as Resolution No. 1940 (New Series), by the following vote:

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murphy, Payot, Pollok, Rixford, Sachs, Stafford—17.

Report—Of the Stationery Department of the Board of Supervisors for the month of December, 1907.

Relative to the Imposition of Double Liquor License on "Louvre."

Supervisor Hocks moved that the following petition be read

So ordered.

Hon. Mayor, Edward R. Taylor, and The Honorable Board of Supervisors, San Francisco, Calif.—Gentlemen: We have been called upon by the Honorable Board of Police Commissioners to pay a second retail liquor license of \$500 per annum, and we desire to lodge with you our protest to pay this second license—for the following reasons:

That we are conducting but one place of business—that the bar is a necessary adjunct for the general conduct of our business—and that all liquors sold by us, with the exception of a very small percentage, are served to our patrons who are seated at tables.

We feel that if this additional license of \$500.00 is imposed upon us, that we are being discriminated against, inasmuch as a very large number of saloons, who are paying but one license, are serving meals—not alone what is generally termed "free lunches", but regular meals, and for that purpose have tables in their premises where the customers are served by waiters. These so-called

saloons, which in reality are just as much restaurants as they are saloons, are depriving us and other restaurants of a good share of our business—by far more than we are depriving them of their saloon business.

We believe that it is the intention of your Honorable Body that all shall be treated alike, and we, on the other hand, have all desire and intention to conduct, as we always have, our business within the law and to pay any license or tax which the law demands of us. We most respectfully ask of you to give this matter due and prompt consideration and advise us further in the premises.

Very respectfully,

THE LOUVRE, Inc.
J. Meyerfeld, Pres't.

Read by Clerk.

Motion.

Supervisor Center moved that the communication be referred to the City Attorney for the purpose of determining whether it is within the power of the Board of Police Commissioners to impose a double license on combination saloons and restaurants.

So ordered.

VETO.

Amendment to "Liquor Dealer's License."

The following message from his Honor, the Mayor, returning without his approval and with his objections thereto, Bill No. 400, Ordinance No. 359 (New Series), entitled, "Amending Section No. 1 of Ordinance No. 29 (New Series), entitled, 'Imposing a License on Liquor Dealers'", was received and read, being as follows:

San Francisco, Feb. 14th, 1908.

To the Board of Supervisors of the City and County of San Francisco: I am constrained to return without my approval Bill No. 400, amending "Section 1 of Ordinance No. 29 (New Series), entitled 'Imposing a License on Liquor Dealers'".

The Bill was passed upon the supposition that Ordinance No. 29, which the Bill seeks to amend, was beyond the power of the Supervisors to pass. This is obvious from the fact that there was hardly any discussion during the debate on the Bill except that which had to do with the legality of Section 1 of that Ordinance. I am satisfied, however, that Ordinance No. 29, as a police measure, is entirely within the power of the Board to enact, by virtue of Section 11, Article 11, of the State Constitution, which provides that "Any County, State, Town or Township may make and enforce within its limits all such local, police, sanitary and other regulations as are not in conflict with general laws."

The power exercised under this con-

stitutional provision is paramount to any power involving police regulations which may be found in Subdivision 15 of Section 1, Chapter 2, Article 2 of the Charter of this city. Under this constitutional provision the courts have carried the power over police and sanitary matters to an extraordinarily great extent—to such an extent, I am persuaded, as to be within the limitations of what was done by the Supervisors in passing Ordinance No. 29. For these reasons I am satisfied that the Bill should be returned to you for further consideration.

In this connection permit me to say that in view of the recent opinion of the City Attorney that under Ordinance No. 29 only liquor saloons are within the control of the Board of Police Commissioners; and in view of the uncontested fact that many liquor saloons in fact though in outward appearance otherwise, are not brought under such control; and as it is patent to me that it is for the benefit of the City that all dispensers of liquor at retail, whether in groceries or otherwise, should be brought under such control, I earnestly recommend to your honorable body to frame and pass a liquor Ordinance in lieu of Ordinance No. 29, wherein and whereby all those dispensing liquor at retail shall only do so by permission of the Board of Police Commissioners and on licenses based upon such permits. In regard to the tax to be paid for these licenses, I recommend that it be a graduated one; at all events that the proprietors of liquor saloons should pay, as they do now, five hundred dollars a year, while others who dispense liquors not to be drunk on the premises or in quantities of a quart or more (other than wholesalers) should pay a tax less in amount.

Respectfully submitted,

EDWARD ROBESON TAYLOR,

Mayor.

Ordered entered at large in the Journal, published and referred to the License Committee.

REPORTS OF COMMITTEES.

The following Committees, by their respective Chairmen, presented reports on various matters referred, which reports were received, read and ordered filed:

Report of the Judiciary Committee on Proposition to Issue Certificates Against Uncancelled Bonds for the Relief of the Unemployed and the Doing of Street and Sewer Work.

To the Honorable, the Board of Supervisors of the City and County of San Francisco—Gentlemen:

Your Committee on Judiciary to whom was referred the petition of the Organized Labor Protective League to arrange for the issuance of certificates against uncanceled municipal bonds to be devoted to the payment for work of repairing and cleaning public streets, have considered the matter, and after hearing argument, your Committee respectfully reports that while the object of the petition is commendable, it is of the opinion that under Section 10 of Article XII of the Charter, on Acquisition of Public Utilities, it is not within the power of the municipality to issue certificates as suggested.

Section 10, referred to above, among other things, provides that, "the bonds when issued may be sold by the Supervisors from time to time as required, and in such quantities as they may determine, but the same must be sold for cash, in lawful money of the United States, to the highest bidder at not less than par, and that they shall be sold on sealed proposals." In view of these provisions, your Committee cannot approve of the proposition made, but at the same time would respectfully recommend that the matter be submitted to the City Attorney for his official opinion.

Respectfully submitted,

A. COMTE JR.

J. P. BOOTH,

W. G. STAFFORD,
Committee.

Adopted.

The following Resolution was adopted:

City Attorney to Advise as to Power of Municipality to Issue Certificates Against Uncanceled Municipal Bonds.

On motion of Supervisor Comte:
Resolution No. 1941 (New Series), as follows:

Resolved. That the City Attorney be and is hereby requested to render an opinion as to whether it is within the power of the municipality to issue certificates against uncanceled municipal bonds to be devoted to the payment for work of repairing and cleaning public streets.

WEDNESDAY, FEBRUARY 19TH, 1908.

In Board of Supervisors, San Francisco, Wednesday, February 19th, 1908, 8 p. m.

The Board of Supervisors met pursuant to adjournment for the purpose

of taking testimony and of making such investigations as would enable it to fix and determine Telephone Rates for the year commencing July 1st, 1908.

Calling the Roll.

The Roll was called and the following Supervisors were noted present:

Supervisors Bancroft, Broderick, Comte, Giannini, Jennings, Johnston, McLeran, Murdock, Murphy, Pollok, Rixford—11.

Quorum present.

His Honor Mayor Taylor being absent, Supervisor Bancroft was called to the Chair.

Committee of the Whole.

On motion of Supervisor Murphy, the Board resolved itself into a Committee of the Whole, for the purpose of commencing an investigation preliminarily to establishing telephone rates for the year commencing July 1st, 1908.

The Committee arose at 9:20 o'clock, all members before noted being present.

Supervisor Bancroft retained the Chair and called the Board to order.

Report of Committee of the Whole.

The Committee of the Whole, by Supervisor Bancroft, reported as follows:

The Committee of the Whole reports that it has commenced the inquiry preliminarily to the establishment of rates or compensation to be collected by any person, company or corporation for the use of telephonic service supplied to the City and County, or to the inhabitants thereof, for the year commencing July 1, 1908, as required by law:

That it has heard the testimony of E. C. Bradley and C. W. Burkett, Vice-President and General Manager, and the Chief Engineer, respectively, of the Pacific Telephone and Telegraph Company, concerning the properties of said company:

That the following matters heretofore filed and referred to the Telephone Rates Committee have been duly considered, admitted in evidence in the pending investigation, and designated exhibits as follows:

Exhibit 1—Pacific Telephone and Telegraph Company: Statement of the earnings and expenses of San Francisco Exchange for the year 1907;

Statement showing the rates now charged for the different classes of telephone service, together with the number of subscribers at each rate;

Communication from the Board of Public Works Transmitting Appraisalment of Properties of the Spring Valley Water Company.

San Francisco, Feb. 21, 1908.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Sirs:

The Board of Public Works herewith respectfully transmits to your honorable body, in pursuance with the provisions of Resolution No. 1714 (New Series), approved December 17, 1907, an appraisalment, prepared by the City

Engineer, of the properties of the Spring Valley Water Company actually used in furnishing the City and County of San Francisco, and the inhabitants thereof, with a pure and wholesome supply of water, for the purpose of enabling your honorable Board to establish a basis of valuation of said properties and upon which may be fixed and determined water rates to be charged said City and County and its inhabitants for the fiscal year commencing July 1, 1908, and ending June 30, 1909.

Respectfully,

BOARD OF PUBLIC WORKS.

By ROBT. J. LOUGHERY, Secretary.

Appraisalment of the Properties of the Spring Valley Water Company, Prepared by Marsden Manson, City Engineer.

Board of Public Works, Bureau of Engineering.

San Francisco, Cal., Feb. 18, 1908.

To the Honorable the Board of Public Works of the City and County of San Francisco.

Gentlemen:

Resolution No. 1714 (New Series), approved Dec. 17th, 1907, was brought to my attention after inquiry therefor in the latter part of January. This resolution directs that your honorable Board shall furnish an estimate of the value of the properties actually in use by the Spring Valley Water Co. in supplying this City with water. In the absence of specific instructions and the means for a detailed examination I have herein undertaken to make the estimate above called for.

This estimate, which constitutes one of the factors in fixing rates at which water is to be supplied, has been based since 1901-2 upon the very elaborate estimate made at that time under the direction of the Board of Public Works by City Engineer Grunsky. This estimate is as follows:

	Amount.	Total.
1. Pilarcitos System	\$854,000.00	
2. San Andreas System	1,153,000.00	
3. Crystal Springs System	2,642,000.00	
4. Locks Creek Aqueduct	368,000.00	
5. Searsville System	143,000.00	
6. Alameda Creek System	2,805,000.00	
7. City Reservoir and Pipe System including meters but not services	4,898,000.00	
8. Property on hand, etc.	31,200.00	
9. Lake Merced drainage and dams	232,000.00	
10. Pumping Stations	1,135,000.00	
11. Real Estate, City Reservoir Sites	654,000.00	
12. Other City Real Estate	955,000.00	
13. Lands outside of San Francisco, exclusive of Lake Merced lands	4,565,500.00	
14. Rancho Laguna de la Merced and contiguous property	1,927,100.00	
15. Water rights, in addition to those included in land values	810,000.00	
16. For value, due to the fact that the business of the Water Company is established, at about 25 per cent of items Nos. 7, 11 and part of 10,	1,400,000.00	
17. Pipe and other material on hand and not included in above	95,000.00	
		<hr/> \$24,667,800.00

Since that date the values have been estimated as follows:

1902	\$24,468,210.00
1903	28,024,309.00*
1904	24,672,212.00
1905	25,001,441.00
1906	25,450,320.00
1907	24,569,828.00**

*Includes estimated value of franchise and value due to the works being a going concern with connections to consumers.

**Reduction of \$880,492.00 probably due to damage by earthquake and remaining unrepaired in February, 1907.

Since the estimate of 1907 was accepted and acted upon by the honorable the Board of Supervisors, the following betterments have been submitted by the Spring Valley Water Company:

Real Estate, rights of way.....	\$187,412.53
Pipes, new construction	40,083.87
Service mains	25,636.71
Meters	72,917.86
New Pilarcitos main	6,186.25
Lake Honda drainage system to carry drainage past reservoir	8,494.00
Lake Merced drainage system	4,559.44
Vista Grande drainage system	9,860.40
Outside meters	342.15

Total

\$355,493.21
The item for rights of way, \$187,412.53 completes a very valuable and continuous right of way on solid ground from Ravenswood to the Lake Merced lands. This route avoids marsh crossings and ensures the stability of conduits on the peninsula system.

In addition to these expenditures there was spent the sum of \$335,342.92 in general replacements as follows:

1. New San Andreas pipe line	\$152,494.71
2. Ocean View pumps	64,484.29
3. Ocean View pumps connecting San Andreas main with Lake Honda conduit	48,313.10
4. Precita Valley pumps....	12,603.21
5. City engine	1,820.77
6. General replacement acct	55,616.84

\$335,342.92

These expenditures and a portion of those given under the previous head must have been in part derived from the assessment of \$840,000.00, but should not be accredited to the value of the works for rate fixing purposes, as they were incident, so far as known, to damages by the earthquake of 1906. The Pilarcitos pipe line, estimated, with appurtenances, in 1902, at \$364,800.00, was so seriously ruptured that it was entirely abandoned. Owing to the excellent quality of the wrought iron in this pipe line it was not a total loss, and much of it has been reused in rehabilitating the works.

Item 2, Ocean View pumps, is the cost of installing two of the four Crystal Springs pumps at Ocean View. These pumps receive water under light pressure from the new San Andreas conduit and deliver it into the high level Lake Honda system. These pumps are at an elevation which also permits a gravity delivery from Crystal Springs mains into the same high level system.

Accepting the estimated value, approved by the Board of Supervisors in 1907, of \$24,569,828.00, and adding \$355,493.21 reported by the Company for permanent improvements, the value of the works in use is estimated at \$24,925,321.00. This value is conditioned by the rate to be fixed by the honorable the Board of Supervisors, and includes no estimate of the value of the franchise nor of considerations of the going value of the works.

One other factor of moment which this office has not been able to consider is the value of the Alameda system as a permanent supply, which has only been brought out by continued use. These are matters coming directly before the honorable the Board of Supervisors, and can be considered in the light of values reported in 1903.

Respectfully submitted,

MARSDEN MANSON,

City Engineer.

Ordered referred to Water Rates Committee.

Invitation Accepted.

Accepting Deed of Millen-Griffith Company of Land to Be Devoted to Public Park Purposes on Rincon Hill.

Also, Bill No. 431, Ordinance No. — (New Series), entitled, "Accepting a deed from the Millen-Griffith Company (a corporation) to land situated at the southwest corner of Harrison street and Stanley place, to be used as a public Park, and placing the same under the exclusive control and management of the Park Commissioners."

Pipe Line Permit.

Pacific Refining and Roofing Company.

Also, Resolution No. — (New Series), as follows:

Resolved, That the Pacific Refining and Roofing Company be and is hereby granted permission, revocable at will of the Board of Supervisors, to lay a 1½-inch pipe across Mississippi street, between Sixteenth and Seventeenth streets from Block 278, Potrero Nuevo, for the purpose of conveying steam; also a ¾-inch pipe across the above-mentioned street for the purpose of conveying crude oil for manufacturing purposes.

The said pipes to be inclosed in a redwood box lined with asbestos.

The said pipes shall be laid to the satisfaction and under the supervision of the Board of Public Works and the Fire Marshal.

The Pacific Refining and Roofing Company shall at all times while exercising such privilege keep Mississippi street in repair for the space of two feet over said pipe line, and if said street is paved said Pacific Refining and Roofing Company shall pay the expense of paving said street to the extent of two feet over said pipe lines and keep said pavements in repair to said extent.

Full Acceptance, Ninth Avenue, Between "I" and "J" Streets.

Extensions of Time, Street Work.

Also, Resolution No. — (New Series), as follows:

Resolved, That C. S. Harney be and is hereby granted an extension of sixty days' time from and after February 24, 1908, within which to complete the contract for paving the roadway of Fourth street, between Howard and Freelon streets.

This extension of time is granted for the reason that the contractor has not been able to take possession of the work owing to the fact that the sewer in Fourth street, damaged by the earthquake, has not been completed by the city.

Also, Resolution No. — (New Series), as follows:

Resolved, That Williams & Belser be and are hereby granted an extension of sixty days' time from and after March 5, 1908, within which to complete the contract for constructing sewer in Ninth street, between Bryant and Brannan streets.

This extension of time is granted for the reason that the old concrete cable roaded with iron slot and frame work has been encountered in direct line of the sewer, and the inclemency of the weather has also been a factor in hindering the progress of the work.

Adopted.

The following Resolutions were adopted:

Announcement.**

Supervisor Giannini announced that the Public Utilities Committee would meet on Thursday, February 27th, 1908, to consider matters connected with proposed bond issue and invited the members of the Board to be present.

Relative to Imposition of Double Liquor License on "Louvre."

Supervisor Hocks presented the following opinion from the City Attorney:

San Francisco, February 24, 1908.

Gentlemen: Your communication of February 19th, enclosing protest from "The Louvre, Inc." to payment of double liquor license received.

Sub. 3 of Sec. 1 of Chap. III of Art. VIII of the Charter provides for the granting of permits by the Police Commissioners to persons desiring to engage in the sale of liquor in less quantities than one quart, and, for the sale of liquor to be drunk on the premises, and stipulates that such permits "shall distinctly state the name of the person to whom the same is given, and the description of the premises where such business is to be carried on."

Sec. 3. of Ordinance No. 29 (New Series) provides "The issuance of such 'Liquor Dealer's License' to any person, firm or corporation shall entitle such person, firm or corporation to keep open the place of business for which such license was issued, and to sell liquors therein."

I am unable to find either in the Charter or the Ordinances, any specification as to the manner liquor shall be sold, whether over a bar, at tables or otherwise; and I am of the opinion that there is no authority for imposing a double license on any person, firm or corporation who serves liquor over a bar and also at tables in the same place of business.

This view is supported by the decisions in *Hochstadler vs. State*, 73 Ala. 24, and *St. Louis vs. Gerardi*, 90 Mo. 640.

Respectfully,

PERCY V. LONG,
City Attorney.

The Board of Supervisors.

Ordered referred to *Licenses Committee*.

Adopted.

The following Resolutions were introduced under suspension of the rules and adopted, to wit:

Board of Public Works Issue Order on Sheriff for Prisoners to Perform Labor on Streets and County Roads.

On motion of Supervisor Pollok: Resolution No. 1989 (New Series), as follows:

Privilege of the Floor.

On motion of Supervisor Giannini, A. Saunders, Secretary of Organized Labor Unemployed League, was granted the privilege of the floor and addressed the Board, stating that he had been informed by the Treasurer that there was one million dollars lying idle in the vaults of the Treasurer's office and requested that the money be devoted to needed street and sewer work and thereby relieve conditions.

Whereupon the Finance Committee was directed to confer with City Attorney and request him to hurry appeal from Judge Sturtevant's decision in the Geary street road litigation in order that the money raised for the acquisition of that system may be devoted to sanitation or to street and sewer work.

ADJOURNMENT.

There being no further business, the Board at the hour of 4:45 o'clock, adjourned to meet Thursday, February, 27, 1908, at 8 p. m.

To the Finance Committee.

Communications—From the Auditor, stating that the appropriation of the Juvenile Detention Home has been drawn upon in excess of the one-twelfth provision of the Charter and requesting that sufficient funds be set aside to maintain said Home.

From the Board of Education, submitting claim of F. Figone in the sum of \$150 paid to Sanitary Reduction Works for incineration of waste and refuse from public schools, and requesting that the Board of Supervisors demand refund of said amount to either the Board of Education or F. Figone.

From the Assessor, requesting that provision be made for certain advertising necessary for procuring data required in making correct assessments.

From the City Attorney, with opinion that improvements which may be con-

structed on Lincoln School site would be subject to taxation and that the City and County should exact a deed of trust of such improvements from the lessee.

To the Finance and Judiciary Committees.

Communication—From Robt. T. Devlin, U. S. Attorney for Northern District of California, requesting that damages be paid in the sum of \$575 against the City and County of San Francisco for destruction of Japanese restaurant and bathhouse on May 19, 1908, through actions of mob.

To the Hospital and Health Committee.

Communication—From the Board of Public Works, recommending that the sum of \$3000 be made available for the construction of new manure pits for the San Francisco Fire Department, placing iron doors on a portion of the old pits and repairing all pits that are in need of repair.

To the Judiciary Committee.

Communications—From the City Attorney, with opinion that the Board of Education has no jurisdiction in the matter of bids filed with the Board of Public Works for a heating plant in the Bay View School.

From the City Attorney, advising that the judgment of the Superior Court restraining expenditures of funds provided for the construction of a municipal street railroad on Geary street would be affirmed by the Supreme Court and that an appeal from the record as it now stands would be of no avail.

To the Police Committee.

Communication—From the Chief of Police, with report relative to trespassers on City property on Telegraph Hill.

To the Printing Committee.

Communications—From the Tax Collector, with requisition for coin tags.

From the Tax Collector, requesting that bids be invited for printing Delinquent Tax List for 1907.

From the Chief of the Department of Electricity, with requisition for the installation of detective devices in the Treasurer's office.

From the Board of Public Works, requesting that a telephone be installed in the Corporation Yard on Van Ness avenue and in the office of the chemist of said Department.

To the Public Utilities Committee.

Communication—From the Board of Health, recommending the passage of an Ordinance making it unlawful for any person to smoke a pipe, cigar or cigarette while riding inside a street-car, and also an Ordinance prohibiting the construction of planked or wooden floors in any yard or court.

To the Streets, Sewers and Parks Committee.

Communications—From the Board of Public Works, transmitting communication from the Pacific Telephone and Telegraph Company, stating that all their records were lost in the fire and that it is impossible at the present time to furnish a chart showing locations of its underground conduit system.

Also, recommending the full acceptance of the roadway of Diamond street, between Seventeenth street and a line 260 feet southerly and parallel to Seventeenth street.

Also, recommending that Flinn & Treacy be granted an extension of ninety days' time from and after March 5th, 1908, within which to complete the contract for the paving of Mission street, between Twentieth and Army streets.

Also, recommending the ordering of the following street work, the expense thereof to be assessed in whole or in part on private property, to wit:

That granite curbs, artificial stone sidewalks and a bituminous rock pavement be constructed in Union street, between Baker and Lyon streets.

Also, recommending that sidewalk widths on Twenty-sixth street, between Bryant and York streets, be reduced from 15 to 12 feet.

Also, transmitting complaint of property owners stating that sidewalk on Howard street, opposite Nos. 547-549, is above official grade and is not in condition required by law, with the request that funds be appropriated at once for the doing of such work.

Also, transmitting communication from the Board of Education requesting that repairs be made to roadway in

front of the Douglass School on Colingwood street, between Nineteenth and Twentieth streets.

Also, recommending the ordering of the following street work, the expense thereof to be assessed in whole or in part on private property, to wit:

That a macadam roadway and sidewalk be constructed on "C" street, between Forty-seventh and Forty-eighth avenues.

That redwood curbs and a macadam roadway and sidewalks be constructed in the crossing of "B" street and Forty-sixth avenue.

That a 7-inch ironstone pipe sewer with appurtenances be constructed in Texas street, between Mariposa and Seventeenth streets, and in the crossing of Texas and Seventeenth streets.

That redwood curbs and a macadam roadway and sidewalks be constructed in the four angular corners of the crossing of California street and Eighteenth avenue.

That granite curbs be constructed in Illinois street, between El Dorado and Twenty-third streets, including the intervening crossings and intersections.

That a 15-inch ironstone pipe sewer with appurtenances be constructed in Fourteenth avenue South, between "L" and "M" streets, and in the crossing of Fourteenth avenue and "M" street; that brick cesspools and ironstone pipe culverts be constructed in the northerly, easterly and southerly corners of the crossing of "M" street South and Fourteenth avenue South, and that a 15-inch ironstone pipe sewer with appurtenances be constructed in Fourteenth avenue South, between "M" street South and Railroad avenue.

Also, recommending that grades be changed and established at certain points and elevations on Sixteenth street, on Twenty-third avenue, on Twenty-fifth avenue, on Eleventh avenue, on Twelfth avenue, on Thirteenth, Fourteenth, Fifteenth, Sixteenth, Seventeenth, Eighteenth, Nineteenth and Twentieth avenues, and on "H," on "J" and on "K" streets.

Also, recommending the expediency of performing the following street work, the expense thereof to be assessed in whole or in part on private property, to wit:

That an 8-inch ironstone pipe sewer with appurtenances be constructed in Twenty-eighth avenue, from a point 25 feet northerly from the northerly line of "A" street to the southerly line of Point Lobos avenue.

That an 8-inch ironstone pipe sewer with appurtenances be constructed in Pixley avenue, from a point 25 feet westerly from Webster street to the easterly line of Fillmore street.

That an 8-inch ironstone pipe sewer with appurtenances be constructed in San Bruno avenue, between a point 25 feet northerly from the northerly line

of Twentieth street to the southerly line of Nineteenth street; and that 8 and 12-inch ironstone pipe sewers with appurtenances be constructed in the crossing of San Bruno avenue and Nineteenth street.

That artificial stone sidewalks and a bituminous rock pavement be constructed on Twenty-second street, between Polson and Harrison streets.

File.

The following Communications were presented, read and ordered filed:

Communications—From the City Attorney, with opinion that contract for sewer work would not be vitiated by proviso in advertisement for bids requiring bidders to obtain payment through sale of bonds for which they have negotiated the purchase, unless fraudulent intent is evident, but that the Charter will not permit the execution of a contract for public improvements based on any methods which will not allow the fullest competition among bidders at definite fixed prices.

From Hon. Carroll Cook, Judge of the Superior Court, stating that he will accept as temporary quarters the courtroom and chambers provided for him in the Towle Building.

Relative to Restoration of Building No. 1, County Jail.

A communication from the Board of Public Works with estimate in the sum of \$20,000 for the placing in first class condition of County Jail, Building No. 1, was presented, read, and, on motion of Supervisor McLeran, ordered referred to said Board with request to furnish a more specific statement of what is required for the restoration of said structure.

MAJORITY AND MINORITY REPORTS OF WATER RATES COMMITTEE OF THE BOARD OF SUPERVISORS OF THE CITY AND COUNTY OF SAN FRANCISCO, IN MATTER OF ESTABLISHING WATER RATES FOR YEAR COMMENCING JULY 1, 1908, AND ENDING JUNE 30, 1909.

Majority Report Water Rates Committee.

To the Honorable

The Board of Supervisors of the City and County of San Francisco.

GENTLEMEN:

Your Committee on Water Rates to whom was delegated the task of preparing a Bill fixing and establishing water rates for the year commencing July 1, 1908, and ending June 30, 1909, begs leave to present the following report:

Your Committee has examined the testimony given and the evidence presented to your Honorable Board while sitting in Committee of the Whole, and has also examined and considered the appraisement of the City Engineer of the properties of the Spring Valley Water Company actually used in supplying the City and County of San Francisco and its inhabitants with water.

As a result of such examination, your Committee is of the opinion that the appraisement made by the City

Engineer, to wit: the sum of \$24,925,321.00, is essentially a fair and just valuation of said properties. The said appraisement is primarily based upon a very careful and elaborate estimate made by former City Engineer Grunsky in the year 1901, whereby the value of said property was fixed in the sum of \$24,667,800.

The values thereafter were substantially estimated as follows:

In 1902	\$24,468,210.00
In 1903	24,124,389.00
In 1904	24,673,212.00
In 1905	25,001,441.00
In 1906	25,450,327.00
In 1907	24,569,828.00

The reduction made in 1907 was due to the damage to the works by the earthquake of April 18, 1906, which damage remained unrepaired in February, 1907, when said appraisement was made.

Since the last named date, the Spring Valley Water Company has expended in permanent improvements the sum of \$355,493.00, which latter sum has been added to the appraisement made in 1907, thus fixing the appraisement of 1908 in the sum of \$24,925,321.00.

Your Committee is of the opinion that a return of 5 per cent upon the valuation of the water works is a fair and reasonable one. Assuming this return to be fair and reasonable and taking an approximate valuation of \$25,000,000 as the value of the plant, the company should be allowed upon this basis the sum of \$1,250,000.

Under the law as construed by the courts, the rates fixed must allow the said reasonable return upon value of the properties actually used in supplying water, and must also allow operating expenses and taxes. Turning to the evidence submitted by the Spring Valley Water Company, we find that the Company estimates that their operating expenses will amount to \$600,000 during the next ensuing fiscal year, and that their taxes will approximate \$375,000.

Your Committee is of the opinion that the claim of \$600,000 for operating expenses is excessive, inasmuch as the estimate is based upon the abnormal conditions which prevailed in the year 1907. We therefore reduce this estimate to the sum of \$575,000. The allowance for taxes is recommended to stand as submitted, it being within the power of your Honorable Board, if any error is made in this regard, to correct the same when equalizing the Assessment Roll in July of this year.

Adding to the aforesaid return of \$1,250,000, the operating expenses of \$575,000 and the taxes \$375,000, we find that the sum of \$2,200,000 should be allowed the Company in rates.

The Company has been collecting upon the basis of the rates fixed in the year 1902, although several reductions

have been made by successive Boards of Supervisors from this schedule. Resort, however, was had to the courts by the Company for the enforcement of the rates of 1902, and they have been permitted since that time to collect upon that basis.

From the evidence submitted by the Company, as appears in Exhibit No. 17, filed February 11, 1908, the Company estimates their income under the rates established by the Ordinance of 1902 in the approximate sum of \$2,042,000. \$1,710,632 of this amount is derived from revenue from private consumers, other than shipping, contractors, from the City and County and from miscellaneous sources. Assuming that the natural increase in the business this year will be 15%, which your Committee believes to be a very moderate figure, the revenue from private sources, based upon the rates for 1902, will amount to \$1,966,537. In 1903 the Board of Supervisors reduced the consumers' rate 7%, believing that under these reduced rates and considering the normal accretion of business, that the Company would be enabled to return the customary 5% on the actual value of the plant, together with the cost of operating expenses and taxes.

Taking from the sum \$1,966,537 aforesaid, income from private consumers—rates 1908-9 as estimated aforesaid, the sum of 7%—\$137,660, there remains \$1,828,879, which represents practically the rates of 1903, if enforced; to this sum we add the Company's estimate, \$122,002 from shipping, \$70,025 from contractors, \$60,481 miscellaneous and other sources, also \$150,000 for City and County water bills, which will aggregate in all \$2,231,390.00.

Complaint has been heretofore made by the officials of the Spring Valley Water Company that the Board of Supervisors has failed to adequately provide in its annual budget for water furnished for municipal purposes, and it is quite likely that there is justice in this claim.

Your Committee will therefore recommend that the sum of \$100,000 be provided in the Budget of the next ensuing fiscal year for water for hydrant purposes; the sum of \$20,000 for water furnished public buildings; the sum of \$6,000 for water for street sprinkling; the sum of \$15,000 for water for schools, and the sum of \$9,000 for parks, which amounts aggregate the \$150,000 specified above.

Your Committee therefore recommends the reenactment of the water Rates Bill of 1903, with the exception of the hydrant rate, which is recommended to be fixed at a flat rate of \$100,000 for hydrant service in San Francisco.

Upon application of any ratepayer, the Board of Supervisors shall reserve the right, upon a proper showing of cause, to require the company to put in a meter and charge meter rates for any consumer of water, on such conditions as the Board may impose as to the rental when meter is not actually used.

Meter Rates for Shipping.

Water shall be furnished and delivered by meter measurement to ship-plug lying alongside of the bulkhead or any of the wharves on the water front where water pipes or mains are laid, between the hours of 6 o'clock a. m. and 6 o'clock p. m. daily, upon application being made therefor, at the following rates: \$1.50 per 1,000 gallons, the minimum charge for each separate delivery to be fifty (50) cents.

No water boat furnishing and supplying water to shipping lying at anchor within the limits of the wharves of the City and County of San Francisco shall charge a rate to exceed three dollars (\$3.00) per 1,000 gallons.

Hydrant Rates.

Section 11. The rates or compensation to be collected for water supplied by and through hydrants to the City and County of San Francisco shall be the sum of \$100,000 for the year commencing July 1, 1908, and ending June 30, 1909, said sum to be in full compensation for all hydrants used for fire purposes and for flushing of sewers.

Prevention of Waste.

Section 12. Prevention of Waste or Excessive Use.—In no case where the fixed rates above provided, other than meter rates, are applicable, shall any charge for water be made by meter rates, it being the purpose of this Ordinance to provide for all dwelling houses a fixed monthly rate, which shall not be increased by the person, company or corporation supplying water.

Provided, however, that for the purpose of discovering and repressing waste or excessive use, all persons, companies or corporations shall have the right in all cases to apply and maintain meters to measure the water

used or consumed, and to charge and collect for waste or excessive use under the condition and to the extent hereafter provided in this section, and not otherwise.

No consumer shall be deemed guilty of waste or excessive use unless the water used or consumed upon his premises in any month shall exceed by fifty (50) per cent the number of cubic feet which at regular meter rates amounts to his rated bill, in which case such excess shall be deemed waste or excessive use.

Immediately after the discovery of any waste or excessive use the consumer shall be notified thereof by the person, company or corporation supplying water, by notice mailed to his address, or to the agent or person to whom his water bills are presented for collection.

After such notice the consumer may be charged and there may be collected from him for any waste or excessive use thereafter occurring upon his premises, at regular meter rates, but such charge or collection shall not exceed for the first month the sum of two dollars (\$2.00), for the second month the sum of four dollars (\$4.00), or for any following month the sum of five dollars (\$5.00).

Board of Public Works to Examine Complaints, Etc.

It shall be the duty of the Board of Public Works, by its Gas, Water and Electrical Inspector of this City and County, to inquire into all cases of complaints by water consumers, as to charges made against them for waste or excessive use under the foregoing provisions of this section and to adjust such charges as follows:

Any water consumer against whom a water bill is presented containing a charge for waste or excessive use of water, may within five days after such bill is presented to him (provided that he first pay the fixed rate charged on such bill, exclusive of the charge made for said alleged waste or excessive use) make complaint to said Inspector that such charge is incorrect, whereupon the said Inspector shall promptly inspect the premises of the consumer so complaining, and cause a test to be made of the water meter upon said premises, and from such inspection and test and subsequent inspection and test as said Inspector may see fit and proper to make, shall determine as near as can be the amount of water used, consumed or wasted upon said premises, during the period covered by said bill. As soon as such determination is made and within twenty (20) days after the said complaint is made, said Inspector shall make a certificate, stating amount of water so determined to have been used,

consumed or wasted, and showing the true and correct amount, if anything, which may be charged against and collected from said consumer under the foregoing provisions of this section for waste or excessive use, and shall immediately transmit such certificate to the person, company or corporation supplying water, and also a copy thereof by mail to the water consumer.

The said certificate shall be conclusive between the water consumer and said person, company or corporation as to the amount, if anything, which said person, company or corporation shall be entitled to collect from the consumer for waste or excessive use of water during the period covered by the bill of which complaint is made; provided, however, that if either the consumer or the water company is dissatisfied with the certificate of the Water Inspector, appeal may be taken within five (5) days to the Committee on Water Rates of the Board of Supervisors, which Committee shall within five (5) days after such appeal hear and finally determine the matter in dispute.

The said Inspector shall keep in his office a proper record or records, showing the date of each complaint made to him, the name of the consumer complaining, the location of his premises, and stating briefly the inspection made by him of the premises and the tests applied to the meter, the time or times of such inspection and tests and the results thereof, with the reading of the meter at each test or inspection and all other material facts connected therewith. Such records so kept to be open for public examination in his office.

Rates—When Payable.

Section 13. All water rates, except meter rates and City and County rates, are due and payable monthly in advance.

Meter and City and County rates are due and payable at the end of each month, and upon meter rates a deposit not exceeding three-fourths ($\frac{3}{4}$) of the value of the estimated quantity of water to be consumed may be required.

Notice of Discontinuance.

Section 14. Any consumer may at any time, upon payment of accrued rates, notify the company in writing to cut off or discontinue the water supply upon his premises, after which no charge shall be made for water for said premises until the use of water is resumed.

Maximum Rates Fixed.

Section 15. This Ordinance fixes the maximum beyond which no person, company or corporation shall be permitted to charge for water supplied.

The next 5,000 cubic feet used (between 15,000 and 20,000 cubic feet) shall be charged for at the rate of twenty-one (21) cents per 100 cubic feet.

The next 5,000 cubic feet used (between 20,000 and 25,000 cubic feet) shall be charged for at the rate of twenty (20) cents per 100 cubic feet.

The next 5,000 cubic feet used (between 25,000 and 30,000 cubic feet) shall be charged for at the rate of eighteen (18) cents per 100 cubic feet.

The next 10,000 cubic feet used (between 30,000 and 40,000 cubic feet) shall be charged for at the rate of seventeen (17) cents per 100 cubic feet.

The next 10,000 cubic feet used (between 40,000 and 50,000 cubic feet) shall be charged for at the rate of seventeen (17) cents per 100 cubic feet.

The next 10,000 cubic feet used (be-

tween 50,000 and 60,000 cubic feet) shall be charged for at the rate of sixteen (16) cents per 100 cubic feet.

The next 10,000 cubic feet used (between 60,000 and 70,000 cubic feet) shall be charged for at the rate of fifteen (15) cents per 100 cubic feet.

All water used in excess of 70,000 cubic feet per month to be charged for at the rate of fourteen (14) cents per 100 cubic feet.

No monthly meter bill to be less than two (\$2.00) dollars, except as herein-after provided.

Upon application of any ratepayer, the Board of Supervisors shall reserve the right, upon a proper showing of cause, to require the company to put in a meter and charge meter rates for any consumer of water, on such conditions as the Board may impose as to the rental when meter is not actually used.

Meter Rates for Shipping.

Water shall be furnished and delivered by meter measurement to shipping lying alongside of the bulkhead or any of the wharves on the water front where water pipes or mains are laid, between the hours of 6 o'clock a. m. and 6 o'clock p. m. daily, upon application being made therefor, at the following rates: \$1.50 per 1,000 gallons, the minimum charge for each separate delivery to be fifty (50) cents.

No water boat furnishing and supplying water to shipping lying at anchor within the limits of the wharves of the City and County of San Francisco shall charge a rate to exceed three dollars (\$3.00) per 1,000 gallons.

Hydrant Rates.

Section 11. The rates of compensation to be collected for water supplied by and through hydrants to the City and County of San Francisco shall be two (\$2.00) dollars per month for each hydrant for fire purposes and flushing of sewers.

Prevention of Waste.

Section 12. Prevention of Waste or Excessive Use.—In no case where the fixed rates above provided, other than meter rates, are applicable, shall any charge for water be made by meter rates, it being the purpose of this Ordinance to provide for all dwelling houses a fixed monthly rate, which shall not be increased by the person, company or corporation supplying water.

Provided, however, that for the purpose of discovering and repressing waste or excessive use, all persons, companies, or corporations shall have the right in all cases to apply and maintain meters to measure the water used or consumed, and to charge and collect for waste or excessive use under the condition, and to the extent hereafter provided in this section, and not otherwise.

No consumer shall be deemed guilty of waste or excessive use, unless the

water used or consumed upon his premises in any month shall exceed by fifty (50) per cent the number of cubic feet which at regular meter rates amount to his rated bill, in which case such excess shall be deemed waste or excessive use.

Immediately after the discovery of any waste or excessive use the consumer shall be notified thereof by the person, company or corporation supplying water, by notice mailed to his address, or to the agent or person to whom his water bills are presented for collection.

After such notice the consumer may be charged and there may be collected from him for any waste or excessive use thereafter occurring upon his premises, at regular meter rates, but such charge or collection shall not exceed for the first month the sum of two dollars (\$2.00), for the second month the sum of four dollars (\$4.00), or for any following month the sum of five dollars.

Board of Public Works to Examine Complaints,
Etc.

It shall be the duty of the Board of Public Works, by its Gas, Water and Electrical Inspector of this City and County, to inquire into all cases of complaints by water consumers, as to charge made against them for waste or excessive use under the foregoing provisions of this section and to adjust such charges as follows:

Any water consumer against whom a water bill is presented containing a charge for waste or excessive use of water, may within five days after such bill is presented to him (provided that he first pay the fixed rate charged on such bill, exclusive of the charge made for said alleged waste or excessive use) make complaint to said Inspector that such charge is incorrect, whereupon the said Inspector shall promptly inspect the premises of the consumer so complaining and cause a test to be made of the water meter upon said premises, and from such inspection and test and subsequent inspection and test as said Inspector may see fit and proper to make, shall determine as near as can be the amount of water used, consumed or wasted upon said premises during the period covered by said bill. As soon as such determination is made and within twenty (20) days after the said complaint is made, said Inspector shall make a certificate stating amount of water so determined to have been used, consumed or wasted, and showing the true and correct amount, if anything, which may be charged against and collected from said consumer under the foregoing provisions of this section for waste or excessive use, and shall immediately transmit such certificate to the person, company or corporation supplying water, and also a copy thereof by mail to the water consumer.

The said certificate shall be conclusive between the water consumer and said person, company or corporation as to the amount, if anything, which said person, company or corporation shall be entitled to collect from the consumer for waste or excessive use of water during the period covered by the bill of which complaint is made; provided, however, that if either the consumer or the water company is dissatisfied with the certificate of the Water Inspector, appeal may be taken within five (5) days to the Committee on Water Rates of the Board of Supervisors, which shall, within five days after such appeal, hear and finally determine the matter in dispute.

The said Inspector shall keep in his office a proper record or records, showing the date of each complaint made to him, the name of the consumer complaining, the location of his premises, and stating briefly the inspection made by him of the premises and the tests applied to the meter, the time or times of such inspection and tests, and the results thereof, with the reading of the meter at each test or inspection, and all other material facts connected therewith. Such records so kept to be open for public examination in his office.

Rates—When Payable.

Section 13. All water rates, except meter rates and City and County rates, are due and payable monthly in advance.

Meter, and City and County rates, are due and payable at the end of each month, and upon meter rates a deposit not exceeding three-fourths ($\frac{3}{4}$) of the value of the estimated quantity of water to be consumed may be required.

Notice of Discontinuance.

Section 14. Any consumer may at any time, upon payment of accrued rates, notify the company in writing to cut off or discontinue the water supply upon his premises, after which no charge shall be made for water for said premises until the use of water is resumed.

Maximum Rates Fixed.

Section 15. This Ordinance fixes the maximum beyond which no person, company or corporation shall be permitted to charge for water supplied.

Motion.

Supervisor Comte moved that Reports of majority and minority of Water Rates Committee, together with accompanying Bills fixing rates be laid over for one week.

So ordered.

Amendment to Majority Report.

Supervisor Johnston moved to amend majority report by changing figures for hydrant service from \$60,000 to \$100,000.

So ordered.

(Note—Amendments appear in Majority Report and Bill as printed.)

Adopted.

The following Resolution was adopted:

Board of Public Works Contract for 300 Dirt Cans.

On motion of Supervisor Center:
Resolution No. 2036 (New Series),
as follows:

Resolved, That the Board of Public Works be and is hereby authorized to enter into contract for the purchase of 300 dirt cans for use in the Street Cleaning Department of the Board of Public Works.

The said dirt cans to be paid for out of the moneys set aside for sweeping, sprinkling and cleaning streets.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford, Sachs, Stafford—18.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.
Relative to Amending Liquor License Bills.

Supervisor Murdock requested permission to present certain amendments to liquor license bills now pending before the License Committee.

Request granted.

Adopted.

The following Resolutions were introduced under suspension of the rules and adopted:

Board of Public Works to Confer With Property Owners for the Removal of Certain Ruins.

On motion of Supervisor Murphy:
Resolution No. 2037 (New Series),
as follows:

Whereas, It is desirable that all evidences of destruction by the earthquake and fire be removed prior to the arrival of the fleet, especially in the proximity of Market street.

Resolved, That the Board of Public Works be and it is hereby requested to confer with the owners of the lot on the northeast corner of Mason and Eddy streets, the lot on the northeast corner of Ellis and Mason streets and the lot on the north line of Golden Gate avenue, between Taylor and Jones streets, on which there are conspicuous ruins, to the end that the same be speedily removed.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford, Sachs, Stafford—18.

City Attorney to Take Steps to Enforce Terms of Contract for Wrecking of Girls' High School.

On motion of Supervisor Pollok:
Resolution No. 2038 (New Series),
as follows:

Whereas, In the month of April, 1907, the Board of Education entered into

contract with Berthiaume & Co. to wreck the Girls' High School building, the terms of said contract being that said contractors were to pay the sum of \$2500 for the privilege of wrecking and retaining the salvage of said building and to leave the lot level and free from debris, and

Whereas, Work was commenced and considerable building material removed, but owing to a disagreement between the contracting partners leading to a civil suit, the matter of adjudicating their affairs is now pending in the Superior Court in and for the City and County of San Francisco, State of California, and a receiver has been appointed to discharge the duties entailed under said settlement, and

Whereas, The Board of Supervisors of the City and County has appropriated the sum of \$16,000 for the purpose of constructing a temporary Girls' High School on said lot, and it is essential that the work of said contractors, through their receiver, be prosecuted without delay, now therefore

Resolved, That the City Attorney be and he is hereby authorized and requested to take such steps as may be necessary to compel enforcement of said contract, and in the event of the refusal of the receiver to comply with the conditions thereof, to immediately commence suit for the restoration of the property taken from said lot by said contractors under the terms of the original agreement.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford, Sachs, Stafford—18.

Action Deferred.

The following Reports were presented and on motion laid over one week:

Police Committee, on referred mat-

ters—By Supervisor Stafford, Chairman.

Report of Minority of Police Committee, on Bill regulating hucksters, vendors, newsboys, etc.—By Supervisor McLeran.

NEW BUSINESS (OUT OF ORDER).

Establishing Water Rates for the Year Commencing July 1st, 1908.

The Report of the Water Rates Committee and Bill No. 442, Ordinance No. — (New Series), establishing water rates for the year commencing July 1st, 1908, introduced by Supervisor Johnston, together with the Minority Report and Bill No. 443, Ordinance No. — (New Series), establishing water rates for the year commencing July 1st, 1908, introduced by Supervisor McAllister, laid over from last meeting, were taken up.

Motion.

Supervisor Johnston moved the adoption of the majority Report and the passage to print of Bill No. 442.

Amendment.

Supervisor Comte moved that words 1902 be substituted for words 1903, wherever they occur in Bill.

Motion.

Supervisor Johnston moved that the officials of the company be granted the privilege of the floor.

So ordered.

Privilege of the Floor.

Whereupon, *Capt. A. H. Payson*, President of the Spring Valley Water Company, addressed the Board, stating that the majority Report greatly underestimated the operating expenses of the company; that the estimate of 15% increased business was much too large, and that if the majority Bill was passed it would only mean a continuation of the litigation now pending between the company and the City and County of San Francisco.

E. J. McCutcheon, Attorney for the Spring Valley Water Company, addressed the Board relative to the value of the properties of the company in Alameda County.

J. B. Smith, Secretary of the Federated Water Committee, also addressed the Board relative to the manner in which the Federated Water Committee arrived at its valuations of the properties of the Spring Valley Water Company.

Motion.

Supervisor Pollok moved that the matter be laid over one week.

Motion lost.

Motion.

Supervisor McAllister moved as a substitute that the Bill reported by the minority of the Committee be passed for printing.

Motion lost by the following vote:

Ayes—Supervisors Broderick, McAllister, Pollok, Sachs—4.

Noes—Supervisors Bancroft, Booth, Comte, Giannini, Hocks, Jennings, Johnston, McLeran, Murdock, Murphy, Payot, Rixford, Stafford—13.

Absent—Supervisor Center—1.

Passed for Printing.

Supervisor Comte moved that rates for the year 1902 as expressed in Ordinance No. 470 of the Board of Supervisors be fixed as the water rates for the year commencing July 1st, 1908, and that said measure in words and figures following be passed for printing:

WATER RATES, 1908-9.

Bill No. 444, Ordinance No. — (New Series), Regulating the monthly rates of compensation to be collected by any person, company or corporation engaged in the business of supplying water to the inhabitants of the City and County of San Francisco for family uses, for private purposes, for municipal uses and for all public purposes of said City and County for the year commencing July 1, 1908, and ending June 30, 1909.

The next 10,000 cubic feet used (between 40,000 and 50,000 cubic feet) shall be charged for at the rate of fifteen (15) cents per 100 cubic feet.

The next 10,000 cubic feet used (between 50,000 and 60,000 cubic feet) shall be charged for at the rate of fourteen (14) cents per 100 cubic feet.

The next 10,000 cubic feet used (between 60,000 and 70,000 cubic feet) shall be charged for at the rate of thirteen (13) cents per 100 cubic feet.

All water used in excess of 70,000 cubic feet per month to be charged for at the rate of twelve (12) cents per 100 cubic feet.

No monthly meter bill to be less than one and eighty-hundredths (\$.80), except as hereinafter provided.

Upon application of any rate payer the Board of Supervisors shall reserve the right, upon a proper showing of cause, to require the company to put in a meter and charge meter rates for any consumer of water, on such conditions as the Board may impose as to the rental when meter is not actually used.

Meter Rates for Shipping.

Water shall be furnished and delivered by meter measurement to shipping lying alongside of the bulkhead or any of the wharves on the water front where water pipes or mains are laid, between the hours of 6 o'clock a. m. and 6 o'clock p. m. daily, upon application being made therefor at the following rates: \$1.50 per 1000 gallons, the minimum charge for each separate delivery to be fifty (50) cents.

No water boat furnishing and supplying water to shipping lying at anchor within the limits of the wharves of the City and County of San Francisco shall charge a rate to exceed three dollars (\$3) per 1000 gallons.

Hydrant Rates.

Section 11. The rates of compensation to be collected for water supplied by and through hydrants to the City and County of San Francisco shall be two dollars per month for each hydrant for fire purposes and flushing of sewers.

Prevention of Waste.

Section 12. Prevention of waste or excessive use—

In no case where the fixed rates above provided, other than meter rates, are applicable, shall any charge for water be made by meter rates, it being the purpose of this ordinance to provide for all dwelling-houses a fixed monthly rate which shall not be increased by the person, company, or corporation supplying water.

Provided, however, that for the purpose of discovering and repressing waste or excessive use, all persons, companies or corporations shall have the right in all cases to apply and maintain meters to measure the water used or consumed, and to charge and collect for waste or excessive use under the condition and to the extent hereafter provided in this section, and not otherwise.

No consumer shall be deemed guilty of waste or excessive use unless the water used or consumed upon his premises in any month shall exceed by fifty (50) per cent the number of cubic feet which at regular meter rates amount

to his rated bill, in which case such excess shall be deemed waste or excessive use.

Immediately after the discovery of any waste or excessive use the consumer shall be notified thereof by the person, company or corporation supplying water by notice mailed to his address or to the agent or person to whom his water bills are presented for collection.

After such notice the consumer may be charged and there may be collected from him for any waste or excessive use thereafter occurring upon his premises at regular meter rates, but such charge or collection shall not exceed for the first month the sum of two dollars (\$2), for the second month the sum of four dollars (\$4), or for any following month the sum of five dollars (\$5).

Board of Public Works to Examine Complaints, Etc.

It shall be the duty of the Board of Public Works, by its Gas, Water and Electrical Inspector of this City and County, to inquire into all cases of complaints by water consumers as to charge made against them for waste or excessive use under the foregoing provisions of this section, and to adjust such charge as follows:

Any water consumer against whom a water bill is presented containing a charge for waste or excessive use of water may within five days after such bill is presented to him (provided that he first pay the fixed rate charged on such bill, exclusive of the charge made for said alleged waste or excessive use) make complaint to said inspector that such charge is incorrect, whereupon the said inspector shall promptly inspect the premises of the consumer so complaining and cause a test to be made of the water meter upon said premises, and from such inspection and test and subsequent inspection and test as said inspector may see fit and proper to make shall determine as near as can be the amount of water used, consumed or wasted upon said premises during the period covered by said bill. As soon as such determination is made and within twenty (20) days after the said complaint is made, said inspector shall make a certificate stating the amount of water so determined to have been used, consumed or wasted, and showing the true and correct amount, if anything, which may be charged against and collected from said consumer under the foregoing provisions of this section for waste or excessive use, and shall immediately transmit such certificate to the person, company or corporation supplying water, and also a copy thereof by mail to the water consumer.

The said certificate shall be conclusive between the water consumer and said person, company or corporation as to the amount, if anything, which said person, company or corporation shall be entitled to collect from the consumer for waste or excessive use of water during the period covered by the bill of which complaint is made; provided, however, that if either the consumer or the water company is dissatisfied with the certificate of the water inspector appeal may be taken within five (5) days to the Committee on Water Rates of the Board of Supervisors, which shall, within five days after such appeal, hear and finally determine the matter in dispute.

The said inspector shall keep in his office a proper record or records, showing the date of each complaint made to him, the name of the consumer complaining, the location of his premises, and stating briefly the inspection made by him of the premises and the tests applied to the meter, the time or times of such inspection and tests, and the results thereof, with the reading of the meter at each test or inspection, and all other material facts connected therewith. Such records so kept to be open for public examination in his office.

Rates—When Payable.

Section 13. All water rates, except meter rates and city and county rates, are due and payable monthly in advance.

Meter and city and county rates are due and payable at the end of each month, and upon meter rates a deposit not exceeding three-fourths ($\frac{3}{4}$) of the value of the estimated quantity of water to be consumed may be required.

Notice of Discontinuance.

Section 14. Any consumer may at any time, upon payment of accrued rates, notify the company in writing to cut off or discontinue the water supply upon his premises, after which no charge shall be made for water for said premises until the use of water is resumed.

Maximum Rates Fixed.

Section 15. This ordinance fixes the maximum beyond which no person, company or corporation shall be permitted to charge for water supplied.

Resolution No. 2056 (New Series), as follows:

Whereas, J. A. Dowling, feeling aggrieved at the assessment, warrant and diagram issued January 22, 1908, by the Board of Public Works for the work of paving, etc., on the crossing of Polk and Lombard streets, has filed an appeal from the assessment, warrant and diagram, claiming that the Board of Public Works has issued an incorrect assessment, to wit:

That item therein 21.9 lineal feet of stone curbs, \$2.00 per foot, should be 65.9 lineal feet.

That item therein 65.9 lineal feet of stone curbs reset, \$.50 per foot, should be 21.9 lineal feet.

That item therein 61 lineal feet of 10-inch stone pipe culvert, \$2.00 per foot, should be 67 lineal feet.

Resolved, That Monday, March 23, 1908, at the hour of 3 p. m., in the Chambers of the Board of Supervisors, No. 70 Eddy street, be fixed as the time and place for hearing the appeal from said assessment, warrant and diagram.

City Attorney Authorized Appear for City in Probate Proceedings Relative to Will of Joseph Boardman, in Which City is a Beneficiary.

San Francisco, March 9, 1908.

Mr. John E. Behan, Clerk of the Board of Supervisors, City—Dear Sir: Referring to your letter of March 4, 1908, relative to the proceedings to be taken in relation to the will of Joseph Boardman, deceased, I beg to advise you that Mr. Savage has called at this office several times regarding that matter in an endeavor to get this office to appear for the City in said proceeding. He was advised that in the opinion of this office, it was the province of the Board of Supervisors to determine whether or not the City of San Francisco was sufficiently interested in the probate proceeding to instruct the City Attorney to appear therein. I would suggest that if the Board of Supervisors considers the City sufficiently interested they instruct this office to appear in said probate proceeding and take such action therein as the City Attorney's office may deem proper and necessary. Yours truly,

PERCY V. LONG, City Attorney.

Percy V. Long, Esq., City Attorney, San Francisco, California—Dear Sir: Referring to your letter dated February 19 and the papers therein mentioned, with respect to the proposed issuance of bonds, we beg to state that we have examined the legal papers which you sent us, and have to advise you as follows:

The ordinance number 353 (New Series), passed January 27, 1908, and approved January 29, 1908, is in our opinion in proper form.

In regard to the ordinance calling a special election, we have to advise you that in our opinion the respective propositions submitted to the voters should specify the rate of interest on the bonds to be issued. Section 5 of article XII of the charter provides among other things:

"Such propositions shall specify the amount of the bonded indebtedness necessary for the acquisition of the utility or utilities therein named, and the rate of interest thereon."

We advise therefore that there be added at the end of each proposition in the draft ordinance you sent us calling the election, and to each of these propositions wherever they occur—in the notice calling the election, in the ballots, etc., etc., words substantially as follows, to wit: "Bonds issued for such purpose shall bear interest at the rate of — per centum per annum payable semi-annually." The rate of interest should be definitely fixed and inserted before any ordinance is adopted.

We have also to advise you that in our opinion it is necessary (in the absence of any decision of the Supreme Court of the state to the contrary) that the particular rate of interest which is to be paid shall be stated definitely, and that it is unsafe to assume that the statement that the bonds shall bear interest not exceeding five per centum per annum payable semi-annually would be a sufficient compliance with sections 5 and 8—and possibly section 10 of article XII of the charter. Section 10 of article XII of the charter says that the interest shall not exceed five per centum per annum; and it is not in our judgment safe to assume that the courts might not hold that the provisions of sections 5 and 8 of article XII which require that the proposition and the notice shall "specify the rate of interest," would be satisfied by a mere repetition in the propositions and in the notice of election of the provision of section 10,

that the interest on the bonds shall not exceed five per centum. This section 10 has already fixed the maximum rate of interest, and if the sections 5 and 8 are to be construed as requiring nothing more, they would really not make the matter any more definite than section 10 has already made it. We can conceive that the court might hold that what sections 5 and 8 require is that the proposition and notice of election shall state the particular rate of interest to be paid so as to advise the voter definitely just what this rate is and not merely advise him that it is to be within the maximum already fixed by section 10. The voter is already advised of that maximum by the provision in that section. If there are any decisions of the Supreme Court of California that you know of which hold that the designation of a maximum rate of interest is a sufficient compliance with such requirements as are made in sections 5 and 8, we shall be glad if you will refer us to them; or if for any other reason you think that the designation of a maximum rate is sufficient, we shall be glad to have your views on this subject.

The same reasoning leads us to the conclusion that when section 10 of article XII provides that the bonds "shall be redeemed at such times and in such amounts as the supervisors shall determine, as set forth in the ordinance calling the special election; provided, that redemption of such bonds shall begin in not more than eighteen years and shall be completed in not more than seventy-five years from the date of the issue," this requires that the ordinance calling the election shall set forth definitely the times when the bonds are to be redeemed and the amounts which are to be redeemed at the times thus specified. The constitution and section 10 provide in general terms that the redemption of such bonds shall begin in not more than eighteen years and shall be completed in not more than seventy-five years, and in our opinion it is not safe to assume that the requirement that the ordinance calling the special election shall determine the times when the bonds are to be redeemed and the amounts to be redeemed is complied with by a mere repetition of the clause which states in general terms the limitations within which the board of supervisors may make the bonds payable. As a practical matter, this would give no information to the voter that is not already given by these general provisions of the constitution and section 10; whereas the courts might well hold that the requirements of the charter are that the voter shall have definite and exact information as to the times of redemption of the bonds and the amounts.

We have also reached the conclusion that the safe course to pursue with re-

spect to the amount of the tax is to state the amount specifically, and not merely make a general statement that the tax shall be sufficient. Section 8 of article XII of the charter requires that the notice of election "shall specify the purpose for which the indebtedness is to be incurred, the number and character of the bonds to be issued, the rate of interest to be paid, and the amount of tax levy to be made for the payment thereof." It has been decided by the Supreme Court of California, as you doubtless know, that the requirement of the constitution, article XI, section 18, to the effect that provision shall be made for a tax for interest and sinking fund is sufficiently complied with if the statute authorizing the bonds itself makes provision for such tax. The above quoted requirement however of section 8 of the San Francisco charter is something more than the requirement of the constitution, and is to the effect that "the amount of tax levy" shall be specified in the notice of election. We can conceive that the Court might hold that this required the amount of the tax levy to be stated in dollars, so that any elector reading the notice would be definitely informed of the amount of the tax levy, or if the exact amount for each year was not stated, that a sufficient statement should be made so that a voter could with very easy computation know the exact amount for each year. It is questionable, to say the least, whether under this provision it would be sufficient to state in general terms merely that a sufficient amount of tax should be levied each year to pay the annual interest on the bonds and to pay the principal of the bonds when it falls due. We can conceive that the court might hold that this was not a statement of the amount of the tax within the meaning of the above quoted provision of section 8 of article XII. It would seem the part of prudence not to leave open in this proceeding a question of such moment, when it is practicable to avoid it by a specific statement of the amount, or what is equivalent thereto.

In order to be able to state the amount of tax levy definitely, it is necessary that a definite rate of interest be determined upon. Of course if the maximum rate of interest is determined upon, the maximum amount of the tax levy could be stated; but it is at least open to question whether this would be a compliance with the provisions of the charter. These provisions are not that the maximum amount of the tax levy shall be stated, or that the maximum rate of interest shall be stated, but that the amount of tax levy and the rate of interest shall be stated.

Section 10 of article XII of the charter provides among other things that "the bonds issued under the provisions

of this article shall be of such form as the supervisors in the ordinance calling the election therefor shall determine." We have to advise that under this provision of section 10 the form of bond and coupon should be set forth in the ordinance calling the election. This clause may be construed as requiring that the supervisors shall in the ordinance calling the election determine the entire form of bond and not merely state generally what it shall be. The determination of the form of bond of course includes the determination of every part of the bond and of the coupon, and the simplest and easiest way in which to make such determination is in our judgment to set forth the form of bond and coupon at length. If this course were not pursued, and if the statements and recitals in the bonds were not all definitely provided for in full in the ordinance calling the election, objection might be made that some part of the bond was unauthorized. It is practicable to comply with this construction of the law determining the form of the bond now, at the present time. While it is not perhaps usual to set out the full form of bond in the ordinance calling the election, still it is often done, and we think it desirable that it should be done in the present case, in view of the above quoted provision from section 10. Accordingly we have drafted a form of bond and coupon,—and form for registration. We think it desirable that the bond shall itself contain a provision as to registration of the bond. This will give information to the holder of the bond that he can have it registered. We have therefore inserted in the bond a registration clause substantially in the form set forth in section 10 of article XII, and have also made a draft of a statement to be printed or engraved or lithographed on the back of the bond, in the same form as the sample statement set forth near the end of section 10, article XII of the charter. This statement might be engraved, lithographed or printed on the back of the bond once, and thus provide for one registration. If afterwards a transfer was made by the registered holder the treasurer of the city could have a rubber stamp and stamp on the back of the bond a registration clause similar in all respects to this one, and repeat this process each time the bond is registered. This seems to us just as well as it would be to print the statement a number of times. We see no objection however to having this form of registration engraved or lithographed or printed a number of times on the back of the bond, if you shall think this more desirable.

We find that the charter provides in section 11, article XII, that the bonds and coupons shall be payable at the office of the treasurer. At the time

this amendment was adopted, February 5, 1903, this was necessarily the law of California under the provisions of section 13, article XI of the constitution, as construed by the Supreme Court of the States; but on November 6, 1906, an amendment was adopted adding a new section, 13½, to article XI, so that the constitution no longer prevents a city from making its bonds payable at any place in the United States designated in the bonds. Since this amendment to the constitution was made section 10 of article XII of the charter has been amended so that it provides among other things:

"The supervisors shall fix the times and places at which the payment of interest or principal may be made."

This in our opinion necessarily has the effect of amending section 11 of article XII of the charter so as to permit the supervisors to make the bonds payable at the office of the treasurer of the city and county of San Francisco, or, at the option of the holder, in the city and state of New York, and we have therefore drafted the form of bond and coupon accordingly. If you know of any decision of the court or any provision of law which the bonds or coupons as written contravene, will you modify the draft bond and coupon accordingly as respects the place of payment.

The provision in section 10 of article XII of the charter for the registration of the bonds, and the corresponding provisions in the bonds themselves, will make it possible for any holder of coupon bonds in the eastern states or elsewhere to present his bond to the city treasurer, have the coupon cut off and cancelled, and have the bonds registered, and then have his interest remitted by draft on San Francisco or New York. We mention this matter now so that you may have it in mind in connection with the advertisement and sale of the bonds. The fact that California bonds for some time prior to the amendment to the constitution, November 6, 1906, could not be made payable anywhere else than at the office of the city treasurer has been made ground of objection to California bonds by eastern dealers and eastern investors. We suggest, if the bonds are voted, that before they are advertised for sale, this matter of remitting by San Francisco or New York draft for interest on registered bonds be considered and stated in the advertisement of the bonds. This would have a beneficial effect upon their sale.

We have made, you will observe, one form of bond for all the different classes, and have not stated the particular purpose of any of the issues. As we have read the charter and its amendments, we do not find any requirement that the form of bond shall state the purpose of the issue. If there

is any provision of the charter or amendments which seems to you to make such requirement, we desire that you shall advise us of this fact. In the absence of such requirement it seems to us entirely feasible to keep the bonds for the different purposes separate and distinct by the numbers which the bonds bear, and have only one form of bond for all the fourteen separate issues. This will save considerable expense to the city in the preparation of the bonds. If this course is pursued, the bonds would be numbered from 1 to 31,000, both inclusive.

In view of the foregoing, we have made some changes and additions in the draft of ordinance calling a special election, also in the draft of ordinance giving notice of the special election, and we return to you herewith your copy of each of these, with such changes and additions, so that you can readily see what the changes and additions are. We have also kept for our files a copy of each of these ordinances with such changes and additions.

You will of course see that the provisions of the general laws of the state respecting elections and all of the provisions of the general laws of the state respecting registration of voters are carefully and fully complied with in respect of this bond election. That we may be sure that we have before us all of the election laws and all of the registration laws, we shall be glad if you will give us a citation of all such laws and of all amendments thereto down to date, together with such comments or expressions of your views as may seem to you necessary or desirable. We shall be glad also if in respect of election laws or registration laws, or any other pertinent matters, you would cite to us any decisions of the Supreme Court, and particularly any decisions not yet appearing in the official reports, which you may think it advisable for us to examine.

If you should fix the rate of interest at five per centum, and the city should obtain a premium for its bonds, then if necessary or advisable the city could refrain from selling the entire issue of bonds for any one or more of the fourteen purposes, in which event the bonds sold out of any one issue should be taken so that an equal amount of bonds of that issue will become due in each year, beginning at the time when the first become due and continuing down to the time when the last become due. For example, in the case of the second issue of \$1,000,000, suppose the bonds became due in equal annual installments beginning eighteen years from the date of the bonds and continuing during forty years. If it should be desired to sell of this issue of bonds only \$800,000 instead of \$1,000,000, then such \$800,000 should be made up of bonds becoming due—\$20,000 each year, begin-

ning eighteen years after the date of the bonds and continuing for forty years. This would leave \$5000 of each maturity unsold. We mention this because it may occur to you that if the city should fix the rate of interest at five per centum, the bonds might sell for enough premium so that the entire issue of bonds would not be needed. In that event however it would be possible for the city to refrain from selling the entire issue and for it to leave unsold an equal amount of bonds of each maturity, so that the proceeds would not be more than sufficient for the purposes desired. The figures above mentioned are only taken as convenient for illustration; the same thing would be true if the city desired to sell \$975,000 bonds instead of \$1,000,000 bonds. The city could, if it so desired, state in its advertisement of the bonds that it would sell so many of the bonds as would yield a certain definite amount of proceeds; for example, in the case of this second issue of bonds, the city could sell enough bonds so that the proceeds would be approximately \$1,000,000, and the purchaser could buy them with that understanding. This course has frequently been pursued by municipalities. If the city fixes a low rate of interest on these bonds, it may not be able to sell them at par and accrued interest, as required by section 10, article XII of the charter; and if it could not make a sale the scheme for the improvement would necessarily fail unless a new vote of the people was had. Purchasers of municipal bonds buy them, generally speaking, on an interest basis, so that if the city should decide to make the bonds five per cent. bonds, and is likely to get a premium, it might receive enough premium for the bonds so that the interest basis would be the same as if it sold a four and one-half per cent. bond at par and interest. The fixing of the rate of five per centum would thus be more likely to insure the accomplishment of the improvements. The possible disadvantage to the city is that there is some disposition among bond dealers and bond purchasers not to put too much money in a premium on bonds; but this in our judgment would only affect the return to the city by a comparatively small amount, if anything. An advantage to the city in selling a five per cent. bond would be that the total amount of the principal of its indebtedness would not or need not be so great as if it sold only a four and one-half per cent. bond, for the city might receive a premium on the bonds and at the same time only the principal of the bonds would be counted as the debt of the city within the debt limit provisions. The city of Milwaukee for many years pursued the policy of issuing five per cent. bonds, notwithstanding its credit was good enough for it to have sold

bonds on a basis as low as four per cent., or even less. It might be desirable for you or the city officers to confer with some banking houses or municipal bond dealers in San Francisco, with a view to ascertaining their opinion as to the possibility of the city selling a four and one-half per cent. bond for at least par and accrued interest. Their opinions perhaps might be based on present market conditions, and as these might change, the opinions might not form a basis for a certain conclusion by the city, but they would no doubt be of value in helping you and the city officers to arrive at a conclusion as to what rate of interest the bonds should bear.

In the drafts which we have made, which are attached to the two ordinances herewith inclosed the blanks should be filled before the ordinances are introduced or passed. This is true as to the rate of interest. The exact rate, say $4\frac{1}{2}$ or 5 per cent. should be determined upon and then inserted carefully in all the places left for this purpose, so that when the ordinances are introduced and passed these spaces shall not be blank as to the rate of interest. The same is true as to the date of the bonds. We have provided that the bonds should be dated

1, 1908. This date should be definitely fixed, as for example, July 1, or whatever date is determined upon, and should be inserted in the proper places in the ordinances before they are introduced or passed. The tax provisions which we have inserted have been computed on the basis of five per cent. interest on the bonds. This was done as matter of convenience. If a different rate of interest is fixed upon these provisions should of course be changed accordingly.

We have not made a full draft of all the provisions as to the time of maturity of the bonds or as to the amount of tax levy, but have only given a sample as respects the first issue of \$5,200,000 of bonds. Of course the matter in the brackets in the drafts attached to the ordinances herewith inclosed is merely put there as a suggestion to you, and the corresponding provisions as to the other thirteen issues of bonds should be carefully prepared and written out in full and inserted in the ordinances before they are introduced or passed.

On ordinary principles applying to commercial paper, these bonds should bear the signatures of the Mayor, Treasurer and Auditor and the coupons bear the engraved or lithographed signature of the Treasurer all actually in office at the date when the bonds become effective, that is, when they are delivered and paid for. It is comparatively easy to comply with this provision as to the signatures on the bonds themselves. If the same treasurer remains in office until all the bonds are

issued, there would also be no difficulty as to the signature on the coupons; but if there should be a change in the office of treasurer, it would be desirable not to have on hand too many bonds and coupons engraved or lithographed with the signature of a treasurer who is going out of office. We mention this now in advance, so that you may keep it in mind.

We have gone over this matter in considerable detail in order to advise you as fully as possible of our views. We suggest and desire however that you shall go over each of the ordinances yourself with great care, and especially over the parts which we have added or changed, and make an independent examination of the charter of the city, the constitution and statutes of the state and the decisions of your courts, so that you may reach an independent conclusion in regard to all of these matters; and if you have reason to differ with us, please telegraph or write. We suggest especially that you take up this matter personally if possible and see to all the details of it, as it is important not to have a mistake or defect in the proceedings.

We notice from your letter dated February 19 that the dates which you mention as the dates for the passage of the ordinances are those of regular meetings of the board of supervisors. It is by all means desirable that the action on these ordinances shall be taken at regular meetings. You should also see that the canvass of the votes is regularly taken and the result declared and entered of record.

In our draft of sample provision as to the time when the \$5,200,000 bonds should become payable, we have stated the time of maturity of the first \$100,000 of these bonds as eighteen years from the date of the bonds. Of course you can make them become due at the end of the first year from their date or at any other time not more than eighteen years from their date. The times of maturities of the other thirteen issues can of course be selected as you may think best within the limitations of the constitution and the charter.

We have also to suggest that you will see personally that the publications of ordinances, notices of election and notices of registration, if any, are made in full and strict compliance with the charter and the statutes, and that they are made for the requisite length of time, so that there may be no question as to their sufficiency.

We shall ultimately desire among other things publishers' affidavits of publication of all these stating the exact dates of publication and having newspaper clippings attached.

Section 13 of chapter I of article II of the charter provides for publication, with ayes and noes, of certain ordinances for at least five successive days

before final action upon the same. The printed copy of journal for January 20, 1908, which you sent us does not show ayes and noes on January 20 on ordinance 353 (New Series). Please send us publishers' affidavits of publication of said ordinance 353 both before and after passage, such affidavits stating exact dates of publication and having newspaper clipping attached. If ayes and noes on January 20 appear on journal please send us duly certified copy thereof. Please send us duly certified copy of ordinance 353, and have the certificate of the Clerk state whether the Mayor approved the ordinance.

We are sending you telegram today as follows:

"Mailing you letter today advising additions and changes in ordinances."

Awaiting your further advices, we remain very truly yours,

Letter received. Can we provide following plan for issue and redemption of bonds? Six millions dated July 1, 1908; eight millions dated January 1, 1909; eight millions dated January 1, 1910; nine millions dated January 1, 1911. Redemption to commence five years after date of issue. One-fortieth to be redeemed each year thereafter. Bonds would be called Municipal Improvement Bonds, first, second, third and fourth issues respectively. Under Supreme Court decision *Mill Valley vs. House*, 149 Cal. 168, it is possible to group all propositions in the one general issue, it is not advantageous to issue long term bonds at rate of interest we are now obliged to fix. If we fix the rate at five per cent can we insert a lower rate in the bonds when we issue them later as above set forth. If we cannot do this the total issue will be materially decreased. Reply at once over Postal wires.

Telegram received. Necessary to determine now and state in notice of election rate of interest for all bonds voted upon and this rate cannot be changed to lower rate no matter when bonds are issued. See no objection to dates and amounts and dates of maturity named by you provided you follow principles and course stated in our letter dated March sixth. But as

you cannot lower rate of interest see no advantage in having bonds bear several different dates. If you do not wish to issue part of the bonds until nineteen hundred nine and later matured coupons can be cut off and cancelled letting all bonds bear date July first nineteen hundred eight. See no advantage in grouping bonds according to case of Mill Valley against House because all San Francisco bonds may really be made of denomination one thousand dollars but if grouped it would be necessary to insert in ordinance calling election and notice of election fifteenth proposition providing fully for grouping of bonds. Propositions as to bonds for each purpose must be complete and independent as if only one issue was voted upon. Do not advise name municipal improvement bonds because might suggest to purchaser that bonds were for municipal improvements payable out of assessments, but if you use this name suggest that you make it read permanent municipal improvement bonds.

Recommendation of Dillon and Hubbard That Kountze Brothers, Bankers, Be Appointed New York Fiscal Agents for San Francisco.

New York, March 7, 1908.

Percy V. Long, Esq., City Attorney, San Francisco, California.—Dear Sir:

In connection with the letter which we sent you yesterday regarding the proposed issue of bonds aggregating \$31,000,000, we have to add as to the place of payment of the bonds and coupons here in New York that Messrs. Kountze Brothers, bankers of this city, knowing of this bond issue and that we are acting on behalf of the city in the matter, have stated to us that they would be very glad to have the bonds and interest thereon made payable at their banking house in this city. They are located at 120 Broadway. Kountze Brothers have been clients of ours in a great many matters for a number of years. We have always regarded them as a house having the highest character and ability and abundant financial responsibility. They are, as you doubtless know, one of the oldest banking houses in this city. This firm acts as fiscal agent for a large number of municipalities as you will see from the enclosed page of the "Chronicle" of New York, of date December 28, 1907. We have, of course, no personal interest whatever in the matter, except only that we should be glad for the sake of the city to have Messrs. Kountze Brothers appointed, and for the sake of Kountze Brothers we should be glad to have them receive the appointment. We

have perfect confidence that the arrangement would be satisfactory to the city.

The new \$23,000,000 issue of water bonds of Los Angeles (except those purchased by the State of California) are being made payable at the office of the city treasurer, or, at the option of the holder, at the banking house of Kountze Brothers in this city.

Very truly yours,

DILLON & HUBBARD.

Application of Kountze Bros., Bankers.
New York City, for Appointment as
Fiscal Agents of San Francisco.

New York, March 7th, 1908.

Hon. Percy V. Long, City Attorney,
San Francisco, Cali.—Dear Sir:

We understand that our name has been mentioned to you as fiscal agents for the payment of the interest and principal of your city's new issue of \$31,000,000 bonds, and we write to say that we shall be much pleased to act for your city in this capacity, and are prepared to accord them our most favorable terms for the transaction of this business.

We have a department especially equipped for the payment of both bonds and coupons as they mature, and all payments of this character receive the most careful attention at our hands and through the different news and financial publications in this city, we bring to the public's attention the names of the different securities upon which we pay the interest and principal.

We shall be pleased to hear from you in reference to this subject at your early convenience, and should there be any other officer of your city whom you wish us to write to regarding this matter, we will be glad to have you advise us.

Awaiting with interest the favor of your reply, we are

Very truly yours,

KOUNTZE BROS.

Plans and Estimates of Cost of Bond Issue Propositions Filed March 16, 1908, by Board of Public Works.

The following matters were received this date, March 16, 1908:

Letter of Transmittal.

Office of Board of Public Works, San Francisco, March 16, 1908.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen:

The Board of Public Works herewith respectfully transmits to your Honorable Body plans and estimates prepared by the City Engineer in accordance with the provisions of Ordinance No. 353 (New Series), as follows, to wit:

1. The construction of a municipal water system for fire protection.

2. The construction of a sewer system.

3. The construction of schoolhouses and the acquisition of lands therefor.

4. The construction of hospital buildings and the acquisition of lands therefor.

5. The construction of a Hall of Justice and County Jail, and the acquisition of lands therefor.

6. The construction of a system of collection and disposal of garbage.

These plans and estimates have been duly approved and adopted by the Board of Public Works by Resolution No. 3678 (New Series), of said Board, passed March 16th, 1908.

Respectfully,

BOARD OF PUBLIC WORKS.

Report of Public Utilities Committee on Bond Issue Propositions.

To the Honorable the Board of Supervisors of the City and County of San Francisco—Gentlemen: Your Committee on Public Utilities, having under consideration the matter of the bond issue, herewith presents its final report on all matters necessary prior to the introduction and passage of the Ordinance calling the special bond election. After the presentation of this Ordinance, which must be done on the 23rd inst., no change can be made in the details of the plan proposed, and such ordinance cannot be changed except by postponing the day of election. It is essential therefore that all details shall be arranged satisfactory to the Board precisely as they are to be carried into effect. The Committee therefore presents a resolution embodying instructions to this Committee, which instructions will represent the ideas of the Board and which your Committee will faithfully observe.

The Committee after considering the opinion received from Dillon & Hubbard that it will be necessary to specify in the ordinance calling the election, the exact amount of interest, the precise periods of redemption of the bonds and the precise tax levy to be made each year, will recommend to the Board of Supervisors that the proposed bond issue of \$31,000,000 be reduced to \$18,200,000. Said latter named sum to cover the following projects:

1. Auxiliary Water System for fire protection.....	\$ 5,200,000
2. Sewer System	4,000,000
3. Schools	5,000,000
4. Hospitals	2,000,000
5. Hall of Justice	1,000,000
6. Garbage Disposal System	1,000,000
Total	\$18,200,000

These modifications are made from the original recommendations by reason of the fact that it is impossible to sell bonds at a less rate than 5% at the present time, and inasmuch as the aforesaid propositions are of vital and pressing importance, the Committee deems it necessary to call an election immediately for the submission of these propositions to the electors.

The Committee, however, will recommend that a special election be called in November next, if the conditions in the financial world improve and will

permit of the floating of a bond issue at a lower rate of interest than 5% for the other projects originally determined upon; that is to say:

City Hall	\$5,000,000
Library Building	1,200,000
Parks	1,500,000
Playgrounds	500,000
Widening Streets	2,200,000

There may be some objection raised as to the elimination of the projects for street paving and the construction of fire department houses, because of the immediate necessity for these improvements. The Committee seriously considered this point and came to the conclusion that the quickest and surest way of securing these improvements would be to levy a special tax therefor in the coming fiscal year. If we rely on the sale of bonds to defray this expense, it might be a year before the money is available for actual use. By levying a tax the fund for these improvements would be available in six months. A twenty-cent tax for a year or two would be sufficient for purpose of satisfying the pressing necessities in this direction. Moreover, there is also a serious objection to issuing bonds for such a temporary improvement as the repaving of streets. Before the bonds would have been paid the pavement would become worn out. It is unfair to impose such a burden upon a generation that will receive little benefit therefrom.

The fiscal scheme outlined for the \$18,200,000 issue is to provide serial bonds varying from 20 to 40 years for the different purposes; the period of redemption to commence in the year 1911 and to follow on in subsequent years.

To meet the annual payment for interest, a tax levy approximating twenty cents on the hundred dollars will be necessary. The probable increase in the Assessment Roll by the time that payment on the principal commences, will be sufficient to provide therefor without increasing the rate of taxes above stated. The exact amount of the taxes to be provided for is shown by the table annexed hereto.

It is with reluctance that the Committee temporarily suspends its original recommendations, but in view of the financial stringency generally and the unusual rate of interest prevailing, the Committee believes it necessary to curtail the issue and recommend that the above mentioned urgent necessities be recommended only.

Respectfully submitted,

A. H. GIANNINI,
D. C. MURPHY,
R. McLERAN,

Public Utilities Committee.

ESTABLISHING WATER RATES FOR FISCAL YEAR 1908-9.

Bill No. 444, Ordinance No. — (New Series), entitled "Regulating the monthly rates of compensation to be collected by any person, company or corporation engaged in the business of

supplying water to the inhabitants of the City and County of San Francisco for family uses, for private purposes, for municipal uses and for all public purposes of said City and County for the year commencing July 1, 1908, and ending June 30, 1909," passed for printing March 9, 1908, was taken up on final passage.

Thereupon, Supervisor Comte introduced the following Resolution and moved its adoption:

Appointment of Committee of Board to Investigate Relations Between City and Spring Valley Water Company and Postponement of Action on Bill No. 444, Establishing Water Rates for Fiscal Year 1908-9

Whereas, The Spring Valley Water Company represents that the Ordinance passed to print fixing water rates for the fiscal year 1908-9 is unfair and will be injurious to the company and the people and may lead to further litigation to adjudicate the rights of the people and the company; and

Whereas, The Company also represents that there is grave danger that the city will be facing a water famine within a comparatively short time; and

Whereas, The time which can be devoted to an investigation of this nature by the entire Board is necessarily limited, and information of vital importance may be obtained by the appointment of a committee; now, therefore, be it

Resolved, That a committee of seven, consisting of the members of the Water Rates Committee, the Chairman of the Finance Committee, the Chairman of the Public Utilities Committee, the Chairman of the Judiciary Committee and the Chairman of the Fire Committee be appointed to investigate all matters touching the relations between the City and the Spring Valley Water Company, and to report their conclusions, and that until the receipt of the report, final action on the Ordinance passed to print be postponed.

Motion.

Supervisor Comte moved that the privilege of the floor be granted to Capt. A. H. Payson, President of the Spring Valley Water Company.

So ordered.

Privilege of the Floor.

Whereupon, Capt. A. H. Payson, President of the Spring Valley Water Company, addressed the Board calling attention to the necessity of such investigation as contemplated by the Resolution, for the purpose of determining the ability of the Company to supply water for the future needs of the City and stating that unless something is done in the matter he feared

that the City will suffer from a water famine.

Motion.

Supervisor Murphy moved that that part of Resolution postponing the fixing of rates be stricken out.

Motion *lost* by the following vote:

Establishing Electric Rates for the Year Commencing July 1, 1908.

Also, Bill No. 455, Ordinance No. — (New Series), entitled, "Fixing the maximum rate and price to be charged for incandescent and electric lights, and for electricity for heat and power purposes for the year commencing July 1st, 1908, and ending June 30, 1909."

NEW BUSINESS.

Report of Artificial Lights Committee in Matter of Establishing Heat, Light and Power Rates.

San Francisco, March 12, 1908.

To the Honorable Board of Supervisors, City and County of San Francisco, San Francisco, Cal—Gentlemen: Your Committee on Artificial Lights, to whom was referred the matter of reporting upon and preparing a bill fixing and establishing rates to be charged for gas and electricity for year commencing July 1st, 1908, and ending June 30th, 1909, beg leave to report as follows:

Your Committee has been present at meetings of the Committee as a Whole, during which testimony was taken under oath with reference to the statements filed by the several companies selling within the limits of the City and County of San Francisco, gas and electricity for light, heat and power purposes. It has further examined the stenographic reports of the testimony so given and presented to your Honorable Board, and has also examined and considered report submitted by said companies, and particularly that submitted by the San Francisco Gas & Electric Company.

As a result of such examination, and a careful consideration of all of the issues involved, the Committee is forced to the conclusion that, while the rates for electricity now prevailing by Ordinance adopted for the past fiscal year, are not liberal rates; nor fully compensatory for the amount of property involved, are still well taken care of so far as public interests are concerned, by the keen competition which now prevails.

It, therefore, recommends the re-enactment for the coming fiscal year of that portion of the Ordinance fixing rates which establishes the rates for electricity for light, heat and power purposes.

Your Committee is of the opinion that the rate now prevailing and fixed by Ordinance for gas to be sold to the people of this City and County, does not afford the Companies operating a fair return upon the capital invested, and for the following reasons which have been demonstrated by evidence given under oath and against which there has been no counteracting evidence:

That the revenue of the San Francisco Gas & Electric Company for the calendar year 1907 was \$2,065,171.53, which, on the basis of the amount of gas sold, as shown by sworn statement, i. e., 2,528,767.400 cubic feet, gave but an average revenue of \$0.8166 per thousand cubic feet, and that the expenses of manufacture and distribution were \$1,909,740.39. This expense did not include other than the actual expenses of labor and material and allowed nothing for bonds interest or sinking fund, nor for depreciation; that this total cost

gave a cost per thousand cubic feet \$0.7552 and the profit on gas sales for the year was but \$155,431.14 or 7% on the value of \$2,220,448.85.

The plant of the Company is assessed on a basis of \$8,009,800.00. Allowing for the contentions made in arguments that unused pipes, real estate and improvements not in actual use, should be deducted from values, it gives an effective value, after said reduction of \$7,359,800.00, 7% of which would be \$514,986.00. It is, therefore, obvious that the Company which earned only \$155,431.14, on the basis of a rate of 85 cents per thousand, must, in order to obtain reasonable interest on the assessed value, derive more than said amount per thousand.

It has also been shown in evidence that the cost of manufacture of gas for the ensuing year would be materially increased, due to added price of oil, which is the principal item of material expense in manufacture. It would appear from uncontroverted evidence that this would add to the cost the sum of \$158,058.00 on the basis of the same sales as were made during the past year.

On the assumption that there will be an increased delivery, due to increased demand for gas, it has been demonstrated that should said consumption increase, even to the extent of twenty per cent, that taking into consideration the added expense for oil, that even with such increase of sales, if the rate were maintained at 85 cents per thousand, the profits on delivery would approximate \$283,000.00 or 7% on about \$4,000,000.00, while the assessed values, as before stated, eliminating unused plants or pipes, would be \$7,359,800.00.

Taking into consideration all the factors named, it will readily be seen that the cost of manufacture and distribution of gas, without considering any interest other than the legal rate, without considering the payments of any dividends on stock, any interest on the value as represented by the Bonds or any allowance for depreciation, that the Company should receive materially over one dollar per thousand, in order to pay its actual expense of manufacture and distribution, and that increased sales would not produce increased profits, due to the large expense of additional plant and operating expenses to take care of said increased sales.

Moreover, no claim has been made for any allowance due to extraordinary losses in the fire of April, 1906.

Your Committee feel that it is due to an industrial enterprise in its midst to give it a fair return upon a fair value of investment. It feels that the Assessor's valuation is under ordinary circumstances much less than the actual value of the property, a value which a

court of equity would decree the company should earn interest upon.

Your Committee feel that the added revenue which increased rate would give to the companies operating would permit the extension of mains to outlying districts, which are daily appealing to your Honorable Body for gas and electricity for lighting and heating; that these extensions would enable the Company to employ scores of men now idle and that the added revenue would be returned to the people in labor and material within the year.

Your Committee feel that the encouragement given to foreign investors by fair and just treatment of local institutions would restore confidence in San Francisco's future, make all the securities more valuable and help in the sale of the City's Bonds which it desires to place upon the market for public work.

We, therefore, recommend that the rate per thousand cubic feet of gas which shall be charged to the people of the City and County of San Francisco from the year commencing July 1st, 1908, and ending June 30th, 1909, shall be \$0.95 and that in all other respects the Ordinance adopted in 1907 fixing rates for the fiscal year of 1907-8 be re-enacted.

We hereby attach Bill No. —, Ordinance No. —, New Series, covering the matter of rates to be charged and submit the same for your approval and adoption.

Respectfully submitted,

LIPPMANN SACHS.

WILLIAM BRODERICK.

Minority Report of Artificial Light Committee in Matter of Establishing Heat, Light and Power Rates.

San Francisco, March 16, 1908.

To the Honorable the Board of Supervisors of the City and County of San Francisco—Gentlemen: As a member of the Artificial Light Committee in the minority, I wish to report on the matter of fixing rates for light, heat and power for the fiscal year commencing July 1, 1908, and ending June 30, 1909, as follows:

In my judgment even the statements of the Company do not justify the recommendation made by the majority of the Committee, and the discrepancy between the statement of earnings as furnished by the San Francisco Gas and Electric Company to this Board and the statements of the Company's earnings learned from other sources, leaves in my mind doubt as to the correctness of the figures submitted to this Board.

I believe, and I feel confident that the majority of the members of your Honorable Board will agree with me, that in such an important matter, one that affects the monthly expense account of almost every householder in the city,

the doubt should be resolved in favor of the people.

I therefore recommend that the maximum rate for gas be fixed at 85 cents per one thousand cubic feet, and that in all other respects the Ordinances fixing the price of gas and electricity for light, heat and power be re-enacted as now in force.

Respectfully submitted,

JAMES A. JOHNSTON.

LIQUOR DEALERS' LICENSES.

Report of Licenses Committee.

To the Honorable the Board of Supervisors of the City and County of San Francisco.—Gentlemen:

Your Committee on Licenses, to whom was referred the following Bills:

Imposing a license of \$1000 per annum, upon retail liquor dealers conducting saloons; and imposing a license of \$500 per annum, payable in quarterly installments upon hotels and restaurants serving liquors with meals only; proposed Ordinance raising retail liquor license to \$1000 per annum, said Ordinance being a substitute for Bill 426, and submitted to the Licenses Committee by Supervisor Murdock with consent of Board of Supervisors.

Bill 427. Imposing a license of \$500 per annum, payable in quarterly installments, upon wholesale liquor dealers or upon persons, companies or corporations selling liquors in quantities of more than one quart and not to be drunk upon the premises; proposed Ordinance licensing and regulating liquor dealers selling in sealed packages, said Ordinance being a substitute for Bill 427, and submitted to the Licenses Committee by Supervisor Murdock with the consent of the Board of Supervisors; begs leave to report as follows:

Your Committee recommends the indefinite postponement of the hereinbefore mentioned bills for the reason that in the opinion of said Committee a radical change in the liquor license as proposed in said bills should not be made unless the question has been first submitted to a vote of the people and approved by them.

Respectfully submitted

OSCAR HOCKS,
A. COMTE JR.,
M. HALL McALLISTER.

Read and *ordered filed*.

Thereupon, the following matters were taken up:

Declaration of Intention to Close Dunshee Street.

On motion of Supervisor Center:

Resolution No. 2078 (New Series), as follows:

Whereas, The Southern Pacific Company did on the 19th day of February, 1908, file with this Board its petition praying that Dunshee street, a public street in the City and County of San Francisco, State of California, commencing at the southerly line of Fifteenth avenue South and extending in a southerly direction to the northerly line of Sixteenth avenue South, be closed as a public street; and

Whereas, By reason of the construction and operation of the line of railroad authorized by Ordinance No. 1095 of the Board of Supervisors, approved January 7th, 1904, across a portion of said street, said Southern Pacific Company desires that said street be closed throughout its entire length, as a public street; and

Whereas, Said Southern Pacific Company has, in said petition, offered, in the event of the closing of said Dunshee street as therein prayed for, to convey to the City and County of San Francisco all of lots numbers 11 and 38 in block number 305, which said lots will make a street equivalent to and twenty-five feet west of the present location of Dunshee street in lieu of said street; and

Whereas, It appears to this Board that the public interest and convenience require that said Dunshee street be closed as in said petition prayed for;

Resolved, That it is the intention of the Board of Supervisors to close Dunshee street, a public street in the City and County of San Francisco throughout its entire length from the southerly line of Fifteenth avenue South to the northerly line of Sixteenth avenue South.

The Board of Public Works is hereby directed to cause to be conspicuously posted along said Dunshee street at distances not more than 300 feet apart notices, at least three in number, of the passage of this Resolution of Intention in the manner required by law.

AWARD OF CONTRACT, OFFICIAL ADVERTISING.

Supervisor Booth presented the following Report:

Report of Printing on Award of Contract for the Doing of Official Advertising for One Year Commencing April 1, 1908, and Ending April 1, 1909.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

GENTLEMEN:

Your Printing Committee to whom were referred the bids for the doing of official advertising for the year commencing April 1, 1908, begs leave to report that they have duly considered said bids and to recommend that the award of contract be made to the Evening Post newspaper at the rate of twenty-four (24) cents per square, upon the following grounds and for the following reasons:

Section 2 of Chapter III of Article II of the Charter provides that the official advertising shall be let to the lowest responsible bidder publishing a daily newspaper in the City and County, which has a bona fide daily circulation of at least eight thousand copies, and has been in existence at the time of the letting of such contract for at least two years.

The Journal of Commerce, the lowest bidder, at the rate of fourteen (14) cents per square, refused to state at the hearing had before your Committee whether or not they had the requisite circulation.

One of the conditions of the specifications under which the bids were filed was to the effect that proof of such circulation and of the existence of the newspaper, in the form of affidavits, shall be furnished by bidders with their bids. This condition was not complied with by the Journal of Commerce.

The evening Post newspaper has been the official newspaper of the City and County of San Francisco since the year 1898, and has given satisfactory service with respect to official advertising.

It is the intention of the Board of Supervisors to enact bond issue proceedings during the present year, and it is essential that due publicity be given such proceedings, and in the opinion of your Committee public interest will best be subserved by the continuation of the Evening Post newspaper as the official newspaper of the City and County of San Francisco.

Your Committee therefore recommends the passage of a Bill herewith submitted, awarding the contract for the doing of official advertising to the Evening Post newspaper for the year commencing April 1, 1908, and designating and declaring said Evening Post to be the official newspaper of the City and County of San Francisco.

BOND ISSUE, 1908.

A communication from the City Attorney transmitting the following correspondence with Dillon and Hubbard relative to changes in bond issue proceedings was received, read and ordered filed.

Communication, City Attorney to Dillon and Hubbard, as to Changes in Bond Issue Proceedings

San Francisco, March 13, 1908. Messrs. Dillon & Hubbard, Western Union Bldg., New York City.

GENTLEMEN:

I have to acknowledge the receipt of your letter of March 6th, enclosing drafts of Ordinances calling election and giving notice of election, together with suggested changes in the original drafts of the same, also the reply to my telegram of March 17, and your letter of March 7th, relative to payment of bonds in New York. The latter has been transmitted to the Board of Supervisors, as it is a matter of policy that concerns that department.

I take this opportunity to explain more fully the reason for sending the telegram of the 11th inst. and the ap-

parent insistence upon some scheme different from the general plan recommended in your letter of March 6th.

Ordinarily municipal bonds in this State can be floated on a four per cent (or nearly) basis. The taxpayers, newspapers, etc., have been made to believe that five per cent is an abnormal rate, but our local financiers have advised that at the present bonds bearing a rate under five per cent cannot be sold. Experts from the large bond buyers, like Rollins & Sons and Halsey & Co., tell us that long term bonds seldom command a sufficient premium to equalize the rate when it is relatively high. In order to make the burden of the proposed bonded debt as light as possible, this department was asked to find some scheme, if possible, by which the rate of interest might be made lower should financial conditions resume their normal status before the actual sale of the bonds.

This we tried to do, first by leaving the details of the plan to be determined after the election, as suggested in the draft of the Ordinances sent you for your opinion.

Second, when your opinion was adverse (in which we fully concur) it was suggested that by postponing the date of issue making them bear dates covering a period of several years, and then in the Ordinance providing for their issuance, a lower rate than that contained in the notice of election, that such action, being in the nature of a benefit to the taxpayers, would not be open to attack.

In this way the City could provide for its most pressing needs in the way of improvements, and postpone until more propitious financial conditions prevailed. It would also silence much criticism as to the policy of the Board of Supervisors in attempting to foist a heavy burden of debt upon the community. We have had so little public debt here that our people hesitate to incur liabilities except for those things that are absolutely essential.

While this office did not see clearly any legal way to satisfy the demands made, still I thought that possibly with your extended experience in dealing with various problems of this kind, you could point out a plan; but as you cannot, we are compelled to make the best of a bad situation.

At a meeting of a committee of the Board of Supervisors, yesterday, it was decided to cut out all propositions except those of an immediate necessity and later on, if normal financial conditions return, to hold another election and submit the propositions now omitted. The result of this action will be noted in the copy of the Ordinance herewith enclosed.

This Ordinance is the one calling the Special Election. The notice of elec-

tion is now being prepared in accordance therewith and will be mailed to you as soon as completed.

We have embodied all of your suggestions as made, except that we have made a slight change in the matter of numbering the bonds. To have consecutive numbers covering the whole issue from one to the highest, might result in a little confusion if some of the propositions should be defeated at the election. As now arranged each purpose has its own issue of bonds and own serial number. I trust that this change will be satisfactory.

The propositions have been reduced to six in number, and a scheme for redeeming worked out, as nearly satisfactory as can be made. It is possible that the Board of Supervisors at its meeting next Monday may add some other proposition which may necessitate some alteration of the plan, but there will be no deviation that will conflict with the general plan as outlined by you.

Upon receipt of this Ordinance, kindly examine it carefully and advise us by wire if found sufficient or make corrections if they appear.

I have directed Clerk of Board of Supervisors to send you copies of affidavits required together with copy of election laws.

Very truly yours,

PERCY V. LONG,
City Attorney.

Telegram, Dillon & Hubbard to City Attorney, as to Ordinance Calling Special Election and With Corrections Thereto.

Received at 2:03 p. m., March 19, 1908.

Dated, New York 19.

To Percy V. Long, City Attorney, San Francisco:

Letter thirteenth received. Draft ordinance satisfactory except word debt omitted in proposition four page five and word thousand omitted on page fifteen.

DILLON & HUBBARD.

Report of Public Utilities Committee on Publication of Declaratory Ordinance and on Ordinance Calling Election.

To the Honorable the Board of Supervisors of the City and County of San Francisco—Gentlemen: Your Committee on Public Utilities herewith presents affidavits of publication of Declaratory Ordinance No. 353 (New Series), and herewith submits a Resolution, declaring that the proper publication of said Ordinance has been made.

Also in conformity with the instructions of this Board, this Committee herewith presents a bill calling a special bond election for May 11th, 1908, and also presents a telegram from Dillon & Hubbard of New York, approving of the form of said Ordinance.

BOND ISSUE, 1908.

The following Communications were received, read and ordered *filed*:

Communication From Dillon & Hubbard Acknowledging Receipt of Draft of Ordinance Calling Election for Bond Issue.

New York, March 19, 1908.

Percy V. Long, Esq., City Attorney, San Francisco, California—Dear Sir: We duly received your letter dated March 13, inclosing draft of ordinance calling election to vote on the question of the issuance of bonds aggregating \$18,200,000. We have examined this draft ordinance, together with your letter, and today sent you telegram as follows:

"Letter thirteenth received. Draft ordinance satisfactory except word debt omitted in proposition four page five and word thousand omitted on page fifteen."

We notice that the word "debt" was inadvertently omitted from proposition 4 on page 5 of the ordinance, and that the word "thousand" was inadvertently

omitted in the seventh line from the bottom of page 15. We accordingly called your attention to these omissions in our telegram.

We understand that the names of the bond issues respectively will be inserted in the heading at the top of the bond, above the words "For value received," etc.

We note that you will send us draft of the ordinance giving notice of the election, and that you have directed the clerk to send us copy of affidavits required, together with copy of election laws.

Yours very truly,

DILLON & HUBBARD.

Communication From Dillon & Hubbard
Stating That as Aggregate Amount of
Bond Issue Has Been Reduced, Some
Modification in the Terms of Their
Contract Will Be Necessary.

New York, March 19, 1908.

Percy V. Long, Esq., City Attorney,
San Francisco, California—Dear Sir:
Referring to your letter dated March 13
and to our letter of today in reply
thereto in regard to the proposed issue
of San Francisco bonds, we note that
the aggregate amount of bonds pro-
posed to be issued is \$18,200,000, or
thereabouts, in place of \$31,000,000.
This change in the total amount of
bonds to be issued may make it
equitable and proper that there should
be some modification of our contract
with the city with respect to our com-
pensation. As soon as the total amount
of bonds to be voted upon now has been
finally determined, we will write you
further on this subject.

Very truly yours,

DILLON & HUBBARD.

COMMUNICATION FROM DILLON AND
HUBBARD, ACKNOWLEDGING RE-
CEIPT OF CERTIFIED COPIES OF
AFFIDAVITS OF PUBLICATION OF
ORDINANCE DETERMINING AND
DECLARING PROJECTS TO BE AC-
QUIRED UNDER BOND ISSUE.

New York, March 24, 1908.

John E. Behan, Esq., Clerk of Board
of Supervisors, San Francisco, Cali-
fornia—

Dear Sir:

We beg to acknowledge receipt of
your letter dated March 19 in regard to
the proposed issue of \$18,200,000 bonds,
and the documents therein mentioned,
to wit: Certified copies of affidavits of
publication of ordinance number 353,
new series, such publication being
shown both before and after the final
passage of said ordinance; also copy
of the proposed ordinance giving notice
of the election; also, under separate
cover, pamphlet copy of the registra-
tion and election laws.

The certified copies of affidavits of
publication of ordinance number 353
are satisfactory, as well as your cer-

tificate as to the approval of the ordi-
nance by the Mayor.

We note what you state, that the
proposed ordinance giving notice of
election will be passed to print on
April 6, 1908, and finally passed on
April 13, 1908, if those dates meet with
our approval, or it can be passed a
week later, if necessary, and still leave
sufficient time for publication prior to
the date of election on May 11, 1908.
We see no reason why this ordinance
giving notice of the election should
not be passed to print on April 6, and
afterwards finally passed on April 13,
provided no holidays or anything else
intervene to prevent the full publica-
tion for at least five successive days
before final action, as required by sec-
tion 13 of chapter 1 of article 2 of the
charter.

We see no reason to doubt the cor-
rectness of the advice of the former
city attorney, Franklin K. Lane, men-
tioned by you, namely, the charter of
the city and county does not require
that the journals show the ayes and
noes when the bills are passed to print.

We have examined said copy of pro-
posed ordinance giving notice of elec-
tion, and find in the fourth line of
page two in proposition two the word
"new", which as we understand the
matter should not be there, but the
proposition should read, for the con-
struction of a sewer system, and not
for the construction of a *new* sewer
system. If you and the city attorney
agree with this view, this word "new"
should be stricken out. This proposi-
tion will then agree with the proposi-
tion as stated in ordinance number 353
and as stated in the ordinance calling
the election. The insertion of the word
"new" would perhaps make a different
proposition out of it. We suppose that
the insertion of this word was inad-
vertent.

We are sending a copy of this letter
to Percy V. Long, city attorney.

Very truly yours,

DILLON & HUBBARD.

Final Passage.

Whereupon the Bill calling the
Special Bond Election was taken up and
finally passed as follows, by the follow-
ing vote, to wit:

Calling and Providing for Special Elec-
tion for Issuance of Bonds for Certain
Public Improvements.

Bill No. 471, Ordinance No. 404
(New Series), entitled, "Calling and
providing for a Special Election to be
held in the City and County of San
Francisco on the eleventh day of May,
1908, for the purpose of submitting to
the electors of said city and county six
propositions to incur a bonded indebted-
ness by said city and county for: (1)
An auxiliary water system; (2) A
sewer system; (3) Lands and buildings
for school purposes; (4) Hospitals; (5)

Hall of Justice and County Jail; (6) A garbage collection and disposal system; this Ordinance being the second of a series of Ordinances to be adopted by the Board of Supervisors of the City and County of San Francisco under and by virtue of which it is proposed to incur a bonded indebtedness of said city and county for the purposes herein enumerated."

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Giannini, Hocks, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—15.

Final Passage.

The following matters heretofore passed for printing were taken up *finally passed* by the following votes and numbered as follows:

Establishing Grades on Fulton Street, Thirty-sixth, Thirty-seventh, Thirty-eighth, Thirty-ninth and Fortieth Avenues.

Bill No. 472, Ordinance No. 405 (New Series), entitled, "Changing and re-establishing the official grades on Fulton street; on Thirty-sixth avenue; on Thirty-seventh avenue; on Thirty-eighth avenue; on Thirty-ninth avenue, and on Fortieth avenue."

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Giannini, Hocks, Johnston, McAllister, McLeran, Murphy, Murdock, Payot, Pollok, Rixford—15.

Ordering Street and Sewer Work.

Bill No. 473, Ordinance No. 406 (New Series), entitled, "Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same," the provisions of which order the doing of certain sewer work in Green street, between Lyon and Baker streets, and in the crossings thereof, and the construction of artificial stone sidewalks on the crossing of Eighteenth and Noe streets, on Seventeenth street, between Noe and Castro streets, and on Filbert street, between Broderick and Devisadero streets.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Giannini, Hocks, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—15.

Extension of Time, Street and Sewer Work.

Resolution No. 2131 (New Series), as follows:

Resolved, That E. J. Gallagher be and is hereby granted an extension of sixty days' time from and after March 28, 1908, within which to complete the contract for grading, sewerage, curbing and macadamizing I street, from Sixteenth to Seventeenth avenues.

This extension is granted for the rea-

son that the contractor is unable to complete the work within the time fixed by the Board of Public Works on account of his inability to secure the necessary redwood curbs.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Giannini, Hocks, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—15.

Refused Passage.

The following Resolution introduced by Supervisor Rixford at last meeting and passed for printing was taken up on final passage:

Providing \$7400 for Razing Dome of City Hall.

Resolution No. — (New Series).

Resolved, That the sum of \$7400 be and the same is hereby set aside, appropriated and authorized to be expended by the Board of Public Works out of the Surplus Fund for the purpose of razing of the City Hall Dome.

The attention of the Auditor and the Treasurer is hereby called to the provisions of this Resolution.

Privilege of the Floor.

Supervisor Broderick moved that the privilege of the floor be granted to Harry Cresswell.

So ordered.

Whereupon, *Harry Cresswell*, former City Hall Commissioner, addressed the Board protesting against the demolition of the City Hall and the removal of the dome.

A. B. BOND ISSUE, 1908.

Communication From Kountze Bros., Renewing Offer of Services to Act as New York City Fiscal Agents in San Francisco Bond Proceedings.

New York, March 27, 1908.

Hon. John E. Behan, Clerk, Board of Supervisors, San Francisco, Calif.

Dear Sir:

We recently addressed the Hon. Percy V. Long, the Attorney of your City, in reference to our acting as fiscal agents for the payment of the interest and principal of your City's new issue of \$31,000,000 Bonds. We understand that our letter to him, together with the recommendations, has been presented to the Board of Supervisors and by them referred to the Public Utilities Committee, and one of our friends writes us that we should have addressed you on the subject, as you have the details of this matter in your charge.

We therefore write asking that we be appointed fiscal agents of San Francisco and renew our offer of services, assuring you that we are prepared to give the payments for the account of your City the very best of attention, and if you desire any further details in reference to our terms, facilities, etc., we will be pleased to furnish same, or if you have any suggestions to offer in regard to this subject we will much appreciate your advices.

Awaiting the favor of your early reply, we are, very truly yours,

Per pro Kountze Brothers,

H. R. PHILLIPS.

Read, and ordered referred to Public Utilities Committee.

Communication From Dillon & Hubbard, Acknowledging Receipt of Ordinance Calling Bond Issue Election of May 11, 1908, and Also Copy of Journal of Proceedings of Matters Relating to Bond Issue of 1908.

New York, March 31, 1908.

John E. Behan, Esq., Clerk, Board of Supervisors, San Francisco, California.

Dear Sir:

We beg to acknowledge receipt of your letter dated March 25, enclosing a copy of the Evening Post, published March 24, 1908, containing the advertisement of Bill Number 471, such publication being after said Bill was passed for printing; also newspaper clipping of Ordinance Number 194 (New Series), appointing the Evening Post Publishing Company to be the official newspaper for one year from April 1, 1907, to April 1, 1908; also printed copy of Journal of Proceedings of the Board of Supervisors of the meeting held March 16, 1908. Please accept our thanks for the above. We will examine the same.

Very truly yours,

Report of Public Utilities Committee on Bond Issue Matters.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen:

Your Committee on Public Utilities, to whom has been assigned the duty of considering all matters pertaining to the proposed bond issue, herewith presents a Bill giving notice of the special election on May 11, and requests its passage to print.

Also, your Committee, in considering the means of informing the electors and of interesting them in the matter, suggests the appointment of a special campaign Committee, to be composed of seven members of this Board, composed of this Committee and four additional members to be appointed by his Honor the Mayor. That this special Committee be directed to inaugurate a campaign having in view the education of the voters on the subject of the proposed bond issue, and the securing of a large and representative vote on the propositions submitted. The adoption of this Report by the Board to be sufficient authority for the appointment of this Committee.

Respectfully submitted.

A. H. GIANNINI,

D. C. MURPHY,

R. McLERAN,

Committee on Public Utilities.

Report of Public Utilities Committee on Publication of Election Call.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

GENTLEMEN:

Your Committee on Public Utilities, having in charge the conduct of Bond proceedings, herewith presents the affidavit of publication of Ordinance No. 404, accompanied by a Resolution declaring that such publication has been made.

Respectfully submitted.

A. H. GIANNINI,

D. C. MURPHY,

R. McLERAN,

Public Utilities Committee.

Read and ordered filed.

Adopted.

The following Resolution was adopted:

Declaring that Due Publication Has Been Made of Ordinance No. 404 (New Series), Calling Special Bond Election for May 11, 1908.

On motion of Supervisor Giannini: Resolution No. 2183 (New Series), as follows:

Declaring that due publication has been made of Ordinance No. 404 (New Series).

Whereas, There has been filed in the office of the Clerk of the Board of Supervisors two affidavits of publica-

tion showing (1) The publication of Bill No. 471 (New Series), afterwards designated Ordinance No. 404 (New Series) for the period of five successive days from the 24th to the 28th days of March, 1908, inclusive, and (2) the publication of Ordinance No. 404 (New Series) calling a special election for the period of ten successive days from the 31st day of March to the 11th day of April, 1908, inclusive; therefore,

Resolved by the Board of Supervisors that it is hereby determined and declared that publication of said Bill No. 471 (New Series), and Ordinance No. 404 (New Series), has been made as required by law and that said affidavits of publication are sufficient in form and substance as showing the fact of such publication.

Determining to Grant Upon Application of the Presidio and Ferries Railroad Company a Street Railroad Franchise on Larkin Street, from Union to Vallejo Streets; on Vallejo Street, from Larkin to Franklin Streets; and on Franklin Street, from Vallejo to Union Streets.

On motion of Supervisor Giannini: Resolution No. — (New Series), as follows:

Whereas, Application has been made to the Board of Supervisors of the City and County of San Francisco by

the Presidio and Ferries Railroad Company (a corporation), through petition filed March 30, 1908, for a franchise for a term of years from the date of approval of the franchise until December 10, 1913, to construct, lay down and operate a single or double track street railroad, with all the necessary branches, sidetracks, turnouts, switches, crossings, curves, connections and facilities, upon, along and across the following described route, to wit:

Commencing at a point formed by the intersection of Union and Larkin streets; thence running southerly along said Larkin street to the intersection of Larkin and Vallejo streets; thence curving into Vallejo street, and running westerly along said Vallejo street to the intersection of Franklin and Vallejo streets, and thence curving into Franklin street; and running northerly along Franklin street to the intersection of said Franklin and Union streets.

Whereas, It appears to this Board that the public interest will be subserved by the grant of such franchise, therefore.

Resolved, That this Board grant a franchise as a whole, for a term of years from the date of approval of the franchise until December 10, 1913, for a standard gauge street railroad upon, along and across the following described route, to wit:

Commencing at a point formed by the intersection of Union and Larkin streets; thence running southerly along said Larkin street to the intersection of Larkin and Vallejo streets; thence curving into Vallejo street, and running westerly along said Vallejo street to the intersection of Franklin and Vallejo streets, and thence curving into Franklin street; and running northerly along Franklin street to the intersection of Franklin and Union streets.

The grantee under said franchise shall have the right to construct, erect, maintain and operate, by means of electricity, or such other improved motive power as science has now or may hereafter discover, and the laws sanction, a single or double track railroad upon, along and across the streets hereinabove described, and to that end the grantee shall have the right to build, construct, erect, lay and maintain all necessary poles, feed, trolley, guy, stay and sustaining wires, overhead construction, underground construction, connecting tracks, Y tracks, side tracks, turnouts, curves, switches, crossings, and to connect any or all of said tracks with the line of any street railroad or railroads constructed, maintained or operated under the franchise hereby proposed to be granted, or any other railroad or railroads now or hereafter constructed, maintained or operated under any other franchise along or upon or across any of the streets in said application set forth or described.

Said street railroad franchise shall be granted after due advertisement and offer for sale, in the manner and subject to the conditions and restrictions provided in the Charter of the City and County of San Francisco, with particular reference to the following subdivisions and sections of Chapter 2, Article II of said Charter, relating to the powers of the Board of Supervisors, to wit:

Subdivision 2 and Subdivision 27, as amended February 5th, 1903, of Section 1 thereof, and Section 6 thereof.

It is hereby determined that said street railroad franchise shall be granted subject to the following conditions additional to those prescribed by the Charter, to wit:

That the grantee operating under said franchise shall, so far as lies within his or its power, maintain reciprocal transfer privileges with lines of street railroad intersecting Union street at Polk street and at Hyde street.

That the grantee operating under said franchise shall install and maintain first-class ornamental iron poles of design to be approved by the Board of Supervisors, for use in the permanent construction of the lines and the feed wires shall be carried underground. Upon each alternate pole along said streets the grantee shall install and maintain at its own expense and without expense to the City and County, electric lights for the lighting of the streets traversed.

That the grantee operating under said franchise shall be required to pave the space between the rails and for two feet each side thereof and between the tracks if there be more than one, upon the streets whereon said tracks are to be laid, and to keep the same in good condition and repair under the supervision and to the satisfaction of the Board of Public Works of the City and County; also.

That such street railroads operating under different managements, as the Board of Supervisors may permit, or the City and County itself, in the operation of a municipal railroad, shall have the privilege of using said tracks for a distance not exceeding ten (10) consecutive blocks, upon condition that the expense of construction and repair of the tracks and appurtenances used by said railroads jointly be equitably divided between the respective owners; also.

That the grantee operating under this franchise must pay to the City and County as a license upon each car such sum as the Board of Supervisors may fix, provided, however, that such sum shall not exceed fifty (50) dollars per annum, nor less than fifteen (15) dollars per annum; also.

That as a condition precedent to the sale and granting of this franchise the grantee thereunder shall permit and

allow all policemen and firemen of the City and County of San Francisco at all times, and all mail carriers in the employ of the United States Government, while engaged in the actual discharge of duty, to ride on the cars of such company, without paying any sum of money whatever for fare or otherwise; also,

That the bidder for said franchise shall file with his bid a good and sufficient bond in the penal sum of five thousand (5000) dollars with sureties thereon satisfactory to the Mayor of the City and County, conditioned that the bidder shall well and truly observe and perform the conditions of the franchise for which application is made, in the case the same is awarded to him, and that in case of breach of any of the conditions of such bond, the whole of the penal sum of five thousand (5000) dollars shall be taken to be liquidated damages; also,

That the successful bidder for this franchise shall pay all charges for advertising in the official newspaper of this Resolution, of the notice of sale and of the Ordinance granting said franchise.

Further resolved, That the Clerk of this Board be and he is hereby authorized, empowered and directed to advertise for sealed proposals, or bids, for the sale of this franchise, in accordance with the provisions of the Charter, and with the terms of this Resolution as hereinbefore expressed, said bids to be filed with the Clerk not later than Saturday, June 6, 1908, at the hour of 12 o'clock m., and Monday, June 8, 1908, at the hour of 3 p. m., is hereby fixed as the hour and date for the opening of said proposals, or bids, and for the awarding of said franchise.

The Board of Supervisors reserves the right to reject any and all bids if they believe the public interest will be subserved thereby.

Granting Presidio and Ferries Railroad a Temporary Permit to Operate Street Railway Cars on Larkin Street, from Union to Vallejo Streets; on Vallejo Street, from Larkin to Franklin Streets; and on Franklin Street, from Vallejo to Union Streets.

Also, Bill No. 488, Ordinance No. — (New Series), entitled: "Granting to the Presidio and Ferries Railroad Company temporary permission, revocable at the will of the Board of Supervisors, for the laying down of railway tracks and the operating of cars thereon with electricity by means of the overhead trolley system, upon, along and across Larkin street, between Union and Vallejo streets; Vallejo street, between Larkin and Franklin streets; and Franklin street, between Vallejo and Union streets, to connect with the railroad tracks now laid on Union street."

Changing Grades on Green Street, Between Taylor and Jones Streets.

On motion of Supervisor Center:

Bill No. 489, Ordinance No. — (New Series), entitled: "Changing and re-establishing the official grades on Green street, at the crossing of Taylor street; on Green street, between Taylor and Jones streets, and on Green street, at the crossing of Jones street."

Changing Grades on Clement Street, on Thirty-fourth, on Thirty-fifth, and on Thirty-sixth avenues.

Also, Bill No. 490, Ordinance No. — (New Series), entitled: "Changing and re-establishing the official grades on Clement street, on Thirty-fourth avenue, on Thirty-fifth avenue and on Thirty-sixth avenue."

Ordering Street Work.

Also, Bill No. 491, Ordinance No. — (New Series), entitled: "Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same," the provisions of which order the construction of sewers in Liberty street, between Church and Sanchez streets; Ninth avenue, between "N" and "O" streets; Jersey street, between Dolores and Chittanooga streets; Sanchez street, between Twenty-second and Hill streets; and Castro street, between Twenty-eighth and Valley streets; also the construction of granite curbs and a bituminous rock pavements on Florida street, between Eighteenth and Nineteenth streets; Hyde street, between Beach and North Point streets; California, between Ninth and Tenth avenues; Sanchez street, between Duncan and Twenty-eighth streets; Benlah, between Stanyan and Shrader streets; and Twenty-eighth street, between Church and Sanchez streets.

Spur Track Permit.

Virginia Vanderbilt.

Also, Bill No. 492, Ordinance No. — (New Series), entitled: "Granting permission, revocable at will of the Board of Supervisors, to Virginia Vanderbilt, to construct, maintain and operate a spur track from the termination of a track now existing at the northwest corner of Broadway and Front streets; thence crossing Broadway and running over and along Front street and connecting with property at northwest corner of Pacific and Front streets."

Extension of Time, Street Work.

Also, Resolution No. — (New Series), as follows:

Resolved, That C. S. Harney be and is hereby granted an extension of ninety days' time from and after April 8, 1908, within which to complete contract for constructing granite curbs,

basalt block gutters, pavements, bulkhead and fill in Fourth street, between Freelon and Channel streets, and an underground conduit system from Howard to Channel streets.

This extension is granted for the reason that it is necessary to repair certain portions of the sewage sewers in Fourth street, between Freelon and Channel streets.

Determining to Grant Upon Application of the Presidio and Ferries Railroad Company a Street Railroad Franchise on Larkin Street, from Union to Vallejo Streets; on Vallejo Street, from Larkin to Franklin Streets; and on Franklin Street, from Vallejo to Union Streets.

Resolution No. 2202 (New Series), as follows:

Whereas, Application has been made to the Board of Supervisors of the City and County of San Francisco by

the Presidio and Ferries Railroad Company (a corporation), through petition filed March 30, 1908, for a franchise for a term of years from the date of approval of the franchise until December 10, 1913, to construct, lay down and operate a single or double track street railroad, with all the necessary branches, sidetracks, turnouts, switches, crossings, curves, connections and facilities, upon, along and across the following described route, to wit:

Commencing at a point formed by the intersection of Union and Larkin streets; thence running southerly along said Larkin street to the intersection of Larkin and Vallejo streets; thence curving into Vallejo street, and running westerly along said Vallejo street to the intersection of Franklin and Vallejo streets, and thence curving into Franklin street; and running northerly along Franklin street to the intersection of said Franklin and Union streets.

Whereas, It appears to this Board that the public interest will be subserved by the grant of such franchise, therefore,

Resolved, That this Board grant a franchise as a whole, for a term of years from the date of approval of the franchise until December 10, 1913, for a standard gauge street railroad upon, along and across the following described route, to wit:

Commencing at a point formed by the intersection of Union and Larkin streets; thence running southerly along said Larkin street to the intersection of Larkin and Vallejo streets; thence curving into Vallejo street, and running westerly along said Vallejo street to the intersection of Franklin and Vallejo streets, and thence curving into Franklin street; and running northerly along Franklin street to the intersection of Franklin and Union streets.

The grantee under said franchise shall have the right to construct, erect, maintain and operate, by means of electricity, or such other improved motive power as science has now or may hereafter discover, and the laws sanction, a single or double track railroad upon, along and across the streets hereinabove described, and to that end the grantee shall have the right to build, construct, erect, lay and maintain all necessary poles, feed, trolley, guy, stay and sustaining wires, overhead construction, underground construction, connecting tracks, Y tracks, side tracks, turnouts, curves, switches, crossings, and to connect any or all of said tracks with the line of any street railroad or railroads constructed, maintained or operated under the franchise hereby proposed to be granted, or any other railroad or railroads now or hereafter constructed, maintained or operated under any other franchise along or upon or across any of the streets in said application set forth or described.

Said street railroad franchise shall be granted after due advertisement and offer for sale, in the manner and subject to the conditions and restrictions provided in the Charter of the City and County of San Francisco, with particular reference to the following subdivisions and sections of Chapter 2, Article II of said Charter, relating to the powers of the Board of Supervisors, to wit:

Subdivision 2 and Subdivision 27, as amended February 5th, 1903, of Section 1 thereof, and Section 6 thereof.

It is hereby determined that said street railroad franchise shall be granted subject to the following conditions additional to those prescribed by the Charter, to wit:

That the grantee operating under said franchise shall, so far as lies within his or its power, maintain reciprocal transfer privileges with lines of street railroad intersecting Union street at Polk street and at Hyde street.

That the grantee operating under said franchise shall install and maintain first-class ornamental iron poles of design to be approved by the Board of Supervisors, for use in the permanent construction of the lines and the feed wires shall be carried underground. Upon each alternate pole along said streets the grantee shall install and maintain at its own expense and without expense to the City and County, electric lights for the lighting of the streets traversed.

That the grantee operating under said franchise shall be required to pave the space between the rails and for two feet each side thereof and between the tracks if there be more than one, upon the streets whereon said tracks are to be laid, and to keep the same in good condition and repair under the supervision and to the satisfaction of the Board of Public Works of the City and County; also,

That such street railroads operating under different managements, as the Board of Supervisors may permit, or the City and County itself, in the operation of a municipal railroad, shall have the privilege of using said tracks for a distance not exceeding ten (10) consecutive blocks, upon condition that the expense of construction and repair of the tracks and appurtenances used by said railroads jointly be equitably divided between the respective owners; also,

That the grantee operating under this franchise must pay to the City and County as a license upon each car such sum as the Board of Supervisors may fix, provided, however, that such sum shall not exceed fifty (50) dollars per annum, nor less than fifteen (15) dollars per annum; also,

That as a condition precedent to the sale and granting of this franchise the grantee thereunder shall permit and

allow all policemen and firemen of the City and County of San Francisco at all times, and all mail carriers in the employ of the United States Government, while engaged in the actual discharge of duty, to ride on the cars of such company, without paying any sum of money whatever for fare or otherwise; also,

That the bidder for said franchise shall file with his bid a good and sufficient bond in the penal sum of five thousand (5000) dollars with sureties thereon satisfactory to the Mayor of the City and County, conditioned that the bidder shall well and truly observe and perform the conditions of the franchise for which application is made, in the case the same is awarded to him, and that in case of breach of any of the conditions of such bond, the whole of the penal sum of five thousand (5000) dollars shall be taken to be liquidated damages; also,

That the successful bidder for this franchise shall pay all charges for advertising in the official newspaper of this Resolution, of the notice of sale and of the Ordinance granting said franchise.

Further resolved, That the Clerk of this Board be and he is hereby authorized, empowered and directed to advertise for sealed proposals, or bids, for the sale of this franchise, in accordance with the provisions of the Charter, and with the terms of this Resolution as hereinbefore expressed, said bids to be filed with the Clerk not later than Saturday, June 6, 1908, at the hour of 12 o'clock m., and Monday, June 8, 1908, at the hour of 3 p. m., is hereby fixed as the hour and date for the opening of said proposals, or bids, and for the awarding of said franchise.

The Board of Supervisors reserves the right to reject any and all bids if they believe the public interest will be subserved thereby.

LICENSING AND REGULATING LIQUOR DEALERS SELLING IN SEALED PACKAGES.

The following tentative measures substituted by Supervisor Murdock in lieu of Bill 427, Ordinance No. — (New Series), licensing and regulating liquor dealers selling in sealed packages, heretofore referred to the Licenses Committee and returned by said Committee with the recommendation of indefinite postponement, were taken up:

Tentative Measures Substituted for Bill 427.

1. Marked "A" provides for a license of \$200 per annum, in lieu of the original amount of \$300 per annum, and omits any reference to the so-called wine dealers' sealed package license of \$40 per annum.

2. Marked "B" provides for a license fee of \$200 per annum, and in-

cludes the so-called wine dealers' sealed package license of \$40 per annum.

3. Marked "C" provides for a license fee of \$200 per annum, omits the wine dealers' sealed package license of \$40 per annum, and includes a clause which permits of sale without a license of the natural fermented juices of the apple, of the grape or of other fruits containing not more than 13% alcohol, and also of natural brewed beer.

Motion.

Supervisor Hocks moved that the Report of the Licenses Committee and the Report of the Minority of said Committee be read.

So ordered.

Report of Licenses Committee on Tentative Measures Substituted by Supervisor Murdock in Lieu of Bill 427.

To the Honorable the Board of Supervisors of the City and County of San Francisco.—Gentlemen: Your Committee on Licenses to whom was referred three tentative ordinances submitted by Supervisor Murdock, licensing and regulating liquor dealers selling in sealed packages, begs leave to recommend the indefinite postponement of said proposed ordinances for the reason that the imposition of a license upon persons, firms or corporations selling liquors or wines in sealed packages in quantities of one quart or more and not to be drunk on the premises, is in direct conflict with Article II, Chapter II, Section 1, of the Charter subdivision 15, which provides that no license taxes shall be imposed upon any person, who, at any fixed place of business, sells goods, wares or merchandise, except such as require permits from the Board of Police Commissioners. Section 1, subdivision 3 of Article VIII, Chapter III of the Charter, provides that the Police Commissioners shall have power to grant permits to any person desiring to engage in the sale of liquor in less quantity than one quart, and to grant permits to any person engaged in the business of selling liquor to be drunk on the premises.

Respectfully submitted,

A. COMTE JR.
OSCAR HOCKS.

Read by Clerk.

Report of Minority of Licenses Committee.

To the Honorable the Board of Supervisors of the City and County of San Francisco.—Gentlemen: The undersigned, constituting a minority of your Licenses Committee, begs leave to recommend the passage to print of Bill No. 427 (designated as "A" of three tentative measures submitted by Supervisor Murdock), providing for a license of \$200 per annum for the purpose of regulation upon persons, firms

or corporations selling, giving away, or serving malt or fermented liquors or wines, or any admixture thereof, in quantities of one quart or more, less than five gallons, when the same is contained in sealed packages, and not to be drunk on the premises where sold, given away, or served, requiring a permit therefor, and regulations relating thereto.

The undersigned is of the opinion that there is urgent need for regulating the business of selling liquors in the manner described and placing such business under the direct supervision and control of the Police Department.

Respectfully submitted,

C. HALL McALLISTER,
Minority Licenses Committee.

Read by Clerk.

Motion.

Thereupon, Bill No. 427, in words and figures following was *passed for printing* by the following vote:

Bill No. 427, Ordinance No. — (New Series), entitled, "Imposing a License for the Purpose of Regulation upon Persons, Firms or Corporations Selling, Giving Away, or Serving Malt or Fermented Liquors or Wines, or any Admixture Thereof, in Quantities of One Quart or More, Less than Five Gallons. When the Same is Contained in Sealed Packages, and Not to Be Drunk on the Premises Where Sold, Given Away, or Served, Requiring a Permit Therefor, and Regulations Relating Thereto."

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. It shall be unlawful for any person, firm, or corporation to sell, give away, or serve any spirituous, malt, or fermented liquors, or wines, or any admixture thereof, in the City and County of San Francisco, in quantities of one quart or more, less than five gallons, unless the same is contained in sealed packages, and not to be drunk on the premises where sold, given away or served, and without first having obtained a permit therefor from the Board of Police Commissioners and paying the license fee herein provided.

Section 2. Each person, firm, or corporation desiring to sell, give away, or serve any spirituous, malt, or fermented liquors, or wines, or any admixture thereof, in quantities of one quart or more, less than five gallons, contained in sealed packages, and not to be drunk on the premises where sold, given away, or served, shall, before doing so, procure a permit from the Board of Police Commissioners and a license from the Tax Collector, which license shall be designated as "Liquor Dealer's Sealed Package License," and every such person, firm or corporation shall pay a license fee of one hundred and fifty (\$150) dollars per annum, payable in quarterly installments of thirty-seven and fifty hundredths (\$37.50) dollars, in advance, from the date of granting the permit.

Section 3. The Tax Collector shall not issue any license, or a renewal thereof, to any person, firm, or corporation selling, giving away, or serving malt or fermented liquors or wines, as herein provided, until the applicant therefor shall have obtained from the Board of Police Commissioners a permit therefor, and shall pay, in advance, the license fee herein provided.

Section 4. Every license granted under the provisions of this Ordinance shall expire at the end of the quarter for which it is issued and all applications for the renewal of permit shall be filed with the Board of Police Commissioners at least fifteen days before the renewal can be granted. All applications for new permits shall be filed with the Board of Police Commissioners at least thirty days before the license can be granted thereon, and the Board of Police Commissioners shall cause a notice to be posted upon the premises to be used or occupied by the applicant at least fifteen days before the granting of the permit therefor, which notice shall contain the name of the applicant, the purpose for which the application is made and the date upon which the application will be heard.

Section 5. The Board of Police Commissioners shall have full power to grant or withhold a permit to or from any person, firm, or corporation, or to revoke any such permit already granted, and upon the revocation of a permit the license issued thereon and all rights acquired thereunder shall immediately terminate and expire.

Section 6. This Ordinance and the license herein imposed are hereby declared to be for the purposes of regulating the selling, giving away, or serving of the intoxicating liquors herein described.

Section 7. Any person, firm or corporation who shall violate any of the provisions of this Ordinance shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not less than one hundred (\$100) dollars, and not to exceed five hundred (\$500) dollars, or by imprisonment in the county jail for not less than two months, and not more than six months, or by both fine and imprisonment.

Section 8. All ordinances, in so far as they conflict with the provisions of this ordinance, are hereby repealed.

Section 9. This ordinance shall take effect and be in force from and after the first day of July, 1908.

Being a portion of 50 Vara Block 152; also

Commencing at a point at the intersection of the southerly line of Lombard street with the westerly line of Greenwich alley; running thence southerly and along said westerly line of Greenwich alley 85 feet; thence at a right angle westerly 33 feet; thence at a right angle northerly 85 feet to the said southerly line of Lombard street; thence at a right angle easterly and

along said southerly line of Lombard street 33 feet to the point of commencement. Being a portion of 50 Vara Block No. 152, selected as the site for the North Beach Children's Playground by Resolution No. 1749 (New Series), approved December 31, 1907.

Adopted.

The following Resolutions were adopted by the following votes:

Accepting Offer in Sum of \$59,225.81 from Ruffino and Bianchi to Convey to City and County Certain Parcel of Land in Children's Playground at Seventh and Bryant Streets.

On motion of Supervisor Rixford:

Resolution No. 2210 (New Series), as follows:

Whereas, An offer has been received from Ruffino and Bianchi, Inc., in the sum of \$59,225.81, to convey to the City and County of San Francisco certain lands and improvements in 100 Vara Block No. 397, required for Children's Playground purposes, as specified in the Bond Issue of September 29, 1903; and

Whereas, The price at which said parcel of land is offered is in accordance with the appraised value thereof; therefore, be it

Resolved, That said offer to convey to the City and County of San Francisco a good and sufficient fee simple title to the following described land and improvements in the sum of \$59,225.81 be and is hereby accepted, to wit:

Commencing at a point on the northwesterly line of Bryant street, distant thereon 90 feet northeasterly from the northerly corner of Bryant and Seventh streets; running thence 92 feet 6 inches northeasterly along said northwesterly line of Bryant street; thence at right angles northwesterly 275 feet; thence at right angles southwest 92 feet and 6 inches; and thence at right angles southeasterly 275 feet to the point of commencement; subject to the following conditions:

That from the amount hereinabove stated, to wit, \$59,225.81, the sum of \$46,165.81 is to be paid to the said Ruffino and Bianchi, Inc., at the time of the acceptance of the deed to said land by the City Attorney, and the balance of the said amount in the sum of \$13,060.00 is to be paid to said parties when their certain property, consisting of machinery, etc., has been entirely removed from said premises and the said land turned over to the City; and be it further

Resolved, That the said Ruffino and Bianchi, Inc., be allowed to occupy said premises under a lease for a term of two (2) years, to date from the time the said deed is accepted by the City, at a monthly rental of \$250.00 for the first eighteen months of said period, the balance of said term of two years being six months to be free from rent to said

parties, pending their removal from the property; and further, the policies of insurance upon all improvements on the said land in the sum of \$10,000 are to be made in the name and favor of the City and County of San Francisco.

Ayes—Supervisors Bancroft, Booth, Broderick, Comte, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford, Stafford—16.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Amending Rock-Crushing Ordinance by Requiring the Enclosing of Premises Where Rock-Crushing Is Conducted.

Supervisor Bancroft introduced:

Bill No. 501, Ordinance No. — (New Series), entitled, "Amending Section One of Ordinance No. 644, entitled, 'An Ordinance to regulate the business of rock-crushing in the City and County of San Francisco, and providing penalties for the violation thereof,' approved February 5, 1903, the provisions of which require the enclosing of premises where rock-crushing is carried on and prohibit the operation of rock-crushing machinery in the fire limits between the hours of 6 p. m. and the hour of 6 a. m. of the following day."

Ordered referred to the Streets, Sewers and Parks Committee.

Adopted.

The following Resolution was introduced under suspension of the rules and adopted:

Board of Health to Indicate Clearly to Property Owners Law Under Which Said Board Operates When Enforcing Sanitary Measures.

On motion of Supervisor Giannini:
Resolution No. 2216 (New Series),
as follows:

Whereas, Complaints are being constantly made to the members of the Board of Supervisors of the apparent arbitrary methods pursued by the Health Department authorities in compelling property owners and residents of the City to submit to the tearing up of the planking in their yards and the planked sidewalks in front of their premises, on the ground that the same serve as harboring places for rats; and

Whereas, There is apparently no warrant in law under and by virtue of which the Health Department authorities can arbitrarily proceed to destroy the property of the people in this manner, without proper notice and hearing and final determination by the Board of Health that a nuisance exists upon the premises affected; and

Whereas, The result of such a policy leads to many acts of injustice under the guise of legal authority; now, therefore,

Resolved, That the Board of Health of the City and County of San Francisco be and it is hereby requested to notify all the inspectors under its control and jurisdiction, who are engaged in the sanitary crusade now in progress in San Francisco, that when notice is served upon owners of property to remove from or destroy improvements on their premises, that they indicate to the owner of such premises, with clearness, the law or ordinance under which such action is contemplated.

On motion of Supervisor Jennings:
Resolution No. — (New Series),
Authorizing an expenditure in the sum of \$2379.80 to be made out of the General Fund of fiscal year 1907-8 in payment to William Cryer, being the third installment payment of 20 per cent on contract for building police patrol launch.

Adopted.

The following Resolution was introduced under suspension of the rules and *adopted*:

Mayor Urge Upon Secretary of the Interior the Necessity for Favorable Action in the Matter of City's Application for Reservoir Sites in Hetch-Hetchy Valley.

On motion of Supervisor Johnston:
Resolution No. 2217 (New Series),
as follows:

Whereas, There is pending in the Department of the Interior an application by the City and County of San Francisco for a permit to use certain reservoir sites in the Yosemite National Park known as Lake Eleanor and Hetch-Hetchy for the purpose of reinforcing the water supply of the City and County of San Francisco; and

Whereas, It is of paramount importance to the City and County of San Francisco and its inhabitants that such application be granted; therefore, be it

Resolved, That his Honor the Mayor be and he is hereby requested and authorized, for and on behalf of the City and County of San Francisco, to urge upon the Secretary of the Interior the necessity for favorable action upon said application; and be it further

Resolved, That copies of these Resolutions be immediately transmitted by telegraph to the Secretary of the Interior and to the President of the United States.

Ayes—Supervisors Bancroft, Booth, Broderick, Comte, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford, Stafford—16.

Referred.

Mayor to Investigate Into Insanitary and Filthy Condition of Schools and to Fix the Blame for Said Conditions.

Supervisor McAllister introduced:
Resolution No. — (New Series),
as follows:

Whereas, Complaint has been received from the Women's Sanitation Committee, supplemented by the report of the Board of Health, relative to the insanitary condition of the public schools of this City and County; and

Whereas, The said public schools are in a filthy condition as the result of poor janitorial service, bad plumbing and insanitary closets; therefore

Resolved, That his Honor the Mayor be and he is hereby requested to cause an investigation to be made of the said conditions with a view to placing the blame therefor upon the department responsible for the same.

Ordered referred to the Education Committee.

Adopted.

The following Resolution was introduced under suspension of the rules and *adopted*:

Repealing Resolution No. 1755 and Authorizing Mayor to Enter Into Lease for Certain Rooms in Grant Building.

On motion of Supervisor Rixford:
Resolution No. 2218 (New Series),
as follows:

Resolved, That Resolution No. 1755 (New Series) be and the same is hereby repealed; and be it further

Resolved, That his Honor the Mayor be and he is hereby authorized to enter into a lease with the owners of the Grant Building, situate at the south-east corner of Seventh and Market streets, of the following rooms, viz.: 308, 309, 310, 311, 312, 313, 314, 315, 316, 515, 516, 517, 518, 519, 520, at a monthly rental of \$375.00 for the same terms and upon the same conditions as

set forth in Resolution No. 1440 (New Series).

IN MATTER OF THE ACQUISITION OF A WATER SUPPLY FOR SAN FRANCISCO FROM THE HEAD WATERS OF THE TUOLUMNE RIVER.

Message from Mayor.

San Francisco, April 24, 1908.

To the Board of Supervisors of the City and County of San Francisco.

I have received a telegram from Marsden Manson dated Washington, D.

C., April 24th, which said telegram reads as follows:

"Dr. Edward R. Taylor, Mayor of San Francisco.

"I have formulated the following stipulations:

1. The City to exchange lands for remainder in both reservoirs;

2. Police regulations of the City's holdings to remain with department;

3. The smaller reservoir to be developed first if both are now granted;

4. The City not to store nor divert when natural flow is below present capacity of the canals and when needed and used for irrigation;

5. The Secretary to direct apportionment and measurement of water;

6. The City within five years to ratify by two-thirds majority in order to make valid.

"I recommend the approval of the above stipulations.

(signed) MARSDEN MANSON."

I recommend that your honorable body pass a Resolution approving the above stipulations and that the Mayor be requested to transmit said approval to the Secretary of the Interior.

EDWARD R. TAYLOR, Mayor.

Telegram of the Clerk of the Board of Supervisors to Marsden Manson, City Engineer.

San Francisco, April 25, 1908.

Marsden Manson, New Willard Hotel, Washington, D. C.

Mayor has submitted to the Board of Supervisors your telegram of 24th inst. Request is made that you wire at once full and complete particulars of each stipulation in order that Board may act on Monday, April 27th, with full knowledge of the entire proposed agreement.

JOHN E. BEHAN, Clerk.

Telegram from Marsden Manson, City Engineer, to the Clerk of the Board of Supervisors Relative to Stipulations with the United States Government.

Washington, D. C., April 25, 1908.

John E. Behan, Clerk, Board of Supervisors, San Francisco, Cal.

Stipulations are as follows:

1. The City of San Francisco practically owns all the patented lands in the floor of the Hetch-Hetchy reservoir site and sufficient adjacent areas in Yosemite National Park and the Sierra National Forest to equal the remainder of that reservoir area. Upon proper Congressional authority the City will surrender to the United States equivalent areas outside the reservoir sites and within the National Park and adjacent reserve in exchange for the remaining land in the reservoir sites.

2. The City distinctly understands and agrees that all rules and regulations for the government of the park now or hereafter in force shall be applicable to its holdings within the park, and that, except to the extent that its

necessary use and protection of the holdings would be interfered with, the public may have the full enjoyment thereof under regulations fixed by the Secretary of the Interior.

3. The City will develop the Lake Eleanor site to its full capacity before beginning the development of the Hetch-Hetchy site, and the development of the latter will be begun only when the needs of the City of San Francisco and adjacent cities which may join with it in obtaining a common water supply may require such further development.

4. The City, as far as its own action is concerned, will not interfere in the slightest particular with the rights of the Turlock and Modesto irrigation districts to use water from the Tuolumne River, to the full extent of their valid claims. These districts have filed on 2500 second feet of water under state law, and have made good this filing to the extent of diverting and using beneficially about 800 second feet. To the end that these rights may be fully protected, San Francisco will stipulate not to store nor cause to be stored, divert or cause to be diverted, any of the natural flow of the Tuolumne River when needed and used for irrigation, unless this natural flow of the river at La Grange dam be in excess of the capacities of the canals of the districts.

5. The City will agree that the Secretary of the Interior shall, at his discretion, or when called upon by either the City or the districts to do so, direct the apportionment and measurement of the water in accordance with the terms of this stipulation.

6. The City and County of San Francisco will, within five years after the date of approval hereof by the vote required by its Charter, authorize the action and funds necessary to inaugurate the development of the reservoir sites herein applied for in accordance with the stipulations herein contained, unless such time should be extended by the Secretary of the Interior for cause shown by the City; and unless this is done all rights granted hereunder shall revert to the Government. These will not become binding until approved by Board under seal.

Only one likely to be changed is four, which may be permitted to admit districts to enlarge canal to claim. This is not fatal, as it only requires greater heights of dams and may be conceded.

MANSON.

Telegram.

Washington, D. C., April 27, 1908.

Jno. E. Behan, Clerk, Board Supervisors, S. F.

Have Board adjourn until to-morrow. May be able send results.

MANSON.

Read and action postponed pending receipt of further advices from City Engineer.

LICENSING AND REGULATING LIQUOR DEALERS SELLING IN SEALED PACKAGES.

The following Bill heretofore passed for printing was taken up on final passage:

Bill No. 427, Ordinance No. — (New Series), entitled, "Imposing a License for the Purpose of Regulation upon Persons, Firms or Corporations Selling, Giving Away, or Serving Malt or Fermented Liquors or Wines, or any Admixture Thereof, in Quantities of One Quart or More, Less than Five Gallons, When the Same is Contained in Sealed Packages, and Not to Be Drunk on the Premises Where Sold, Given Away, or Served, Requiring a Permit Therefor, and Regulations Relating Thereto."

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. It shall be unlawful for any person, firm, or corporation to sell, give away, or serve any spirituous, malt, or fermented liquors, or wines, or any admixture thereof, in the City and County of San Francisco, in quantities of one quart or more, less than five gallons, unless the same is contained in sealed packages, and not to be drunk on the premises where sold, given away or served, and without first having obtained a permit therefor from the Board of Police Commissioners and paying the license fee herein provided.

Section 2. Each person, firm, or corporation desiring to sell, give away, or serve any spirituous, malt, or fermented liquors, or wines, or any admixture thereof, in quantities of one quart or more, less than five gallons, contained in sealed packages, and not to be drunk on the premises where sold, given away,

or served, shall, before doing so, procure a permit from the Board of Police Commissioners and a license from the Tax Collector, which license shall be designated as "Liquor Dealer's Sealed Package License," and every such person, firm or corporation shall pay a license fee of one hundred and fifty (\$150) dollars per annum, payable in quarterly installments of thirty-seven and fifty hundredths (\$37.50) dollars, in advance, from the date of granting the permit.

Section 3. The Tax Collector shall not issue any license, or a renewal thereof, to any person, firm, or corporation selling, giving away, or serving malt or fermented liquors or wines, as herein provided, until the applicant therefor shall have obtained from the Board of Police Commissioners a permit therefor, and shall pay, in advance, the license fee herein provided.

Section 4. Every license granted under the provisions of this Ordinance shall expire at the end of the quarter for which it is issued and all applications for the renewal of permit shall be filed with the Board of Police Commissioners at least fifteen days before the renewal can be granted. All applications for new permits shall be filed with the Board of Police Commissioners at least thirty days before the license can be granted thereon, and the Board of Police Commissioners shall cause a notice to be posted upon the premises to be used or occupied by the applicant at least fifteen days before the granting of the permit therefor, which notice shall contain the name of the applicant, the purpose for which the application is made and the date upon which the application will be heard.

Section 5. The Board of Police Commissioners shall have full power to grant or withhold a permit to or from any person, firm, or corporation, or to revoke any such permit already granted, and upon the revocation of a permit the license issued thereon and all rights acquired thereunder shall immediately terminate and expire.

Section 6. This Ordinance and the license herein imposed are hereby declared to be for the purposes of regulating the selling, giving away, or serving of the intoxicating liquors herein described.

Section 7. Any person, firm or corporation who shall violate any of the provisions of this Ordinance shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not less than one hundred (\$100) dollars, and not to exceed five hundred (\$500) dollars, or by imprisonment in the county jail for not less than two months, and not more than six months, or by both fine and imprisonment.

Section 8. All ordinances, in so far as they conflict with the provisions of this ordinance, are hereby repealed.

Section 9. This ordinance shall take effect and be in force from and after the first day of July, 1908.

Proposed Amendment.

Supervisor Rixford submitted the following amendment:

"That the words 'Malt or Fermented Liquors or Wines, or any admixtures thereof', be stricken out and the words 'Intoxicating Liquors' be substituted, and that the following section be added:

"Provided, however, that the natural fermented juice of the apple, the natural fermented juice of the grape and the natural fermented juice of other fruits not containing more than 13 per cent alcohol and naturally brewed beer are not to be considered under this Ordinance intoxicating liquors, and are hereby declared not to be intoxicating liquors, and are therefore not subject to the provisions of this Bill."

Action Deferred.

Whereupon, Supervisor Murphy moved that the entire matter be *laid over one week*.

So ordered.

PARKSIDE TRANSIT COMPANY FRANCHISE.

The following Bill, numbered 495, heretofore passed for printing, was taken up on final passage, ninety days subsequent to its introduction on January 27, 1908, and,

On motion of Supervisor Giannini, finally passed as Ordinance No. 425 (New Series), by the following vote:

Granting to Parkside Transit Company a franchise for a right of way and the right to construct, maintain and operate a single or double track railroad, together with all necessary branches, sidetracks, turnouts, switches, curves, crossings, spur tracks, yard tracks, depot and terminal tracks and facilities upon, along and across certain streets, avenues, alleys, places and properties in the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The right of way is hereby granted unto the Parkside Transit Company, its successors or assigns, for the term of twenty-five (25) years, to use portions of the streets, avenues, alleys, places and properties hereinafter named and described for street railroad purposes, as hereinafter set forth, and to that end the said Parkside Transit Company, its successors or assigns, is hereby granted the right to construct, erect, maintain and operate, by means of electricity or such other improved motive power as science has now or may hereafter discover and the laws sanction, a single or double track, standard gauge railroad along, upon and across the portions of the streets, avenues, alleys, places and properties upon the

routes of and to be traversed by said railroad, upon, along and across the right of way of said Parkside Transit Company.

Section 2. It shall be lawful, and said Parkside Transit Company, its successors or assigns, shall have the right to build, construct, erect and maintain all necessary poles, feed, trolley, guy, stay and sustaining wires, overhead construction, connecting tracks, Y tracks, sidetracks, turn-outs, curves, switches, crossings, spur tracks, yard, depot and terminal tracks, depot, station buildings, and to connect any or all of said tracks with the main line of the railroad, as hereinafter set forth.

The following is a description of the route referred to, to wit:

Commencing at such point or points in Nineteenth avenue opposite the intersection of "W" street with Nineteenth avenue as may conveniently admit of connection or connections with the track or tracks of any street railroad now or hereafter constructed on Nineteenth avenue; thence curving westerly into "W" street; thence running westerly along "W" street to Twentieth avenue; thence curving northerly into Twentieth avenue; thence running northerly along Twentieth avenue to such point or points in "H" street opposite the intersection of "H" street and Twentieth avenue as may conveniently admit of a connection or connections with the track or tracks of any street railroad now or hereafter constructed on "H" street as said streets and avenues are laid down and designated on the official map of the City and County of San Francisco.

Section 3. The foregoing grants are made upon the following express conditions, to be strictly complied with by the said grantee, its successors or assigns, viz:

First—The grantee, its successors or assigns, shall pay to the City and County of San Francisco, in lawful money of the United States, a percentage upon the gross annual receipts of said grantee, its successors or assigns, arising from the use, operation, possession or enjoyment of such franchise as follows:

Three (3) per centum thereof during the first five years of the period for which said franchise is granted; four (4) per centum thereof during the next succeeding ten years of said period, and five (5) per centum thereof during the next succeeding ten years of such period.

All such per centum of said gross receipts shall be paid into the Treasury of the City and County of San Francisco on or before the tenth day of the next ensuing month after such gross receipts shall have been earned.

Second—The grantee, its successors or assigns, shall continuously operate the whole of the railway hereby author-

ized, and at the end of the term of this franchise the road track and bed of said railway and all its stationary fixtures upon the public streets shall become the property of the City and County.

The grantee, its successors or assigns, shall within one hundred days after the date of the grant hereby made, commence the construction of the railway hereby authorized, and continuously thereafter in each and every month until the completion thereof, expend in such construction at least the sum of three thousand dollars.

A failure to comply with any of the conditions in the foregoing paragraphs shall work an immediate forfeiture of such franchise and the road or track constructed thereunder, and there shall be no power in the Board of Supervisors to relieve from such forfeiture or from any of said conditions.

On or before the tenth day of each month, after said receipts shall have been earned, the President and Secretary of said railway company shall make and file with the Clerk of the Board of Supervisors a sworn statement of the gross receipts of such railway for the preceding month.

Third—The franchise hereby granted shall not, upon expiration of the term thereof, be renewed or regranted, and the Board of Supervisors of the City and County of San Francisco shall at all times have power to regulate the rates of fare to be charged by those using, operating, possessing or enjoying this franchise, and the Finance Committee of said Board shall at all times be permitted to examine and inspect their books as to their gross receipts.

Fourth—The grantee, its successors or assigns, shall be required to pave the space between the rails and for two feet each side thereof, and between the tracks if there be more than one, upon the streets whereon said tracks are to be laid, and to keep the same in good condition and repair under the supervision and to the satisfaction of the Board of Public Works of the City and County.

Fifth—That such street railroads operating under different managements as the Board of Supervisors may permit, or the City and County itself, in the operation of a municipal railroad, shall have the privilege of using said tracks for a distance not exceeding ten (10) consecutive blocks, upon condition that the expense of construction and repair of the tracks and appurtenances used by said railways jointly be equally divided between the respective owners.

Sixth—The grantee, its successors or assigns, shall pay to the City and County as a license upon each car such sum as the Board of Supervisors may fix, provided, however, that such sum shall not exceed fifty dollars (\$50) per

annum nor be less than fifteen dollars (\$15) per annum.

Seventh—That as a condition precedent to the sale and granting of this franchise, the grantee thereunder shall permit and allow all policemen and firemen of the City and County of San Francisco at all times, and all mail carriers in the employ of the United States Government, while engaged in the actual discharge of duty, to ride on the cars of such company without paying any sum of money whatever for fare or otherwise.

Eighth—The City and County of San Francisco shall have the right at any time during the last ten (10) years of the life of said franchise to acquire the same, together with the power plant, poles, wires, roadbed, rails, rolling stock and other equipment of said railway, at such fair and reasonable valuation as may be agreed upon by the holder of said franchise and the City and County of San Francisco, or failing such agreement at such valuation as may be fixed by a court of competent jurisdiction.

Ninth—Said street railroad franchise is hereby granted, subject to the conditions and restrictions provided in the Charter of the City and County of San Francisco, with particular reference to the following subdivisions and sections of Chapter 2, Article II of said Charter, relating to the powers of the Board of Supervisors, to wit:

Subdivision 2 and Subdivision 27, as amended February 5, 1903, of Section 1 thereof and Section 6 thereof.

Section 4. This Ordinance shall take effect and be in force from and after its passage.

LICENSING AND REGULATING LIQUOR DEALERS SELLING IN SEALED PACKAGES.

Action Deferred.

The following Bill and proposed amendment thereto, laid over from last meeting, was taken up and on motion of Supervisor Hocks again *laid over for two weeks*:

Bill No. 427, Ordinance No. — (New Series), entitled, "Imposing a License for the Purpose of Regulation upon Persons, Firms or Corporations Selling, Giving Away, or Serving Malt or Fermented Liquors or Wines, or any Admixture Thereof, in Quantities of One Quart or More, Less than Five Gallons, When the Same is Contained in Sealed Packages, and Not to Be Drunk on the Premises Where Sold, Given Away, or Served, Requiring a Permit Therefor, and Regulations Relating Thereto."

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. It shall be unlawful for any person, firm, or corporation to sell, give away, or serve any spirituous, malt, or fermented liquors, or wines, or any admixture thereof, in the City and

County of San Francisco, in quantities of one quart or more, less than five gallons, unless the same is contained in sealed packages, and not to be drunk on the premises where sold, given away or served, and without first having obtained a permit therefor from the Board of Police Commissioners and paying the license fee herein provided.

Section 2. Each person, firm, or corporation desiring to sell, give away, or serve any spirituous, malt, or fermented liquors, or wines, or any admixture thereof, in quantities of one quart or more, less than five gallons, contained in sealed packages, and not to be drunk on the premises where sold, given away, or served, shall, before doing so, procure a permit from the Board of Police Commissioners and a license from the Tax Collector, which license shall be designated as "Liquor Dealer's Sealed Package License," and every such person, firm or corporation shall pay a license fee of one hundred and fifty (\$150) dollars per annum, payable in quarterly installments of thirty-seven and fifty hundredths (\$37.50) dollars, in advance, from the date of granting the permit.

Section 3. The Tax Collector shall not issue any license, or a renewal thereof, to any person, firm, or corporation selling, giving away, or serving malt or fermented liquors or wines, as herein provided, until the applicant therefor shall have obtained from the Board of Police Commissioners a permit therefor, and shall pay, in advance, the license fee herein provided.

Section 4. Every license granted under the provisions of this Ordinance shall expire at the end of the quarter for which it is issued and all applications for the renewal of permit shall be filed with the Board of Police Commissioners at least fifteen days before the renewal can be granted. All applications for new permits shall be filed with the Board of Police Commissioners at least thirty days before the license can be granted thereon, and the Board of Police Commissioners shall cause a notice to be posted upon the premises to be used or occupied by the applicant at least fifteen days before the granting of the permit therefor, which notice shall contain the name of the applicant, the purpose for which the application is made and the date upon which the application will be heard.

Section 5. The Board of Police Commissioners shall have full power to grant or withhold a permit to or from any person, firm, or corporation, or to revoke any such permit already granted, and upon the revocation of a permit the license issued thereon and all rights acquired thereunder shall immediately terminate and expire.

Section 6. This Ordinance and the license herein imposed are hereby declared to be for the purposes of regu-

lating the selling, giving away, or serving of the intoxicating liquors herein described.

Section 7. Any person, firm or corporation who shall violate any of the provisions of this Ordinance shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not less than one hundred (\$100) dollars, and not to exceed five hundred (\$500) dollars, or by imprisonment in the county jail for not less than two months, and not more than six months, or by both fine and imprisonment.

Section 8. All ordinances, in so far as they conflict with the provisions of this ordinance, are hereby repealed.

Section 9. This ordinance shall take effect and be in force from and after the first day of July, 1908.

Proposed Amendment.

"That the words 'Malt or Fermented Liquors or wines, or any admixtures thereof,' be stricken out and the words Intoxicating Liquors be substituted, and that the following section be added.

"Provided, however, that the natural fermented juice of the apple, the natural fermented juice of the grape and the natural fermented juice of other fruits not containing more than 13 per cent alcohol and naturally brewed beer are not to be considered under this Ordinance intoxicating liquors, and are hereby declared not to be intoxicating liquors, and are therefore not subject to the provisions of this Bill."

DEVISADERO - MISSION CROSSTOWN LINE FRANCHISE.

Bill No. 414, Ordinance No. — (New Series), Granting to George B. Wilcutt a franchise for a right of way

and the right to construct, maintain and operate a single or double track railroad, together with all necessary branches, side tracks, turnouts, switches, curves, crossings, depot and terminal tracks, and facilities along, over, under and across certain streets in the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The right of way is hereby granted unto George B. Wilcutt, his successors or assigns, for the term of twenty-five (25) years, to use portions of the streets hereinafter named and described, for street railroad purposes, as hereinafter set forth, and to that end the said George B. Wilcutt, his successors or assigns, is hereby granted the right to construct, erect, maintain and operate, by means of electricity or such other motive power as science has now or may hereafter discover and the laws sanction, a single or double track railroad along, upon, across, over and under the portions of the following streets in the City and County of San Francisco, to wit:

Commencing at the intersection of Page and Scott streets; thence along Scott street and curving into Duboce avenue; thence along Duboce avenue and curving into Noe street; thence along Noe street and curving into Sixteenth street; thence along Sixteenth street and curving into Church street; thence along Church street and curving into Eighteenth street; thence along Eighteenth street and curving into Valencia street; thence along Valencia street and curving into Twentieth street; thence along Twentieth street to Potrero avenue.

Section 2. It shall be lawful and said George B. Wilcutt, his successors or assigns shall have the right to build, construct, erect and maintain all necessary poles, feed, trolley, guy, stay and sustaining wires, overhead construction, connecting tracks, Y tracks, side tracks, turnouts, curves, switches, crossings, depot and terminal tracks, and to connect any or all of said tracks with the main line of the railroad as hereinbefore set forth.

Section 3. The foregoing grants are made upon the following express conditions, to be strictly complied with by the said grantee, his successors or assigns, to wit:

First—The grantee, his successors or assigns, shall pay to the City and County of San Francisco, in lawful money of the United States, a percentage upon the gross annual receipts of said grantee, his successors or assigns, arising from the use, operation, possession, or enjoyment of such franchise, as follows:

Three per centum thereof during the

first five years of the period for which said franchise is granted; four per centum thereof during the next succeeding ten years of said period, and five per centum thereof during the next succeeding ten years of such period.

All such percentum of said gross receipts shall be paid into the treasury of the City and County of San Francisco, on or before the tenth day of the next ensuing month after such gross receipts shall have been earned.

Second—The grantee, his successors or assigns, shall continuously operate the whole of the railway hereby authorized, and at the end of the term of this franchise the road track and bed of said railway and all its stationary fixtures upon the public streets shall become the property of the City and County.

The grantee, his successors or assigns, shall within one hundred days after the date of the grant hereby made, commence the construction of the railway hereby authorized, and continuously thereafter in each and every month until the completion thereof expend in such construction at least the sum of three thousand dollars. A failure to comply with any of the conditions in the foregoing paragraphs shall work an immediate forfeiture of such franchise and the road or track constructed thereunder, and there shall be no power in the Board of Supervisors to relieve from such forfeiture or from any of said conditions.

On or before the tenth day of each month, after said receipts shall have been earned, the president and secretary of said railway company shall make and file with the Clerk of the Board of Supervisors a sworn statement of the gross receipts of such railway for the preceding month.

Third—The franchise hereby granted shall not upon expiration of the term thereof, be renewed or regranted, and the Board of Supervisors of the City and County of San Francisco shall at all times have the power to regulate the rates of fare to be charged by those using, operating, possessing or enjoying this franchise, and the Finance Committee of said Board shall at all times be permitted to examine and inspect their books as to their gross receipts.

Fourth—The grantee, his successors or assigns, shall be required to pave the space between the rails and for two feet each side thereof, and between the tracks if there be more than one, upon the streets whereon said tracks are to be laid, and to keep the same in good condition and repair under the supervision and to the satisfaction of the Board of Public Works of the City and County.

Fifth—That such street railroads operating under different managements

as the Board of Supervisors may permit, or the City and County itself, in the operation of a municipal railroad, shall have the privilege of using said tracks for a distance not to exceed ten (10) consecutive blocks, for the purpose of securing equal terminal facilities, upon condition that the expense of construction and repair of the tracks and appurtenances used by the said railway jointly be equitably divided between the respective owners.

Sixth—The grantee, his successors or assigns, shall pay to the City and County as a license upon each car such sum as the Board of Supervisors may fix, provided, however, that such sum shall not exceed fifty (\$50.00) dollars per annum nor be less than fifteen (\$15.00) dollars per annum.

Seventh—That as a condition precedent to the sale and granting of this franchise the grantee thereunder shall permit and allow all policemen and firemen of the City and County of San Francisco at all times and all mail carriers in the employ of the United States Government, while engaged in the actual discharge of duty, to ride on the cars of such company without paying any sum of money whatever for fare or otherwise.

Section 4. This Ordinance shall take effect and be in force from and after its passage.

BOND ISSUE, 1908.

Communication from Dillon & Hubbard Relative to Bond Election.

New York, April 28, 1908.

Percy V. Long, Esq., City Attorney, San Francisco, California—Dear Sir: We beg to acknowledge receipt of your letter dated April 23 in reply to our telegram dated April 21. We sent you telegram today as follows:

"We agree with conclusions stated your letter April twenty-third."

As noted by you, we purposely put the matters in our telegram to you dated April 21 in the form of queries rather than conclusions because we were not only not certain that the provisions of the election law applied—except only the provisions mentioned in Section 1044 of the Political Code—but also because our reading of the election law rather convinced us that some of the sections that you were actually complying with perhaps did not apply, and that if your view was that you ought to comply with all of the provisions of the Political Code that could by any possibility apply, it might be well to consider the matters mentioned in our telegram of the twenty-first. We sent our telegram of the 21st calling your attention to the matters therein mentioned rather as a matter of extra precaution than because we were at all satisfied that the provisions of these other sections of the Political Code ought to be complied with. We received your telegram dated April 22 which indicated that all of the matters mentioned in our said telegram which we deemed necessary had been covered. Your letter dated April 23 states the same conclusions that we came to in regard to the instructions to voters at the head of the ballot.

We thought it wise to call your attention to these matters while there was time to remedy any defects, if any existed, rather than to wait until after the election had been held. We are glad to know that all material matters have been carefully attended to, as stated in your telegram dated April 22 and in your letter dated April 23.

Very truly yours,

DILLON & HUBBARD.

Adopted.

The following Resolution was adopted:

Declaring Due Publication Has Been Made of Ordinance Calling Special Bond Election.

On motion of Supervisor Giannini:

Resolution No. 2259 (New Series), as follows:

Declaring that due publication has been made of Ordinance No. 410 (New Series).

Whereas, There has been filed in the office of the Clerk of the Board of Supervisors two affidavits of publication showing (1) The publication of Bill No. 482 (New Series), afterwards designated Ordinance No. 410 (New Series), for the period of five successive days from the 7th to the 11th days of April, 1908, inclusive, and (2) the publication of Ordinance No. 410 (New Series) giving notice of a special election for the period of fourteen successive days from the 14th day of April

to the 30th day of April, 1908, inclusive; therefore

Resolved, By the Board of Supervisors that it is hereby determined and declared that publication of said Bill No. 482 (New Series), and Ordinance No. 410 (New Series), has been made as required by law and that said affidavits of publication are sufficient in form and substance as showing the fact of such publication.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murphy, Payot, Pollok, Rixford—15.

Passed for Printing.

The following matters were passed for printing:

Amending Rock Crushing Ordinance by Regulating the Hours During Which Rock Crushing Machinery May Be Operated.

On motion of Supervisor Center: Bill No. 501, Ordinance No. — (New Series), entitled, "Amending Section 1 of Ordinance No. 644, entitled, 'An Ordinance to regulate the business of rock crushing in the City and County of San Francisco, and providing penalties for the violation thereof,' approved February 5, 1903," the provisions of which regulate the hours during which rock crushing machinery may be operated and requiring the enclosing of premises where rock crushing is conducted.

Extension of Time, Street Work.

Also, Resolution No. — (New Series), as follows:

Resolved, That Flinn & Treacy be and is hereby granted an extension of thirty days' time from and after May 4, 1908, within which to complete the contract for paving, etc., the roadway of Mission street, from the north line of Twentieth street to the north line of Army street.

This extension of time is granted for the reason that inability to procure the necessary materials has prevented the contractors from completing the work within the time originally fixed by the Board of Public Works.

Ordering Sewer Work.

Also, Bill No. 508, Ordinance No. — (New Series), entitled, "Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same," the provisions of which order the construction of a 21-inch ironstone pipe sewer with appurtenances on Francisco street, between Octavia and Laguna streets.

Full Acceptance, Streets.

Also, Bill No. 509, Ordinance No.

— (New Series), Providing for the full acceptance of the roadways of Broderick street, between Geary and Post streets, including the intersection of Broderick street, and Garden avenue, and of Noe street, between Jersey and Twenty-fifth streets, paved with bituminous rock.

Establishing Grades, Laussat Avenue.

Also, Bill No. 510, Ordinance No. — (New Series), entitled, "Establishing grades on Laussat avenue."

Establishing Sidewalk Widths, California Street.

Also, Bill No. 511, Ordinance No. — (New Series), entitled, "Amending Ordinance No. 1061, entitled, 'Regulating the width of sidewalks,' approved December 18th, 1903, by amending Section 205 thereof," the provisions of which fix the width of sidewalks on California street, between Presidio avenue and Walnut street at 15 feet, and between Walnut and Maple streets at 19 feet.

Establishing Sidewalks Widths, Mason Street.

Also, Bill No. 512, Ordinance No. — (New Series), entitled, "Amending Ordinance No. 1061, entitled 'Regulating the width of sidewalks,' approved December 18, 1903, by adding thereto a new section to be numbered two hundred and ninety-three," the provisions of which fix the width of sidewalks on the easterly side of Mason street, between Turk and Eddy streets, at 14 feet, and on the westerly side of Mason street, between Turk and Eddy streets, at 15 feet.

Adopted.

The following Resolution was adopted:

Intention to Change and Establish Grades on Greenwich Street.

On motion of Supervisor Center: Resolution No. 2260 (New Series), declaring it to be the intention of the Board of Supervisors to change and establish grades at certain points and elevations on Greenwich street, between the westerly line of Laguna street and the easterly line of Buchanan street, in accordance with recommendation of Board of Public Works filed April 24, 1908, and further declaring that no assessment district is necessary as no damage will result from said change of grade, inasmuch as the improvements already conform to the proposed grade; also directing said Board of Public Works to cause to be conspicuously posted along the street or streets upon which change or modification of grades is contemplated notice of the passage of this resolution of intention.

The following Resolution was introduced under suspension of the rules and adopted:

Providing for the Appointment of a Committee to Present to Federal Authorities a Proposition to Have Expense of Sanitation Borne by United States Government.

On motion of Supervisor Pollok:
Resolution No. 2263 (New Series), as follows:

Whereas, For many months past extensive sanitary operations have been conducted in this city by the United States Public Health and Marine Hospital Service, the San Francisco Board of Health and the Citizens' Health Committee, whose operations have brought the sanitation of this city to so high a state of excellence that there has not been a single case of plague on this peninsula since January 30, 1908, and

Whereas, The Board of Supervisors of the City and County of San Francisco has co-operated with these authorities in this sanitary campaign by liberal appropriations of public moneys and by the enactment of numerous sanitation and health ordinances in the past, and

Whereas, The citizens of San Francisco have supported this campaign by large private subscriptions to meet the exigencies of the occasion, and the expenditure of sums aggregating very large amounts in destroying, re-building and re-modeling premises to comply with the city ordinances, and

Whereas, It is necessary that this work should be continued actively for some time if plague is to be permanently eradicated from this peninsula, where it is a menace not only to the health of San Francisco, but to the entire United States, therefore be it

Resolved, That it is the opinion of this Board of Supervisors that all future expense of sanitary operations should be borne entirely by the Federal Government in the same manner as the expense of war or that of any other matter of national importance, and that the Mayor appoint a Committee of five (5) to act with him in having this matter properly presented to the authorities in Washington.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murphy, Payot, Pollok, Rixford—15.

ADJOURNMENT.

Relative to Abandonment and Relinquishment by Parkside Transit Company of Street Railroad Franchise on 19th Avenue, From "H" to "W" Streets.

The following Communications were received and ordered referred to the *Public Utilities Committee*:

Office of the Clerk of the Board of Supervisors.

San Francisco, Cal., May 4, 1908.

Edward R. Taylor, Mayor, San Francisco, Cal.—Dear Sir: In connection with matter of the approval of Ordinance No. 425 (New Series), granting the Parkside Transit Company a franchise over and along Twentieth avenue, I am sending your Honor the relinquishment of the franchise heretofore granted said Parkside Transit Company over Nineteenth avenue from "H" to "W" street, and also a certified copy of a Resolution of the Board of Directors of the company approving the said action.

Request is made that your Honor return the said relinquishment and the Resolution with said Ordinance No. 425 (New Series).

Yours truly,

JOHN E. BEHAN,

Clerk.

San Francisco, Cal., May 4th, 1908.

To the Honorable the Mayor and Board of Supervisors of the City and County of San Francisco.—Gentlemen: In compliance with those certain agreements dated September 20th, 1907, and October 14th, 1907, respectively, supplemental to that certain Ordinance No. 288 (New Series), "Granting to Parkside Transit Company, a railroad corporation, a franchise for a right of way, and the right to construct, maintain and operate a single or double track railroad, together with all necessary branches, side tracks, turn outs, switches, curves, crossings, depot and terminal tracks, and facilities, along, over, under and across certain streets in the City and County of San Francisco", which said supplemental agreements contain the stipulation "that the Parkside Transit Company does hereby bind itself in the event of the final granting of said franchise in its present form and over its present route, to lawfully relinquish and abandon so much of the present route thereof as extends from "H" street along 19th avenue to "W" street, upon the final granting to the Parkside Transit Company within the period of six months from date hereof of a franchise to construct, maintain and operate a single or double track electric street railway of standard gauge along and upon Twentieth avenue from "H" street to "W" street, and along and upon "W" street from Twentieth avenue to Nineteenth avenue," which said stipulations were accepted by your Honorable

Board by Resolution No. 1444 (New Series), adopted October 14, 1907, and in compliance with said stipulations said Ordinance No. 288 (New Series), making said grant, having been so passed on the 14th day of October, 1907, and subsequently approved by his Honor, the Mayor, the Parkside Transit Company, through its President and Secretary thereunto duly authorized by resolution of its Board of Directors, a certified copy of which said resolution is hereunto attached, does hereby relinquish and abandon that portion of the franchise and right of way heretofore granted to it by said Ordinance No. 288 (New Series), which grants to Parkside Transit Company the right of way and right to construct, erect, maintain and operate a street railway along and upon Nineteenth avenue from its intersection with "H" street to its intersection with "W" street, said relinquishment and abandonment being made in accordance with said stipulations and agreements, and not otherwise, and in consideration of the final passage and approval of Bill No. 405, Ordinance No. 425, "Granting Parkside Transit Company a franchise for a right of way and the right to construct, maintain and operate a single or double track railroad, together with all necessary branches, side tracks, turn outs, switches, curves, crossings, spur tracks, yard tracks, depot and terminal tracks and facilities upon, along and across certain streets, avenues, alleys, places and properties in the City and County of San Francisco", said grant of said franchise and right of way so granted by said Bill No. 405, Ordinance No. 425, being accepted by Parkside Transit Company in lieu of, and substitution for, that portion of the franchise and right of way granted by said Ordinance No. 288 (New Series), which is hereby relinquished and abandoned, provided, always, the said relinquishment and abandonment of said portion of said franchise and right of way shall not be construed as a relinquishment or abandonment of, or so as to impair, any of the rights secured to Parkside Transit Company by said Ordinance No. 288 (New Series), to construct, maintain and operate a street railway over and along the remaining portions of the routes therein set forth and defined.

Respectfully submitted,

(Seal)

PARKSIDE TRANSIT COMPANY.

By J. E. GREEN, President.
G. A. NICHOLLS, Secretary.

Resolution Passed at Meeting of Board of Directors of Parkside Transit Company.

distributing, card and banner tacking, and all outdoor advertising and imposing a license tax on persons, firms and corporations engaged in the business so regulated," heretofore referred to the Licenses Committee and returned by said Committee with the recommendation that Bills Nos. 389 and 390 be indefinitely postponed and that substitute Bill No. 504, as amended by Committee, be passed for printing, were taken up.

Substitute Bill.

Whereupon, Supervisor Pollok submitted the following substitute Bill in lieu of all pending measures:

Bill No. 514, Ordinance No. — (New Series), Imposing a license tax upon persons, firms and corporations carrying on the business of bill posting, or advertising by means of bill boards or advertising sign boards.

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. Every person, firm or corporation carrying on the business of bill posting, or sign advertising by means of bill boards, or advertising sign boards, shall pay a quarterly license of one-half of a cent per square foot for each square foot of the superficial area of all bill boards or advertising sign boards maintained by such person, firm or corporation at the time of the filing of the verified statement hereinafter required, except as hereinafter provided; provided, however, that this section shall not apply to the owners of real estate or their agents in advertising their property for sale or lease by means of bill boards or advertising sign boards located on the property advertised for sale or lease by such bill boards or advertising sign boards.

Section 2. Before issuing a license for such business, the applicant for the same shall file with the Tax Collector a verified statement made and sworn to by or on behalf of such applicant, showing in detail, the number of bill boards or advertising sign boards maintained by the applicant at the date of such application, if any, and the location and superficial area of each bill board or advertising sign board; provided, however, that if no such bill board or advertising sign board be maintained by such applicant at the time of the application for such license, the amount of the license for the first quarter or any unexpired portion thereof, shall be the sum of ten (\$10.00) dollars and for each subsequent quarter, such license shall be fixed as hereinbefore provided.

Section 3. At the expiration of each quarter after the first quarter or fraction thereof, the applicant for a license for such business shall file with the

Tax Collector a verified statement made and sworn to by or on behalf of such applicant, showing in detail the number of bill boards or advertising sign boards maintained by the applicant at the time of filing such statement, and the location and superficial area of each such bill board or advertising sign board.

Section 4. Any person, firm or corporation who shall violate any of the provisions of this Ordinance shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine not to exceed five hundred (\$500) dollars, or by imprisonment in the County Jail for not more than six months or by both such fine and imprisonment.

Section 5. This Ordinance shall take effect and be in force from and after July 1, 1908.

Action Deferred.

FIXING AND ESTABLISHING TELEPHONE RATES FOR FISCAL YEAR 1908-9.

Supervisor Murphy submitted the following Reports and Bill, the consideration of which were, on his motion, made a special order of business for Monday, May 18, 1908, at 3:30 p. m.

Report of Telephone Rates Committee in Matter of Fixing and Determining Telephone Rates to Be Collected in the City and County of San Francisco for the Year Commencing July 1, 1908, and Ending June 30, 1909.

To the Honorable, the Board of Supervisors—Gentlemen:

Your Telephone Rates Committee to whom were referred the matter of preparing a Bill fixing and determining Telephone Rates for the year commencing July 1, 1908, and ending June 30, 1909, begs leave to present the following report.

Your Committee has carefully examined the evidence submitted by the representatives of the Pacific Telephone and Telegraph Company and has also obtained the assistance of Prof. C. L. Cory of the University of California in reviewing the evidence and exhibits filed. From the testimony adduced in the recent investigation before your Honorable Board it appears that the books of account of the Telephone Company were destroyed in the fire of April 18, 1906, and it was therefore impossible to make a comparison of the business and expenses of the company in the year 1905, a normal year, with those in the year 1907.

The Company officials furthermore testify that the present book value of their plant, namely, \$6,496,596, was determined by surveys made by their engineers of the properties remaining after the fire of April 18, 1906, and by estimating the value of the same together with the additions to the plant up to the first of January, 1908.

Your Committee being limited by time did not have an opportunity to examine into the physical properties of the company and determine by actual measurements and surveys whether or not the estimates of the company were correct, such a study necessarily involving a work extending over several months. However, three of the items constituting a portion of the company's valuation have apparently been overvalued and reductions have been therefore made as follows:

Exchange Pole Line reduced from \$625,350 to \$556,866.

Exchange Aerial Wire reduced from \$679,020 to \$547,900.

Real Estate not in use reduced to the extent of \$118,200.

Total reductions, \$317,804.

Amended valuation after reductions have been made, \$6,178,792.

In the judgment of your Committee 6 per centum per annum is a fair return upon an investment in a telephone plant and in order to yield the company a return at said rate of interest upon the amended valuation of \$6,178,792, together with an allowance of \$350,000 for

new equipment to meet increased business, the yearly net revenue must be at least \$391,000.

Taking into consideration the natural increase in the business of the company during the next ensuing fiscal year, which amounts to approximately 20 per cent, as testified to by the officials of the company, and allowing for the increased operating expenses due to this increase in business, your Committee is of the opinion that an average 10 per cent reduction at least can be made in the prevailing rates of the telephone company.

Inasmuch as the statements of the company show that the measured service subscribers use more than the complement allowed under the various schedules, your Committee believes it expedient to increase the complement of monthly switching service rather than lower the minimum rates, and therefore recommends that the switching schedules be increased as follows:

In the case of a single party business line now rated at \$5.00 per month and 5 cents for each switch, that said rate include 42 switches per month and 5 cents for each additional switch.

In the \$9.15 business rate that the complement of switches included in the rate be increased from 83 to 125 switches per month, the additional switching rate to remain at 4 cents.

In the \$12.47 business rate that the complement be increased from 166 to 209 switches per month, the additional switching rate to remain at 3 cents.

In the \$15.00 business rate that the complement be increased from 250 to 292 switches per month, the additional switching rate to remain at 2½ cents.

In the \$17.48 business rate that the complement be increased from 416 to 500 switches per month, the additional switching rate to remain at 2 cents.

In the \$19.57 business rate that the complement of switches be increased from 583 to 667 switches per month; the additional switching rate to remain at 1½ cents.

In the business prepayment service (nickel in slot) the complement of switches within the \$5.50 rate for a single party line is increased from 40 to 60 switches per month and on a two-party line rated at \$4.50 per month, the complement of switches is also increased from 40 to 60.

Your Committee recommends that the rate for residence telephones with unlimited exchange switching be reduced from \$5.00 to \$4.00 per month for one-party lines, and for two-party lines from \$4.00 to \$3.50 per month.

Recommendation is also made that trunk lines connecting private branch exchanges with the Company's offices be reduced from \$3.00 to \$2.50 per month each, and that the rental for stations connected with private branch

exchanges be reduced from \$1.00 per month to 50 cents per month.

Extension telephones, both business and residence are recommended to be reduced to a uniform rate of 50 cents per month.

Private line telephones, that is to say telephones not connected with the company's offices are reduced from \$1.00 to 50 cents per month, and for every name listed in the telephone directory in excess of main and extension telephones installed, a charge of 25 cents is permitted, instead of 50 cents as heretofore.

Further recommendation is made that no higher charge than 5 cents per switch be made for exchange switching from public telephone offices or elsewhere in the City and County.

The above reductions are made after a very careful analysis of the earning capacity of each kind of service and the aggregate thereof will, in the opinion of your Committee, return a revenue of at least 6 per centum per annum to the company on the estimated valuation of its plant.

The Charter requires your Honorable Board, in addition to fixing the telephone rates, to prescribe the quality of the service as well.

Your Committee therefore recommends that the Telephone Company be required to furnish either portable or stationary telephonic apparatus within the prescribed rates, as its patrons may select, and it is also recommended that no charge of any kind be made excepting for an availing call.

Provision is also made that Telephone Companies shall upon twenty days' notice furnish telephonic service of any kind or class specified in the Ordinance, without discrimination, qualification or restriction as to employees of subscribers or otherwise, this latter clause being designed to relieve private exchange subscribers from being compelled to employ at their own expense such operators as the Telephone Company may select.

Provision is made for the installation and maintenance upon demand of subscribers of meters on measured service business lines (excepting nickel in slot telephones) and the Company is required to permit a subscriber to inspect the said meter at all reasonable times.

As stated aforesaid in this report and now repeated with emphasis, your Committee could not within the limited time at its disposal make or cause to be made a detailed study and estimate of value of the component elements of the San Francisco exchange of the Pacific Telephone and Telegraph Company and was compelled in the main to rely upon the figures presented by the Company's officials.

We do not commit ourselves to the

valuation of \$6,178,792, but as it cannot be disproved at the present time it must necessarily be used as the basis of valuation for the next fiscal year. The recommendations of the Committee will, however, affect a saving to subscribers of approximately \$17,000 per month and will grant relief in all the generally patronized classes of service.

Your Committee appends herewith and makes a part of its report and conclusions the report of Prof. C. L. Cory upon rates for telephone service and also recommends the passage of a Bill, herewith submitted, fixing and determining telephone rates for the year commencing July 1, 1908, and ending June 30, 1909.

Respectfully submitted,

D. C. MURPHY,

PAUL BANCROFT,

A. H. GIANNINI,

Telephone Rates Committee.

Report of Prof. C. L. Cory to Telephone Rates Committee of Board of Supervisors on Rates for Telephone Service in San Francisco.

April 30, 1908.

*To the Telephone Rates Committee,
Board of Supervisors, City and County
of San Francisco, California.*

GENTLEMEN:

After a careful perusal of the minutes of the proceedings had before the Board of Supervisors of the City and County of San Francisco, under the investigation preliminary to fixing telephone rates for the fiscal year commencing July 1, 1908, and ending June 30, 1909, and of the evidence submitted by the Pacific Telephone and Telegraph Co. in connection with the pending investigation, and which has been filed as exhibits of the above mentioned proceedings, and also various letters, traffic records, etc., which have been submitted to your Committee by the above named Company, relative to the operation of its telephone system in the City and County of San Francisco, I beg herewith to submit the following

Report.

Investment.

I have carefully gone over the first seven items in the table on page 5 of the Pacific Telephone and Telegraph Company's statement, dated February 10th, 1908, to the Board of Supervisors, which table gives the investment in the City and County of San Francisco of the Telephone Company as of January 1st, 1908, and have compared each of the first seven items with other data which it has been possible to obtain in the short time available, and as a result of such comparisons, in my opinion the following reductions in the valuation of the physical plant of the company should be made:

Item 3. Exchange Pole Line.

Company's valuation	\$625,350.00	
Reduced valuation	556,866.00	
Reduction		\$68,484.00

Item 5. Exchange Aerial Wire.

Company's valuation	\$679,020.00	
Reduced valuation	547,900.00	
Reduction		131,120.00
Total Reduction		\$199,604.00

Reference to pages 39 to 42 of Vol. 2 of the Proceedings held before the Board of Supervisors shows that unused real estate amounting to \$118,200.00 is included in the statement of the investment of the Company, and this amount should therefore be added to the reductions proposed upon items No. 3 and No. 5 above mentioned. The proper investment is, therefore, as indicated below:

Valuation as per Company's statement.....	\$6,496,596.	
Reduction Items #3 and #5.....	\$199,604.	
" Real Estate	118,200.	
Total Reductions		317,804.
Amended Valuation		\$6,178,792

The above amount, \$6,178,792.00, will therefore be considered as the proper valuation of the Company's telephone system as installed in San Francisco on January 1, 1908.

Your Committee, however, should bear in mind that in the main I have accepted as final the figures pertaining to investment contained in the Company's statement, primarily for the reason that it has been impossible to obtain the information necessary to determine if the system in use at the present time includes the equipment as set forth in said statement, or if the different component parts of the plant are modern and in first class operating condition, and in reality represent, at the present time, values equal to the first cost as stated by the Company.

I wish also to say that it is not because the Telephone Company has in any way made it impossible for such a complete examination of their present equipment to be made, but rather that in the short time available and under the conditions prevailing in connection with the investigation by your Committee, it has been impossible to make an examination and prepare a complete statement showing the present value of the telephone system in San Francisco.

Earnings and Expenses.

From the statement of earnings and expenses for the year 1907, set forth on page 3, of the above mentioned statement of the Company to the Board of Supervisors, the net revenue for the year is given as \$156,272.34. In obtain-

ing this net revenue, however, interest amounting to \$114,779.66 is, in effect, included in the expenses of operation.

Reference to page 153, volume IV. of the Proceedings held before the Board of Supervisors, the testimony of Mr. E. C. Bradley shows that this interest is in fact interest paid during the year 1907 upon the bonded and floating debt of the Company, properly chargeable to the system in use in San Francisco. Manifestly such an interest expense cannot under any circumstances be properly chargeable to the cost of operation of the system, and should be added to the net revenue as given in the Company's statement, in order to give the true net revenue of the Company as a result of the year's business in San Francisco.

The proper net revenue for the year is, therefore, \$271,052.00, which is obtained by adding the interest expenses to the net revenue as given in the Company's statement. The true net revenue, therefore, for the year 1907 is 4.38% upon the total investment in San Francisco, which is taken as \$6,178,792.

As is well known, conditions during the greater part of the year were very unfavorable to the Company. A large portion of the system was not in use, and in addition the earnings of the Company were materially reduced as a result of strikes of its employees.

It is manifestly impossible to use the earnings and expenses for the year 1907 to determine what would be just and equitable rates for the year ending June 30th, 1909. This will be at once appreciated by comparing the revenue

and expenses of operation during the early months of 1907 and the later months of the same year.

The revenue for the month of January was \$119,694.69, while for December it was \$159,493.99, an increase of \$39,799.30, or the revenue for December was 30.7% greater than the revenue for January. For the same months the expenses of operation, not including interest, were \$110,549.52 for January, and \$119,347.33 for December, an increase of only \$8,797.81, or

the expenses of operation for December were only 7.9% greater than the corresponding expenses for January.

In order further to show that the revenue and expenses for the year 1907 cannot be used as a basis for fixing the rates for the year beginning July 1st, 1908, and ending June 30th, 1909, the following table is given from the Company's statement of revenue, expenses not including interest, and net revenue for each month of the year 1907:

Month.	Revenue.	Expenses.	Net Revenue.
January	\$119,694.69	\$110,549.52	\$ 9,145.17
February	121,578.07	110,679.89	10,898.18
March	126,708.04	112,070.38	14,637.66
April	147,503.79	114,511.15	32,992.64
May	126,230.62	100,306.54	25,924.08
June	118,471.72	107,661.71	10,810.01
July	116,286.43	111,630.03	4,656.40
August	123,562.92	107,649.25	15,913.67
September	136,835.47	105,707.31	31,128.16
October	152,408.57	114,350.37	38,058.20
November	153,971.00	117,229.83	36,741.17
December	159,493.99	119,347.33	40,146.66
Totals	\$1,602,745.31	\$1,331,693.31	\$271,052.00

The revenue for the months of May, June, July, August and September is much less than would have been the case had no strikes of the Company's employees taken place, and the effect upon the net revenue for the year is forcibly shown by the reduced net revenue, especially for June, July and August.

Finally, an examination of the following table compiled from the figures submitted to your Committee by the Telephone Company shows that 23,038 telephones were in use on January 1, 1907, and that this number was increased to 35,270 on January 1, 1908, or 12,232 new telephones were installed during the year, or an increase from January 1st to December 31st, 1907, of 52.1%.

There can be no question that the investment in the system, as well as the revenue and expenses for the year 1907, during which the number of telephones in service was increased more than 50%, cannot be made use of in order

to determine the rates for the year ending June 30, 1909.

It is to be regretted that data relative to the revenue and expenses for some normal year, or number of years, is not available, since data of this kind would be immensely valuable in determining rates which would yield a just return to the Company, and at the same time not be excessive to the telephone users. This data, however, not being available, and the year 1907 having unquestionably been unusual in so many respects that the record for the year as a whole is of little value as a criterion for succeeding years, the only reasonable method which may be used to determine whether or not the existing rates are fair to both the public and the Company is to compare them with the rates charged in other cities, taking into consideration all differences in conditions which may exist in other cities as compared with San Francisco.

Existing Rates.

The existing rates for the different classes of service furnished in the City and County of San Francisco by the Pacific Telephone and Telegraph Company are given on the printed statement of the Company submitted herewith. (Page 10.)

The table on page 4 of the statement of the Company to the Board of Supervisors affords an opportunity for investigation which has been very carefully carried out in order to determine the actual cost of telephone service to the various classes of subscribers, *i. e.*, the cost per message which is unques-

tionably the fundamental point which should be considered in any comparison of rates wherever it is practicable to make such a comparison.

The following table has been prepared from the data given on page 4 of the Company's statement to the

Board of Supervisors, and gives the average revenue to the Company per station, and per message, obtained from the different classes of subscribers, including Business, Residence, Direct and Party Line Telephones, as well as Private Exchanges.

Proposed Rates.

As a result of a careful investigation of the rates for telephone service in six of the largest cities in the United States, the existing rates in San Francisco have been found to be higher than they should be in a city of the character and size of San Francisco, taking into consideration the magnitude and cost of plant, number of telephones in use, and cost of operation of the system of the Pacific Telephone and Telegraph Company.

In arriving at this conclusion the testimony of Mr. E. C. Bradley of the Telephone Company, that the cost of telephone service per message is greater in large cities with a large number of exchanges than in smaller cities with a less number of exchanges, has been given consideration, and also that as an actual fact the higher wages paid in San Francisco do not increase the cost of operation more than 5% above what the cost would be if the Chicago wage scale were in force here.

The following rates for telephone

service for the year July 1st, 1908, to adoption by the Board of Supervisors June 30th, 1909, are recommended for of San Francisco:

It is also recommended that the following additional requirements be included in the general scheme of rates for telephone service:

1st. That the Telephone Company shall at least four times each year furnish, free of charge, to each of its subscribers a complete directory of all its subscribers in San Francisco, and an additional copy of the directory for each extension telephone.

2nd. That the Telephone Company shall include and list in the directory one name, free of charge, for each telephone, and also one additional name, free of charge, for each extension telephone, when requested so to do by a subscriber, and further names in excess of those indicated above are to be

charged for at a rate of not more than 25¢ per month for each name.

3rd. A charge of not more than 5¢ per switch is to be collected by the Telephone Company for the use of a public telephone when the Company manages and operates such public telephone station.

Estimated Investment, Earnings and Expenses.

In order to approximate the investment, earnings and expenses of the Telephone Company for the year from July 1st, 1908, to June 30th, 1909, it is first necessary to determine as nearly as possible the probable number of telephones in use during this time. It is assumed that the number of telephones in use on January 1st, 1909, will very closely represent the average for the year. Mr. W. H. Phillips of the Telephone Company stated in his testimony before the Board of Supervisors, as contained in the records of the proceedings, page 203, vol. VI, that at the present time the number of new telephones installed per month is between 500 and 700, and also that the Company estimates that at the end of the year 1908 there will be installed between 40,000 and 42,000 telephones, as against the 35,270 as of January 1st, 1908.

For the purposes of this report, therefore, it is estimated that the increase in telephones installed during the year 1908 will be approximately 20%, or 7,000 new telephones, making a total of about 42,000 stations on January 1st, 1909.

During the year 1907 the monthly revenue of the Company increased 30.7% as a result of increasing the number of telephone stations 52.1%, while the corresponding increase in expenses of operation was only 7.9%.

For the year from July 1st, 1908, to June 30th, 1909, it is estimated that

the 20% increase in the number of telephones will result in increasing the revenue but 10%, and will cause an additional expense of operation of approximately 7%. There is every reason to believe from the evidence submitted by the Company that there will be a greater increase in the number of telephones installed, as well as the probable revenue during the year from July 1st, 1908, to June 30th, 1909, than the estimates given above, and also it is probable that the estimated increased cost of operation as heretofore indicated is greater than will actually result on account of the increase either in the number of telephones in service or the revenue resulting therefrom.

If 7,000 telephones are added during the year 1908 the investment of the Company would necessarily be increased. Mr. E. C. Bradley stated in his testimony before the Supervisors, as recorded on page 199, Vol. VI, that if the number of telephones were materially increased it would necessitate the building of a new exchange, probably in the Richmond District.

The increased investment, therefore, as given below includes such a new exchange, and in addition an allowance for 7,000 new sub-stations, costing approximately \$12.00 each, as is shown by the Company's detailed cost of equipment, wherein \$421,627 is given as the cost of 35,156 substations.

On the other hand, from data furnished by the Company the following table shows the capacity of each exchange at the present time, and also the cost of the equipment:

Exchange.	Subscribers Lines.	Trunk Lines.	Cost.
Bush	24800	4000	\$424,796.20
Market	20800	3200	231,322.80
West	11600	1600	240,128.85
Franklin	10800	1200	158,507.25
Park	10800	1200	21,256.80
Butchertown	600	200	861.70
	79400	11400	\$1,076,873.60

The additional investment required for 7000 new telephones it is estimated will cost approximately as follows:

New Exchange Building and Real Estate.....	\$ 40,000
Exchange Equipment for same.....	160,000
New Substations, 7000 @ \$12 each.....	84,000
Additional Pole Lines, Aerial Cable and wire and underground conduit and cable	66,000
Total	\$350,000

The investment, therefore, as of Jan. 1st, 1908, of \$6,178,192, will, it is estimated, be increased by the addition of 7,000 new telephones, approximately \$350,000, or make a total investment as of Jan. 1st, 1909, of \$6,528,792.

In order to yield to the Company a proper return upon the above investment, the yearly net revenue must be \$391,727.52, which is at the rate of 6% per annum.

The following table has been pre-

pared in order to show the monthly revenue resulting from the different classes of telephone service as estimated for the year from July 1st, 1908, to June 30th, 1909, with the existing rates in force and also with the proposed reduced rates. As is set forth above, the increase in revenue and expenses of operation are estimated to be an average of 10% and 7% respectively, for each class of service resulting from an increase of 20% in the total number of telephones.

The above net revenue of \$423,995.72 is sufficient to yield upon the estimated investment \$6,528,792.00, a return at the rate of 6.5%, or will leave a surplus, after paying 6% upon the above investment, of \$32,268.20.

Conclusion.

The proposed reduction in existing rates for the year July 1, 1908, to June 30, 1909, it will be seen, decreases the net revenue of the Company approximately \$17,100 per month for \$205,200 per year. As compared with the total revenue which would result with the present rates in force, the proposed reduced rates will cause a decrease of practically 10%, or in other words, it may be said that in general the present rates for telephone service in San Francisco will be reduced 10%.

However, of the five general classes of telephone service in force at the present time, namely, Business Measured, Business Prepayment, Residence Unlimited, Residence Prepayment and Private Exchange, only the first three and the last are reduced, as a reduction in rates is made only in those classes of service where it has been found by careful analysis that the cost per message with existing rates in San Francisco is materially larger than seems reasonable considering the class of service and number of messages per telephone per month.

In addition, the comparison between the rates proposed for San Francisco and those now existing in other cities, for the same classes of service, have also of necessity been considered in determining the proposed reduced rates.

Finally, it should be said that the information which has been placed at the disposal of your Committee by the Pacific Telephone and Telegraph Company in connection with the items of investment, revenue and expenses, is confined entirely to the year 1907, and nothing has been given your Committee by the Company which pertains to conditions of plant and operation during a reasonably normal period prior to April, 1906.

Notwithstanding this fact, the rates proposed above are based entirely upon a conservative and careful analysis of telephone practice in similar cities of the United States, and with the information available from San Francisco, since the fire, it has been possible, with a reasonable degree of certainty, to arrive at a modified system of rates which will, without question, give a satisfactory return upon

the investment in the telephone system.

Respectfully submitted,

C. L. CORY.

Bill Fixing and Determining Telephone Rates for Year Commencing July 1, 1908, and Ending June 30, 1909, Submitted by the Telephone Rates Committee to the Board of Supervisors of the City and County of San Francisco, May 12, 1908.

Fixing and determining the maximum rates or compensation to be collected for telephonic service in the City and County of San Francisco for the year commencing July 1, 1908, and ending June 30, 1909, and prescribing the quality of said telephonic service during said year.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The maximum rates or compensation to be collected by any person, company or corporation for telephonic service supplied to the City and County of San Francisco, or to the inhabitants thereof, for the year commencing July 1, 1908, and ending June 30, 1909, shall be as follows:

Business or Professional Service With Coin Collecting Attachment.

The following maximum charges shall be made for business or professional measured service with coin or token collecting attachment:

For a single party line telephone, business or professional, including 60 exchange switches, \$5.50 per month, and for all exchange switches in excess of the number included in this rate, a sum not to exceed 5 cents each.

For a two party line telephone, business or professional, including 60 exchange switches, \$4.50 per month, and for all exchange switches in excess of the number included in this rate, a sum not to exceed 5 cents each.

For a two party line telephone, business or professional, including 4 exchange switches per day, 20 cents per day, and for all exchange switches in excess of the number included in this rate, a sum not to exceed 5 cents each.

For a four party line telephone, business or professional, including 2 exchange switches per day, 10 cents per day, and for all exchange switches in excess of the number included in this rate, a sum not to exceed 5 cents each.

For a four party line telephone, business or professional, \$1.00 per month, and for each exchange switch a sum not to exceed 5 cents.

Extension Telephones.

For each extension telephone on a business or professional line the maximum charge shall be a sum not to exceed 50 cents per month.

Private Branch Exchange and Extension Service.

The following charges shall be made for private branch exchanges and for extension telephones connected with said exchanges and equipped and installed.

Monthly Rental Rates—For each switchboard and operator telephone, a sum not to exceed \$5.00 per month.

For each trunk line connecting a private exchange with the telephone company exchange, a sum not to exceed \$2.50 per month.

For each additional telephone connected with a private exchange and installed in the same premises (except in hotels) a sum not to exceed 50 cents per month.

For each additional telephone in-

stalled in hotels and connected with a private exchange therein, a sum not to exceed 25 cents per month.

Monthly Switching Rates—For exchange switching over trunk lines of private branch exchanges, a sum not to exceed 2½ cents per month for the first one thousand exchange switches, or less, made in any one month; for the second and third thousand exchange switches, or less, made in any one month, a sum not to exceed 2 cents per switch; and for all exchange switches in excess of three thousand made in any one month, a sum not to exceed 1½ cents per switch.

Public Telephone Service.

The charge for a single exchange switch from any telephone located in the City and County shall not exceed 5 cents and all persons, companies or corporations engaged in the business of supplying telephonic service in the City and County are hereby expressly forbidden to authorize or permit any of their lessees, subscribers or patrons to charge any person more than the rate above prescribed.

RESIDENCE RATES.

Unlimited Exchange Switching.

The following maximum charges shall be made for residence flat rate service:

For a single party line residence telephone, including unlimited exchange switching, \$4.00 per month.

For a two-party line residence telephone, including unlimited exchange switching, \$3.50 per month.

For a four-party line residence telephone, including unlimited exchange switching, \$2.50 per month.

Residence Service With Coin Collecting Attachment.

The following maximum charges shall be made for residence measured service with coin or token collecting attachment:

For a two-party line residence telephone, including 2 exchange switches per day, 10 cents per day, and for all exchange switches in excess of the number included in this rate, a sum not to exceed 5 cents each.

For a four-party line residence telephone, including one exchange switch per day, 5 cents per day, and for all exchange switches in excess of the number included in this rate, a sum not to exceed 5 cents each.

Extension Telephones.

For each extension telephone on a residence telephone line the maximum charge shall be a sum not to exceed 50 cents per month.

Names in Telephone Directory.

Any person, company or corporation supplying telephonic service in this City and County shall at least four times a

year furnish free of charge, to each subscriber, a complete directory of all subscribers in San Francisco, and an additional copy of said directory for each extension telephone; provided, however, that for every name listed in said directory under the telephone number of a subscriber, in excess of the number of main and extension telephones installed on the premises of the subscriber, a sum not to exceed 25 cents per month for each such name shall be charged.

Private Lines.

The following maximum charges shall be made for private telephones and lines not connected with a telephone exchange:

For private line telephones, a sum not to exceed 50 cents per month each.

For private lines, a sum not to exceed \$2.50 per mile per month.

Quality of Service.

Section 2. The term "Telephone" as used in this Ordinance is hereby defined to mean both a transmitter and a receiver. It shall be optional with the person demanding telephonic service to elect to take or use either portable or stationary telephonic apparatus and it shall be the duty of the person, company or corporation supplying telephonic service in the City and County to furnish such apparatus without additional cost, except as in this Ordinance provided.

The term "Exchange Switch," as used in this Ordinance, is hereby defined to mean an availing call, that is to say, a call whereby an outgoing conversation or message is transmitted from one telephone station within the City and County and received at another telephone station within the City and County.

No switching charge shall be made for an unavailing call, and when a nickel or token is deposited in the coin collecting attachment for an unavailing call the same shall be returned to the person by whom it was deposited. Single conversations on party lines shall not exceed five minutes.

Any person, company or corporation engaged in the business of supplying telephonic service in the City and County, shall upon demand furnish within twenty days telephonic service of the classes or kinds specified in this Ordinance, without discrimination, qualification or restriction as to employees of subscribers, or otherwise, at the same rates to all persons, companies or corporations who shall elect to take or use any of such classes or kinds of service.

Upon demand of any person, company or corporation using business or professional measured telephonic service (excepting prepayment service) every person, company or corporation supplying telephonic service within the City and County shall install and maintain in

connection with each such measured service line, a meter which shall prove effective in actual use for accurately and correctly recording the number of outgoing messages or conversations over said line, and said meter shall be subject to inspection at all reasonable times by the subscriber upon whose line the same is installed.

Section 3. Any person, company or corporation, or any officer or agent of any person, company or corporation, violating any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding five hundred (\$500.00) dollars, or by imprisonment not exceeding six (6) months, or by both such fine and imprisonment, and such person, company or corporation, or officer or agent of any such person, company or corporation shall be guilty of a separate offense for every day that such violation shall continue, and shall be subject to the penalty imposed by this section for each and every such separate offense.

Section 4. This Ordinance shall take effect and be in force from and after July 1, 1908.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Adopted.

The following Resolution was introduced under suspension of the rules and adopted:

On motion of Supervisor Broderick: Resolution No. 2289 (New Series), as follows:

Resolved, That his Honor the Mayor be and he is hereby requested to return to this office Resolution No. 2252 (New Series) passed May 4, 1908, granting permission to George E. McHugh to explode blasts in block bounded by Stanyan, Shrader, Hayes and Grove streets.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Giannini, Jennings, Johnston, McAllister, McLeran, Murdoch, Murphy, Payot, Pollok, Rixford—14.

BOND ISSUE, MAY 11, 1908.

The following Resolutions were introduced under suspension of the rules and adopted by the following vote:

Board of Public Works, Prepare Estimates of Work to Be Performed in Fiscal Year 1908-9, Under Bond Issue of May 11, 1908, and Providing for Preparation of Specifications for Printing Said Bonds.

On motion of Supervisor Giannini: Resolution No. 2290 (New Series), as follows:

Whereas, At the Special Bond Election held May 11, 1908, all the propositions submitted thereat for the incurring of a bonded indebtedness by the City and County of San Francisco, were overwhelmingly endorsed and ratified by the electors, and

Whereas, It is essential that this Board of Supervisors should at once proceed to keep its promises to the effect that the improvements contemplated by said bond issue be made without delay and as preliminary thereto for this Board to ascertain the amount of bonds to be immediately sold and to make provision for the payment of interest thereon, therefore be it

Resolved, By the Board of Supervisors, that the Board of Public Works be and it is hereby directed to forthwith transmit to this Board an itemized statement showing:

1. The estimated amount of money that can advantageously be expended during the fiscal year of 1908-9 for each of the projects embraced in the authorized bond issue.

2. The amount of money required for contracts that can be awarded within the ensuing six months for the construction of the works for which bonds have been authorized; also

Resolved, That the Committee on Public Utilities be and it is hereby directed to prepare specifications for printing the bonds necessary to be used in said authorized bond issue, and the Clerk of this Board is hereby directed to give notice that bids for such printing will be received on June 15, 1908.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Giannini, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—14.

Expressing Appreciation of the Efforts of the Press and Various Civic and Labor Organizations in Advocating and Promoting Bond Issue.

Also, Resolution No. 2291 (New Series), as follows:

Whereas, The people of the City and County of San Francisco, by an overwhelming majority, have authorized the incurring of a municipal bonded indebtedness to the amount of \$18,200,000 for an auxiliary water system for fire protection, for a sewer system, for school houses and lands, for hospitals, for Hall of Justice and County Jail, and for a garbage disposal plant; and

Whereas, This unanimous expression of public sentiment in favor of the bond issue was primarily due to the untiring efforts of a united press, acting in accord with the various civic and labor organizations and improvement clubs of the city, and the special

campaign committee selected from said organizations; now therefore

Resolved, That this Board does hereby express its sincere appreciation of the earnest efforts of the press and of all concerned in advocating and promoting the bond issue and particularly in the polling of such a large and flattering vote in favor of the same.

Resolved further, That the Public Utilities Committee of this Board be and is hereby directed to transmit a copy of this Resolution to all who aided so actively in securing the adoption of such measures tending to the construction of public improvements so necessary for this city's material rehabilitation.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Giannini, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—14.

Fixing Monday, May 20, 1908, at 8 p. m., for Public Hearing on Budget of 1908-9.

On motion of Supervisor Jennings:

Resolution No. 2292 (New Series), as follows:

Resolved, That in accordance with Section 3, Chapter 1, Article III of the Charter, a public hearing is hereby fixed for Wednesday, May 20, 1908, at the hour of 8 p. m., to enable the taxpayers of the City and County of San Francisco to appear before the Board of Supervisors before said Board finally determined the Budget of municipal expenditures for the fiscal year 1908-9.

The Clerk of this Board is hereby directed to notify all petitioners for appropriations in said Budget and the heads of all offices and departments of the City and County of San Francisco of the time and place of said hearing and also to cause a notice thereof to be published in the daily newspapers.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Giannini, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—14.

Referred.

Supervisor McLeran introduced the following:

Requesting Board of Public Works to Adopt Policy of Calling for Competitive Plans for Construction of School Buildings.

Whereas, The electors of the City and County of San Francisco at the election held May 11, 1908, authorized the incurring of a bonded indebtedness for the construction of school buildings, hospital buildings and Hall of Justice and County Jail, and

Whereas, Plans and specifications of said buildings proposed to be constructed should be prepared at once in order that bids may be called for them; now therefore

Resolved, That the sense of this Board is that competitive plans for the aforesaid buildings be prepared by local architects and the Board of Public Works is hereby requested to adopt and formulate such a policy.

Ordered referred to the Public Utilities Committee.

Adopted.

The following Resolution was introduced under suspension of the rules and *adopted*:

Requesting Congress to Promote Robley D. Evans to Position of Vice Admiral.

On motion of Supervisor Pollok:

Resolution No. 2293 (New Series), as follows:

Resolved, That it is the sense of this Board that Rear Admiral Robley D. Evans should be promoted to be, and this Board hereby requests the Congress of the United States to promote him to be a Vice-Admiral.

Resolved, That copies of this Resolution be sent by the Mayor to all the members of Congress of this State.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Giannini, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—14.

Accepting Agreement of Parkside Transit Company, Relinquishing Franchise on Nineteenth Avenue.

On motion of Supervisor Giannini: Resolution No. 2296 (New Series), as follows:

Whereas, The Parkside Transit Company, in consideration of the final passage by the Board of Supervisors of the City and County of San Francisco and approval by the Mayor of Bill No. 405, Ordinance No. 425 (New Series), entitled, "Granting to Parkside Transit Company a franchise for a right of way and the right to construct, maintain and operate a single or double track railroad, together with all necessary branches, sidetracks, turnouts, switches, curves, crossings, spur tracks, yard tracks, depot and terminal tracks and facilities upon, along and across certain streets, avenues, alleys, places and properties in the City and County of San Francisco," filed on May 4, 1908, the following certified agreement relinquishing that certain franchise heretofore granted to said Company by Ordinance No. 288 (New Series) for a street railway along and upon Nineteenth avenue from H to W streets:

"San Francisco, Cal., May 4th, 1908.

"To the Honorable the Mayor and Board of Supervisors of the City and County of San Francisco—Gentlemen: In compliance with those certain agreements dated September 20th, 1907,

and October 14th, 1907, respectively, supplemental to that certain Ordinance No. 288 (New Series), 'Granting to Parkside Transit Company, a railroad corporation, a franchise for a right of way, and the right to construct, maintain and operate a single or double track railroad, together with all necessary branches, side tracks, turn outs, switches, curves, crossings, depot and terminal tracks, and facilities, along, over, under and across certain streets in the City and County of San Francisco,' which said supplemental agreements contain the stipulation 'that the Parkside Transit Company does hereby bind itself in the event of the final granting of said franchise in its present form and over its present route, to lawfully relinquish and abandon so much of the present route thereof as extends from H street along 19th avenue to W street, upon the final granting to the Parkside Transit Company within the period of six months from date hereof of a franchise to construct, maintain and operate a single or double track electric street railway of standard gauge along and upon Twentieth avenue from H street to W street, and along and upon W street from Twentieth avenue to Nineteenth avenue,' which said stipulations were accepted by your Honorable Board by Resolution No. 1444 (New Series) adopted October 14, 1907, and in compliance with said stipulations said Ordinance No. 288 (New Series), making said grant, having been so passed on the 14th day of October, 1907, and subsequently approved by His Honor, the Mayor, the Parkside Transit Company, through its President and Secretary thereunto duly authorized by resolution of its Board of Directors, a certified copy of which said resolution is herewith attached, does hereby relinquish and abandon that portion of the franchise and right of way heretofore granted to it by said Ordinance No. 288 (New Series) which grants to Parkside Transit Company the right of way and right to construct, erect, maintain and operate a street railway along and upon Nineteenth avenue from its intersection with H street to its intersection with W street, said relinquishment and abandonment being made in accordance with said stipulations and agreements, and not otherwise, and in consideration of the final passage and approval of Bill No. 405, Ordinance No. 425, 'Granting Parkside Transit Company a franchise for a right of way and the right to construct, maintain and operate a single or double track railroad, together with all necessary branches, side tracks, turn outs, switches, curves, crossings, spur tracks, yard tracks, depot and terminal tracks and facilities upon, along and across certain streets, avenues, alleys, places and properties in the City and County of San Francisco,' said grant of said franchise and right of way so granted by said Bill

No. 405, Ordinance No. 425, being accepted by Parkside Transit Company in lieu of, and substitution for, that portion of the franchise and right of way granted by said Ordinance No. 288 (New Series) which is hereby relinquished and abandoned, provided, always, the said relinquishment and abandonment of said portion of said franchise and right of way shall not be construed as a relinquishment or abandonment of, or so as to impair, any of the rights secured to Parkside Transit Company by said Ordinance No. 288 (New Series) to construct, maintain and operate a street railway over and along the remaining portions of the routes therein set forth and defined.

"Respectfully submitted,

"PARKSIDE TRANSIT COMPANY,

"By J. E. GREEN, President.

"G. A. NICHOLLS, Secretary."

"Resolution passed at meeting of Board of Directors of Parkside Transit Company.

"San Francisco, Cal., May 4th, 1908.

"This is to certify that at a meeting of the Board of Directors of Parkside Transit Company of San Francisco, regularly convened and held on the 4th day of May, 1908, a quorum being present, the following resolution was unanimously adopted:

"Resolved, That the President and Secretary of the Parkside Transit Company be, and they are, hereby authorized and empowered, on behalf of this Company, to relinquish and abandon and to signify the relinquishment and abandonment to the Mayor and Board of Supervisors of the City and County of San Francisco, of that portion of the franchise and right of way heretofore granted this Company by Ordinance No. 288 (New Series), to construct, maintain and operate a street railroad over and along and upon certain streets in the City and County of San Francisco, which provides for the construction, maintenance and operation of such railroad over and along and upon Nineteenth avenue from 'H' street to 'W' street, such relinquishment and abandonment to be made in accordance with the stipulations of those certain supplemental agreements dated September 20th, 1907, and October 14th, 1907, respectively, and supplemental to Ordinance No. 288 (New Series), provided always, such relinquishment and abandonment shall not be construed as a relinquishment or abandonment of, or so as to impair, any of the rights secured by said Ordinance to this Company, to construct, maintain or operate such railway over and along the remaining portions of the routes therein set forth and defined.

"And I, George A. Nicholls, Secretary of Parkside Transit Company, a corporation, do hereby certify that the foregoing is a full, true and correct copy of said resolution so passed and

adopted by said Board of Directors as aforesaid.

"In witness whereof, I have heretofore set my hand and affixed the corporate seal of this corporation this 4th day of May, 1908."

"G. A. NICHOLLS.

"Secretary Parkside Transit Company of San Francisco."

Now therefore

Resolved, That said agreement wherein and whereby the Parkside Transit Company abandons and relinquishes the franchise heretofore granted to said Company by Ordinance No. 288 (New Series), to construct, maintain and operate a single or double track electric street railway of standard gauge along and upon Nineteenth avenue from H to W street, be and the same is hereby accepted by the Board of Supervisors of the City and County of San Francisco.

RELATIVE TO GRANT BY FEDERAL GOVERNMENT OF RESERVOIR SITES AT LAKE ELEANOR AND HETCH HETCHY VALLEY.

On motion of Supervisor Giannini, City Engineer Marden Manson was granted the privilege of the floor and addressed the Board at length, reporting the success of his efforts at Washington to secure for the City and County reservoir sites and water rights and privileges at Lake Eleanor and Hetch Hetchy Valley. He stated that the most serious obstacle to the grant was the claim of the Irrigation districts to the use of the storage waters during dry seasons. The settlement of this matter was entirely favorable to the City, by whom the excess storage waters may be sold to the irrigation districts at prices based on the cost of storage plus sinking fund charges.

Mr. Manson filed with the Board the following copies of his letter to Secretary Garfield applying for a renewal of the City's application for the privileges desired, and the letter of the Secretary to the Commissioner of the General Land Office granting the application, together with blue print maps of the districts involved, the originals of which are on file in the office of the Secretary of the Interior Department, Washington, D. C.:

Petition of Marsden Manson, City Engineer of San Francisco, on behalf of the City and County of San Francisco to the Secretary of the Interior Department, Washington, D. C., to re-open the matter of the Application of Jas. D. Phelan, for reservoir rights of way in the Hetch Hetchy Valley and Lake Eleanor sites in the Yosemite National Park.

Washington, D. C., May 7, 1908.

The Honorable Secretary of the Interior.

Sir:

On behalf of the City and County of San Francisco, I respectfully petition

you to exercise your supervisory authority, and reopen the matter of the application of James D. Phelan for reservoir rights of way in the Hetch Hetchy Valley and Lake Eleanor sites in the Yosemite National Park. This application was made October 15, 1901, by James D. Phelan then mayor in conjunction with an effort that was being made to secure an adequate and pure supply of water for the City and County of San Francisco, and was assigned to said City and County February 20, 1903, in order to carry out the original intent in making the application and that the city might be of record as the successor to any rights that may have been gained by the application. Subsequently, on December 22, 1903, the application was rejected on the ground that the Secretary of the Interior did not have power to allow such right of way within the Yosemite National Park. Thereafter I, as the representative of the said city and county came to Washington and asked for a re-consideration of the matter. This re-consideration was granted in the form of a request for an opinion from the Attorney-General concerning the Secretary's contention that he did not have the power. The Attorney-General held that the Secretary of the Interior had full power, and that it was merely a matter of administrative judgment as to whether the application for rights of way should or should not be granted.

I was of the opinion that the steps taken by the City and County of San Francisco, through me, to have this matter re-considered was a formal action which kept the application alive, but it seems that according to the technical and strict interpretation of the rules of practice of the Department of the Interior, that my supposition was incorrect and that the maps of location were formally rejected and returned to the City and County, where they remained and were destroyed by fire following the earthquake in April, 1906. I learned recently that the case was technically closed, but I find that the practice of your department will permit, through the exercise of supervisory authority, the curing of a technical action made final through mistake of an applicant, especially when great public interests and equities are involved.

I caused exact retracements of certified copies of the original maps of location to be made and Mr. Phelan filed them in your department in 1907. As the City Engineer, directly in charge of these matters, I have certified that they are exact reproductions made under my personal direction of the original maps of location. I, therefore, ask that you treat them as though they were originals, and in view of all the circumstances mentioned above, the

great needs of the city of San Francisco for an adequate and pure water supply, and the fact that I have been authorized to act for the city in this matter by a resolution of the Board of Supervisors (a certified copy of which resolution I will obtain from San Francisco at the earliest practicable moment and file with this petition), urge that you treat the application of James D. Phelan, afterwards assigned to the city of San Francisco, as though it had never technically lapsed.

As the Engineer of the city, I have gathered from years of careful and scientific study of the sites themselves, information concerning the capacity of the sites applied for, and the tributary drainage areas, and I am confident that the city could not afford to develop the Lake Eleanor site alone without every assurance possible to be given by the government that the Hetch Hetchy site will be available as soon as the needs of the city exceed the Lake Eleanor storage capacity. For that reason I urge that the right to use both sites be now granted in order that the city may proceed in its work with a degree of security.

If the application for both reservoir sites is granted, I offer and agree on behalf of the city, that its application for the two reservoir sites may be approved upon the basis of the following conditions which will be furnished if you desire, in the form of a stipulation, approved by resolution of the Board of Supervisors, and duly executed under the seal of the city of San Francisco.

The city and county of San Francisco will agree to the following stipulations:

1. The City of San Francisco practically owns all the patented land in the floor of the Hetch Hetchy reservoir site and sufficient adjacent areas in the Yosemite National Park and the Sierra National Forest to equal the remainder of that reservoir area. The city will surrender to the United States equivalent areas outside of the reservoir sites and within the National Park and adjacent reserves in exchange for the remaining land in the reservoir sites, for which authority from Congress will be obtained if necessary.

2. The City and County of San Francisco distinctly understands and agrees that all the rules and regulations for the government of the Park, now or hereafter in force, shall be applicable to its holdings within the Park and that except to the extent that the necessary use of its holdings for the exclusive purpose of storing and protecting water for the uses herein specified will be interfered with, the public may have the full enjoyment thereof, under regulations fixed by the Secretary of the Interior.

3. The City and County of San

Francisco will develop the Lake Eleanor site to its full capacity before beginning the development of the Hetch Hetchy site, and the development of the latter will be begun only when the needs of the City and County of San Francisco and adjacent cities, which may join with it in obtaining a common water supply, may require such further development: As the drainage area tributary to Lake Eleanor will not yield, under the conditions herein imposed, sufficient run off in dry years to replenish the reservoir, a diverting dam and canal from Cherry Creek to Lake Eleanor reservoir for the conduct of waste flood or extra-seasonal waters to said reservoir, is essential for the development of the site to its full capacity, and will be constructed if permission is given by the Secretary of the Interior.

4. The City and County of San Francisco, and any other city or cities which may, with the approval of the municipal authorities, join with said City and County of San Francisco in obtaining a common water supply, will not interfere in the slightest particular with the right of the Modesto Irrigation District and the Turlock Irrigation District to use the natural flow of the Tuolumne River and its branches to the full extent of their claims, as follows: Turlock Irrigation District, 1500 second feet; Modesto Irrigation District, 850 second feet; these districts having respectively appropriated the foregoing amounts of water under the laws of the State of California.

To the end that these rights may be fully protected, San Francisco will stipulate not to store nor cause to be stored, divert, nor cause to be diverted from the Tuolumne River or any of its branches, any of the natural flow of said river when desired for use by said districts, for any beneficial purpose, unless this natural flow of the river and tributaries above La Grange dam be in excess of the actual capacities of the canals of said districts, even when they shall have been brought up to the full volumes named, 1500 second feet for the Turlock Irrigation District and 850 second feet for the Modesto Irrigation District.

5. The City and County of San Francisco will in no way interfere with the storage of flood waters, in sites other than Hetch Hetchy and Lake Eleanor by the Modesto and Turlock Irrigation Districts or either of said districts for use in said districts, and will return to the Tuolumne River above the La Grange dam, for the use of said Irrigation Districts, all surplus or waste flow of the river which may be used for power.

6. The City of San Francisco will upon request sell to said Modesto and Turlock Irrigation Districts for the use

of any land owner or owners therein for pumping sub-surface water for drainage or irrigation any excess of electric power which may be generated such as may not be used for the water supply herein provided and for the actual municipal purposes of the City and County of San Francisco, (which purposes shall not include sale to private persons nor to corporations,) at such price as will actually reimburse the said City and County for developing and transmitting the surplus electrical energy thus sold, the price in case of dispute to be fixed by the Secretary of the Interior; and no power plant shall be interposed on the line of flow except by the said City and County except for the purposes and under the limitations above set forth.

7. The City and County of San Francisco will agree that the Secretary of the Interior shall at his discretion, or when called upon by either the City or the Districts to do so, direct the apportionment and measurement of the water in accordance with the terms of the preceding clauses of this stipulation.

8. The City and County of San Francisco, when it begins the development of the Hetch Hetchy site, will undertake and vigorously prosecute to completion a dam at least 150 feet high, with a foundation capable of supporting the dam when built to its greatest economic and safe height, and whenever, in the opinion of the Engineer in charge of the reservoirs on behalf of said City and County and of the municipalities sharing in this supply, the volume of water on storage in the reservoirs herein applied for is in excess of the seasonal requirements of said municipalities, and that it is safe to do so, that such excess will be liberated at such times and in such amounts as said districts may designate, at a price to said districts not to exceed the proportionate cost of storage and sinking fund chargeable to the volumes thus liberated, the price in case of dispute to be fixed by the Secretary of the Interior; provided, that no prescriptive or other right shall ever inure or attach to said districts by user or otherwise to the water thus liberated.

9. The City and County of San Francisco will, within two years after the grant by the Secretary of the Interior of the rights hereby applied for, submit the question of said water supply to the vote of its citizens as required by its charter, and within three years thereafter, if such vote be affirmative will commence the actual construction of the Lake Eleanor dam and will carry the same to completion with all reasonable diligence, so that said reservoir may be completed within five years after the commencement

thereof, unless such times hereinbefore specified shall be extended by the Secretary of the Interior for cause shown by the City, or the construction delayed by litigation; and unless the construction of said reservoir is authorized by a vote of the said City and County and said work is commenced, carried on and completed within the times herein specified, all rights granted hereunder shall revert to the Government.

MARSDEN MANSON.

Filed with Board of Supervisors May 18, 1908, by Marsdon Manson, City Engineer.

Decision of the Secretary of the Interior Department, Washington, D. C., granting the City and County of San Francisco, subject to certain conditions, reservoir sites and rights of way at Lake Eleanor and Hetch Hetchy Valley in the Yosemite National Park.

Department of the Interior, Washington, May 11, 1908.

Water Supply, City of San Francisco—Application for Lake Eleanor and Hetch Hetchy Valley Reservoir Sites. Act of February 15, 1901.

The Commissioner of the General Land Office.

Sir:

October 15, 1901, James D. Phelan, then Mayor of the City of San Francisco, filed application for reservoir rights of way within the Yosemite National Park upon what are known as the Lake Eleanor and Hetch Hetchy Valley reservoir sites. This application was made under the act of February 15, 1901, and was in fact the application of the City made in the name of James D. Phelan to avoid the difficulties which beset a city if it must announce its business intentions to the public before securing options and rights necessary for its project. This is not disputed, and the fact is corroborated by his assigning to the City and County of San Francisco, on February 20, 1903, all his rights under the above application.

This application was considered by the Secretary of the Interior and, on December 22, 1903, rejected on the ground that he did not have the legal power to allow such a right of way within the Yosemite National Park. From that time to this the city has, with practical continuity, pressed its request for a permit to use these reservoir sites. The City failed, however, to take steps to reopen this case in the form prescribed by the Rules of Practice of this Department, and for that reason, technically had no application on file after December 22, 1903. On the other hand, the City's evident good faith and the strong evidence that it supposed its application was alive in the Department, is shown by the fact that at its request and solicitation the

question of the power of the Secretary of the Interior to grant the rights of way applied for was referred to the Attorney-General, who, on October 28, 1905, held definitely that the Secretary of the Interior had full discretionary power to grant rights of way for reservoir, irrigation, or hydro-electric purposes within the Park.

When the Secretary's decision of December 22, 1903, was made final, the maps of location for the two reservoir sites were returned to the City, and unfortunately were destroyed by the fire which followed the earthquake of 1906. Fortunately, however, exact tracings of these maps had been made by the City Engineer for use in court proceedings, and for that reason it has been possible to file exact reproductions of the original maps, certified by the City Engineer. When the attention of the City's representative was called to the fact that technically the City had no application before the Department, he, on May 7, 1908, formally filed a petition requesting the Secretary of the Interior to exercise his supervisory authority and reopen the matter of the application of James D. Phelan for the reservoir rights in question, thus treating it as though it had never lapsed. I have given the most careful consideration to this petition, and have decided that the facts mentioned above are ample grounds for exercising my supervisory power and therefore reinstate the application of James D. Phelan, assigned to the City, as though the case had been technically kept alive since December 22, 1903, by specific compliance with the Rules of Practice of the Department. To this end the tracings of the original maps of location as recertified by Marsden Manson, City Engineer, on April 22, 1908, will be accepted in lieu of the original and treated accordingly.

Congress, on February 15, 1901, provided specifically:

"The Secretary of the Interior * * * is authorized * * * to permit the use of rights of way through * * * the Yosemite, Sequoia and General Grant National Parks, California, for * * * water conduits and for water plants, dams, and reservoirs used to promote * * * the supply of water for domestic, public, or other beneficial uses * * * provided that such permits shall be allowed within or through any of said parks * * * only upon the approval of the chief officer of the Department, under whose supervision such park or reservation falls, and upon a finding by him that the same is not incompatible with the public interest."

By these words Congress has given power to the Secretary of the Interior to grant the rights applied for by the City of San Francisco, if he finds that the permit "is not incompatible with

the public interest." Therefore I need only consider the effect of granting the application upon "the public interest."

In construing the words of a statute, the evident and ordinary meaning should be taken, when such meaning is reasonable and not repugnant to the evident purpose of the law itself. On this broad principle the words "the public interest" should not be confined merely to the public interest in the Yosemite National Park for use as a park only, but rather the broader public interest which requires these reservoir sites to be utilized for the highest good to the greatest number of people. If Congress had intended to restrict the meaning to the mere interest of the public in the park as such, it surely would have used specific words to show that intent. At the time the act was passed there was no authority of law for the granting of privileges of this character in the Yosemite National Park. Congress recognized the interest of the public in the utilization of the great water resources of the Park and specifically gave power to the Secretary of the Interior to permit such use. The proviso was evidently added merely as a reminder that he should weigh well the public interest both in and out of the Park before making his decision.

The present water supply of the City of San Francisco is both inadequate and unsatisfactory. This fact has been known for a number of years and has led to a very extensive consideration of the various possible sources of supply. The search for water for the City has been prosecuted from two diametrically opposite points of view. On the one side, the water companies, interested in supplying the City with water for their own profit, have taken advantage of the long delay since it was first proposed to bring water from the Yosemite to San Francisco to look up and get control as far as they could, of the available sources in order to sell them to the City. On the other hand, both the National Government and the City of San Francisco have made careful study of the possible sources of supply for the City. Four or five years ago, the Hydrographic Branch of the Geological Survey, after a careful examination by engineers of character and ability, reached the conclusion that the Tuolumne River offered a desirable and available supply for the City. The same conclusion was reached by the engineers of the City of San Francisco after years of exhaustive investigation.

I appreciate keenly the interest of the public in preserving the natural wonders of the Park and am unwilling that the Hetch Hetchy Valley site should be developed until the needs of the City are greater than can be supplied from the Lake Eleanor site when

developed to its full capacity. Domestic use, however, especially for a municipal supply, is the highest use to which water and available storage basins therefor can be put. Recognizing this the City has expressed a willingness to regard the public interest in the Hetch Hetchy Valley and defer its use as long as possible.

The next great use of water and water resources is irrigation. There are in the San Joaquin Valley two large irrigation districts, the Turlock and Modesto, which have already appropriated under State law 2,350 second feet of the normal flow of water through Lake Eleanor and Hetch Hetchy. The representatives of these districts protested strongly against the granting of the permit to San Francisco, being fearful that the future complete development of these irrigation communities would be materially hampered by the City's use of water. After repeated conferences, however, with the representatives of these irrigation districts I believe their rights can be fully safeguarded, provided certain definite stipulations to protect the irrigators are entered into by the City. Fortunately, the City can agree to this, and the interest of the two users will not conflict. On the contrary, the City in developing its water supply will to a considerable extent help the irrigation districts in their further development.

The only other source of objection, except that from persons and corporations who have no rights to protect but merely the hope of financial gain if the application of the City is denied, comes from those who have a special interest in our National Parks from the standpoint of scenic effects, natural wonders, and health and pleasure resorts. I appreciate fully the feeling of these protestants and have considered their protests and arguments with great interest and sympathy. The use of these sites for reservoir purposes would interfere with the present condition of the Park, and that consideration should be weighed carefully against the great use which the City can make of the permit. I am convinced, however, that "the public interest" will be much better conserved by granting the permit. Hetch Hetchy Valley is great and beautiful in its natural and scenic effects. If it were also unique, sentiment for its preservation in an absolutely natural state would be far greater. In the mere vicinity, however, much more accessible to the public and more wonderful and beautiful, is the Yosemite Valley itself. Furthermore, the reservoir will not destroy Hetch Hetchy. It will scarcely affect the canyon walls. It will not reach the foot of the various falls which descend from the sides of the canyon. The prime change will be that, instead of a beautiful but somewhat

unusable "meadow" floor, the valley will be a lake of rare beauty.

As against this partial loss to the scenic effect of the Park, the advantages to the public from the change are many and great: The City of San Francisco and probably the other cities on San Francisco Bay would have one of the finest and purest water supplies in the world; the irrigable land in the Tuolumne and San Joaquin Valleys would be helped out by the use of the excess stored water and by using the electrical power not needed by the City for municipal purposes, to pump subterranean water for the irrigation of additional areas, the City would have a cheap and bountiful supply of electric energy for pumping its water supply and lighting the City and its municipal buildings; the public would have a highway at its disposal to reach this beautiful region of the Park heretofore practically inaccessible; this road would be built and maintained by the City without expense to the Government or the general public; the City has options on land held in private ownership within the Yosemite National Park, and would purchase this land and make it available to the public for camping purposes; the settlers and entryman who acquired this land naturally close the finest localities, and at present have power to exclude the public from the best camping places; and further the City in protecting its water supply would furnish to the public a patrol to save this part of the park from destructive and disfiguring forest fires.

The floor of the Hetch Hetchy Valley, part of which is owned privately and used as a cattle ranch, would become a lake bordered by vertical granite walls or steep banks of broken granite. Therefore, when the water is drawn very low it will leave few muddy edges exposed. This lake, however, would be practically full during the greater part of the tourist season in each year, and there would be practically no difficulty in making trails and roads for the use of the tourists around the edges of the Valley above high water mark. The City of San Francisco, through its regularly authorized representative, has, in order to protect the interests most directly involved, agreed to file with the Secretary of the Interior a stipulation approved by specific resolution of the Board of Supervisors and duly executed under the seal of the City of San Francisco, as follows:

"1. The City of San Francisco practically owns all the patented land in the floor of the Hetch Hetchy reservoir site and sufficient adjacent areas in the Yosemite National Park and the Sierra National Forest to equal the remainder of that reservoir area. The City will surrender to the United States equiva-

lent areas outside of the reservoir sites and within the National Park and adjacent reserves in exchange for the remaining land in the reservoir sites, for which authority from Congress will be obtained if necessary.

"2. The City and County of San Francisco distinctly understands and agrees that all the rules and regulations for the government of the Park, now or hereafter in force, shall be applicable to its holdings within the Park and that except to the extent that the necessary use of its holdings for the exclusive purpose of storing and protecting water for the uses herein specified will be interfered with, the public may have the full enjoyment thereof, under regulations fixed by the Secretary of the Interior.

"3. The City and County of San Francisco will develop the Lake Eleanor site to its full capacity before beginning the development of the Hetch Hetchy site, and the development of the latter will be begun only when the needs of the City and County of San Francisco and adjacent cities, which may join with it in obtaining a common water supply, may require such further development. As the drainage area tributary to Lake Eleanor will not yield, under the conditions herein imposed, sufficient run-off in dry years to replenish the reservoir, a diverting dam and canal from Cherry Creek to Lake Eleanor reservoir for the conduct of waste flood or extra-seasonal waters to said reservoir, is essential for the development of the site to its full capacity, and will be constructed if permission is given by the Secretary of the Interior.

"4. The City and County of San Francisco, and any other city or cities which may, with the approval of the municipal authorities, join with said City and County of San Francisco in obtaining a common water supply, will not interfere in the slightest particular with the right of the Modesto Irrigation District and the Turlock Irrigation District to use the natural flow of the Tuolumne River and its branches to the full extent of their claims, as follows: Turlock Irrigation District, 1500 second feet; Modesto Irrigation District, 850 second feet; these districts having respectively appropriated the foregoing amounts of water under the laws of the State of California.

"To the end that these rights may be fully protected, San Francisco will stipulate not to store nor cause to be stored, divert, nor cause to be diverted from the Tuolumne River, or any of its branches, any of the natural flow of said river when desired for use by said districts, for any beneficial purpose, unless this natural flow of the river and tributaries above La Grange dam be in excess of the actual capacities of the

canals of said districts, even when they shall have been brought up to the full volumes named, 1500 second feet for the Turlock Irrigation District and 850 second feet for the Modesto Irrigation District.

"5. The City and County of San Francisco will in no way interfere with the storage of flood waters, in sites other than Hetch Hetchy and Lake Eleanor by the Modesto and Turlock Irrigation Districts or either of said districts for use in said districts, and will return to the Tuolumne River above the La Grange dam, for the use of said irrigation districts, all surplus or waste flow of the river which may be used for power.

"6. The City of San Francisco will upon request sell to said Modesto and Turlock Irrigation Districts for the use of any land owner or owners therein for pumping sub-surface water for drainage or irrigation any excess of electric power which may be generated such as may not be used for the water supply herein provided and for the actual municipal purposes of the City and County of San Francisco, (which purposes shall not include sale to private persons nor to corporations) at such price as will actually reimburse the said City and County for developing and transmitting the surplus electrical energy thus sold, the price in case of dispute to be fixed by the Secretary of the Interior; and no power plant shall be interposed on the line of flow except by the said City and County except for the purposes and under the limitations above set forth.

"7. The City and County of San Francisco will agree that the Secretary of the Interior shall at his discretion, or when called upon by either the City or the Districts to do so, direct the apportionment and measurement of the water in accordance with the terms of the preceding clauses of this stipulation.

"8. The City and County of San Francisco, when it begins the development of the Hetch Hetchy site, will undertake and vigorously prosecute to completion a dam at least 150 feet high, with a foundation capable of supporting the dam when built to its greatest economic and safe height, and whenever, in the opinion of the engineer in charge of the reservoirs on behalf of said City and County and of the municipalities sharing in this supply, the volume of water on storage in the reservoirs herein applied for is in excess of the seasonal requirements of said municipalities, and that it is safe to do so, that such excess will be liberated at such times and in such amounts as said directions may designate, at a price to said Districts not to exceed the proportionate cost of storage and sinking fund chargeable to the volumes thus liberated, the price in case of dispute to be fixed by the Secretary of the Interior;

provided that no prescriptive or other right shall even inure or attach to said districts by user or otherwise to the water thus liberated.

"9. The City and County of San Francisco will, within two years after the grant by the Secretary of the Interior of the rights hereby applied for, submit the question of said water supply to the vote of its citizens as required by its charter, and within three years thereafter, if such vote be affirmative, will commence the actual construction of the Lake Eleanor Dam and will carry the same to completion with all reasonable diligence, so that said reservoir may be completed within five years after the commencement thereof, unless such times hereinbefore specified shall be extended by the Secretary of the Interior for cause shown by the City, or the construction delayed by litigation; and unless the construction of said reservoir is authorized by a vote of the said City and County and said work is commenced, carried on and completed within the times herein specified, all rights granted hereunder shall revert to the Government."

In considering the reinstated application of the City of San Francisco, I do not need to pass upon the claim that this is the only practicable and reasonable source of water supply for the City. It is sufficient that after careful and competent study the officials of the City insist that such is the case. By granting the application opportunity will be given for the City, by obtaining the necessary two-thirds majority vote, to demonstrate the practical question as to whether or not this is the water supply desired and needed by the residents of San Francisco.

I therefore approve the maps of location for the Lake Eleanor and Hetch Hetchy reservoir sites as filed by James D. Phelan and assigned to the City of San Francisco, subject to the filing by the City of the former stipulation set forth above, and the fulfillment of the conditions therein contained.

Very respectfully,

JAMES R. GARFIELD,
Secretary.

The Board at the hour of 3:30 o'clock reassembled. All the members before noted being present.

SPECIAL ORDER OF BUSINESS.

The Special Order of Business heretofore fixed for the hour of 3:30 p. m. this day, namely, consideration of Bill No. 515, was proceeded with.

Fixing and Determining Telephone Rates for the Fiscal Year 1908-9.

Bill No. 515, Ordinance No. — (New Series), as follows:

Fixing and determining the maximum rates or compensation to be collected for telephonic service in the City and County of San Francisco for the year commencing July 1, 1908, and ending June 30, 1909, and prescribing the quality of said telephonic service during said year.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The maximum rates or compensation to be collected by any person, company or corporation for telephonic service supplied to the City and County of San Francisco, or to the inhabitants thereof, for the year commencing July 1, 1908, and ending June 30, 1909, shall be as follows:

Business and Professional Rates.

The following maximum charges shall be made for business or professional measured service:

For a single party line telephone, business or professional, including 42 exchange switches, \$5.00 per month, and for all exchange switches in excess of the number included in this rate, a sum not to exceed 5 cents each.

For a single party line telephone, business or professional, including 125 exchange switches, \$9.15 per month, and for all exchange switches in excess of the number included in this rate, a sum not to exceed 4 cents each.

For a single party line telephone, business or professional, including 209 exchange switches, \$12.47 per month, and for all exchange switches in excess of the number included in this rate, a sum not to exceed 3 cents each.

For a single party line telephone, business or professional, including 292 exchange switches, \$15.00 per month, and for all exchange switches in excess of the number included in this rate, a sum not to exceed 2½ cents each.

For a single party line telephone, business or professional, including 500 exchange switches, \$17.48 per month, and for all exchange switches in excess of the number included in this rate, a sum not to exceed 2 cents each.

For a single party line telephone, business or professional, including 667 exchange switches, \$19.57 per month, and for all exchange switches in excess of the number included in this rate, a sum not to exceed 1½ cents each.

Business or Professional Service With Coin Collecting Attachment.

The following maximum charges shall be made for business or professional measured service with coin or token collecting attachment:

For a single party line telephone, business or professional, including 60 exchange switches, \$5.50 per month, and for all exchange switches in excess of the number included in this rate, a sum not to exceed 5 cents each.

For a two party line telephone, business or professional, including 60 exchange switches, \$4.50 per month, and for all exchange switches in excess of the number included in this rate, a sum not to exceed 5 cents each.

For a two party line telephone, business or professional, including 4 exchange switches per day, 20 cents per day, and for all exchange switches in excess of the number included in this rate, a sum not to exceed 5 cents each.

For a four party line telephone, business or professional, including 2 exchange switches per day, 10 cents per day, and for all exchange switches in excess of the number included in this rate, a sum not to exceed 5 cents each.

For a four party line telephone, business or professional, \$1.00 per month, and for each exchange switch a sum not to exceed 5 cents.

Extension Telephones.

For each extension telephone on a business or professional line the maximum charge shall be a sum not to exceed 50 cents per month.

Private Branch Exchange and Extension Service.

The following charges shall be made for private branch exchanges and for extension telephones connected with said exchanges and equipped and installed.

Monthly Rental Rates—For each switchboard and operator telephone, a sum not to exceed \$5.00 per month.

For each trunk line connecting a private exchange with the telephone company exchange, a sum not to exceed \$2.50 per month.

For each additional telephone connected with a private exchange and installed in the same premises (except in hotels) a sum not to exceed 50 cents per month.

For each additional telephone installed in hotels and connected with a private exchange therein, a sum not to exceed 25 cents per month.

Monthly Switching Rates—For exchange switching over trunk lines of private branch exchanges, a sum not to exceed 2½ cents per month for the first one thousand exchange switches, or less, made in any one month; for the second and third thousand exchange switches, or less, made in any one month, a sum not to exceed 2 cents per switch; and for all exchange switches in excess of three thousand made in any one month, a sum not to exceed 1½ cents per switch.

Public Telephone Service.

The charge for a single exchange switch from any telephone located in the City and County shall not exceed 5 cents and all persons, companies or corporations engaged in the business of supplying telephonic service in the City and County are hereby expressly forbidden to authorize or permit any of their lessees, subscribers or patrons to charge any person more than the rate above prescribed.

RESIDENCE RATES.

Unlimited Exchange Switching.

The following maximum charges shall be made for residence flat rate service:

For a single party line residence telephone, including unlimited exchange switching, \$4.00 per month.

For a two-party line residence telephone, including unlimited exchange switching, \$3.50 per month.

For a four-party line residence telephone, including unlimited exchange switching, \$2.50 per month.

Residence Service With Coin Collecting Attachment.

The following maximum charges shall be made for residence measured service with coin or token collecting attachment:

For a two-party line residence telephone, including 2 exchange switches per day, 10 cents per day, and for all exchange switches in excess of the number included in this rate, a sum not to exceed 5 cents each.

For a four-party line residence telephone, including one exchange switch per day, 5 cents per day, and for all exchange switches in excess of the number included in this rate, a sum not to exceed 5 cents each.

Extension Telephones.

For each extension telephone on a residence telephone line the maximum charge shall be a sum not to exceed 50 cents per month.

Names in Telephone Directory.

Any person, company or corporation supplying telephonic service in this City and County shall at least four times a year furnish free of charge, to each subscriber, a complete directory of all subscribers in San Francisco, and an additional copy of said directory for each extension telephone; provided, however, that for every name listed in said directory under the telephone number of a subscriber, in excess of the number of main and extension telephones installed on the premises of the subscriber, a sum not to exceed 25 cents per month for each such name shall be charged.

Private Lines.

The following maximum charges shall be made for private telephones and lines not connected with a telephone exchange:

For private line telephones, a sum not to exceed 50 cents per month each.

For private lines, a sum not to exceed \$2.50 per mile per month.

Quality of Service.

Section 2. The term "Telephone" as used in this Ordinance is hereby defined to mean both a transmitter and a receiver. It shall be optional with the person demanding telephonic service to elect to take or use either portable or stationary telephonic apparatus and it shall be the duty of the person, company or corporation supplying telephonic service in the City and County to furnish such apparatus without additional cost, except as in this Ordinance provided.

The term "Exchange Switch," as used in this Ordinance, is hereby defined to mean an availing call, that is to say, a call whereby an outgoing conversation or message is transmitted from one telephone station within the City and County and received at another telephone station within the City and County.

No switching charge shall be made for an unavailing call, and when a nickel or token is deposited in the coin collecting attachment for an unavailing call the same shall be returned to the person by whom it was deposited. Single conversations on party lines shall not exceed five minutes.

Any person, company or corporation engaged in the business of supplying telephonic service in the City and County, shall upon demand furnish within twenty days telephonic service of the classes or kinds specified in this Ordinance, without discrimination, qualification or restriction as to employees of subscribers, or otherwise, at the same rates to all persons, companies or corporations who shall elect to take or use any of such classes or kinds of service.

Upon demand of any person, company or corporation using business or professional measured telephonic service (excepting prepayment service) every person, company or corporation supplying telephonic service within the City and County shall install and maintain in connection with each such measured service line, a meter which shall prove effective in actual use for accurately and correctly recording the number of outgoing messages or conversations over said line, and said meter shall be subject to inspection at all reasonable times by the subscriber upon whose line the same is installed.

Section 3. Any person, company or corporation, or any officer or agent of any person, company or corporation, violating any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding five hundred (\$500.00) dollars, or by imprisonment not exceeding six (6) months, or by both such

fine and imprisonment, and such person, company or corporation, or officer or agent of any such person, company or corporation shall be guilty of a separate offense for every day that such violation shall continue, and shall be subject to the penalty imposed by this section for each and every such separate offense.

Section 4. This Ordinance shall take effect and be in force from and after July 1, 1908.

Amendment.

Supervisor Murphy presented the following amendment and moved its adoption:

Amend paragraph 4, section 2 of Bill by adding thereto the following words and figures: "Provided, however, that when new underground conduit construction or pole line construction is necessitated to install such a service, that sixty (60) days shall be allowed."

Amendment carried.

Motion.

Supervisor Murphy moved that the privilege of the floor be granted E. S. Pillsbury.

So ordered.

Privilege of the Floor.

Whereupon, E. S. Pillsbury, attorney for the Pacific Telephone and Telegraph Company, addressed the Board objecting to certain reductions made by the Committee in the valuations of the company's holdings. He also stated that at least \$450,000 should be included in the estimate as the value of the company's franchise. He objected to the clause compelling company to publish an additional directory each year and to the provision authorizing employers using private exchanges to engage their own operators.

Amendments.

Thereupon, Supervisor Pollok submitted the following amendments:

1. That the Committee's reductions of the company's estimated value of its properties be cut in half.

2. That the clause compelling company to furnish telephonic service within 60 days be stricken out.

3. That the clause compelling company to publish four instead of three directories each year be stricken out.

4. That the provision authorizing subscribers to employ their own operators for private exchanges be stricken out.

Vote on Amendments.

Whereupon, the question was taken on each amendment as proposed with the following result:

Amendment 1. That the Committee's reductions of the company's estimated value of its properties be cut in half.

Amendment *lost* by the following vote:

Ayes—Supervisors Broderick, Center, Comte, Hocks, Murdock, Pollok, Rixford—7.

Noes—Supervisors Bancroft, Giannini, Jennings, Johnston, McAllister, McLeran, Murphy—7.

Absent—Supervisors Booth, Payot, Sachs, Stafford—4.

Amendment 2. That the clause compelling company to furnish telephonic service within 60 days from time of application be stricken out.

Amendment *carried* by the following vote:

Ayes—Supervisors Broderick, Center, Comte, Hocks, Jennings, Johnston, McLeran, Pollok, Rixford—9.

Noes—Supervisors Bancroft, Giannini, McAllister, Murdock, Murphy—5.

Absent—Supervisors Booth, Payot, Sachs, Stafford—4.

Amendment 3. That clause compelling company to publish four instead of three directories each year be stricken out.

Amendment *carried* by the following vote:

Ayes—Supervisors Broderick, Center, Comte, Hocks, Jennings, Johnston, McLeran, Murdock, Pollok—9.

Noes—Supervisors Bancroft, Giannini, McAllister, Murphy, Rixford—5.

Absent—Supervisors Booth, Payot, Sachs, Stafford—4.

Amendment 4. That provision authorizing subscribers to employ their own operators for private exchanges be stricken out.

Amendment *carried* by the following vote:

Ayes—Supervisors Broderick, Comte, Hocks, Jennings, McAllister, Murdock, Pollok, Rixford—8.

Noes—Supervisors Bancroft, Center, Giannini, Johnston, McLeran, Murphy—6.

Absent—Supervisors Booth, Payot, Sachs, Stafford—4.

Refused Passage.

Thereupon, the question being taken on Bill No. 515, as amended the same was *refused passage* by the following vote:

Ayes—Supervisors Bancroft, Broderick, Giannini, Jennings, Johnston, McAllister, Murphy—7.

Noes—Supervisors Center, Comte, Hocks, McLeran, Murdock, Pollok, Rixford—7.

Absent—Supervisors Booth, Payot, Sachs, Stafford—4.

Notice of Reconsideration.

Before the announcement of the result on the vote of the foregoing Bill, Supervisor Murphy changed his vote from aye to no, and gave notice that at the next legislative session of the Board he would move the reconsideration of the vote whereby Bill 515 was refused passage to print.

Announcement—Public Hearing on Budget.

Supervisor Jennings announced that there would be a public hearing on the Budget of the fiscal year 1908-9, on Wednesday evening, May 20th, 1908.

ADJOURNMENT.

There being no further business, the Board at the hour of 5:45 o'clock, adjourned to meet Wednesday evening, May 20, 1908, at 8 p. m.

JOHN E. BEHAN, Clerk.

WEDNESDAY, MAY 20, 1908.

In Board of Supervisors, San Francisco, May 20th, 1908, 8 p. m.

The Board of Supervisors met pursuant to adjournment.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Booth, Broderick, Center, Comte, Giannini, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollak, Rixford—14.

Quorum present.

His Honor, Mayor Taylor, presiding.

Announcement.

The Chair announced that the purpose of the meeting was to hear taxpayers of the City and County on the Budget of the fiscal year 1908-9, before finally determining same, and directed the Clerk to read the report of the Finance Committee on said Budget.

Report of Finance Committee of Board of Supervisors on Budget of Municipal Expenditures for Fiscal Year commencing July 1, 1908, submitted to said Board May 20, 1908.

To the Honorable the Board of Supervisors of the City and County of San Francisco—Gentlemen:

Your Finance Committee to whom was delegated the task of preparing and submitting to your Honorable Board a Budget of municipal expenditures for the fiscal year 1908-09, begs leave to present herewith said Budget, and in relation thereto to report as follows:

The Budget submitted is based upon an estimated assessment roll of four hundred and fifty million dollars, and upon revenue to the extent of approximately three million dollars derived from sources other than taxation.

The Finance Committee has been confronted with a new problem in dealing this year with the fiscal policy of San Francisco over which neither your Honorable Board nor themselves have had any control, but which problem must be met and solved in the most expedient manner.

FIRST. The care and maintenance of the sick and the aged and infirm, who through the earthquake and fire of April 18, 1906, suffered the loss of their worldly possessions and consequent impoverishment, will from this time forward become a charge upon the City and County.

The Relief Corporation has heretofore provided for most of these unfortunate people, but will re-transfer to the City and County upon the first of July, 1908, the control and jurisdiction of the new home for the aged and infirm built by the Corporation on the Almshouse Tract several months ago.

This action will necessitate the maintenance of between 1200 and 1300 inmates instead of 400 or 500 as formerly.

SECOND. The people of the City and County recently amended the Charter by increasing the salaries of members of the Fire and Police Departments.

THIRD. The altered conditions, due to the destruction of public buildings and the impairment of the work of the different departments, notably the school department, require the adoption of a reconstructive policy and the restoration of efficient service, and also the natural increase of the public business in other departments, must be provided for in order to place the City and County upon a business-like footing.

The effect of all these conditions is to render it practically impossible to provide for reconstruction work or improvements within the dollar limit, and to make it extremely difficult to even provide for and conduct the current affairs of the City within this margin.

For example, the increased salaries of the Fire Department rendered obligatory by the Charter amendment amount to \$300,000, and of the Police Department to \$275,000.

If a direct tax was levied, the increase in these two departments alone is tantamount to an additional tax levy of between 12 and 13 cents over that of last year. The same principle applies to the School Department in which salaries and expenditures are increased to the amount of \$200,000 over that of last year, and in a lesser degree to several of the other departments.

Your Committee has pruned down every departmental and office estimate to the lowest possible sum consistent with the law and with the efficient conduct and discharge of the public service.

It is to be regretted, however, that when the people by their own acts increase their current expenses that they should not likewise make provision for the payment of the obligations by removing the fiscal restrictions as to taxation.

Appropriations within Dollar Limit, and from Sources Other Than Taxation.

Under the dollar limit of taxation, and from revenues derived from sources other than taxation, there is appropriated in the Budget presented by the Finance Committee, the sum of \$7,518,579.00, divided as follows:

General Fund	\$5,785,779
Fireman's Relief and Pension Fund.....	42,000
School Fund	1,600,800
Library Fund	90,000

Total\$7,518,579

Within the General Fund, the main items are as follows:

POLICE DEPARTMENT, Salaries and Expenses.....\$1,335,288

This appropriation enables the employment of fifty additional patrolmen, the efficient maintenance of the present mounted patrol, and the placing in commission of the new police launch.

HEALTH DEPARTMENT, Salaries and Expenses of General

Office\$ 80,420

This appropriation is \$20,000 in excess of the amount allowed last year, and is necessitated by the increased volume of business due to the rigid sanitary measures instituted and enforced by the present efficient Board of Health.

The Committee regrets its inability to make additional provisions for this department, but the conditions of the funds will not permit.

CITY AND COUNTY HOSPITAL, Salaries and Maintenance....\$ 125,000

This appropriation is somewhat less than last year, but it is believed to be ample under efficient management.

RELIEF HOME FOR THE AGED AND INFIRM, Salaries and

Maintenance\$ 165,000

This appropriation is \$70,000 more than last year, but is required by reason of the increased number of inmates as explained before.

FIRE DEPARTMENT, Salaries, Maintenance and Apparatus....\$1,205,000

This appropriation ensures the restoration of the department to its former standard of efficiency by enabling the employment of the full complement of men in all companies.

DEPARTMENT OF ELECTIONS, Salaries and Maintenance....\$ 125,000

This appropriation is deemed ample to conduct the general affairs of the office, and also to provide for the primary and general elections, and for precinct registration during this year.

DEPARTMENT OF PUBLIC WORKS, Monthly salaried officials

and employees	222,200
Maintenance and supplies	15,300
Buggy hire	16,000

Total\$ 253,500

Reductions have been made in the aggregate salary appropriations of the various bureaus of this department, and from the investigations made by your Committee we are satisfied that this action will not impair the efficiency of the department.

It was found that the salaries of many employees in the executive offices had been unwarrantably increased by a former administration without a corresponding benefit to the service, and as the Charter expressly forbids that higher salaries shall be paid in the public service than is paid in private employment in similar capacities, these conditions should and must be remedied.

The item of buggy hire is intended to cover all service of this character used by the department.

The moneys expended during the last several months by the Board of Public Works in repairs and improvements to streets, and in reconstruction of

sewers have, in the judgment of your Committee, been wisely and judiciously expended. After several years of neglect, the streets of the City and County have been restored to as good or even better condition than they were before the fire.

In other words, in the opinion of your Committee, the outside work of the department has been well handled, but the administrative expenses are too high.

REPAIRS TO SCHOOL HOUSES, by the Board of Public Works\$ 100,000

The condition of our schools is such that no comment need be made on this appropriation, and if the Committee could see its way clear, a much larger appropriation would be recommended.

CLEANING AND SPRINKLING STREETS,.....\$ 250,000

This service will cost, during the present fiscal year, the sum of \$315,000, but under the improved methods by which the department is now operating, the appropriation can be safely fixed in the amount specified.

WATER FOR MUNICIPAL PURPOSES.....\$ 140,000

Increased allowances of \$80,000 for hydrant service and of \$10,000 for water furnished public buildings are made over the appropriations of last year, in the expectation of the Spring Valley Water Company extending its mains to the higher levels in the outlying districts and thus affording adequate water supply for domestic service at least.

In the opinion of your Committee under present conditions it is deemed better policy that any increase in the revenues of the water company should be realized by a tax upon property rather than by increasing consumers' rates.

LIGHTING STREETS AND PUBLIC BUILDINGS.....\$ 325,000

Fifty thousand dollars additional for this service has been allowed in this appropriation over that of the preceding year, to meet the needs of the outlying districts, which by reason of our present inability to furnish adequate police protection, should be at least provided with lighting facilities.

EXTRAORDINARY EXPENSES, DISTRICT ATTORNEY'S OFFICE\$ 50,000

In view of the present and recent conditions of criminal affairs in our city, the expediency of this appropriation is obvious.

The prosecution of criminals and the detection of crime is a public function, and the cost thereof should be borne by the public, and not by private citizens. Before the money so appropriated can be expended, claims must first be approved by the Superior Court and then by the Board of Supervisors.

GENERAL APPROPRIATIONS WITHIN THE GENERAL FUND.

As stated before, your Committee found it practically impossible to obtain moneys within the dollar limit to provide for new improvements, due to the fact of necessary increases in current expenses of approximately \$1,000,000.

In the Budget of 1907-08, however, there will be some few unexpended balances which are to be carried forward and re-apportioned, from which, together with a limited amount from the next year's revenue saved by careful pruning, it was found possible to provide for the following few essentials, to wit:

Opening of "H" street to Forty-ninth avenue.....\$30,000
Opening of Fulton street to Forty-ninth avenue..... 6,000
Completion of Yerba Buena School 32,000
Establishment of Free Market 20,000
Purchase of lands and rights of way 17,200

SCHOOL FUND—

SCHOOL DEPARTMENT, Salaries, Maintenance and Equipment. \$1,600,800

This appropriation is required to meet the urgent demand for improved school facilities, and while a material reduction has been made from the amount asked by the school board, it is believed that the sum appropriated, judiciously expended, will place the department in excellent standing.

LIBRARY FUND—

PUBLIC LIBRARY AND BRANCHES, Salaries and Maintenance \$ 90,000

This appropriation is intended to cover, in addition to the regular expenditures, the establishment and maintenance of a branch library in the vicinity of the Park Panhandle, and for this purpose a two-cent tax levy is provided.

Appropriations Outside the Dollar Limit.

PARK FUND\$ 315,000

The customary maximum rate of 7 cents, permitted by the Charter, has been allowed the Park Commissioners for the maintenance of parks, squares, public grounds and avenues.

BOND REDEMPTION AND INTEREST FUND, Issue of September 29, 1903\$ 455,000

There will be outstanding and unpaid on July 1, 1908, under the old bond issue, the sum of \$3,436,600, and the amount appropriated in the budget, together with the balances now at credit in the Treasury, will be required for interest and redemption in 1908-09.

BOND INTEREST FUND, Issue of May 11, 1908.....\$ 270,000

Your Committee, after obtaining advices from the School Department, the Board of Public Works and from the Public Utilities Committee of the Board of Supervisors, recommend that the above appropriation be made to provide interest on new bonds proposed to be sold.

We are advised that the following sums can be advantageously expended during the ensuing fiscal year:

Fire Protection Bonds	\$2,500,000
School Bonds	2,500,000
Sewer Bonds	1,000,000
Jail Bonds	500,000
Hospital Bonds	1,000,000
Garbage Bonds	160,000

Total \$7,160,000

Inasmuch as the bonds cannot be engraved and delivered before September, 1908, it will be unnecessary to provide for more than nine months interest at Five per cent on the bonds proposed to be sold, and the sum of \$270,000, or the equivalent of a 6 cent levy on \$450,000,000, has been provided for this purpose.

Extra Tax Levies.

In conformity with the promises made to the people when the items for repaving the streets and for the construction of fire houses were omitted from the recent bond issue, your Committee recommends that an extra tax of 20 cents on the one hundred dollars assessed valuation be levied for repaving and repairs to streets, for reconstruction and repairs to sewers and for such other improvements as the Board of Supervisors may hereafter determine; and also that an extra tax of 4 cents be levied for the construction and equipment of new fire houses and for the purchase of lands for fire department purposes.

Estimated Tax Levy 1908-09.

The Budget recommendations made by your Committee to your Honorable Board predicate the following municipal tax levy, to wit:

General Fund762
Fireman's Relief and Pension Fund.....	.009
School Fund209
Library Fund02

Dollar Limit	\$1.00
Park Fund07
Bond Issue, Sept. 29, 1903.....	.10
Bond Issue, May 11, 1908.....	.06
Extra Levy—Streets and Sewers20
Extra Levy—Fire houses04

Total Municipal Levy \$1.47

Your Committee calls attention to the fact that the proposed tax levy is less than the levy of last year, namely, \$1.415, if the 6 cents for interest on the new bonds is excluded.

In view of the fact that the Auditor estimates the assessment roll at \$475,000,000, and your Committee at only \$450,000,000 as advised by the Assessor,

provision has been made in the event of the collectible assessment roll exceeding this latter amount, for the expenditure of an additional \$250,000 for rehabilitation and improvements.

CONCLUSIONS.

In concluding its report, your Committee desires to reiterate that it was confronted with a situation new in the fiscal history of our City, and was obliged, under the amended law, and the prevailing conditions, to appropriate within the dollar limit over one million dollars additional for salaries and current expenses, which would ordinarily go to rehabilitation and new improvements.

Your Committee recommends, that after consideration by your Honorable Board, the Budget be passed to print not later than Saturday, May 23, 1908, in order that necessary publication may be had to finally pass and adopt the measure on the first Monday in June.

Respectfully submitted,

THOS. JENNINGS,
D. C. MURPHY,
ALLAN POLLOK,

Finance Committee, Board of Supervisors.

PUBLIC HEARING ON BUDGET.

The Clerk proceeded to and read the items constituting the Budget, the Chair requesting all interested to speak to said items as read.

B. Joost addressed the Board, favoring the appropriation of \$5000 for the purchase of land from Seventeenth street and Clara avenue to Corbett avenue.

Edmund Godehauser, Recorder, stated that the appropriation for his department was inadequate to meet the requirements of his office, that his work was already behind six weeks and that the expected increase of work for the coming year necessitated a larger appropriation.

William H. Langdon, District Attorney, addressed the Board, stating that the appropriation for his department was inadequate to meet the extraordinary expenses incidental to the prosecution of the "graft cases" and requested that the original amount asked, \$120,000, be allowed.

Dr. W. Warner, representing the Church Federation, endorsed the request of District Attorney Langdon.

Isadore Jacobs, representing the Good Government League, favored the request of the District Attorney for an appropriation of \$120,000 for the coming fiscal year.

Francis J. Hency, Assistant District Attorney, addressed the Board at length calling attention to the difficulties surrounding the District Attorney's office in the prosecution of the graft cases and explained the methods employed to intimidate the officials engaged in prosecuting said cases.

George Renner and *A. W. Scott*, representing the Good Government League, also addressed the Board and requested that the appropriation asked for by the District Attorney be granted.

Sidney V. Smith Jr., representing the Citizens' Health Committee, requested

that the amount originally asked for to carry on the work of milk inspection be allowed.

Dr. Geo. A. Frink protested against the appropriation for inspectresses of school children, stating that such work should be done by trained physicians.

Dr. Wm. Ophuls, President of the Board of Health, protested against the appropriation for salaries and maintenance of the City and County Hospital for the reason that same was inadequate and requesting that the original amount asked for be restored.

E. P. E. Troy, representing citizens of the City and County, addressed the Board requesting that the appropriation for the construction of a municipal railroad on Geary street made in the Budget of 1907-8 be retained.

Paul Barbieri, representing the Haight and Ashbury Districts Improvement Clubs, recommended that provision be made in the Budget for the equipment of the Polytechnic High School.

Dr. Geo. A. Frink objected to the appropriation of \$100,000 for repairs to school buildings and alleged that many of the temporary school yards in outlying districts were unplanked and were lacking in ordinary conveniences.

Mrs. Helen Moore, representing various educational institutions, addressed the Board requesting that an appropriation of \$10,000 be made in the Budget for the introduction in the public schools of Brownlee's course of child training.

W. S. Williams, representing the West End Improvement Club, favored an appropriation for the Polytechnic High School.

W. W. Scott and *Miss A. Tyler*, representing the alumni of the Polytechnic High School, addressed the Board calling attention to the urgent necessity of restoring the equipment of the

said school and requesting that provision for that purpose be made in the Budget.

Thos. Boyle, School Director, stated that mention had been made of the requirements of the Polytechnic High School in the Budget of the school department and endorsed the request of *Paul Barbieri* and others for an appropriation to meet the needs of said institution.

Charles H. Murphy, Principal of the Commercial High School, addressed the Board calling attention to the inadequate facilities afforded the children attending the Commercial High School and requested that provision be made in the Budget to remedy these conditions.

ADJOURNMENT.

There being no further business the Board at the hour of 11:35 p. m. adjourned to meet on Friday, May 22, 1908, at the hour of 10 a. m. to consider the Budget.

JOHN E. BEHAN, Clerk.

FRIDAY, MAY 22, 1908.

In Board of Supervisors, San Francisco, Friday, May 22, 1908, 10 a. m.

The Board of Supervisors met pursuant to adjournment.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Ayes—Supervisors Booth, Broderick, Center, Comte, Giannini, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok—13.

Quorum present.

His Honor, Mayor Taylor, presiding.

Announcement.

The Chair announced that the meeting was called for the purpose of considering the Budget of Municipal Expenditures for the fiscal year 1908-9.

Supplemental Report of the Finance Committee on Budget of Municipal Expenditures for the Fiscal Year 1908-9.

Whereupon, Supervisor Jennings presented the following supplemental report:

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen:

Your Finance Committee recommends the following amendments to the Budget of Municipal Expenditures for the fiscal year commencing July 1, 1908, submitted to your Honorable Board by your Committee under date of May 20, 1908, to wit:

That the item "Stationery, books and printing" under caption of "Supervisors" be increased from \$34,000.00 to \$36,000.00.

That the item for the "Purchase of rights of way" under caption of "Supervisors" be reduced from \$10,000.00 to \$8,000.00.

That the item for the "Establishment and Maintenance of a Free Market" on West Mission street, \$20,000.00, under caption of "Supervisors", be stricken out, and that the concluding paragraph in the proposed Budget, under caption of "General Fund", be amended to read as follows:

"Appropriation to be used in case the collectable Assessment Roll for 1908-09 exceeds \$450,000,000.00 for the Establishment and Maintenance of a 'Free Market' on West Mission street, and for Rehabilitation of Departments and Improvements, \$250,000.00."

That the itemization of the appropriation under the caption of "Mayor" be changed to read as follows:

Salaries \$10,500

Contingent Expenses 3,600

Incidental Expenses 2,500

That the item for "Maintenance of Automobile" under the caption of "District Attorney" be increased from \$500.00 to \$1,000.00.

That the item for "Extraordinary Expenses" of the District Attorney's office, subject to orders of court through the Board of Supervisors, be increased from \$50,000.00 to \$70,000.00.

That the item "Horse and Buggy" for Chief of Police, \$540.00, under caption of "Police Department", be stricken out and that the following item be inserted under said caption: "Maintenance Automobile," \$1,000.00.

That the item under caption of "Department of Public Works," Bureau of Engineering, City Engineer, Chief Assistants, Stenographer, Field Assistant at Counter and Clerk, \$11,900, be changed to read as follows:

"Bureau of Engineering—City Engineer \$7,000

"Chief Assistant Engineer, Stenographer, Field Assistant at Counter and Clerk 6,900"

That the item under caption of "Board of Public Works" for grading and macadamizing of City's portion of "H" street from 20th to 49th avenues be reduced from \$30,000 to \$28,000.

That the figures constituting the total General Fund within the one dollar limit of taxation be changed from \$5,785,779 to \$5,786,739.

That the figures constituting the grand total of funds within the one dollar limit of taxation be changed from \$7,518,579 to \$7,519,539.

That the item "For paving, repaving and repairs to streets, and for reconstruction and repairs to sewers and such other improvements as the Board of Supervisors may hereafter determine, to be paid out of the proceeds of an additional and special tax levy of 20 cents on each one hundred dollars assessed valuation, \$900,000," outside of

the dollar limit under the caption of "General Fund," be changed to read as follows:

"For paving, repaving and repairs to streets, for reconstruction of and repairs to sewers and for construction of and repairs to public buildings, to be paid out of the proceeds of an additional and special tax levy of 20 cents on each one hundred dollars assessed valuation, \$900,000."

That the following item be incorporated in the Budget outside of the dollar limit, under the caption of "General Fund":

"For the continuation of sanitary measures under direction of the Board of Health and United States Marine Hospital Service, to be paid out of the proceeds of an additional and special tax levy of 3 cents on each \$100.00 assessed valuation, \$135,000.00."

That the figures constituting the grand total of appropriations made in the Budget originally submitted by your Committee be changed from \$9,638,579.00 to \$9,774,539.00.

And also that the report of your Committee presented with said Budget be amended in the following particulars:

That the amount of new School Bonds proposed to be sold during the ensuing fiscal year be changed from \$2,500,000.00 to \$2,000,000.00, and that the item of new Jail Bonds proposed to be sold during the same period be changed from \$500,000.00 to \$1,000,000.00.

That an additional item of 3 cents be

added to the estimated tax levy of 1908-09 for the purpose of continuation of sanitary measures under the direction of the Board of Health and the United States Marine Hospital Service, thus making the total municipal levy \$1.50.

Respectfully submitted.

THOMAS JENNINGS,
D. C. MURPHY,
ALLAN POLLOK,
Finance Committee.

Amendments Adopted.

Supervisor Jennings moved that the report of the Finance Committee be adopted and that Bill No. 525 be amended in the particulars specified in said report.

The Journal of the meetings of May 18, May 20, and May 22, 1908, were read and approved.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Supervisor Johnston presented the following:

Petition—Of A. A. O'Neill, M. D., physician in charge of the Isolation Hospital, for the installation of street lights in the vicinity of said hospital.

Ordered referred to the *Artificial Lights Committee*.

PRESENTATION OF PETITIONS FILED WITH THE BOARD.

Petitions, Protests, etc., were presented, received and referred as follows:

To the *Artificial Lights Committee*.

Petitions—Of Frank J. Ford, pastor, First Christian Church, for the erection of a street lamp at the corner of Noe street and Duboce avenue.

Of August Anderson, for the erection of a street light on Elizabeth street, between Hoffman avenue and Bellevue street.

Of L. Laplace and others, for street lights on Fairview terrace.

Of Christopher Deterding and others, for erection of arc light at corner of Sanchez and Palmer streets.

To the *Artificial Lights and Finance Committees*.

Report—Of C. D. Stuart, on cost of manufacturing and distributing gas in San Francisco for the years 1906 and 1907.

To the *Equalization of Assessments Committee*.

Petitions—Of J. J. Cassidy, for a refund of \$16.37, alleged duplicate payment of taxes on the Real Estate Roll of 1906-7.

Of the Union Trust Company, for a refund of \$93.00, alleged duplicate payment of taxes on the Real Estate Roll of 1907-8.

Of the Columbia Saving and Loan Society, for a refund of \$48.64, alleged duplicate payment of taxes on the Real Estate Roll of 1907-8.

Of L. M. Hoefler, for a refund of \$3.72, alleged duplicate payment of taxes on the Real Estate Roll of 1907-8.

Of A. A. Anderson, for a refund of \$5.71, alleged duplicate payment of taxes on the Real Estate Roll of 1906-7.

Of the Standard Title Insurance Company, for a refund of \$18.97, alleged duplicate payment of taxes on the Real Estate Roll of 1907-8.

To the *Finance Committee*.

Petitions—Of the McAllister Street Street Improvement Club, for an appropriation in the Budget to widen the roadway of McAllister street, from Jones to Fillmore streets, and for the paving of said street between the points named.

Of Mrs. Golden, for a refund of \$12.00, amount paid the Poundkeeper for the release of one horse and three cows, alleged to have been illegally impounded.

Of the Federated Improvement Clubs, for an appropriation in the Budget of the coming fiscal year to build viaduct on Mission street.

Of the Citizens' Health Committee, for a special levy of not less than 3 cents in the next Budget for the continuation of sanitary measures.

Of the Glen Park Improvement Club and others, for an appropriation of \$10,000 in the Budget of the coming fiscal year for the construction of a permanent bridge, right of way and culvert across Islais Creek at Mission street.

Of Harry Goodall, for a refund of \$125, amount paid for unused liquor license.

To the Fire Committee.

Petitions—Of N. Kagami, for permission to erect and maintain a hot water boiler in premises fronting on Laurel avenue, in rear of 13-15 Eddy street.

Of Weissbaum & Co., for permission to erect and maintain an engine and boiler of eight-horsepower in premises No. 133 Eleventh street.

Of Garcia & Maggin Company, for permission to erect and maintain an engine and boiler of sixteen horse-power in premises situate on the northeast corner of Drumm and Washington streets.

Of the Commercial Bakery and Lunch, Inc., for permission to store and use crude oil for fuel in premises situate No. 608-610 Kearny street.

To the Hospital and Health Committee.

Petitions—Of P. J. McGoffigan, for permission to conduct and maintain a stable for the accommodation of six horses in premises situate on the north line of "A" street, 54 feet east of Second avenue.

Of G. F. Mackie, for permission to conduct and maintain a stable for the accommodation of six horses in premises situate on the west side of Folsom street, 135 feet south of Fourteenth street.

Of Patrick J. Curtin, for permission to conduct and maintain a stable for the accommodation of one horse in premises in rear of lot at the corner of Thirtieth and Sanchez streets.

Of E. Mouret, for permission to conduct and maintain a stable for the accommodation of ten horses in premises in rear of No. 1124 Church street.

Of Wm. J. Lindecker, for permission to conduct and maintain a stable for the accommodation of two horses in premises in rear of No. 1545 Fourteenth avenue South.

Of George Ludeke, for permission to conduct and maintain a stable for the accommodation of one horse in premises situate on the southwest corner of Twenty-sixth avenue and Lake street.

Of J. Christensen, for permission to conduct and maintain a stable for the accommodation of four horses in premises in rear of No. 518 Carolina street.

Of F. Nebbia, for permission to conduct and maintain a stable for the accommodation of fourteen horses at premises No. 133 Bay street.

Of J. D. Heins, for permission to conduct and maintain a stable for the accommodation of sixty horses in premises situate on Fremont street, 298 feet east of Folsom street.

Of J. Pattinson, for permission to conduct and maintain a stable for the accommodation of two horses in premises in rear of No. 1765 Turk street.

Of Geo. B. Demattel, for permission to conduct and maintain a stable for

the accommodation of ten horses on the northeast corner of St. Rose alley and Blake street.

Of Lorenzo Marsilo, for permission to make alterations in stable situate on south line of Broadway street, 91 feet 8 inches east of Front street, for the accommodation of fifty additional horses.

Protests—Of Mary F. Mogan and others, against granting stable permit to J. Patterson for stable in rear of premises No. 1765 Turk street.

Of J. Gurmendez and others, against granting stable permit to D. C. Sheerin for stable in premises on Broderick street, near Hayes street.

Of Julius Finck and others, against granting stable permit for the maintenance of a stable on Rose avenue, between Market and Gough streets.

Of Mrs. H. Oesterman and others, against granting a stable permit for the maintenance of stable at premises No. 62 Elgin Park.

Of Zellerbach, Levison Company and others, against the maintenance of a stable at premises No. 1419 Larkin street.

Of the San Francisco Iroquois Club, against alleged unreasonable destruction of property by public employees in work of carrying out sanitary measures.

To the Licenses Committee.

Petitions—Of the San Francisco Hotel Men's Association, for the re-enactment of Ordinance regulating hack charges between depots and hotels.

Of Zoeth S. Eldredge, that the height of billboards be limited to six feet.

To the Police Committee.

Petition—Of the Dreamland Athletic Club, for permission to conduct an amateur boxing exhibition during the month of June, 1908.

Communication—From the Outdoor Art League, requesting that Board cause the removal of trespassers occupying Tallant property, Telegraph Hill.

To the Public Buildings Committee.

Communications—From Davis, Edwards, Reed and Brady, submitting offer to sell for \$6500 lot on Leavenworth street for fire engine house site.

From C. F. Buckley, with offer to lease second story of building on Market street, 100 feet west from Marshall square, for use of the Health Department, at a monthly rental of \$350.

To the Public Utilities Committee.

Communications—From the United Railroads of San Francisco, with list of numbers to be used in designating various street car lines.

From Albert Frank and Company, with offer of services for the advertisement and sale of new City Bonds in the East.

To the Streets, Sewers and Parks Committee.

Petitions—Of the Federated Improvement Clubs, for the extension of Montgomery avenue by the widening of Washington street.

Of the Federated Improvement Clubs, for the establishment of permanent grades on Telegraph Hill.

Of the Federated Improvement Clubs, that public service corporations be compelled to restore pavements torn up for laying pipes, etc.

To the Water Rates Committee.

Communication—From the Spring Valley Water Company, in reply to various protests against inadequate water supply in certain districts.

File.

The following communication was received, read and ordered filed.

Communication—From the Sunset District Improvement Club, with invitation to attend laying of cornerstone of Laguna Honda School, on Sunday, May 24, 1908, at 2 p. m.

Invitation Accepted.

A communication from the Memorial Day Committee, with invitation to attend Memorial Day exercises at the National Cemetery on Saturday, May 30, 1908, at 10 a. m., was received, read, and on motion of Supervisor Giannini, said invitation was accepted.

COMMUNICATIONS AND REPORTS FROM CITY AND COUNTY OFFICERS.

Communications and Reports from City and County officers were received and referred as follows:

To the Finance Committee.

Communication—From the Assessor, with list of property erroneously assessed and recommending that said property be withdrawn from sale.

To the Fire Committee.

Communication—From Board of Public Works, recommending that the bond of the Spring Valley Water Company, for permission to explode blasts for the purpose of removing concrete foundations of pumping plant in Garfield square, be fixed in the sum of \$5000.

To the Hospital and Health Committee.

Communication—From the Board of Health, requesting passage of a Resolution thanking Colonel Torney for his action in admitting sick poor to U. S. A. General Hospital.

Protest—From the Board of Education, against proposed erection of stable on the corner of Gough and Page streets.

To the Judiciary Committee.

Communication—From the City Attorney, with requisition for certain law books.

To the Licenses Committee.

Communication—From the Board of Police Commissioners, requesting the passage of a classified liquor license ordinance.

To the Public Buildings Committee.

Communications—From Hon. J. M. Seawell, Judge of the Superior Court, with requisition for benches for use in his courtroom.

From the Recorder, with requisition for additional telephone.

From the City Attorney, reporting on the title of properties of G. B. Dondero, Lewis Lercari and G. Pardini in 50 vara block No. 152, which are being acquired for playground purposes at North Beach.

From Hon. J. M. Seawell, with requisition for certain stationery supplies.

From his Honor, the Mayor, with Report of Commissioner of Board of Public Works on the condition of schoolhouses, and recommending appropriate action in the matter.

From the Warden of the City and County Hospital, with requisition for three telephones.

From the City Attorney, reporting in the matter of leases on properties of G. B. Dondero, L. Lercari and G. Pardini in proposed Children's Playground at North Beach.

From the City Attorney, asking that title to property on Joost avenue, near Fulton avenue, is in Monarch Building and Land Association, and that proper authorization should be made for the purchase thereof.

From Hon. J. M. Seawell, Judge of Superior Court, with requisition for two doormats.

From the Probation Officer of the Juvenile Detention Home, for the doing of certain carpenter work.

From the Board of Education, transmitting demands in the aggregate sum of \$2842.07 for labor performed on school buildings, approving same, and requesting that said demands be allowed and ordered paid.

To the Public Utilities Committee.

Communication—From his Honor, the Mayor, transmitting letter from Calvin B. Brown, urging that Albert Frank and Company of New York be engaged to handle sale of new City Bonds in the East.

To the Streets, Sewers and Parks Committee.

Communications—From the Probation Committee of City and County, for the establishment of a detention home for children on lands forming part of old House of Refuge lot in the rear of the Branch County Jail.

From the Board of Public Works, recommending the paving of the roadway of Minna street, between Third

and Fourth streets at an estimated cost of \$11,000.

Also, recommending the expediency of constructing granite curbs and a bituminous rock pavement on Sixteenth street, between San Bruno avenue and Vermont street.

Also, From the Board of Public Works, with map of land deeded by Stephen A. and Mary L. Born, for the opening of Lake street, westerly from Twenty-seventh avenue.

Also, recommending the conditional acceptance of the roadway of Mississippi street, between Seventh and Seventeenth streets, paved with bituminous rock.

Also, recommending the full acceptance of the roadways of Twenty-fifth street, between Church and Sanchez streets, and the crossing of Twenty-fifth and Vicksburg streets; also the crossing of Bryant and Twenty-six streets and Second avenue, between Fulton and "C" streets, paved with bituminous rock.

Also, stating that notices of changes of grades of certain streets have been duly posted according to law.

Also, with list of sewers incorporated in recent Bond Issue, and also in Sewer Budget for 1908-9.

Filed.

A Communication from Board of Election Commissioners, with official statement of votes polled at the special election held in this City on Monday, May 11th, 1908, for propositions to incur bonded debt for various public improvements was received, read and ordered *filed*.

REPORTS OF COMMITTEES.

The following Committees, by their respective Chairmen, presented reports on various matters referred, which reports were received, read and ordered *filed*:

Artificial Lights Committee, by Supervisor Johnston, Acting Chairman.

Building Laws Committee, by Supervisor Rixford, Chairman.

Finance Committee, by Supervisor Jennings, Chairman.

Fire Committee, by Supervisor Broderick, Chairman.

Hospital and Health Committee, by Supervisor Payot, Chairman.

Printing Committee, by Supervisor Booth, Chairman.

Public Buildings Committee, by Supervisor Rixford, Chairman.

Public Utilities Committee, presenting Resolution declaring result of special election, by Supervisor Giannini, Chairman.

Street, Sewers and Parks Committee, on referred matters, by Supervisor Center, Chairman.

Special Committee on Relations Between the City and County and the

Spring Valley Water Company on amended ordinance fixing and determining water rates for the fiscal year 1908-9, by Supervisor Johnston, Chairman.

REPORT OF THE CONDITION OF THE CITY HALL, SAN FRANCISCO, CAL., MAY, 1908, BY NEWTON J. THARP, CITY ARCHITECT.

GENERAL HISTORY AND DESCRIPTION OF THE CONSTRUCTION OF THE MAIN BUILDING.

It was exceedingly unfortunate for the City of San Francisco that its most ambitious public building should have been planned and the construction begun at a period just prior to the introduction of the modern steel skeleton, masonry armored type that solves at once all of those principles necessary to a first class building of any character, namely: rigidity in all directions, fire proof qualities and lightness of construction.

The City Hall was designed and the construction begun during the years 1870-71 and 1872, and was continued with more or less regularity until the completion of the dome in 1896-97. Although our modern steel frame type of building was evolved in Chicago during the year 1884, and its use spread rapidly throughout the East, its acceptance was slow upon our coast, with the result that the entire building was completed (excepting the dome) without any of the principles of the steel frame construction having been used.

All of the exterior and interior partitions and carrying walls are of brick resting on footings of stone well laid and of deep courses. The floors are of iron girders and beams, with bent corrugated iron and brick or concrete arches between. The girders in most cases having been fire proofed with suspended metal lath and plaster ceilings, is quite in keeping with recent construction.

The simple engineering features of the main building were well conceived and executed with the exception of certain details of construction. All of the brick walls, both exterior and interior, were built without bond irons, relying upon inertia and the adhesion of the mortar for rigidity, which in itself is a fatal error in a region afflicted by earthquakes. And the great number of large chases for pipes, heating and ventilating ducts, etc., do not add to the strength of the walls. Where the spans in certain portions of the floors were too great for the size of the I beams rolled in those days, simple plate and box girders were employed. These are all badly proportioned and seem to have been designed by rule of thumb, as no proper disposition of the material is

made to take care of the points of greatest bending moment and shear.

The four great box-girders in the roofs of the large rooms at the ends of the wings facing on McAllister Street are as badly designed and as absurd a solution of a simple problem of roof construction as might be found anywhere, and no doubt their great weight, raising the center of gravity of those portions of the building, did much toward the general wrecking by the earthquake. The shorter floor spans throughout the building (though heavy) are well designed and executed. And, contrary to popular belief, the bricks and mortar used throughout the entire structure are of the finest quality and the workmanship of the best. So far, the most rigid inspection of the standing and fallen walls, and of the walls of portions under removal, have failed to disclose any large voids, or inclosed boxes, barrels or wheelbarrows that have been told in many an old tale as evidence of lax supervision and contractors' deceptions. The plastering on walls and ceilings was upon metal lath and of the best quality. The finished floors of the halls and corridors are of a fine quality of material and workmanship. The heating and ventilating plant that was installed for all of the building with the exception of the Larkin Street wing is of a good system, and doubtless would have worked perfectly but for the lack of a thermostatic method of control.

Notwithstanding much carping criticism to the contrary, it is of the opinion of this Department that the general plan and design of the main building is a most excellent one. It is well arranged and perfectly suited to the lot; and, if the facing materials had been of a nobler quality, and the method of construction have permitted of greater window areas, the building would have been one of the notable ones of the world.

PRESENT CONDITION OF THE MAIN BUILDING.

Method of Inspection and Survey.

The whole of the main building (with the exception of the Hall of Records) has been carefully measured and rendered to scale upon the following list of drawings accompanying this report, and to which reference is made for a thorough understanding of all statements made herein.

Sheet No. 1—Sub basement plan, scale 1-16 in. to 1 foot.

Sheet No. 2—Basement and ground floor plan, scale 1-16 in. to 1 foot.

Sheet No. 3—First floor plan, scale 1-16 in. to 1 foot.

Sheet No. 4—Second floor plan, scale 1-16 in. to 1 foot.

Sheet No. 5—Third floor plan, scale 1-16 in. to 1 foot.

Sheet No. 6—Roof plan, scale 1-16 in. to 1 foot.

Sheet No. 7—Elevations, scale 1-16 in. to 1 foot.

Sheet No. 8—Sections, scale 1-16 in. to 1 foot.

Sheet No. 9—Section of dome and rotunda, scale 1-8 in. to 1 foot.

Sheet No. 10—Plans of rotunda and dome, scale 1-8 in. to 1 foot.

Sheet No. 11—Plans and steel diagrams of dome, various scales.

In addition to the above enumerated drawings, reference is also made to the "Data" sheet in the body of this report and to the several dozen photographs which have been taken and will be found accompanying. Said photographs are numbered serially, and illustrate as near as possible direct elevations of all the facets of the exterior of the main building and court, and certain portions of the dome walls. The point of view of each one of the photographs may be readily discovered by reference to the key upon the first floor plan and certain plans of the dome.

In order to arrive at the exact conditions and methods of construction, ladders were made and work torn away to open up concealed masses, forms, materials and dimensions.

All floors have been tested for levels and all walls to see whether they are in or out of plumb. Where doubts have existed as to the condition of a material owing to its exposure to fire, both mechanical and chemical tests have been made upon it.

Condition.

It is evident that the ground upon which the City Hall is built is of uniform character and an ideal one for the support of a heavy building. The most careful measurements and leveling show not the slightest misplacement or sinking that might be ascribed to the soil or rock masses lying immediately below. A series of levels that were carefully run by the Engineering Department upon the floors of the first story corridors showed variations of but a few tenths of an inch, that might as readily have come from inaccuracies of construction as earthquake shock. The long corridors are in perfect alignment, which indicates that no horizontal displacements occurred.

The whole of the foundation walls from the bottom of the footings to the top of the granite base course, slightly above the general level of the ground, were very well constructed originally and are in excellent condition. It is above this level that by far the greater part of the earthquake damage occurred. The whole of the southerly end of the Larkin Street wing has been removed

as far north as the City Hall Avenue front and to the level of the granite base.

The whole of the City Hall Avenue front above the granite base and between the Larkin Street wing and the rotunda walls is in a state of complete ruin as far as any scheme of safe reconstruction is concerned. The same can be said of those portions of the building adjacent to the rotunda walls on the north and east. With the exception of certain exterior walls and a few of the first story rooms, the whole of the east wing is in a very bad and dangerous state of ruin, which, owing to the large girders in the roof and other peculiarities of construction, is more real than apparent from a general observation. Some parts of the remaining portions of the Larkin Street wing are in a state of complete collapse, but, strange to say, the ruin here is more apparent than real and of not very great extent as far as the main mass of this wing is concerned. All of the rooms on the east side of the corridor, with very few exceptions, and those remaining on the west side are in surprisingly good structural condition. All of that portion of the building lying on either side of the long east and west or main corridor, and on either side of the north and south corridor connecting therewith, to a point thirty feet distant from the rotunda walls, is in very good structural condition, with the exception of a few floors and walls, and is by far the best part of the structure remaining, and the easiest to put into a state of complete repair.

Very little damage was done by the fire in the basement and none throughout the sub-basement. On the three upper floors the fire damage is practically complete. All of the woodwork of every description, including floors and furring of all kinds, has been entirely destroyed with but very few exceptions. The heat engendered by the burning of this material, and the furniture, ruined the plastering on walls and ceilings and calined all of the marble floors in the corridors with the exception of small areas here and there throughout the building. Where cement floors were laid in the corridors but very little damage was done. The intense heat was also responsible for the softening of the iron beams and girders in many of the floors, with their consequent sinking or complete collapse. The main iron staircases and the walls surrounding them are in an almost perfect state of structural preservation, and in case of rehabilitation could be put in as good order as new with but little other work than scraping and painting. The plumbing, water, gas and electric wiring systems are, practically speaking, in a

state of complete ruin and for purposes of reconstruction should be considered of but little value. In the sub-basement the main portion of the heating and ventilating plant has suffered but very little injury, and the boilers, engine, fan, heating stacks and other accessories have been well cared for and protected by the Superintendent of Public Buildings since the great catastrophe of 1906. Above the first floor level most of the tin ducts, vents and registers have been ruined by the action of the fire. However, it is the opinion of this department that the entire heating and ventilating plant could be put in perfect working order, with a proper system of temperature control, for a sum not to exceed twenty thousand dollars.

The elevators, including machinery and shafts, are badly injured and nothing but a complete reconstruction, to all intents and purposes, would make them of any value.

For a thorough understanding of the general extent of the injuries and destruction spoken of above, and others not particularly referred to, attention is called to the accompanying drawings and photographs, which have been prepared with a great deal of care.

PRESENT CONDITION OF THE ROTUNDA AND DOME.

A special study has been made of this portion of the building with a view towards determining its exact condition. The first step taken by this department was that of constructing passageways, ladders, platforms, etc., to permit of easy access to all parts from the basement to the roof. After that, with the assistance of the Engineering Department of the Board of Public Works, the exact constructional center on the floor of the rotunda was located. A series of careful measurements within the dome proper at a height of 250 feet above the rotunda floor served to locate its exact center, which agreed with the constructed center of the elevator shaft. A piano wire plumb line, with a 100 pound weight attached, was hung from this upper point, and, after being carefully brought to rest, it showed that the center of the dome had shifted to the northeast a distance of $8\frac{1}{4}$ inches from the center of the rotunda floor. In order to be certain that the line was absolutely plumb, it was checked by transit work by members of the Engineering Department. This line having been made fast in a plumb position was used as a fixed point of reference for the measurement at different levels of the eight principal columns supporting the dome. The results of these measurements are illustrated in the diagrams on Sheet 11, and show all of those columns to be more or less bent and twisted.

All of the materials and work within the dome proper above the level of the terra cotta floor are in good condition and apparently uninjured. This includes the roof, lantern and surmounting statue. From the level of this terra cotta floor down to the level of the four great girders at the spring line of the inner rotunda dome the greatest destruction has occurred. In fact, practically all of the surrounding masonry walls within this height were thrown down completely, and the few still standing are so shattered as to be in an absolutely useless and dangerous condition. At a point about midway of the height of the eight steel supporting columns of the dome, which was the point of greatest bending moment resulting from the earthquake vibrations, nearly all of the rivets in the splice plates of the columns having been sheared off, leaving the connections of the horizontal trusses to hold the columns in position. Below the level of the four great girders mentioned above, a complicated system of brick rotunda walls and steel and cast-iron columns carries the weight of the whole superstructure, or what remains thereof, to the foundation and ground. The brick rotunda walls below the level of the girders are badly shattered and cracked in several places. The foundation walls and footings of the rotunda are in good condition with the exception of a few hair cracks. The fact that all floors or stages of the rotunda are depressed about $\frac{3}{4}$ of an inch towards the northeast, indicates by the coincident direction of the plumb line that the whole rotunda and dome structure has a permanent inclination amounting to $8\frac{1}{4}$ inches in a portion of its height equal to 250 feet. If the same ratio holds good to the top of the statue, the total variation from a true plumb line would be about $10\frac{1}{2}$ inches.

From the underside of the four girders at the base of the rotunda dome to the top of the foundation walls it can be said that about as much was made of the design of the construction as was possible under the conditions. The only criticism being upon the fact that the conditions should have been accepted at all as a basis for the designing of a support for such an important superstructure. Under the conditions it was simply impossible to design a well ordered series of columns with proper bracing to carry wind pressure and vibratory movements to the ground in accordance with the best principles of engineering practice. As it was, the rigidity of the columnar support below the four girders relied entirely upon the inertia of the rotunda walls, which was not of the best, as the brick work was laid up without any bond irons whatsoever. This can be proved by an analy-

sis of the general cross section of the steel work from the foundation to the top, which shows that without reliance upon the inertia of the rotunda walls the whole upper structure bearing upon the main interior columns would topple over in a summer wind. Even granting that the inertia of the rotunda walls was sufficient to resist ordinary wind pressures and earthquake shocks, yet the design of the steel work above the girders is open to much criticism as far as certain details are concerned. On the whole, it is well conceived and the workmanship of the best, but in the absence of solid floors at each of the various stages it was certainly a great oversight not to have introduced diagonal horizontal bracing. For some reason the diagonal bracing in the vertical panels between the eight columns on four stages, thirty-two in all, was left out, although the pin plates are in position on the columns. Directly above the four girders the eight columns stand without effective bracing for a height of more than thirty feet. This was a serious error, inasmuch as the introduction of four sets of portal bracing connecting opposite columns of the octagonal set over the dome of the rotunda was an easy matter, and, doubtless, with the supplying of the other omissions immediately noted, would have prevented the setting up of those vibrations that cracked the rotunda walls and threw down nearly all of the ornamental superstructure resting upon them.

Reasoning from these facts, which are easily demonstrable to any one caring to go into the matter, this department is of the opinion that the limitations of space and design conditions existing in the rotunda below the four girders do not permit of a proper engineering solution of the problem of carrying the wind pressure and vibratory strains of the tower and dome to the ground in the manner that ought to be done in a structure of this magnitude. Therefore it is considered that it would be exceedingly unwise and tempting fate beyond all reason to proceed to rebuild the tower and dome on anything of its original outlines on the material now remaining, or on any considerable alterations and additions that might be made to it. At the best the result could only be a very indifferent and uncertain patchwork of what was not a good solution of the problem originally.

Two methods of procedure with this portion of the building are obvious; each has to do with the general scheme of rehabilitation, and are so considered in the different estimates furnished below. The first method would be to take down the tower and dome and all steel work above the level of the four girders, and, in a scheme of rehabilitation,

redesign that part of the building with a low, light dome of large dimensions over the rotunda, which would be supported on those walls and the steel and cast-iron columns remaining. This could be practically and safely done, and it is believed that the exterior treatment could be made to give a good effect. The second method would be to take down the entire structure of the dome, tower and rotunda to the top of the foundation walls and rebuild upon the same outlines, but with a properly designed steel framework running from foundations to top, that would not permit of the repetition of such a disaster. This could be done without any particular difficulties from an engineering standpoint, but the construction would be more thorough and expensive than that which existed previously.

ESTIMATES.

The matter of estimation has been considered from three standpoints. Each one has been gone into carefully and all the data used as a basis for the calculations are on file in this department.

First: The complete rehabilitation of the present building, with an (a) and (b) statement to accord with the two solutions offered above for the dome tower and rotunda portion. This is presented with a clear understanding of the fact that howsoever well it may be done the result from a constructional standpoint, except in entirely new portions, will never be quite so good as it was before. Yet it has many advantages, chief amongst which are those of economy and time saved in getting all of the City departments housed again. Also, that the work may be carried on gradually as funds become available. It is proposed under this estimate to put the whole building back into the same general appearance as it was before April 18, 1906. All doubtful portions of the construction to be torn down and rebuilt in accordance with modern methods; and the removed portions of the Larkin Street wing and elsewhere, if done in large masses, to be reconstructed according to the best principles of steel frame and fire proof construction. The heating, plumbing, elevator, electric and telephone systems, etc., to be put in a first class condition. The decorations in the principal rooms to be of a richer and more appropriate character than what existed before. It is estimated that the whole building could be completely rehabilitated along the above indicated lines within two years if the funds were available.

Second: The wrecking of the whole building down to the level of the granite base and rebuilding on the same foundations, which are very adequate and in a fine state of preservation; and,

within approximately the same height as the present building, a four story modern steel frame, fire and earthquake proof building of new design, excepting that it would follow the same general excellent arrangement and outline as at present. The floor areas of this building would be augmented by an area equal to one whole floor of the present building, but within the same height, as the rooms of the old structure are considered too high for modern principles of supplying light, heat and ventilation. It is estimated that the construction of such a building, including wrecking and preparations of plans, would take about three years from the date that the funds became available.

Third: The wrecking of the whole building, including the tearing out of the foundations, and erecting upon the site a new building, or group of buildings, of entirely different design from the present structure, but of the same general floor areas as proposed in Estimate No. 2. It is conceived that such a building or buildings, including wrecking and preparation of plans, would take about four years for construction from the date that the funds became available.

Estimate No. 1—Rehabilitation.

- (A) Dome and tower taken down to rotunda.....\$3,035,000
- (B) Dome and tower and rotunda taken down and rebuilt 3,965,000

Estimate No. 2—Partially New.

- New building on present foundations 4,550,000

Estimate No. 3—New.

- New building or buildings on present site 5,250,000

Appended hereto will be found a sheet of data concerning City Hall and also a statement of the cost of the making of the survey and the preparation of the plans and this report.

Respectfully submitted,

NEWTON I. THAKP,
City Architect.

NOTICE OF RECONSIDERATION—TELEPHONE RATES BILL.

In accordance with notice given at the meeting of May 18, 1908, Supervisor Murphy moved the reconsideration of the vote whereby Bill No. 525, Ordinance No. — (New Series), entitled, "Fixing and determining the maximum rates or compensation to be collected for telephonic service in the City and County of San Francisco for the year commencing July 1st, 1908, and ending June 30th, 1909, and prescribing the quality of said telephonic service during said year," was refused passage to print.

Motion carried by the following vote:

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—16.

Statement.

Whereupon, Supervisor Murphy read

a statement of Prof. C. L. Cory showing the increase in revenue to the Telephone Company, based upon an estimate of ten thousand new installations instead of seven thousand, as figured upon originally by the Committee.

Privilege of the Floor.

John W. Sweeney, President of the S. F. Labor Council, was granted the privilege of the floor and addressed the Board, requesting that the original provision in the Telephone Bill, permitting persons and corporations maintaining private exchanges to employ their own operators, be restored.

Amendments.

Thereupon, the following amendments were presented:

Supervisor McLeran moved to amend Section 2 of the Bill by adding thereto a paragraph reading as follows:

"No restriction shall be placed by any company, person or corporation supplying telephonic service, upon the right of subscribers to employ operators, provided that any operator or substitute operator to be employed and paid by the subscriber shall conform to the reasonable rules and regulations pertaining to the service of such person, company or corporation."

Amendment carried by the following vote:

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Giannini, Hocks, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—15.

No—Supervisor Jennings—1.

Absent—Supervisors Sachs, Stafford—2.

Supervisor Johnston moved to amend Section 2 of the Bill by adding thereto a paragraph reading as follows:

"Upon the application in writing of the owner or occupant of any building or premises distant not more than 300 feet from any underground conduit or pole line of the person, company or corporation furnishing telephonic service, and payment by the applicant of all money due from him, the person, company or corporation must within thirty days supply telephonic service as required for such building or premises and cannot refuse on the ground of any indebtedness of any former owner or occupant thereof, unless the applicant has undertaken to pay the same."

Amendment carried by the following vote:

Ayes—Supervisor Bancroft, Booth, Broderick, Center, Comte, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—16.

Absent—Supervisors Sachs, Stafford—2.

Supervisor McAllister moved to amend Section 2 of the Bill by adding

thereto a paragraph reading as follows:

It shall be the duty of the telephone company to advise its subscribers by written notice if it is found that for three consecutive months the schedule charged is higher than the number of contract switches shown. Said notice to state:

1. The rate charged.
2. The number of contract switches.
3. The number of excess switches.
4. Advise as to average number of monthly switches.
5. Advise as to what proper schedule subscriber should be under.

The Telephone Company shall also print on the reverse side of their bill-heads their schedules, showing the various grades of monthly rental, contract switching and excess switching so the same can easily be understood by their subscribers.

Amendment carried by the following vote:

Ayes—Supervisor Bancroft, Booth, Broderick, Center, Comte, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—16.

Absent—Supervisors Sachs, Stafford—2.

Supervisor Pollok moved that the Committee's recommendations as to estimated decreases in revenue under the proposed Bill be reduced one-half.

Motion lost by the following vote:

Ayes—Supervisors Broderick, Comte, McAllister, Murdock, Pollok—5.

Noes—Supervisors Bancroft, Booth, Center, Giannini, Hocks, Jennings, Johnston, McLeran, Murphy, Payot, Rixford—11.

Absent—Supervisors Sachs, Stafford—2.

Passed for Printing.

Whereupon, Bill No. 525, as amended, was passed for printing by the following vote:

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Giannini, Hocks, Jennings, Johnston, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—15.

No—Supervisor McAllister.

Absent—Supervisors Sachs, Stafford—2.

NOTICE OF RECONSIDERATION. LIQUOR DEALERS' SEALED PACKAGE LICENSE.

In accordance with notice given at the meeting of May 18, 1908, Supervisor Murphy moved the reconsideration of the vote whereby Bill No. 427, Ordinance No. — (New Series), entitled, "Imposing a License for the Purpose of Regulation upon Persons, Firms or Corporations Selling, Giving Away, or Serving Malt or Fermented Liquors or Wines, or any Admixture Thereof, in Quantities of One Quart or More, Less than Five Gallons, When the same is Contained in Sealed Pack-

ages, and Not to Be Drunk on the Premises Where Sold, Given Away, or Served, Requiring a Permit Therefor, and Regulations Relating Thereto," was refused final passage.

SUSPENDING THE DOLLAR LIMIT OF TAXATION FOR 1908-9.

Supervisor Jennings introduced the following Bill, which was, on his motion, passed for printing by the following vote:

Bill No. 530, Ordinance No. — (New Series), "Determining and declaring that a great necessity and

emergency exists within the City and County of San Francisco, and setting forth the character of such necessity and emergency, which requires that the limitation of taxation contained in Section 11 of Chapter 1 of Article III of the Charter of the City and County of San Francisco be temporarily suspended, temporarily suspending such limitation so as to enable the Supervisors to provide for such necessity and emergency and increasing the rate of taxation for the fiscal year ending June 30, 1909, over and above that authorized to be levied by said Section 11 of Chapter 1 of Article III of said Charter; and authorizing and levying a tax of twenty-seven cents upon each one hundred dollars of the assessed value of property within said City and County in excess of the sum and rate provided for in said Section 11 of Chapter 1 of Article III of said Charter for the purpose of providing for the great necessity and emergency, and specifically for paving, repaving and repairing streets, for reconstruction and repair of sewers, for construction and repairs to public buildings, for construction and equipment of Fire Department buildings, for the purchase of lands for Fire Department purposes, and for the continuation and enforcement of sanitary measures."

Be it Ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited, determined and declared that a great necessity and emergency exists within the City and County of San Francisco, which requires that the limitation of taxation contained in Section 11 of Chapter 1 of Article III of the Charter of said City and County be temporarily suspended, and that the character of such necessity and emergency is as follows, to wit:

On the 18th day of April, 1906, a large number of the public buildings and much of the Fire Department equipment of said City and County were destroyed by fire, and on said day a large extent of the public sewers of said City and County were damaged and destroyed by earthquake; that a large extent of the public streets of said City and County were damaged by the combined effects of fire and earthquake; also that during the present fiscal year the said City and County contained a number of cases of bubonic plague and many deaths resulted therefrom, necessitating unusual expenditures for its eradication, and the necessity for such expenditures therefor will continue for the next ensuing fiscal year.

Section 2. That by reason of the great necessity and emergency herein set forth, large sums of money will be

required to be expended by the City and County for the paving, repaving and repairing of streets, for the reconstruction and repair of sewers, for the construction and equipment of Fire Department buildings, for the purchase of lands for Fire Department buildings and for the continuation and enforcement of sanitary measures. That the large sums required for the aforesaid purposes cannot be obtained from the ordinary annual income and revenue of the City and County, and said necessary expenditures cannot be made without temporarily suspending the limitation upon the rate of taxation provided for in Section 11 of Chapter 1 of Article III of the Charter of said City and County.

Section 3. For the reasons and for the purposes set forth in the preceding sections of this ordinance, and under the authority conferred upon the Mayor and the Board of Supervisors by Section 13 of Chapter 1 of Article III of said Charter, it is hereby determined and declared that the provisions of Section 11 of Chapter 1 of Article III of said Charter in so far as the same fixes and limits the rate of taxation to be levied for municipal purposes is hereby temporarily suspended so as to enable the Supervisors to provide for the herein recited great necessity and emergency.

Section 4. For the purpose of raising by taxation the sum of nine hundred thousand dollars appropriated in and by the budget for the fiscal year of 1908-9 for the paving, repaving and repairs to streets, for the constructing of and repairs to sewers and for the construction of and repair to public buildings, the same being the great necessity and emergency herein set forth, the Board of Supervisors is hereby authorized to levy, and there is hereby levied, a tax of twenty cents upon each one hundred dollars of assessed valuation of property within the City and County of San Francisco as the same appears, or will appear, upon the assessment roll of said City and County, and the proceeds of such tax shall be applied to the aforesaid purposes as specified in said Budget.

For the purpose of raising by taxation the sum of one hundred and eighty thousand dollars, appropriated in and by the Budget for the fiscal year 1908-09 for the construction and equipment of Fire Department buildings, and for the purchase of lands for Fire Department purposes, the same being the great necessity and emergency herein set forth, the Board of Supervisors is hereby authorized to levy, and there is hereby levied, a tax of four cents upon each one hundred dollars of assessed valuation of property within the City and County of San

Francisco as the same appears, or will appear, upon the assessment roll of said City and County and the proceeds of such tax shall be applied to the aforesaid purposes and as specified in said Budget.

For the purpose of raising by taxation the sum of one hundred and thirty-five thousand dollars appropriated in and by the Budget for the fiscal year 1908-9 for the continuation of sanitary measures under the direction of the Board of Health and the United States Marine Hospital Service, the same being the great necessity and emergency herein set forth, the Board of Supervisors is hereby authorized to levy, and there is hereby levied, a tax of three cents upon each one hundred dollars of assessed valuation of property within said City and County of San Francisco as the same appears, or will appear, upon the assessment roll of said City and County, and the proceeds of such tax shall be applied to the aforesaid purposes and as specified in said Budget.

The above tax, aggregating twenty-seven cents upon each one hundred dollars of assessed valuation aforesaid, herein levied and authorized to be levied, is and shall be an increase of and an addition to the rate of one dollar taxation on each one hundred dollars of assessed valuation of property within the City and County of San Francisco, and an addition to and increase of all taxes of every amount and kind authorized to be levied under and by virtue of the provisions of Section 11, Chapter 1, Article III of the Charter of the City and County of San Francisco.

Section 5. This Ordinance shall take effect immediately.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—16.

Absent—Supervisors Sachs, Stafford—2.

Resolution No. — (New Series), as follows:

Whereas, The Clerk of the Board of Supervisors, by Resolution No. 2238 (New Series), of said Board, approved April 29, 1908, was directed to solicit offers for the sale to the City and County of San Francisco of the parcel of land hereinafter described belonging to Chas. Huth, Chas. Costa and to Estate of Michael Gallagher (deceased) and recommended for purchase by the Board of Education as an addition to Lafayette School Site; and

Whereas, The offers received from the above named owners to sell said land to the City and County of San Francisco are deemed unreasonable and are in excess of the appraised valuation of property in this vicinity; now therefore,

Resolved, That the City Attorney be and he is hereby authorized and instructed to institute condemnation proceedings against Chas. Huth, Chas. Costa and Estate of Michael Gallagher (deceased) for the acquisition of the following described land by the City and County of San Francisco, to wit:

Commencing at a point on the northerly line of Filbert street, distant thereon 137 feet 6 inches westerly from the westerly line of Kearny street; running thence westerly along said northerly line of Filbert street 68

feet 9 inches; thence at right angles northerly 137 feet 6 inches; thence at right angles easterly 68 feet 9 inches; thence at right angles northerly 25 feet; and thence at right angles easterly 50 feet; thence at right angles southerly 25 feet; thence at right angles westerly 50 feet and thence at right angles northerly 137 feet 6 inches to the point of commencement, being a portion of 50 vara block No. 82.

BOND ISSUE OF MAY 11TH, 1908.

Communication from Dillon & Hubbard, Requesting to Be Furnished With Certified Copies of All Proceedings Relating to Bond Issue and Suggesting Methods of Floating the Bonds.

New York, May 18, 1908.

Percy V. Long, Esq., City Attorney, San Francisco, California,—

Dear Sir: We received from Mr. Behan, clerk of the Board of Supervisors, San Francisco, a telegram dated May 12 as follows:

"All bond propositions election May 11th carried by large majorities. Will write particulars later."

Thinking it may aid in the preparation of the papers, we write this letter, making a brief statement of certain papers which we desire. Others may occur to you as necessary or proper for our consideration. We desire among other things the following:

1. A certified copy of pages 45 to 86 of the printed journal of proceedings. These pages give the proceedings for the passage of the Ordinance Number 353, declaring the necessity of the improvements. We desire to have this copy duly certified by the clerk of the Board of Supervisors over his official signature and the official seal.

2. A certified copy of such parts of the printed journal of proceedings of the Board of Supervisors as relate in any way to the introduction, various readings and passage of Ordinance Number 404, approved March 30, 1908, calling the election. This should be similarly certified by the clerk of the Board of Supervisors over his official signature and the official seal. These proceedings of course will include such parts of the records as show the facts necessary to establish the legality of the meeting; that is, the date, place and hour of meeting, the names of members present, absent and voting, and in case of any special meeting copy of call for the meeting and proof of service of call on each member, and in case of an adjourned meeting copy of such parts of the record of the previous meeting as show the facts necessary to establish the legality of that meeting, and copy of the vote making the adjournment.

3. A duly certified copy of the ordinance giving notice of the special election; also a copy, duly certified, of such parts of the printed journal of proceed-

ings of the Board of Supervisors of the county as relate in any way to the introduction, several readings and passage of said ordinance, including, among other things, copies of such parts of the journals as show the facts necessary to establish the legality of the meeting, giving the names of members present, absent, and voting, etc., etc., as above stated in paragraph 2. Certified copies of publishers' affidavits of publication of this ordinance, both after it is passed for printing and after the ordinance has been finally passed, should be furnished us, such affidavits stating in each instance the exact dates of publication and having newspaper clippings attached.

4. A duly certified copy of Ordinance Number 194, approved March 25, 1907, appointing the official newspaper for the year April 1, 1907, to April 1, 1908, and a duly certified copy of the ordinance which provided for the official newspaper for the year April 1, 1908, to April 1, 1909. Please send us also a duly certified copy of publisher's affidavit of publication of each of these two ordinances, such affidavit showing the exact dates of publication and having newspaper clipping attached.

5. Publisher's affidavit of publication, made by the board of election commissioners, of names of the electors that constitute the board of elections for each election precinct, such affidavit stating the exact dates of publication and having newspaper clipping attached. You sent us a typewritten form of notice of election which it was stated would be published April 28, 29 and 30, and May 1 and 2. We presume this is the notice referred to in Section 1142 of the Code, and that this is the one which you will send us in response to the request made in this paragraph. If, however, there are two publications, one of the names of the electors that constitute the board of elections for each precinct, and the other a separate notice of election, please send us publisher's affidavit of publication of both.

6. A duly certified copy of the ballot or a sample ballot. This should be certified by the clerk of the Board of Supervisors over his signature and the official seal to be a true copy of the ballot used at the bond election of May 11. Also affidavits of mailing of sample ballots and instruction cards, showing compliance with the provisions of Sections 1194 and 1210 of the Political Code in that behalf, such affidavits stating the exact dates of mailing and having attached thereto samples of what were mailed to the voters.

7. A full certified copy of the canvass of the votes and returns of the election, including a copy of the canvass and returns made by the several judges of election pursuant to Sec-

tions 1252 et seq. of the Political Code, and a certified copy of the canvass and returns made by the Board of Supervisors pursuant to Sections 1278 et seq. of the Political Code. We desire to have a certified copy of all entries, orders, and proceedings of the Board of Supervisors in respect of the returns of said election and the canvass thereof and declaration of result, and such parts of the record as show the facts necessary to establish legality of meetings, giving the names of members present, absent and voting, etc., etc.

8. If there are any other documents or proceedings, copies of which you think it necessary or proper for us to have in connection with this election and election returns, please send them to us. We desire full copies of everything pertaining to these matters.

9. We presume that an ordinance will be passed declaring the result of the election and ordering the bonds issued and sold. We suggest that if it be practicable, you let us see a draft of this ordinance before it is introduced, or at least before it is finally adopted. If such ordinance is passed, we shall of course ultimately desire to have a certified copy of it, also publishers' affidavits of publication of the ordinance, both before and after final passage, and a duly certified copy of the printed journal of proceedings of the Board of Supervisors, relating to the introduction, various readings, passage, etc., of this ordinance.

10. We desire to have a statement of the assessed valuation of all real and personal property in the City and County of San Francisco, such statement being duly certified by the proper officer of the city and county having the custody of the books, showing the assessed valuation, such valuation being the valuation made last prior to the time when the bonds will be delivered and paid for.

11. We desire to have a statement of the bonded indebtedness of the City and County of San Francisco, such statement being made by the proper officer having the custody of the books which show such bonded indebtedness.

12. We shall ultimately desire to see a sample bond of each issue, with coupons and form for registration complete. We suggest, if practicable, that you let us see a proof of the bond and coupon of each issue and form for registration before the bonds are struck off. Care should be taken to see that the bond when thus prepared is *verbatim et literalim* like the one authorized by the ordinance and voted on by the people.

13. We shall also ultimately desire to see signature certificate and treasurer's receipt, forms for which we will send you.

The signatures on the bonds and the engraved or lithographed signature of

the treasurer on the coupons should be those of officers of the city actually in office at the time the bonds are delivered and paid for.

14. We shall also desire to see duly certified copies of proceedings of the Board of Supervisors relating to the sale of the bonds, and publisher's affidavit of publication of notice of the sale, such affidavit stating the exact dates of publication and having newspaper clippings attached. These certified copies of proceedings should show, among other things, the names of each bidder, the amount bid, whether such bid includes accrued interest, the award of the bonds, etc., etc. The certified copy of records of proceedings should show, among other things, facts to establish the legality of the meeting.

From our experience in these matters we may be able to assist you somewhat as to the form of advertisement for these bonds, also as to the form of bids to be required. In our letter to Mr. Behan, dated January 30, we stated, among other things, as follows:

"In the case of other municipalities which have issued bonds under our advice and supervision the bonds have been advertised in the newspapers by a short advertisement, in which it was stated, among other things, that our opinion in favor of the legality of the bonds would be furnished to the successful bidder. Printed circulars have also been prepared for distribution among bankers and bond dealers, which have set forth with considerable detail the financial resources of the municipality, the nature and character of its business, its population, and other statistics which are of interest to a prospective bond purchaser; also the form of bond, and in some cases the provisions of the statutes or charter or constitution under which the bonds are issued. Printed forms for proposals for bonds have also been prepared, so as to have these in best possible condition for the protection of the municipality. We have made examination of such proposed forms of advertisement and circular, and have revised the same or suggested changes therein. We have found that such form of advertising bonds is of very great benefit to the municipality, whether it is large or small."

We suggest that either you or the city officers prepare a draft of circular advertising the bonds, also a form for short newspaper advertisement, also form for bid for the bonds, and then send them on for our examination. We send you herewith some circulars which have been prepared in the case of other municipalities with which we have had dealings. We presume you and the officers of San Francisco will be able to improve materially on these

circulars. We are inclined to think that a rather full circular, like the Jacksonville circular, is more advantageous than too brief a statement. We also inclose herewith a pamphlet in regard to Galveston bonds, which shows what can be done in the way of informing the public as to the financial ability of a municipality. A sufficient number of these circulars could be printed so that there could be a supply here in the east as well as a supply in San Francisco; and the newspaper advertisement could state to whom application might be made for circulars and forms for bids. We presume that you will mail such circulars direct to leading bond houses in San Francisco, New York, Chicago, Boston, and perhaps other cities.

A few of the requests above made have been contained in previous letters, but we include them in this letter as a matter of convenience.

Yours very truly,

DILLON & HUBBARD.

The following Resolution was adopted:

Declaring Result of Special Election of May 11, 1908, Held for the Purpose of Authorizing Bond Issue.

On motion of Supervisor Giannini:
Resolution No. 2325 (New Series), as follows:

Declaring the result of the Special Election held on the 11th day of May, 1908, for the purpose of authorizing the incurring of a bonded indebtedness to the amount of \$18,200,000 by the City and County of San Francisco for the purpose of acquiring and constructing certain municipal buildings, lands and improvements.

Whereas, pursuant to the provisions of Ordinance No. 404 (New Series), calling a special election and Ordinance No. 410, giving notice of the same, a special election was held in the City and County of San Francisco, State of California, on the eleventh day of May, 1908, whereat was submitted to and determined by the qualified electors of said City and County, six propositions to incur a bonded indebtedness of said City and County for the purposes and for the several amounts set forth as follows to wit:

Proposition one. To incur a bonded debt of the City and County of San Francisco to the amount of \$5,200,000.00, for the construction of an auxiliary water system for the protection of the property within said city and county from destruction by fire, and the acquisition of lands necessary therefor.

Proposition two. To incur a bonded debt of the City and County of San Francisco to the amount of \$4,000,-

000.00 for the construction of a sewer system.

Proposition three. To incur a bonded debt of the City and County of San Francisco to the amount of \$5,000,000.00 for the construction of permanent municipal buildings to be used for school purposes, and the acquisition of lands necessary therefor.

Proposition four. To incur a bonded debt of the City and County of San Francisco to the amount of \$2,000,000.00 for the construction of permanent municipal buildings to be used for the purpose of public hospitals, and the acquisition of lands necessary therefor.

Proposition five. To incur a bonded debt of the City and County of San Francisco to the amount of \$1,000,000.00 for the construction of permanent municipal buildings to be used as a Hall of Justice, County Jail and by other departments of the municipal government, and the acquisition of lands necessary therefor.

Proposition six. To incur a bonded debt of the City and County of San Francisco to the amount of \$1,000,000.00, for the construction or acquisition of a system of collection and disposal of garbage and waste within the city and county, and

Whereas, said election was held and conducted in form and manner and in every respect as required by law, and the returns thereof canvassed, and the result thereof determined and declared as required by law, and

Whereas, the Board of Election Commissioners of said City and County has filed in the office of the Clerk of the Board of Supervisors, its certificate showing the facts above recited and setting forth in detail the total number of votes cast at such election and the number of votes cast and counted for and against, respectively, all and each of the aforesaid propositions thereat submitted, now therefore.

Be it Resolved by the Board of Supervisors as follows:

1. It is hereby declared that the special election held on the eleventh day of May, 1908, for the purpose of authorizing the incurring of a bonded indebtedness by the City and County of San Francisco to the amount of \$18,200,000 for the purposes set forth in the hereinbefore stated propositions, was held and conducted, and the votes cast and counted thereat, and the returns thereof made and the result thereof determined and declared, in all respects, and in time, form and manner as required by the laws of the State of California and the Charter and Ordinances of the City and County of San Francisco.

2. It is hereby declared that the total number of votes cast at said special election was 23,560.

3. It is hereby declared that of the

votes so cast 21,488 votes were cast and counted in favor of and 1636 votes were cast and counted of as not in favor of proposition one to incur a bonded debt of the City and County of San Francisco to the amount of \$5,200,000.00, for the construction of an auxiliary water system for the protection of the property within said city and county from destruction by fire, and the acquisition of lands necessary therefor.

4. It is hereby declared that of the votes so cast 21,401 votes were cast and counted in favor of and 1645 votes were cast and counted of as not in favor of, proposition two to incur a bonded debt of the City and County of San Francisco to the amount of \$4,000,000.00 for the construction of a sewer system.

Resignation of Wm. G. Stafford From Office of Supervisor.

His Honor, the Mayor, presented the following:

San Francisco, May 16th, 1908.

To the Board of Supervisors of the City and County of San Francisco: I herewith transmit to you a copy of the letter of resignation received by me from Mr. William G. Stafford a member of this Board.

I need not say with what regret I received this letter, and am sure that a similar regret will be felt by every member of this Board. Mr. Stafford has served the City to the utmost of his great ability and at times when his ill health made his service a sacrifice. Let us hope that his health may be restored to him and that at some time in the future he may be willing again to serve the people.

EDWARD R. TAYLOR.

Mayor.

San Francisco, May 14, 1908.

Dr. Edward Robeson Taylor, Mayor of San Francisco, City—My Dear Doctor: I have now been confined to my bed for three weeks and my ailment is of such a stubborn nature that my physician is unable to determine with any degree of certainty when I can resume my wonted activities. My condition makes it impossible for me to attend to my duties as an official of the municipality. Therefore, in justice to you who so bravely appointed me a member of your memorable Board, together with a decent regard for those who voted to retain me in office, and in obedience to my own sense of the proprieties, I hereby tender to you and to the Board of Supervisors, with regret and in disappointment, my resignation as a Supervisor of the City and County of San Francisco.

For you, my dear Doctor,—for the confidence you have shown in me—for your unflinching consideration, solicitude and kindness upon all occasions, I have, and shall always have the most cordial appreciation and the most affectionate regard.

Sincerely your friend,

W. G. STAFFORD.

Adopted.

Supervisor Murdock read and presented the following Resolution which was, on his motion, *adopted*:

Expressing Appreciation of Services Rendered by W. G. Stafford as Member of the Board of Supervisors.

Resolution No. 2329 (New Series), as follows:

Resolved, That the Members of the Board in accepting the resignation of Supervisor W. G. Stafford, hereby express their deep regret at its necessity, and their heartfelt appreciation of the valuable service rendered by him during his incumbency of the position.

His faithful discharge of every duty, his intelligent grasp of all public questions, his fearlessness in following the course that he believed to be just, without regard to consequence, his uniform courtesy to his fellow members, together with his fine example of fortitude under suffering have endeared him to every member of the Board, and his resignation, prompted by a high sense of honor from his inability to attend to the duties of the position, confirms and enhances the respect and regard already entertained.

Resolved, That we ask him to accept this expression of our esteem, our earnest hope for his speedy recovery and our best wishes for his welfare and happiness.

Announcement of Appointment of Geo. A. Connolly to the Office of Supervisor, Vice Wm. G. Stafford, Resigned.

His Honor, the Mayor, announced that he would appoint Mr. George A. Connolly to the office of Supervisor, vice Wm. G. Stafford, resigned.

JOHN E. BEHAN, Clerk.

THURSDAY, MAY 28, 1908.

In Board of Supervisors, San Francisco, Thursday, May 28, 1908, 2 p. m.

The Board of Supervisors met pursuant to adjournment.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Booth, Broderick, Center, Comte, Giannini, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Pavot, Pollok, Rixford—14.

Quorum present.

His Honor Mayor Taylor presiding. Appointment of George A. Connolly to the Office of Supervisor—Vice William G. Stafford, Resigned.

His Honor the Mayor presented the following:

Mayor's Office, City and County of San Francisco.

San Francisco, May 26th, 1908.

To the Board of Supervisors of the City and County of San Francisco.

This is to certify you that I have this day appointed George A. Connolly a Supervisor and a member of the Board of Supervisors in and for the City and County of San Francisco, vice William G. Stafford, resigned.

EDWARD R. TAYLOR,

Mayor of the City and County of San Francisco.

Commission of George A. Connolly as Supervisor.

Office of the Mayor of the City and County of San Francisco, State of California.

I, Edward Robeson Taylor, as Mayor of the City and County of San Francisco, State of California, by virtue of the authority in me vested under the Charter of said City and County, do by these presents appoint George A. Connolly a Supervisor and a member of the Board of Supervisors in and for the City and County of San Francisco, to fill for the unexpired term the vacancy in the Board of Supervisors created by the resignation of William G. Stafford, he to hold said office of Supervisor for the remainder of the unexpired term of said William G. Stafford, resigned.

In witness whereof, I have hereunto set my hand and caused the seal of the City and County of San Francisco to be affixed in duplicate this 26th day of May, 1908.

EDWARD ROBESON TAYLOR,

As Mayor of the City and County of San Francisco, State of California.

Attest: HARRY G. McKANNAY, Secretary.

Read and ordered filed.

Motion.

Supervisor Comte moved that Supervisor Connolly be appointed to the Committees vacated by the resignation of William G. Stafford.

So ordered.

Statement.

The Chair stated that the meeting was called for the purpose of hearing the various commercial organizations on the matter of fixing and determining water rates for the year 1908-9.

Special Order of Business.

In accordance with motion made at last meeting, consideration of Bill No. 444 (New Series), fixing and determining water rates for the fiscal year 1908-9 and of the following Report of the Special Committee on the Relations of the City and County and the Spring Valley Water Company was proceeded with:

Fixing and Determining Water Rates for the Fiscal Year 1908-9.

Bill No. 444, Ordinance No. — (New Series), entitled, "Regulating the monthly rates of compensation to be collected by any person, company or corporation engaged in the business of supplying water to the inhabitants of the City and County of San Francisco for family uses, for private purposes, for municipal uses, and for all public purposes of said City and County for the year commencing July 1, 1908, and ending June 30, 1909."

Report of Special Committee on Relations of City and County with Spring Valley Water Company.

Supervisor Johnston presented the following Report:

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen:

Your Special Committee appointed under Resolutions Nos. 2068 (New Series) and 2145 (New Series) of your Honorable Board, to investigate all matters touching the relations between the City and County and the Spring Valley Water Company, begs leave to recommend that the question of fixing and determining water rates for the next ensuing fiscal year be proceeded with, and to that end recommends the amendment of Bill No. 444, establishing said rates for said period by providing that the hydrant rate of each hydrant used by the City and County of San Francisco for fire purposes and for flushing of sewers be increased from the sum of \$2.00 per month to the sum of \$2.50 per month. The establishment of this rate and the appropriation in the Budget of the amount of \$120,000 for hydrant service, representing service from four thousand hydrants, will give the Spring Valley Water Company, together with the sum of \$20,000 appropriated in the Budget for water for public buildings other than schools and the sums of \$15,000 for water supplied schools, \$15,000 for water supplied public parks and \$6000 for water in sprinkling of streets, a total revenue from the City and County of \$176,000 for the fiscal year commencing July 1, 1908.

Your Committee begs leave to report that all other matters touching the relations between the Spring Valley Water Company and the City are still under consideration.

Respectfully submitted.

Motion.

Supervisor Giannini moved that the privilege of the floor be granted to those who desired to be heard in the matter of fixing water rates.

Privilege of the Floor.

Whereupon, *C. K. McIntosh*, representing the Merchants' Association, addressed the Board, urging that some agreement be entered into with the Spring Valley Water Company whereby the threatened water shortage might be averted and stating that unless this was done the credit or the City would

be destroyed and capital would seek investment elsewhere.

Charles E. Havens, representing the Board of Fire Underwriters, stated that more water must be furnished, or in self-protection the insurance companies will be compelled to increase the rates charged or retire from the State; that some companies have already retired from the State, and others will undoubtedly follow unless the fire risk is diminished.

W. C. Bunker, representing a committee from the Chamber of Commerce, called attention to the necessity of providing a sufficient supply of water in order to make investments in this city attractive to Eastern capital.

A. Sbarboro, representing the Manufacturers' and Producers' Association, stated that the condition before them was one of emergency and that the people should be willing to pay a little more in rates in order to insure adequate fire protection. He urged that work on the proposed Auxiliary System for fire protection be commenced as soon as possible.

G. X. Wensley, representing the Merchants' Exchange, stated that the exact conditions prevailing in San Francisco were known in insurance circles in every country in the world and that unless something was done to improve said conditions, conservative companies would withdraw from the field entirely or increase their insurance rates still higher.

A. J. Rich, representing the San Francisco Real Estate Board, believed that the prevailing conditions would retard the sale of City bonds and urged that steps be taken at once to increase the available supply of water.

A. W. Scott, representing the Civic League, said that the Civic League, comprising a number of improvement clubs of the City, were in favor of such action as would insure an adequate water supply for fire protection.

Petitions from Various Banks for Such Action as Will Insure Adequate Water Supply.

Supervisor McAllister presented the following:

Protest—Of the Security Savings Bank and others, against the passage and enforcement of Bill No. 444 (New Series), fixing and determining water rates for the fiscal year 1908-9 and urging that rate asked for by the Spring Valley Water Company be granted.

Protest—Of the Wells-Fargo Nevada National Bank and others, against the passage and enforcement of Bill No. 444 (New Series), fixing and determining water rates for the fiscal year 1908-9, and urging that rate asked for by the Spring Valley Water Company be granted.

Protest—Of the San Francisco Sav-

ings Union, against the passage and enforcement of Bill No. 444 (New Series), fixing and determining water rates for the fiscal year 1908-9, and requesting an increase over the 1902 rates in order that the Water Company may carry out its promises of new construction and development.

Protests read by Clerk.

Privilege of Floor.

Colonel Hueer, President of the Federated Water Committee, speaking as a taxpayer, stated that he had made a very exhaustive investigation of the value of the Spring Valley Water Company's plant and was satisfied that it was worth from \$30,000,000 to \$31,000,000, and also urged that a fair rate be established in order that necessary improvements may be made to ensure an adequate supply of water.

E. J. McCutcheon, attorney of the Spring Valley Water Company, addressed the Board and read the letter of Capt. A. H. Payson, President of the Spring Valley Water Company, of April 13, 1908, in which he agrees to make certain improvements in the plant of the water company if rate asked for by the Company is granted.

Captain A. H. Payson, President of the Spring Valley Water Company, addressed the Board in explanation of his testimony as to the disposal of the proceeds to be received from increased rates.

C. C. Moore, President of the Chamber of Commerce, addressed the Board, stating that the organizations who were asking that the increased rate be allowed represented at least 85 per cent of the taxable property of San Francisco and urged that their request be granted.

Amendment.

Supervisor McAllister moved that rates of private consumers be increased 25 per cent over the rates of 1902 upon condition that the Company carry out its promises of new construction which will insure an increase in the daily delivery from 35,000,000 to 40,000,000 gallons.

Lost by the following vote:

Ayes—Supervisors Broderick, Comte, McAllister, Pollok—4.

Noes—Supervisors Booth, Center, Giannini, Jennings, Johnston, McLeran, Murdock, Murphy, Payot, Rixford—10.

Excused from voting—Supervisor Connolly—1.

Absent—Supervisors Bancroft, Hocks, Sachs—3.

Explanation of Vote.

Supervisor Connolly explained his vote by stating that he had not had the time since his appointment to properly study the subject of water rates and was therefore unable to vote intelligently upon the question.

Proposed Amendments.

Supervisor Pollok moved to amend by increasing the 1902 rates of private consumers 15 per cent and hydrant rates to \$3.50.

Supervisor Johnston moved to amend by providing that rates to private consumers be increased 12½ per cent, on condition that increase be expended in betterments.

Supervisor Murdock moved as a substitute that rates to consumers be increased 15 per cent.

Whereupon, the question being taken on *Supervisor Murdock's* substitute, the same was *lost* by the following vote:

Ayes—Supervisors Broderick, Center, Comte, Murdock—4.

Noes—Supervisors Booth, Giannini, Jennings, Johnston, McAllister, McLeran, Murphy, Payot, Pollok, Rixford—10.

Excused from voting—Supervisor Connolly—1.

Absent—Supervisors Bancroft, Hocks, Sachs—3.

Supervisor Rixford moved as a substitute that a 15 per cent increase for domestic consumption and a \$3.00 hydrant rate be established.

Lost by the following vote:

Ayes—Supervisors Broderick, Center, Comte, McAllister, Murdock, Pollok, Rixford—7.

Noes—Supervisors Booth, Giannini, Jennings, Johnston, McLeran, Murphy, Payot—7.

Excused from voting—Supervisor Connolly—1.

Absent—Supervisors Bancroft, Hocks, Sachs—3.

Whereupon the motion was taken on *Supervisor Johnston's* motion to amend, and the same was *lost* by the following vote:

Ayes—Supervisors Broderick, Comte, Jennings, Johnston, Murdock, Payot—6.

Noes—Supervisors Booth, Center, Giannini, McAllister, McLeran, Murphy, Pollok, Rixford—8.

Excused from voting—Supervisor Connolly—1.

Absent—Supervisors Bancroft, Hocks, Sachs—3.

Supervisor Murphy moved the adoption of amendment proposed by Committee on Relations of City and County with Spring Valley Water Company increasing hydrant rate to \$2.50.

Motion *carried* by the following vote:

Ayes—Supervisors Booth, Broderick, Center, Comte, Giannini, Jennings, Johnston, McLeran, Murdock, Murphy, Payot, Rixford—12.

Noes—Supervisors McAllister, Pollok—2.

Excused from voting—Supervisor Connolly—1.

Absent—Supervisors Bancroft, Hocks, Sachs—3.

Refused Passage to Print.

Whereupon, the question being taken on Bill No. 444 (New Series), as amended, the same was refused passage to print by the following vote:

Ayes—Supervisors—Booth, Giannini, Jennings, Johnston, McLeran, Murphy, Payot—7.

Noes—Supervisors Broderick, Center, Comte, McAllister, Murdock, Pollok, Rixford—7.

Excused from voting—Supervisor Connolly—1.

Absent—Supervisors Bancroft, Hocks, Sachs—3.

Motion.

Supervisor Johnston thereupon renewed his former amendment to increase rates of private consumers $12\frac{1}{2}$ per cent.

Motion *lost* by the following vote:

Ayes—Supervisors Broderick, Comte, Jennings, Johnston, Murdock, Payot—6.

Noes—Supervisors Booth, Center, Giannini, McAllister, McLeran, Murphy, Pollok, Rixford—8.

Excused from voting—Supervisor Connolly—1.

Absent—Supervisors Bancroft, Hocks, Sachs—3.

Resignation of Lippmann Sachs from Office of Supervisor.

His Honor, the Mayor, presented the following:

San Francisco, May 25th, 1908.
To the Board of Supervisors of the

City and County of San Francisco:

It is with great regret that I herewith transmit to you a copy of the letter of resignation received by me from Mr. Lippman Sachs, a member of this Board. Mr. Sachs has found it impossible to return from Europe within the time limited by his leave of absence and has therefore deemed it his duty to sever his connection with this Board where he has rendered such valuable service.

EDWARD TAYLOR,

Mayor.

Paris, May 8th, 1908

Hon. Edward R. Taylor, Mayor of the City and County of San Francisco, San Francisco, Cal.

Dear Sir:

I beg herewith to tender my resignation through you to the City and County of San Francisco as a member of the Board of Supervisors.

Yours respectfully

LIPPMANN SACHS.

Announcement of Appointment of A. A. d'Ancona to the Office of Supervisor, Vice Lippmann Sachs, Resigned.

His Honor, the Mayor, announced that he would appoint Dr. A. A. D'Ancona to the office of Supervisor, vice Lippmann Sachs, resigned.

ADJOURNMENT.

There being no further business, the Board at the hour of 4:45 o'clock, adjourned.

REPORT OF JOHN PETTEE, EXPERT ACCOUNTANT, ON PERCENTAGES DUE THE CITY AND COUNTY OF SAN FRANCISCO, FOR THE YEAR 1906, UNDER EXISTING FRANCHISES OF THE UNITED RAILROADS OF SAN FRANCISCO.

San Francisco, May 25, 1908.

To the Finance Committee of the Honorable the Board of Supervisors—Gentlemen:

I have examined the books, etc., of the United Railroads, in order to ascertain the gross earnings of routes for the year 1906, on which, in part or as a whole, are subject to tax, in which I have been the recipient of every facility from Mr. Willcutt, the Controller, and Mr. Will, whom he selected to give me information, and beg leave to submit the following report:

THE GROSS EARNINGS.

The total gross earnings are recapitulated monthly for each route in schedule 3. For the months of January, February, March and to about the middle of April, 1906, the daily reports that had been sent to New York were returned (the books, etc., in San Francisco having been destroyed), from which I aggregated monthly the earnings recorded therein. In some instances the amounts exceed, in a small way, the amounts in such statements, an additional charge being made for shortage in accounting of conductors, aggregating at times over \$20 per month. For a few days before the conflagration of April 18 the daily records were destroyed, but daily statements not inconsistent with previous records were prepared from estimates; since then the amounts were entered daily in a book giving a full account of collections for fares, of all descriptions, giving also number of fares and transfers. I examined the addings of such book and found them to be correct. No transfers were considered in this investigation.

THE MILEAGE.

I examined the mileage of the different routes except where the whole collections on account of routes were taxable. The United Railroads have a book showing the mileage of the different routes, often giving the distance in thousandths of a mile, from street to street. I examined many of the dis-

tances from measurements on a map of San Francisco and believe them reliable. In schedule No. 3 I hand you a list of the taxable and exempt portions of each route. Before finishing this investigation I compared the mileage taxable and exempt with Mr. Will, coming to an agreement except in a few immaterial instances, which served to correct some of the original figures of the railroad company, the result afterwards being calculations based on such subdivisions, prepared with much care. In this investigation I have observed a universal rule in calculating the amount that should be paid on, which is that the railroad company pay in the ratio that the taxable part bears to the length of the route, such length being the mileage of single track. I endeavored to persuade Mr. Willcutt to this mode of procedure which was not a success, although he expressed himself as favoring a simple accounting of the matter, to which I replied that I thought my system was the simplest that could be devised, besides being a certainty, whereas in allowing rebates to certain roads it would open the whole matter to conjecture and surmise. Mr. Willcutt will see you in regard to his views in this matter. A decision of yours in regard to this would be useful in further investigations.

THE ROUTES SUBJECT TO TAX ON GROSS RECEIPTS.

I examined the supplement to Municipal Reports of 1898-9 to ascertain if all the orders providing for a percentage on gross receipts were included in statement of United Railroads. I noted Order No. 2535, Fell along Stanyan to Fulton to First avenue to Point Lobos avenue to west end thereof. I was informed that a conflict between the United Railroads and the Board of Supervisors in regard to the usage of a certain crossing prevented the running of the cars in 1906, but the route was operated in 1907—Order 2685, Seventh avenue and H street to Ninth avenue to K street, K street and Eighteenth avenue to H street, Ninth avenue, H to I street. See page 112 of Municipal reports 1898-9—not built.

DIFFERENCES.

The difference between the result of my investigation and the statement of the United Railroads is \$283,265.18, representing \$5,649.80 in tax, viz.:

MESSAGE FROM MAYOR.

Mayor's Office, City and County of San Francisco.

San Francisco, May 22nd, 1908.

To the Board of Supervisors of the City and County of San Francisco: I herewith return with my disapproval Bill No. 509, providing for the full acceptance of the roadways on Broderick street, between Geary and Post streets, including the intersection of Broderick street and Garden avenue, and of Noe street, between Jersey and Twenty-fifth streets, paved with bituminous rock. From information obtained in the City Engineer's office it appears that the work of paving Noe street, between Jersey and Twenty-fifth streets was inserted by a clerical error in the City Engineer's office and therefore should not have been included in the acceptance. In order that this error may be corrected I return the Bill without my signature.

EDWARD R. TAYLOR, Mayor.

Read, *ordered published, entered at large in Journal and referred to Street Committee.*

REPORTS OF COMMITTEES.

The following Committees, by their respective Chairmen, presented reports on various matters referred, which reports were received, read and ordered placed on file:

Finance Committee, by Supervisor Jennings, Chairman.

Hospital and Health Committee, by Supervisor Payot, Chairman.
